CERTIFICATE OF COVERAGE

Issued by

Cornell University

This Certificate of Coverage (“Certificate”) explains the benefits available to You under a Contract between Cornell University (hereinafter referred to as “We”, “Us” or “Our”) and You. Amendments, riders or endorsements may be delivered with the Certificate or added thereafter.

You have the right to return this Certificate. Examine it carefully. If You are not satisfied, You may return this Certificate to Us and ask Us to cancel it. Your request must be made in writing within ten (10) days from the date You receive this Certificate. We will refund any Premium paid including any Certificate fees or other charges.

This Certificate offers You the option to receive Covered Services on two benefit levels:

- 1. In-Network Benefits.** In-network benefits are the highest level of coverage available. In-network benefits apply when Your care is provided by Participating Providers in Our Aetna Student Health network and Participating Pharmacies in Our Aetna Student Health network. You should always consider receiving health care services first through Student Health Services on Your associated campus, if available, and then the in-network benefits portion of this Certificate. You may obtain information regarding Participating Providers by contacting Aetna Student Health at (800) 859-8475, or through the Internet by accessing DocFind at www.aetnastudenthealth.com.
- 2. Out-of-Network Benefits.** The out-of-network benefits portion of this Certificate provides coverage when You receive Covered Services from Non-Participating Providers. Your out-of-pocket expenses will be higher when You receive out-of-network benefits. In addition to Cost-Sharing, You will also be responsible for paying any difference between the Allowed Amount and the Non-Participating Provider’s charge.

READ THIS ENTIRE CERTIFICATE CAREFULLY. IT DESCRIBES THE BENEFITS AVAILABLE UNDER THE CONTRACT. IT IS YOUR RESPONSIBILITY TO UNDERSTAND THE TERMS AND CONDITIONS IN THIS CERTIFICATE.

This Certificate is governed by the laws of New York State.

SECTION II

How Your Coverage Works

A. Your Coverage Under this Certificate.

We will provide the benefits described in this Certificate to covered Members of Cornell University, that is, to a Student and his or her Covered Dependents. You should keep this Certificate with Your other important papers so that it is available for Your future reference.

B. Covered Services.

You will receive Covered Services under the terms and conditions of this Certificate only when the Covered Service is:

- Medically Necessary;
- Provided by a Participating Provider for in-network coverage;
- Listed as a Covered Service;
- Not in excess of any benefit limitations described in the Schedule of Benefits section of this Certificate and
- Received while Your Certificate is in force.

C. Participating Providers.

To find out if a Provider is a Participating Provider, and for details about licensure and training:

- Use Aetna Student Health's [DocFind](#) tool;
- Call the Cornell University Office of Student Health Benefits at (607) 255-6363 or Aetna Student Health at (800) 859-8475;
- Visit our website studenthealthbenefits.cornell.edu.

D. The Role of Primary Care Physicians.

This Certificate requires that, if available, Student Health Services acts as a Primary Care Physician ("PCP"). Although You are encouraged to receive care from Your PCP, You do not need a Referral from Student Health Services or a PCP before receiving Specialist care.

For purposes of Cost-Sharing, if You seek services from a PCP (or a Physician covering for a PCP) who has a primary or secondary specialty other than general practice, family practice, internal medicine, pediatrics and OB/GYN, You must pay the specialty office visit Cost-Sharing in the Schedule of Benefits section of this Certificate when the services provided are related to specialty care. Children and your Spouse covered under this Certificate do not need a referral.

E. Access to Providers and Changing Providers.

Sometimes Providers in Our Provider directory are not available. You should call the Provider to make sure he or she is accepting new patients.

To see a Provider, call his or her office and tell the Provider that You are a Cornell University Student Health Plan Member, and explain the reason for Your visit. Have Your ID card available. The Provider's office may ask You for Your Member ID number. When You go to the Provider's office, bring Your ID card with You.

If We do not have a Participating Provider for certain provider types in the county in which You live or in a bordering county that is within approved time and distance standards, We will approve an authorization to a specific Non-Participating Provider until You no longer need the care or We have a Participating Provider in Our network that meets the time and distance standards and Your care has been transitioned to that Participating Provider. Covered Services rendered by the Non-Participating Provider will be paid as if they were provided by a Participating Provider. You will be responsible for any applicable in-network Cost-Sharing.

F. Out-of-Network Services.

We Cover the services of Non-Participating Providers. See the Schedule of Benefits section of this Certificate for the Non-Participating Provider services that are Covered. In any case where benefits are limited to a certain number of days or visits, such limits apply in the aggregate to in-network and out-of-network services.

G. Care Outside of the United States.

Claims incurred outside of the United States will be reimbursed at the In-Network Participating Provider level.

H. Services Subject to Preauthorization.

Our Preauthorization is required before You receive certain Covered Services. Your Participating Provider is responsible for requesting Preauthorization for in-network services and You are responsible for requesting Preauthorization for the out-of-network services listed in the Schedule of Benefits section of this Certificate.

I. Preauthorization Procedure.

If You seek coverage for services that require Preauthorization, You or Your Provider must call Us at the number on Your ID card.

After receiving a request for approval, We will review the reasons for Your planned treatment and determine if benefits are available. Criteria will be based on multiple sources which may include medical policy, clinical guidelines, and pharmacy and therapeutic guidelines.

J. Failure to Seek Preauthorization.

If You fail to seek Our Preauthorization for benefits subject to this section, We will pay an amount of \$500 less than We would otherwise have paid for the care, or We will pay only 50% of the amount We would otherwise have paid for the care, whichever results in a greater benefit for You. You must pay the remaining charges. We will pay the amount specified above only if We determine the care was Medically Necessary even though You did not seek Our Preauthorization. If We determine that the services were not

Medically Necessary, You will be responsible for paying the entire charge for the service.

