

Bowdoin College

2019-2020 Student Health Plan

Important notice

This is a brief description of your Student Health Plan underwritten by Anthem Blue Cross and Blue Shield (Anthem). If you'd like more details about your coverage and costs, you can get the complete terms in the policy or plan document online at [anthem.com](https://www.anthem.com). You'll be able to get a copy of the full Master Policy as soon as it's available.

Who is eligible for the plan

All Domestic students and international students who are covered by an embassy sponsored program and students on Study Away are automatically enrolled in this insurance plan at registration, unless proof of adequate coverage is furnished.

Students on an approved or required Leave or Suspension who were enrolled in the Student Health Insurance Plan at Bowdoin College during the 2018-2019 academic year are eligible to enroll in the Student Health Insurance Plan.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student's legal spouse or Domestic Partner and dependent children under 26 years of age. Students must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the eligibility requirements that the student actively attend classes. Anthem maintains its right to investigate eligibility or student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever Anthem discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

How do I waive?

Students who are currently enrolled in a health insurance plan of adequate coverage to the Bowdoin College Student Health Insurance Plan and is in effect until August 14, 2020 can elect to waive the school sponsored Student Health Insurance Plan. Recognizing that health insurance coverage may change, at the beginning of each academic year students will be asked to provide proof of adequate coverage to Bowdoin College in order to waive coverage.

Waiver process

To document proof of adequate coverage, an online waiver form must be completed and submitted by the deadline. Submitting an online waiver form is the only accepted process for waiving the Student Health Insurance Plan.

1. Go to www.gallagherstudent.com/bowdoin
2. Click on the "Student Waive/Enroll".
3. Log in using your Bowdoin College student email as your user name and your Bowdoin College student ID as your initial password.
4. Click the red "I want to WAIVE" button to waive the Student Health Insurance Plan. If you are enrolling in the Injury Only Insurance Plan, click the green "I want to ENROLL in the Injury Only Plan" button.

Immediately upon submitting your form, you will receive a reference number indicating that the form has been successfully submitted. Print this reference number for your records. If you do not receive a reference number, you will need to correct any errors and resubmit the form.

Bowdoin College reserves the right to audit and subsequently reject a waiver request. If it is determined that a student waived coverage with a health insurance plan that was not adequate coverage, the student will be automatically enrolled in the Bowdoin College Student Health Insurance Plan.

International students can only waive the Student Health Insurance Plan if they are covered by an Embassy sponsored plan or by an insurance plan adequate to Bowdoin College Student Health Insurance Plan and the insurance carrier is based in the United States.

In the event that a student waives the Student Health Insurance Plan and then loses their current coverage due to a qualifying event, (i.e. parent loss of coverage or the maximum age limit available is attained), students have the right to petition to add coverage within 31 days of the qualifying event. If the petition is received within 31 days of the qualifying event, there will be no break in coverage. Petitions received after 31 days will not be accepted.

Who is eligible for the plan

Waiver deadline

The deadline for students to complete the Online Waiver Form is August 2, 2019 for annual coverage and January 31, 2020 for students newly enrolled for the Spring Semester. Students who waive the Student Health Insurance Plan in the fall waive coverage for the entire policy year. The Online Waiver process is the only accepted process for making your insurance selection. Students who do not submit the Online Waiver Form by the deadline will remain enrolled in and billed for the Student Health Insurance Plan.

Coverage period

Coverage under the Plan once premium has been collected will become effective at 12:01 a.m. on the later of, but no sooner than:

- The Master Policy effective date;
- The beginning date of the term for which premium has been paid;

The below enrollments will be allowed a **30 day** grace period from the term start date to enroll whereby the effective date will be backdated a maximum of **30 days**. No policy shall ever start prior to the term start date:

- All hard-waiver and mandatory (insurance is required as a condition of enrollment on campus) insurance programs.
- All re-enrollments into the same exact policy if re-enrollment occurs within **30 days** of the prior policy termination date.

Insurance of all Insured Persons terminates at 12:01 a.m. on the earlier of:

- Date the Master Policy terminates for all Insured Persons; or
- End of the period of coverage for which premium has been paid; or
- Date the Insured Person ceases to be eligible for the insurance; or
- Date the Insured Person enters military service.

COVERAGE IS **NOT** AUTOMATICALLY RENEWED. Eligible persons must re-enroll when coverage terminates to maintain coverage. No notification of plan expiration or renewal will be sent.

Refunds

Refund of premium will be considered only:

- For any student who does not attend school during the first thirty-one (31) days of the period for which coverage is purchased. Such a student will not be covered under the Policy and a full refund of the premium will be made.
- For Insured Persons entering the Armed Forces of any country. Such persons will not be covered under the Policy as of the date of his/her entry into the service. A pro rata refund of premium will be made for such person upon written request received by Us within ninety (90) days of withdrawal from school.

