Welcome to Anthem Student Advantage As your new school year begins, it's important to understand your health care benefits and how they work. Your Anthem Student Advantage plan will help guide you through that process with information about who is eligible, what is covered, how much it costs, and the best ways to access care.

#### What you need to know about Anthem Student Advantage

#### Who is eligible?

- All domestic undergraduate students who are enrolled in 7 or more credit hours (at least 3 credit hours must be taken on campus) or are living in on-campus housing and all international students, visiting faculty and scholars and other persons possessing and maintaining a current passport and valid visa status (F-1, J-1, or M-1) are automatically enrolled in this insurance plan and the premium for coverage is added to their tuition billing.
- > All Graduate and Professional students and students enrolled in Practicum Training and Internship/Special Programs and taking 5 or more credit hours (with at least 3 credit hours being taken on campus) and Doctoral Students taking 3 or more credit hours, or any students whose enrollment level is considered to be half-time by their respective academic department, are eligible to enroll in this insurance plan.
- You must actively attend classes for at least the first 31 days after your policy begins.
   Home-study, correspondence, and online courses do not fulfill this requirement.

### Coverage is available for dependents too

If you are covered by Anthem Student Advantage through Azusa Pacific University, you may enroll your lawful spouse, domestic partner or dependent children under the age of 26. Here is how it works:

- > Visit <u>www.gallagherstudent.com/apu</u> if you are an undergraduate student and <u>www.gallagherstudent.com/apugrad</u> if you are a graduate student and click on "Dependent Enroll".
- You must purchase dependent insurance for the same time period as your own coverage. It can't be for a longer or shorter period than your own. For example, if you enroll for annual coverage, you can't limit your dependent's insurance to only the spring semester unless a qualifying event occurs.
- You can add eligible dependent(s) if one of these qualifying events occurs:
  - You get married
  - You have a child
  - You get divorced
  - Your dependent enters the country for the first time
  - Your dependent loses coverage under another insurance plan

In such cases, you must submit a Dependent Petition to Add Form and supporting documentation to Gallagher Student Health & Special Risk within 31 days of the event. If approved, your coverage will start on the date of the qualifying event. Requests received after 31 days will not be processed.

 Your premium is prorated. Once your dependent is enrolled, you can't terminate coverage unless you lose your Student Health Insurance eligibility.

#### \*The above rates include premiums for the plan and commissions and administrative fees \*Rates are pending approval with the state and subject to change.

#### **Notes**

- This Summary of Benefits has been updated to comply with federal and state requirements, including applicable provisions of the recently enacted federal health care reform laws. As we receive additional guidance and clarification on the new health care reform laws from the U.S. Department of Health and Human Services, Department of Labor and Internal Revenue Service, we may be required to make additional changes to this Summary of Benefits. This Summary of Benefits, as updated, is subject to the approval of the California Department of Insurance and the California Department of Managed Health Care (as applicable).
- In addition to the benefits described in this summary, coverage may include additional benefits, depending upon the member's home state. The benefits provided in this summary are subject to federal and California laws. There are some states that require more generous benefits be provided to their residents, even if the master policy was not issued in their state. If the member's state has such requirements, we will adjust the benefits to meet the requirements.
- The family out-of-pocket maximum is embedded meaning the cost shares of one family member will be applied to the individual out-of-pocket maximum; in addition, amounts for all family members apply to the family outof-pocket maximum. No one member will pay more than the individual out-of-pocket maximum.
- All medical services subject to a coinsurance are also subject to the annual medical deductible.
- > Annual Out-of-Pocket Maximums includes deductible, copays, coinsurance and prescription drug.
- > In network and out of network deductible are exclusive of each other.
- For plans with an office visit copay, the copay applies to the actual office visit and additional cost shares may apply for any other service performed in the office (i.e., X-ray, lab, surgery), after any applicable deductible.
- Preventive Care Services includes physical exam, preventive screenings (including screenings for cancer, HPV, diabetes, cholesterol, blood pressure, hearing and vision, immunization, health education, intervention services, HIV testing) and additional preventive care for women provided for in the guidance supported by Health Resources and Service Administration.
- For Medical Emergency care rendered by a Non-Participating Provider or Non-Contracting Hospital, reimbursement is based on the reasonable and customary value. Members may be responsible for any amount in excess of the reasonable and customary value.

- If your plan includes an emergency room facility copay and you are directly admitted to a hospital, your emergency room facility copay is waived.
- If your plan includes out of network benefits and you use a non-network provider, you are responsible for any difference between the covered expense and the actual non-participating providers charge.
- Certain services are subject to the utilization review program. Before scheduling services, the member must make sure utilization review is obtained. If utilization review is not obtained, benefits may be reduced or not paid, according to the plan.
- Certain types of physicians may not be represented in the PPO network in the state where the member receives services. If such physician is not available in the service area, the member's copay is the same as for PPO (with and without pre-notification, if applicable). Member is responsible for applicable copays, deductibles and charges which exceed covered expense.
- Additional visits may be authorized if medically necessary. Pre-service review must be obtained prior to receiving the additional services.
- If your plan includes out of network benefits, all services with calendar/plan year limits are combined both in and out of network.
- Transplants covered only when performed at Centers of Medical Excellence or Blue Distinction Centers.
- Bariatric Surgery covered only when performed at Blue Distinction Center for Specialty Care for Bariatric Surgery.
- > Skilled Nursing Facility day limit does not apply to mental health and substance abuse.
- > Respite Care limited to 5 consecutive days per admission.
- Coordination of Benefits: The benefits of this plan may be reduced if the member has any other group health or dental coverage so that the services received from all group coverage do not exceed 100% of the covered expense
- > Supply limits for certain drugs may be different, go to Anthem's website or call customer service.
- Certain drugs require pre-authorization approval to obtain coverage.
- This plan includes custom benefits that may supersede some of the information included in the Limitations and Exclusions list provided here. Please see your EOC for full details on your covered benefits.