K. Medical Management.

The benefits available to You under this Certificate are subject to pre-service, concurrent and retrospective reviews to determine when services should be covered by Us. The purpose of these reviews is to promote the delivery of cost-effective medical care by reviewing the use of procedures and, where appropriate, the setting or place the services are performed. Covered Services must be Medically Necessary for benefits to be provided.

L. Medical Necessity.

We Cover benefits described in this Certificate as long as the health care service, procedure, treatment, test, device, Prescription Drug or supply (collectively, "service") is Medically Necessary. The fact that a Provider has furnished, prescribed, ordered, recommended, or approved the service does not make it Medically Necessary or mean that We have to Cover it.

We may base Our decision on a review of:

- Your medical records;
- Our medical policies and clinical guidelines;
- Medical opinions of a professional society, peer review committee or other groups of Physicians;
- Reports in peer-reviewed medical literature;
- Reports and guidelines published by nationally-recognized health care organizations that include supporting scientific data;
- Professional standards of safety and effectiveness, which are generally-recognized in the United States for diagnosis, care, or treatment;
- The opinion of Health Care Professionals in the generally-recognized health specialty involved;
- The opinion of the attending Providers, which have credence but do not overrule contrary opinions.

Services will be deemed Medically Necessary only if:

- They are clinically appropriate in terms of type, frequency, extent, site, and duration, and considered effective for Your illness, injury, or disease;
- They are required for the direct care and treatment or management of that condition;
- Your condition would be adversely affected if the services were not provided;
- They are provided in accordance with generally-accepted standards of medical practice;
- They are not primarily for the convenience of You, Your family, or Your Provider;
- They are not more costly than an alternative service or sequence of services, that is at least as likely to produce equivalent therapeutic or diagnostic results;
- When setting or place of service is part of the review, services that can be safely provided to You in a lower cost setting will not be Medically Necessary if they

are performed in a higher cost setting. For example we will not provide coverage for an inpatient admission for surgery if the surgery could have been performed on an outpatient basis or an infusion or injection of a specialty drug provided in the outpatient department of a Hospital if the drug could be provided in a Physician's office or the home setting.

See the Utilization Review and External Appeal sections of this Certificate for Your right to an internal Appeal and external appeal of Our determination that a service is not Medically Necessary.

M. Protection from Surprise Bills.

1. A surprise bill is a bill You receive for Covered Services in the following circumstances:

- For services performed by a non-participating Physician at a participating Hospital or Ambulatory Surgical Center, when:
 - A participating Physician is unavailable at the time the health care services are performed;
 - A non-participating Physician performs services without Your knowledge; or
 - Unforeseen medical issues or services arise at the time the health care services are performed.

A surprise bill does not include a bill for health care services when a participating Physician is available and You elected to receive services from a non-participating Physician.

- You were referred by a participating Physician to a Non-Participating Provider without Your explicit written consent acknowledging that the referral is to a Non-Participating Provider and it may result in costs not covered by Us. For a surprise bill, a referral to a Non-Participating Provider means:
 - Covered Services are performed by a Non-Participating Provider in the participating Physician's office or practice during the same visit;
 - The participating Physician sends a specimen taken from You in the participating Physician's office to a non-participating laboratory or pathologist; or
 - For any other Covered Services performed by a Non-Participating Provider at the participating Physician's request, when Referrals are required under Your Certificate.

You will be held harmless for any Non-Participating Provider charges for the surprise bill that exceed Your In-Network Copayment, Coinsurance or Deductible if You assign benefits to the Non-Participating Provider in writing. In such cases, the Non-Participating Provider may only bill You for Your In-Network Copayment, Coinsurance or Deductible.

The assignment of benefits form for surprise bills is available at www.dfs.ny.gov or

You can visit Our website at www.aetnastudenthealth.com for a copy of the form. You need to mail a copy of the assignment of benefits form to Us at the address on Your ID card and to Your Provider.

- 2. Independent Dispute Resolution Process.** Either We or a Provider may submit a dispute involving a surprise bill to an independent dispute resolution entity (IDRE) assigned by the state. Disputes are submitted by completing the IDRE application form, which can be found at www.dfs.ny.gov. The IDRE will determine whether Our payment or Provider's charge is reasonable within 30 days of receiving the dispute.

N. Delivery of Covered Services Using Telehealth.

If Your Participating Provider offers Covered Services using telehealth, We will not deny the Covered Services because they are delivered using telehealth. Covered Services delivered using telehealth may be subject to utilization review and quality assurance requirements and other terms and conditions of the Certificate that are at least as favorable as those requirements for the same service when not delivered using telehealth. "Telehealth" means the use of electronic information and communication technologies by a Participating Provider to deliver Covered Services to You while Your location is different than Your Provider's location.

P. Early Intervention Program Services.

We will not exclude Covered Services solely because they are Early Intervention Program services for infants and toddlers under three years of age who have a confirmed disability or an established developmental delay. Additionally, if Early Intervention Program services are otherwise covered under this Certificate, coverage for Early Intervention Program services will not be applied against any maximum annual or lifetime dollar limits if applicable. Visit limits and other terms and conditions will continue to apply to coverage for Early Intervention Program services. However, any visits used for Early Intervention Program services will not reduce the number of visits otherwise available under this Certificate.

Q. Case Management.

Case management helps coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate Members who agree to take part in the case management program to help meet their health-related needs.

Our case management programs are confidential and voluntary. These programs are given at no extra cost to You and do not change Covered Services. If You meet program criteria and agree to take part, We will help You meet Your identified health care needs. This is reached through contact and team work with You and/or Your authorized representative, treating Physician(s), and other Providers. In addition, We may assist in coordinating care with existing community-based programs and services to meet Your needs, which may include giving You information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, We may provide benefits for alternate care through Our case management program that is not listed as a Covered Service. We may also extend Covered Services beyond the benefit maximums of this Certificate. We will make Our decision on a case-by-case basis if We determine the alternate or extended benefit is in the best interest of You and Us.