Student health and counseling services

Student Affairs – Health Services

The Bowdoin College Health Service offers primary and acute care services to Bowdoin College students when classes are in session. Regular office hours are Monday through Friday, 8:30 a.m. to 5:00 p.m., except for Wednesdays when office hours are from 10:30 a.m. to 5:00 p.m. Students are seen by appointment. Every effort is made to accommodate acute care needs in a timely fashion. Comprehensive physical exams, well-woman exams, and travel medicine consultations may be scheduled a week or two out. Health Services can be reached at 207-725-3770, or by e-mailing healthservices@bowdoin.edu.

Emergency and after-hours coverage is provided through Mid Coast Hospital and the Mid Coast Walk-in Clinic. Mid Coast Hospital (207-729-0181) operates a twenty-four-hour, fully staffed emergency room and in-patient facility. The Mid Coast Walk-in Clinic, located close to campus, is open seven days a week from 8:00 a.m. to 7:00 p.m. for non-emergency medical problems. After hours, Bowdoin Security will help arrange transportation when needed, and can be reached at 207-725-3314.

The Health Service also provides travel medicine consultations and immunizations pertinent to travel. This service is offered to Bowdoin students, faculty, and staff, as well as to the community at-large. There is no consultation fee for Bowdoin students.

Most primary and acute care services offered to students at Health Services are covered by the general College fees, regardless of the health insurance coverage students may already carry. One exception is the cost of immunizations administered through the Health Service, which all students need to pay for at the time of service. This also applies to travel immunizations. Those students that remain on the Bowdoin Student Health Insurance Plan are generally not eligible to submit these charges to the insurance company for reimbursement though exceptions for certain age appropriate vaccines may be considered (including HPV and Meningitis). Students on a private insurance plan should contact their insurance company to see if these services are reimbursable under their plan.

The Health Service sends routine laboratory specimens to Mid Coast Hospital for processing. Mid Coast Hospital will then bill the insurance company. It is important for students not on the Bowdoin plan to check with their insurance company regarding coverage. Certain confidential specimens are sent to the Maine State lab for processing (including sexually transmitted infections like HIV or public health concerns like Mumps). In these cases the bill is sent to the Health Service, which affords complete confidentiality.

The Bowdoin Student Health Insurance Plan, offered through Anthem BCBS, is a comprehensive plan that provides coverage for off-campus preventative services, physician's office visits, in-patient and out-patient hospitalization, medications, diagnostic and laboratory testing, x-rays, and mental health services. There is no deductible under the plan, but co-pays apply for some services, such as specialty medical office visits and medications. Although referrals from a health service provider is not required under the plan, for the best coverage available a student should seek services through an in-network provider. Please direct insurance issues, billing questions, and provider network inquiries to the student health insurance coordinator at 207-798-4284.

The Bowdoin College Health Service is committed to promoting the health and well-being of the College community through the provision of quality primary and acute care, and educational outreach services.

Counseling Services

The mission of the Counseling Service at Bowdoin College is to enhance the personal growth and well being of all students. Toward that end, the Counseling Service offers assistance to students with personal crises, ongoing issues of concern, developmental transitions, and more serious psychological problems or conditions. The Counseling Service is also committed to supporting students' personal skills in managing stress in a highly competitive academic institution, as well as encouraging a healthy well balanced orientation to life that honors the mental, physical and spiritual aspects of one's self.

Student health and counseling services

The Counseling Service is located at 32 College Street (the Herbert Ross Brown House), a white cape on the south side of College Street across from Dayton Parking Lot. Hours are Monday through Friday, 8:30 a.m. – 5:00 p.m., as well as a 24-hour counselor-on-call system, when the College is in session. To schedule an appointment, call 725-3145 or stop by the office in person.

Many of the services provided by the counselors are included in the cost of general College fees. The clinical staff includes psychologists, licensed clinical social workers, licensed clinical and professional counselors, and consulting psychiatrists. Services available include but are not limited to:

- Individual counseling
- Referrals
- Programs, workshops, classes and retreats
- Emergency on-call services
- Psychiatric consultation, prescriptions, and monitoring

Please visit the College website at www.Bowdoin.edu/counseling for more information on the services offered and Counseling's confidentiality policy.

Your choice

When you choose preferred providers

You get the highest level of benefits under your health care plan when you use services from preferred providers – which are doctors and hospitals in your plan. They're also called “in-network” providers and when you use them, you're using “in-network” benefits, which give you the best value for your plan. See the charts on the following pages for your share of the cost.

How to find a preferred provider

There are a few ways to find a preferred provider:

- Look up a provider in the Provider Directory. If you need a copy of the directory, call Member Services at the number on your ID card.
- Visit [Online Provider Finder](#)

When you choose non-preferred providers

You can also receive covered services from non-preferred providers, which are doctors and hospitals not in your plan. But you pay more out-of-pocket because the benefits are “out-of-network.” See the charts on the following pages for your share of the cost.

