## **Before filing a waiver, please consider:**

- HMO plans from other states may not provide non-emergent coverage in the Hanover, NH area, and therefore may not meet Dartmouth's insurance requirements, as they may not cover routine or specialty medical care provided outside of the state in which they were purchased.
- Medicaid plans often provide little or no coverage for care outside of the state in which they are issued.
- Students who expect to participate in intercollegiate sports should also review their policy carefully before waiving out of the DSGHP, as injuries sustained in an NCAA practice or event may not be covered by some policies. The DSGHP provides the same coverage for athletic injuries as any other injury.