Nothing in this provision shall prevent You from appealing Our decision. A decision to provide extended benefits or approve alternate care in one case does not obligate Us to provide the same benefits again to You or to any other Member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, We will notify You or Your representative in writing.

SECTION III

Access to Care and Transitional Care

A. Authorization to a Non-Participating Provider.

If We determine that We do not have a Participating Provider that has the appropriate training and experience to treat Your condition, We will approve an authorization to an appropriate Non-Participating Provider. Your Participating Provider or You must request prior approval of the authorization to a specific Non-Participating Provider.

Approvals of authorizations to Non-Participating Providers will not be made for the convenience of You or another treating Provider and may not necessarily be to the specific Non-Participating Provider You requested. If We approve the authorization, all services performed by the Non-Participating Provider are subject to a treatment plan approved by Us in consultation with Your PCP; the Non-Participating Provider and You. Covered Services rendered by the Non-Participating Provider will be paid as if they were provided by a Participating Provider. You will be responsible only for any applicable in-network Cost-Sharing. In the event an authorization is not approved, any services rendered by a Non-Participating Provider will be Covered as an out-of-network benefit if available.

B. When Your Provider Leaves the Network.

If You are in an ongoing course of treatment when Your Provider leaves Our network, then You may be able to continue to receive Covered Services for the ongoing treatment from the former Participating Provider for up to 90 days from the date Your Provider's contractual obligation to provide services to You terminates. If You are pregnant and in Your second or third trimester, You may be able to continue care with a former Participating Provider through delivery and any postpartum care directly related to the delivery.

In order for You to continue to receive Covered Services for up to 90 days or through a pregnancy with a former Participating Provider, the Provider must agree to accept as payment the negotiated fee that was in effect just prior to the termination of Our relationship with the Provider. The Provider must also agree to provide Us necessary medical information related to Your care and adhere to our policies and procedures, including those for assuring quality of care, obtaining Preauthorization, authorizations, and a treatment plan approved by Us. If the Provider agrees to these conditions, You will receive the Covered Services as if they were being provided by a Participating Provider. You will be responsible only for any applicable in-network Cost-Sharing. Please note that if the Provider was terminated by Us due to fraud, imminent harm to patients or final disciplinary action by a state board or agency that impairs the Provider's ability to practice, continued treatment with that Provider is not available.

C. New Members In a Course of Treatment.

If You are in an ongoing course of treatment with a Non-Participating Provider when Your coverage under this Certificate becomes effective, You may be able to receive Covered Services for the ongoing treatment from the Non-Participating Provider for up to 60 days

from the effective date of Your coverage under this Certificate. This course of treatment must be for a life-threatening disease or condition or a degenerative and disabling condition or disease. You may also continue care with a Non-Participating Provider if You are in the second or third trimester of a pregnancy when Your coverage under this Certificate becomes effective. You may continue care through delivery and any post-partum services directly related to the delivery.

In order for You to continue to receive Covered Services for up to 60 days or through pregnancy, the Non-Participating Provider must agree to accept as payment Our fees for such services. The Provider must also agree to provide Us necessary medical information related to Your care and to adhere to Our policies and procedures including those for assuring quality of care, obtaining Preauthorization, Referrals, and a treatment plan approved by Us. If the Provider agrees to these conditions, You will receive the Covered Services as if they were being provided by a Participating Provider. You will be responsible only for any applicable in-network Cost-Sharing.

SECTION IV

Cost-Sharing Expenses and Allowed Amount

A. Deductible.

Except where stated otherwise, You must pay the amount in the Schedule of Benefits section of this Certificate for Covered out-of-network Services during each Plan Year before We provide coverage. If You have other than individual coverage, You must pay the family Deductible in the Schedule of Benefits section of this Certificate for Covered out-of-network Services under this Certificate during each Plan Year before We provide coverage for any person covered under this Certificate. However, after Deductible payments for persons covered under this Certificate collectively total the family Deductible amount in the Schedule of Benefits section of this Certificate in a Plan Year, no further Deductible will be required for any person covered under this Certificate for that Plan Year.

Cost-Sharing for in-network services does not apply toward Your Out-of-Network Deductible.

Any charges of a Non-Participating Provider that are in excess of the Allowed Amount do not apply toward the Deductible.

There is no Deductible for Covered In-Network Services under this Certificate during each Plan Year.

B. Copayments.

Except where stated otherwise, after You have satisfied the Deductible as described above, You must pay the Copayments, or fixed amounts, in the Schedule of Benefits section of this Certificate for Covered in-network and out-of-network Services. However, when the Allowed Amount for a service is less than the Copayment, You are responsible for the lesser amount.

C. Coinsurance.

Except where stated otherwise, after You have satisfied the Deductible described above, You must pay a percentage of the Allowed Amount for Covered Services. We will pay the remaining percentage of the Allowed Amount as Your in-network or out-of-network benefit as shown in the Schedule of Benefits section of this Certificate. **You must also pay any charges of a Non-Participating Provider that are in excess of the Allowed Amount.**

D. In-Network Out-of-Pocket Limit.

When You have met Your In-Network Out-of-Pocket Limit in payment of In-Network Copayments, Deductibles and Coinsurance for a Plan Year in the Schedule of Benefits section of this Certificate, We will provide coverage for 100% of the Allowed Amount for Covered in-network Services for the remainder of that Plan Year. If You have other than individual coverage, once a person within a family meets the individual In-Network Out-of-Pocket Limit in the Schedule of Benefits section of this Certificate, We will provide

coverage for 100% of the Allowed Amount for the rest of that Plan Year for that person. If other than individual coverage applies, when persons in the same family covered under this Certificate have collectively met the family In-Network Out-of-Pocket Limit in payment of In-Network Copayments, Deductibles and Coinsurance for a Plan Year in the Schedule of Benefits section of this Certificate, We will provide coverage for 100% of the Allowed Amount for the rest of that Plan Year for the entire family.

Cost-Sharing for out-of-network services, except for Emergency Services, does not apply toward Your In-Network Out-of-Pocket Limit.