Note: If a preferred provider refers you for covered services to other providers, such as labs or specialists, make sure they're preferred providers so you can get in-network benefits, which give you the best value. If you use a non-preferred provider, you pay more out-of-pocket because your benefits are out-of-network even if a preferred provider refers you.

Your out-of-pocket maximum

Your out-of-pocket maximum is the most you could pay during a plan year for copays and coinsurance for covered services. See the charts on the following pages for more details.

Emergency room (ER) services

In an emergency, such as a suspected heart attack, stroke or poisoning, you should go directly to the nearest ER or call 911 (or the local emergency phone number). You pay a copay per visit for in-network or out-of-network ER services. See the charts on the following pages for your share of the cost.

Utilization review requirements

Utilization review is a process of looking at certain types of care, such as hospital admissions, to make sure they're needed, appropriate and efficient. You must follow the requirements of utilization review, including pre-admission review, pre-service approval for certain outpatient services, concurrent review and discharge planning, and individual case management. For more information about utilization review, see your plan document. If you need non-emergency or non-maternity hospitalization, you or someone on your behalf must call the number on your ID card for preapproval.

Pediatric, Vision and Dental benefits

Your medical plan includes a vision and dental policy that covers pediatric essential benefits, for members until the end of the month in which they turn 19.

LiveHealth Online

LiveHealth Online lets you have a video visit with a board-certified doctor using your smartphone, tablet or computer with a webcam. No appointments, no driving and no waiting at an urgent care center. Doctors are available 24/7 to assess your condition.

Your summary of benefits

Notes:

- This Summary of Benefits has been updated to comply with federal and state requirements, including applicable provisions of the enacted federal health care reform laws. As we receive additional guidance and clarification on the new health care reform laws from the U.S. Department of Health and Human Services, Department of Labor and Internal Revenue Service, we may be required to make additional changes to this Summary of Benefits. This Summary of Benefits, as updated, is subject to the approval of the Maine Department of Insurance.
- In addition to the benefits described in this summary, coverage may include additional benefits, depending upon the member's home state. The benefits provided in this summary are subject to federal and Maine laws. There are some states that require more generous benefits be provided to their residents, even if the master policy was not issued in their state. If the member's state has such requirements, we will adjust the benefits to meet the requirements.
- The family deductible and out-of-pocket maximum are embedded, meaning the cost shares of one family member will be applied to the individual deductible and individual out-of-pocket maximum; in addition, amounts for all family members apply to the family deductible and family out-of-pocket maximum. No one member will pay more than the individual deductible and individual out-of-pocket maximum.
- All medical services subject to a coinsurance are also subject to the annual medical deductible.
- Annual out-of-pocket maximums include deductible, copays, coinsurance and prescription drug.
- In-network and out-of-network deductible and out-of-pocket maximum are exclusive of each other.
- For plans with an office visit copay, the copay applies to the actual office visit and additional cost shares may apply for any other service performed in the office (for example, X-ray, lab, surgery), after any applicable deductible.
- Preventive care services include physical exam, preventive screenings (including screenings for cancer, HPV, diabetes, cholesterol, blood pressure, hearing and vision, immunization, health education, intervention services, HIV testing) and additional preventive care for women provided for in the guidance supported by Health Resources and Service Administration.
- For medical emergency care rendered by a non-participating provider or non-contracting hospital, reimbursement is based on the reasonable and customary value. Members may be responsible for any amount in excess of the reasonable and customary value.
- If your plan includes an emergency room facility copay and you are directly admitted to a hospital, your emergency room facility copay is waived.
- If your plan includes out-of-network benefit and you use a out-of-network provider, you are responsible for any difference between the covered expense and the actual non-participating providers charge.
- Non-emergency, out-of-network air ambulance services are limited to Anthem maximum payment of \$50,000 per trip.
- Certain services are subject to the utilization review program. Before scheduling services, the member must make sure utilization review is obtained. If utilization review is not obtained, benefits may be reduced or not paid, according to the plan.
- Certain types of physicians may not be represented in the PPO network in the state where the member receives services. If such physician is not available in the service area, the member's copay is the same as for PPO (with and without pre-notification, if applicable). Member is responsible for applicable copays, deductibles and charges which exceed covered expense.
- Human Organ and Tissues Transplants require precertification and are covered as any other service in your summary of benefits.
- The family deductible and out-of-pocket maximum are embedded indicating the cost shares of one family member will be applied to both the individual deductible and individual out-of-pocket maximum; additionally, amounts for all covered family members apply to both the family deductible and family out-of-pocket maximum. No one member will pay more than the individual deductible and individual out-of-pocket maximum.

Your summary of benefits
