Outpatient Medical Care

The Policy Deductible will be waived for a student when treatment is rendered at the Student Health Center (SHC) or Counseling Center or when referred to a Preferred Provider by the SHC or Counseling Center. Waiver provision is not applicable during Winter, Spring, and Summer breaks.

Quality, accessible and convenient outpatient medical care is provided for acute illnesses, minor injuries, preventive care and medical problems. A physician, nurse practitioner, and/or physician assistant and registered nurses are on duty during operating hours.

In order to minimize patient waiting time, students are strongly encouraged to schedule appointments in advance. Patients without appointments will be triaged by the registered nurse, who will determine whether the patient should be seen that day or scheduled for the next day. Please note that patients who arrive more than 10 minutes late for appointments may need to reschedule their appointment for another day.

All currently registered undergraduate, graduate, law and paralegal students who have paid the health fee are eligible for services at the USD Student Health Center. All non-students (i.e. visiting scholars) are not eligible to utilize the services of the Wellness units and are therefore not eligible to waive the Preferred Care Deductible

Most services are provided free of charge, and modest fees to cover costs are required for medications, immunizations and certain physical exams and labs. Payment is due at the time of service at the Student Health Center. Patients may pay with *check*, *CampusCash*, *AMERICAN EXPRESS* or *VISA/Mastercard*. (Cash is not accepted).

Student Coverage

Eligibility

All full-time **Domestic** students are automatically enrolled in the Student Health Insurance Plan at registration. If you are currently insured by a plan that provides comparable coverage, you may waive coverage under the Student Health Insurance Plan.

All **International and English Language Academy** students are automatically enrolled in this insurance plan at registration and the premium for coverage is added to their tuition billing, unless proof of comparable coverage is furnished. In addition, all degree-seeking international students on visas that permit full-time study, degree-seeking international students on F-1 student visas, International exchange students on J-1 student visas, Visiting scholars and researchers on J-1 visas are eligible to enroll in the Student Health Insurance Plan.

Home study, correspondence, Internet classes, and television (TV) courses, do not fulfill the eligibility requirement that the student actively attend classes. If it is discovered that this eligibility requirement has not been met, our only obligation is to refund premium, less any claims paid.

Enrollment

Any **Domestic Student** who is currently enrolled in a health insurance plan of comparable coverage that will be in effect until **August 14, 2020** can elect to waive the University of San Diego Student Health Insurance Plan. Recognizing that health coverage may change, at the beginning of each academic year students will be asked to provide proof of comparable coverage in order to waive the Student Health Insurance Plan.

If the petition is received within **31 days** of the qualifying event, there will be no break in coverage. For petitions received after the **31 days**, the effective date of coverage will be the date that the petition is received at Gallagher Student Health. If approved, the premium will not be prorated.

Medicare Eligibility Notice

You are not eligible to enroll in the student health plan if you have Medicare at the time of enrollment in this student plan. The plan does not provide coverage for people who have Medicare.

In-network Provider Network

Aetna Student Health offers Aetna's broad network of In-network Providers. You can save money by seeing In-network Providers because Aetna has negotiated special rates with them, and because the Plan's benefits are better.

Precertification

You need pre-approval from us for some eligible health services. Pre-approval is also called precertification. Your in-network physician is responsible for obtaining any necessary precertification before you get the care. When you go to an out-of-network provider, it is your responsibility to obtain precertification from us for any services and supplies on the precertification list. If you do not precertify when required, there is a \$500 penalty for each type of eligible health service that was not precertified. For a current listing of the health services or prescription drugs that require precertification, contact Member Services or go to www.aetnastudenthealth.com.

Precertification Call

Precertification should be secured within the timeframes specified below. To obtain precertification, call Member Services at the toll-free number on your ID card. This call must be made:

Non-emergency admissions:	You, your physician or the facility will need to call and request precertification at least 14 days before the date you are scheduled to be admitted.
An emergency admission:	You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
An urgent admission:	You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness, the diagnosis of an illness, or an injury.
Outpatient non-emergency services requiring precertification:	You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.

Written notification of precertification decisions

We will provide a written notification to you and your **physician** of the **precertification** decision, within:

- 5 business days for a non-urgent requests
- 72 hours for urgent requests
- 30 days for retrospective requests

If your **precertified** services are approved, the approval is valid for 60 days as long as you remain enrolled in the plan.

If precertification determines that the stay or outpatient services and supplies are not covered benefits, the notification will explain why and how you can appeal our decision. You or your provider may request a review of the precertification decision. See the *When you disagree -claim decisions and appeals procedures* section of Certificate of Coverage.

You do not need **precertification** for the following inpatient **stays**:

- Following a mastectomy and/or lymph node dissection (your **physician** will determine the length of your **stay**)
- Pregnancy related **stay** following the delivery of a baby that is less than 48 hours for a normal vaginal delivery or a 96 hour stay for delivery by caesarean section

What if you don't obtain the required precertification?

If you don't obtain the required **precertification**:

- There may be a benefit penalty.
- Any benefit penalty incurred will not count toward your **policy year deductibles** or **maximum out-of-pocket limits**.

Coordination of Benefits (COB)

Some people have health coverage under more than one health plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB). A complete description of the Coordination of Benefits provision is contained in the certificate issued to you.

Description of Benefits

The Plan excludes coverage for certain services and has limitations on the amounts it will pay. While this Plan Summary document will tell you about some of the important features of the Plan, other features that may be important to you are defined in the Certificate. To look at the full Plan description, which is contained in the Certificate issued to you, go to

www.aetnastudenthealth.com.

This Plan will pay benefits in accordance with any applicable California Insurance Law(s).