E. Out-of-Network Out-of-Pocket Limit.

This Certificate has a separate Out-of-Network Out-of-Pocket Limit in the Schedule of Benefits section of this Certificate for out-of-network benefits. When You have met Your Out-of-Network Out-of-Pocket Limit in payment of Out-of-Network Copayments, Deductibles and Coinsurance for a Plan Year in the Schedule of Benefits section of this Certificate, We will provide coverage for 100% of the Allowed Amount for Covered out-of-network Services for the remainder of that Plan Year. If You have other than individual coverage, once a person within a family meets the individual Out-of-Network Out-of-Pocket Limit in the Schedule of Benefits section of this Certificate, We will provide coverage for 100% of the Allowed Amount for Covered out-of-network Services for the rest of that Plan Year for that person. If other than individual coverage applies, when persons in the same family covered under this Certificate have collectively met the family Out-of-Network Out-of-Pocket Limit in payment of Out-of-Network Copayments, Deductibles and Coinsurance for a Plan Year in the Schedule of Benefits section of this Certificate, We will provide coverage for 100% of the Allowed Amount for Covered out-of-network Services for the rest of that Plan Year for the entire family. **Any charges of a Non-Participating Provider that are in excess of the Allowed Amount do not apply toward Your Out-of-Network Out-of-Pocket Limit.**

Cost-Sharing for in-network services does not apply toward Your Out-of-Network Out-of-Pocket Limit.

F. Your Additional Payments for Out-of-Network Benefits.

When You receive Covered Services from a Non-Participating Provider, in addition to the applicable Copayments, Deductibles and Coinsurance described in the Schedule of Benefits section of this Certificate, You must also pay the amount, if any, by which the Non-Participating Provider's actual charge exceeds Our Allowed Amount. This means that the total of Our coverage and any Cost-Sharing amounts You pay may be less than the Non-Participating Provider's actual charge.

When You receive Covered Services from a Non-Participating Provider, We will apply nationally-recognized payment rules to the claim submitted for those services. These rules evaluate the claim information and determine the accuracy of the procedure codes and diagnosis codes for the services You received. Sometimes, applying these rules will change the way that We pay for the services. This does not mean that the services were not Medically Necessary. It only means that the claim should have been submitted

differently. For example, Your Provider may have billed using several procedure codes when there is a single code that includes all of the separate procedures. We will make one (1) inclusive payment in that case rather than a separate payment for each billed code. Another example of when We will apply the payment rules to a claim is when You have surgery that involves two (2) surgeons acting as “co-surgeons”. Under the payment rules, the claim from each Provider should have a “modifier” on it that identifies it as coming from a co-surgeon. If We receive a claim that does not have the correct modifier, We will change it and make the appropriate payment.

G. Allowed Amount.

“Allowed Amount” means the maximum amount We will pay for the services or supplies Covered under this Certificate, before any applicable Copayment, Deductible and Coinsurance amounts are subtracted. We determine Our Allowed Amount as follows:

The Allowed Amount for Participating Providers will be the amount We have negotiated with the Participating Provider.

Our payments to Participating Providers may include financial incentives to help improve the quality or coordination of care and promote the delivery of Covered Services in a cost-efficient manner. Payments under this financial incentive program are not made as payment for a specific Covered Service provided to You. Your Cost-Sharing will not change based on any payments made to or received from Participating Providers as part of the financial incentive program.

The Allowed Amount for Non-Participating Providers will be determined as follows:

1. Facilities.

For Facilities, the Allowed Amount will be a rate based on information provided by a third party vendor, which may reflect one (1) or more of the following factors: 1) the complexity or severity of treatment; 2) level of skill and experience required for the treatment; or 3) comparable Providers’ fees and costs to deliver care.

Our Allowed Amount for non-participating Facilities equates to approximately 70% of UCR. For this purpose, UCR is the FAIR Health rate at the 80th percentile.

2. For All Other Providers.

For all other Providers, the Allowed Amount will be the Fair Health rate at the 80th percentile.

For Durable Medical Equipment, a prosthetic device or implant, if there is no code listed or source pricing, the Allowed Amount will be 1.3 times the manufacturers’ invoice price.

3. Physician-Administered Pharmaceuticals.

For Physician-administered pharmaceuticals, We use gap methodologies that are similar to the pricing methodology used by the Centers for Medicare and Medicaid

Services, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by RJ Health Systems, Thomson Reuters (published in its Red Book), or Us based on an internally developed pharmaceutical pricing resource if the other methodologies have no pricing data available for a Physician-administered pharmaceutical or special circumstances support an upward adjustment to the other pricing methodology.

The Non-Participating Provider's actual charge may exceed Our Allowed Amount. You must pay the difference between Our Allowed Amount and the Non-Participating Provider's charge. Contact Us at the number on Your ID card for information on Your financial responsibility when You receive services from a Non-Participating Provider.

See the Emergency Services and Urgent Care section of this Certificate for the Allowed Amount for Emergency Services rendered by Non-Participating Providers. See the Ambulance and Pre-Hospital Emergency Medical Services section of this Certificate for the Allowed Amount for Pre-Hospital Emergency Medical Services rendered by Non-Participating Providers.

SECTION V

A. Who is Covered Under this Certificate.

You, the Student to whom this Certificate is issued, are covered under this Certificate. Members of Your family may also be covered depending on the type of coverage You selected.

 - All Students registered to a full-time program (as defined and reported by the Office of the University Registrar).
 - Students registered in absentia.
 - Students on a University-approved leave of absence during the plan year in which they go on leave and for one year after.
 - Weill Cornell Medicine Students or Weill Cornell Medical students on an approved academic leave of absence are not eligible to enroll.

In addition to Student coverage, We offer the following types of coverage:

C. Children Covered Under this Certificate.

If You selected student and child/children or student, spouse, and child/children coverage, Children covered under this Certificate include Your natural Children, legally adopted Children, step Children, and Children for whom You are the proposed adoptive parent without regard to financial dependence, residency with You, student status or employment. A proposed adopted Child is eligible for coverage on the same basis as a natural Child during any waiting period prior to the finalization of the Child's adoption. Coverage lasts until the end of the month in which the Child turns 30 years of age. Foster Children and grandchildren are not covered.

Any unmarried dependent Child, regardless of age, who is incapable of self-sustaining

employment by reason of mental illness, developmental disability, mental retardation (as defined in the New York Mental Hygiene Law), or physical handicap and who became so incapable prior to attainment of the age at which the Child's coverage would otherwise terminate and who is chiefly dependent upon You for support and maintenance, will remain covered while Your insurance remains in force and Your Child remains in such condition. You have 31 days from the date of Your Child's attainment of the termination age to submit an application to request that the Child be included in Your coverage and proof of the Child's incapacity. We have the right to check whether a Child is and continues to qualify under this section.

We have the right to request and be furnished with such proof as may be needed to determine eligibility status of a prospective or covered Student and all other prospective or covered Members in relation to eligibility for coverage under this Certificate at any time.

D. When Coverage Begins.

Coverage under this Certificate will begin as follows:

1. Eligible students are automatically enrolled in the Student Health Plan. In order to waive enrollment in the SHP, you must demonstrate that you have insurance that meets Cornell's waiver criteria. Please see studenthealthbenefits.cornell.edu for more information about the waiver criteria.
2. Dependents are not automatically enrolled. Enrolled Students who wish to enroll their eligible Dependents in the Student Health Plan, must contact the Office Student Health Benefits prior to the start of the plan year to fill out the necessary forms and to make appropriate premium payments. An enrollment form must be filled out and returned every year to continue Dependents' enrollment.
3. If You, the Student, marry while covered, and We receive notice of such marriage within 31 days thereafter, coverage for Your Spouse and Child starts on the first day of the month following such marriage. If We do not receive notice within 31 days of the marriage, You must wait until the next open enrollment period to add Your Spouse or Child.
4. If You, the Student, have a newborn or adopted newborn Child and We receive notice of such birth within 30 days thereafter, coverage for Your newborn starts at the moment of birth; otherwise, coverage begins on the date on which We receive notice. Your adopted newborn Child will be covered from the moment of birth if You take physical custody of the infant as soon as the infant is released from the Hospital after birth and You file a petition pursuant to Section 115-c of the New York Domestic Relations Law within 30 days of the infant's birth; and provided further that no notice of revocation to the adoption has been filed pursuant to Section 115-b of the New York Domestic Relations Law, and consent to the adoption has not been revoked. However, We will not provide Hospital benefits for the adopted newborn's initial Hospital stay if one of the infant's natural parents has coverage for the newborn's initial Hospital stay. If You have Student or Student and Spouse coverage, You must also notify Us of Your desire to add child/children or family coverage and pay any additional Premium within 30 days of the birth or adoption in order for coverage to start at the moment of birth. Otherwise, coverage

begins on the date on which We receive notice, provided that You pay any additional Premium when due.

E. Special Enrollment Periods.

You, and Your Spouse or Child(ren) can also enroll for coverage within 31 days of the loss of coverage in a health plan if coverage was terminated because You, Your Spouse or Child(ren) are no longer eligible for coverage under the other health plan due to:

1. Termination of employment;
2. Termination of the other health plan;
3. Death of the Spouse;
4. Legal separation, divorce or annulment;
5. Reduction of hours of employment;
6. Employer contributions toward a health plan were terminated for You or Your Dependent's Coverage; or
7. A Child no longer qualifies for coverage as a Child under another health plan.

You, Your Spouse or Child can also enroll 31 days from exhaustion of Your COBRA or continuation coverage or if You gain a Dependent or become a Dependent through marriage, birth, adoption or placement for adoption.

We must receive notice and Premium payment within 31 days of the loss of coverage.

Enrollment is effective:

- a) In the case of marriage, on the date the completed request for enrollment is received;
- b) In the case of court ordered coverage of a Spouse or Child, on the date of the court order.
- c) In the case of lost coverage, on the day after you lost your previous coverage or the start of the Student's plan year, whichever is later.

In addition, You, and Your Spouse or Child, can also enroll for coverage within 60 days of the occurrence of one of the following event:

1. You or Your Spouse or Child loses eligibility for Medicaid or Child Health Plus; or
2. You or Your Spouse or Child become eligible for Medicaid or Child Health Plus.

We must receive notice and Premium payment within 60 days of one of these events. The effective date of Your coverage will depend on when We receive Your application. Your coverage will become effective the day after you lost your previous coverage or the start of the Student's plan year, whichever is later.

Late Enrollment

A "Late Enrollee" is a person for whom the eligible Student does not elect coverage within 31 days of the date the person becomes eligible for such coverage.

The eligible Student may elect coverage for a late enrollee only during the annual late entrant enrollment period established by Cornell University. Coverage for a late enrollee

will become effective the day after you lost your previous coverage or the start of the Student's plan year, whichever is later.

SECTION VII

Ambulance and Pre-Hospital Emergency Medical Services

Please refer to the Schedule of Benefits section of this Certificate for Cost-Sharing requirements, day or visit limits, and any Preauthorization or Referral requirements that apply to these benefits. Pre-Hospital Emergency Medical Services and ambulance services for the treatment of an Emergency Condition do not require Preauthorization.

A. Emergency Ambulance Transportation.

1. **Pre-Hospital Emergency Medical Services.** We Cover Pre-Hospital Emergency Medical Services worldwide for the treatment of an Emergency Condition when such services are provided by an ambulance service.

“Pre-Hospital Emergency Medical Services” means the prompt evaluation and treatment of an Emergency Condition and/or non-airborne transportation to a Hospital. The services must be provided by an ambulance service issued a certificate under the New York Public Health Law. We will, however, only Cover transportation to a Hospital provided by such an ambulance service when a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of such transportation to result in:

- Placing the health of the person afflicted with such condition or, with respect to a pregnant woman, the health of the woman or her unborn child in serious jeopardy, or in the case of a behavioral condition, placing the health of such person or others in serious jeopardy;
- Serious impairment to such person’s bodily functions;
- Serious dysfunction of any bodily organ or part of such person; or
- Serious disfigurement of such person.

An ambulance service may not charge or seek reimbursement from You for Pre-Hospital Emergency Medical Services except for the collection of any applicable Copayment, Deductible or Coinsurance. In the absence of negotiated rates, We will pay a Non-Participating Provider the usual and customary charge for Pre-Hospital Emergency Services, which shall not be excessive or unreasonable.

2. **Emergency Ambulance Transportation.** In addition to Pre-Hospital Emergency Services, We also Cover emergency ambulance transportation worldwide by a licensed ambulance service (either ground, water or air ambulance) to the nearest Hospital where Emergency Services can be performed. This coverage includes emergency ambulance transportation to a Hospital when the originating Facility does not have the ability to treat Your Emergency Condition.

B. Non-Emergency Ambulance Transportation.

We Cover non-emergency ambulance transportation by a licensed ambulance service (either ground or air ambulance, as appropriate) between Facilities when the transport is

any of the following:

- From a non-participating Hospital to a participating Hospital;
- To a Hospital that provides a higher level of care that was not available at the original Hospital;
- To a more cost-effective Acute care Facility; or
- From an Acute care Facility to a sub-Acute setting.

C. Limitations/Terms of Coverage.

- We do not Cover travel or transportation expenses, unless connected to an Emergency Condition or due to a Facility transfer approved by Us, even though prescribed by a Physician.
- We do not Cover non-ambulance transportation such as ambulette, van or taxi cab.
- Coverage for air ambulance related to an Emergency Condition or air ambulance related to non-emergency transportation is provided when Your medical condition is such that transportation by land ambulance is not appropriate; and Your medical condition requires immediate and rapid ambulance transportation that cannot be provided by land ambulance; and one (1) of the following is met:
 - The point of pick-up is inaccessible by land vehicle; or
 - Great distances or other obstacles (e.g. heavy traffic) prevent Your timely transfer to the nearest Hospital with appropriate facilities.

SECTION VIII

Emergency Services and Urgent Care

Please refer to the Schedule of Benefits section of this Certificate for Cost-Sharing requirements, day or visit limits, and any Preauthorization or Referral requirements that apply to these benefits.

A. Emergency Services.

We Cover Emergency Services for the treatment of an Emergency Condition in a Hospital.

We define an “**Emergency Condition**” to mean: A medical or behavioral condition that manifests itself by Acute symptoms of sufficient severity, including severe pain, such that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in:

- Placing the health of the person afflicted with such condition or, with respect to a pregnant woman, the health of the woman or her unborn child in serious jeopardy, or in the case of a behavioral condition, placing the health of such person or others in serious jeopardy;
- Serious impairment to such person’s bodily functions;
- Serious dysfunction of any bodily organ or part of such person; or
- Serious disfigurement of such person.

For example, an Emergency Condition may include, but is not limited to, the following conditions:

- Severe chest pain
- Severe or multiple injuries
- Severe shortness of breath
- Sudden change in mental status (e.g., disorientation)
- Severe bleeding
- Acute pain or conditions requiring immediate attention such as suspected heart attack or appendicitis
- Poisonings
- Convulsions

Coverage of Emergency Services for treatment of Your Emergency Condition will be provided regardless of whether the Provider is a Participating Provider. We will also Cover Emergency Services to treat Your Emergency Condition worldwide. However, We will Cover only those Emergency Services and supplies that are Medically Necessary and are performed to treat or stabilize Your Emergency Condition in a Hospital.

Please follow the instructions listed below regardless of whether or not You are in Our Service Area at the time Your Emergency Condition occurs:

- 1. Hospital Emergency Department Visits.** In the event that You require treatment for an Emergency Condition, seek immediate care at the nearest Hospital

emergency department or call 911. Emergency Department Care does not require Preauthorization. However, **only Emergency Services for the treatment of an Emergency Condition are Covered in an emergency department.**

We do not Cover follow-up care or routine care provided in a Hospital emergency department.

- 2. Emergency Hospital Admissions.** In the event that You are **admitted** to the Hospital, You or someone on Your behalf must notify Us at the number listed in this Certificate and on Your ID card within 48 hours of Your admission, or as soon as is reasonably possible.

We Cover inpatient Hospital services at a non-participating Hospital at the in-network Cost-Sharing for as long as Your medical condition prevents Your transfer to a participating Hospital. Any inpatient Hospital services received from a non-participating Hospital after Your medical condition no longer prevents Your transfer to a participating Hospital will be Covered at the out-of-network Cost-Sharing, unless We authorize continued treatment at the non-participating Hospital.

- 3. The home care visit will be provided within 24 hours after the mother's discharge, or at the time of the mother's request, whichever is later. Our Coverage of this home care visit shall be in addition to home health care visits under this Certificate and shall not be subject to any Cost-Sharing amounts in the Schedule of Benefits section of this Certificate that apply to home care benefits.

We also Cover the inpatient use of pasteurized donor human milk, which may include fortifiers as Medically Necessary, for which a Health Care Professional has issued an order for an infant who is medically or physically unable to receive maternal breast milk, participate in breast feeding, or whose mother is medically or physically unable to produce maternal breast milk at all or in sufficient quantities or participate in breast feeding despite optimal lactation support. You will have to pay the difference between that charge and the private room charge.
2. We do not Cover radio, telephone or television expenses, or beauty or barber services.

B. Refills.

We Cover Refills of Prescription Drugs only when dispensed at a retail or designated pharmacy as ordered by an authorized Provider. Benefits for Refills will not be provided beyond one (1) year from the original prescription date. For prescription eye drop medication, We allow for the limited refilling of the prescription prior to the last day of the approved dosage period without regard to any coverage restrictions on early Refill of renewals. To the extent practicable, the quantity of eye drops in the early Refill will be limited to the amount remaining on the dosage that was initially dispensed. Your Cost-Sharing for the limited Refill is the amount that applies to each prescription or Refill as set forth in the Schedule of Benefits section of this Certificate.

C. Benefit and Payment Information.

- 1. Cost-Sharing Expenses.** You are responsible for paying the costs outlined in the Schedule of Benefits section of this Certificate when Covered Prescription Drugs are obtained from a retail or designated pharmacy.

You have a three (3) tier plan design, which means that Your out-of-pocket expenses will generally be lowest for Prescription Drugs on tier 1 and highest for Prescription Drugs on tier 3. Your out-of-pocket expense for Prescription Drugs on tier 2 will generally be more than for tier 1 but less than tier 3.

For most Prescription Drugs, You pay only the Cost-Sharing in the Schedule of Benefits. An additional charge, called an “ancillary charge,” may apply to some Prescription Drugs when a Prescription Drug on a higher tier is dispensed at Your or Your Provider’s request and Our formulary includes a chemically equivalent Prescription Drug on a lower tier. You will pay the difference between the full cost of the Prescription Drug on the higher tier and the cost of the Prescription Drug on the lower tier. The cost difference is not Covered and must be paid by You in addition to the lower tier Cost-Sharing. If Your Provider thinks that a chemically equivalent Prescription Drug on a lower tier is not clinically appropriate, You, Your designee or Your Provider may request that We approve coverage at the higher tier Cost-Sharing. If approved, You will pay the higher tier Cost-Sharing only. If We do not approve coverage at the higher tier Cost-Sharing, You are entitled to an Appeal as outlined in the Utilization Review and External Appeal sections of this Certificate. If We do not approve coverage for the Prescription Drug on the higher tier, the ancillary charge will not apply toward Your In-Network Out-of-Pocket Limit.

You are responsible for paying the full cost (the amount the pharmacy charges You) for any non-Covered Prescription Drug, and Our contracted rates (Our Prescription Drug Cost) will not be available to You.

- 2. Participating Pharmacies.** For Prescription Drugs purchased at a retail or designated Participating Pharmacy, You are responsible for paying the lower of:
 - The applicable Cost-Sharing; or
 - The Prescription Drug Cost for the Prescription Drug.(Your Cost-Sharing will never exceed the Usual and Customary Charge of the Prescription Drug.)
- 3. Non-Participating Pharmacies.** If You purchase a Prescription Drug from a Non-Participating Pharmacy, You must pay for the Prescription Drug at the time it is dispensed and then file a claim for reimbursement with Us. We will not reimburse You for the difference between what You pay the Non-Participating Pharmacy and Our price for the Prescription Drug. In most cases, You will pay more if You purchase Prescription Drugs from a Non-Participating Pharmacy.
- 4. Designated Pharmacies.** If You require certain Prescription Drugs including, but not limited to specialty Prescription Drugs, We may direct You to a Designated Pharmacy with whom We have an arrangement to provide those Prescription Drugs.

Generally, specialty Prescription Drugs are Prescription Drugs that are approved to treat limited patient populations or conditions; are normally injected, infused or require close monitoring by a Provider; or have limited availability, special dispensing and delivery requirements and/or require additional patient supports.

If You are directed to a Designated Pharmacy and You choose not to obtain Your

Prescription Drug from a Designated Pharmacy, Your coverage will be subject to the out-of-network benefit for that Prescription Drug.

Changes will generally be quarterly, but no more than six (6) times per Plan Year, based on Our periodic tiering decisions. These changes may occur without prior notice to You. However, if You have a prescription for a drug that is being moved to a higher tier (other than a Brand-Name Drug that becomes available as a Generic Drug as described below) We will notify You. When such changes occur, Your out-of-pocket expense may change. You may access the most up to date tier status on Our website at www.aetna.com or by calling the number on Your ID card.

6. **When a Brand-Name Drug Becomes Available as a Generic Drug.** When a Brand-Name Drug becomes available as a Generic Drug, the tier placement of the Brand-Name Prescription Drug may change. If this happens, You will pay the Cost-Sharing applicable to the tier to which the Prescription Drug is assigned or the Brand-Name Drug will be removed from the Formulary and You no longer have benefits for that particular Brand-Name Drug. Please note, if You are taking a Brand-Name Drug that is being excluded due to a Generic Drug becoming available, You will receive advance written notice of the Brand-Name Drug exclusion. You May request a Formulary exception as outlined below and in the External Appeal sections of this Certificate.
7. **Formulary Exception Process.** If a Prescription Drug is not on Our Formulary You, Your designee or Your prescribing Health Care Professional may request a Formulary exception for clinically-appropriate Prescription Drug in writing, electronically or telephonically. If coverage is denied under Our standard or expedited Formulary exception process, You are entitled to an external appeal as outlined in the External Appeal section of this Certificate. Visit Our website www.aetnastudenthealth.com or call the number on Your ID card to find out more about this process.

Standard Review of a Formulary Exception. We will make a decision and notify You or Your designee and the prescribing Health Care Professional no later than 72 hours after Our receipt of Your request. If We approve the request, We will Cover the Prescription Drug while You are taking the Prescription Drug, including any refills.

Expedited Review of a Formulary Exception. If You are suffering from a health condition that may seriously jeopardize Your health, life or ability to regain maximum function or if You are undergoing a current course of treatment using a non-Formulary Prescription Drug, You may request an expedited review of a Formulary exception. The request should include a statement from Your prescribing Health Care Professional that harm could reasonably come to You if the requested drug is not provided within the timeframes for Our standard Formulary exception process. We will make a decision and notify You or Your designee and the prescribing Health Care Professional no later than 24 hours after Our receipt of Your request. If We approve the request, We will Cover the Prescription Drug while You suffer from the health condition that may seriously jeopardize Your health, life or ability to regain maximum function or for the duration of Your current course of treatment using the non-Formulary Prescription Drug.

8. **Supply Limits.** Except for contraceptive drugs or devices, We will pay for no more than a 30-day supply of a Prescription Drug purchased at a retail pharmacy or Designated Pharmacy. You are responsible for one (1) Cost-Sharing amount for up to a 30-day supply. However, for Maintenance Drugs We will pay for up to a 90-day supply of a drug purchased at a retail pharmacy. You are responsible for up to three (3) Cost-Sharing amounts for a 90-day supply at a retail pharmacy.

You may have an initial three-month supply of a contraceptive drug or device dispensed to You. For subsequent dispensing of the same contraceptive drug or device, You may have the entire prescribed supply (of up to 12 months) of the contraceptive drug or device dispensed at the same time. Contraceptive drugs and devices are not subject to Cost-Sharing when provided in accordance with the comprehensive guidelines supported by HRSA and items or services with an “A” or “B” rating from USPSTF. For an initial three-month supply other contraceptive drugs and devices, You are responsible for up to three (3) Cost-Sharing amounts and You are responsible for up to nine (9) Cost-Sharing Amounts for the remaining supply of a 12 month prescription. For a subsequent 12 month dispensing of the same contraceptive drug or device, You are responsible for up to twelve (12) Cost-Sharing amounts.

Specialty Prescription Drugs may be limited to a 30-day supply when obtained at a retail pharmacy. You may access Our website www.aetnaspecialtyrx.com or by calling the number on Your ID card for more information on supply limits for specialty Prescription Drugs.

Some Prescription Drugs may be subject to quantity limits based on criteria that We have developed, subject to Our periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month’s supply. You can determine whether a Prescription Drug has been assigned a maximum quantity level for dispensing by accessing Our website www.aetna.com or by calling the number on Your ID card. If We deny a request to Cover an amount that exceeds Our quantity level, You are entitled to an Appeal pursuant to the Utilization Review and External Appeal sections of this Certificate.

- 9. Emergency Supply of Prescription Drugs for Substance Use Disorder Treatment.** If you have an Emergency Condition, You may immediately access without Preauthorization, a five (5) day emergency supply of a Covered Prescription Drug for the treatment of a substance use disorder, including a Prescription Drug to manage opioid withdrawal and/or stabilization and for opioid overdose reversal. If You have a Copayment, it will be the same Copayment that would apply to a 30-day supply of the Prescription Drug. If you receive an additional supply of the Prescription Drug within the 30-day period in which You received the emergency supply, You will not be responsible for an additional Copayment for the remaining 30-day supply of that Prescription Drug.

In this paragraph, “Emergency Condition” means a substance use disorder condition that manifests itself by Acute symptoms of sufficient severity, including severe pain or the expectation of severe pain, such that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in:

- Placing the health of the person afflicted with such condition or, with respect to a pregnant woman, the health of the woman or her unborn child in serious

jeopardy, or in the case of a behavioral condition, placing the health of such person or others in serious jeopardy;

- Serious impairment to such person's bodily function;
- Serious dysfunction of any bodily organ or part of such person; or
- Serious disfigurement of such person.

10. Initial Supply of Prescription Opioid Drugs. If you received an initial limited prescription for a seven (7) day supply of less of any schedule II, III, or IV opioid prescribed for Acute pain, and You have a Copayment, Your Copayment will be the same Copayment that would apply to a 30-day supply of the Prescription Drug. If You receive an additional supply of the Prescription Drug within the same 30-day period in which You received the seven (7) day supply, You will not be responsible for an additional Copayment for the remaining 30-day supply of that Prescription Drug.

11. Cost-Sharing for Orally-Administered Anti-Cancer Drugs. Your Cost-Sharing for orally-administered anti-cancer drugs is at least as favorable to You as the Cost-Sharing amount, if any, that applies to intravenous or injected anticancer medications Covered under the Outpatient and Professional Services section of this Certificate.

D. Medical Management

This Certificate includes certain features to determine when Prescription Drugs should be Covered, which are described below. As part of these features, Your prescribing Provider may be asked to give more details before We can decide if the Prescription Drug is Medically Necessary.

1. Step Therapy. Step therapy is a process in which You may need to use one (1) or more types of Prescription Drugs before We will Cover another as Medically Necessary. A "step therapy protocol" means Our policy, protocol or program that establishes the sequence in which We approve Prescription Drugs for Your medical condition. When establishing a step therapy protocol, We will use recognized evidence-based and peer reviewed clinical review criteria that also takes into account the needs for atypical patient populations and diagnoses. We check certain Prescription Drugs to make sure that proper prescribing guidelines are followed. These guidelines help You get high quality and cost-effective Prescription Drugs. The Prescription Drugs that require Preauthorization under the step therapy program are also included on the Preauthorization drug list. If a step therapy protocol is applicable to Your request for coverage of a Prescription Drug, You, Your designee, or Your Health Care Professional can request a step therapy override determination as outlined in the Utilization Review section of this Certificate.

E. Limitations/Terms of Coverage.

1. We reserve the right to limit quantities, day supply, early Refill access and/or duration of therapy for certain medications based on Medical Necessity including acceptable medical standards and/or FDA recommended guidelines.
2. If We determine that You may be using a Prescription Drug in a harmful or abusive manner, or with harmful frequency, Your selection of Participating Pharmacies may be limited. If this happens, We may require You to select a single Participating Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if You use the selected single Participating Pharmacy. If You do not make a selection within 31 days of the date We notify You, We will select a single Participating Pharmacy for You.
3. Various specific and/or generalized “use management” protocols will be used from time to time in order to ensure appropriate utilization of medications. Such protocols will be consistent with standard medical/drug treatment guidelines. The primary goal of the protocols is to provide Our Members with a quality-focused Prescription Drug benefit. In the event a use management protocol is implemented, and You are taking the drug(s) affected by the protocol, You will be notified in advance.
4. Injectable drugs (other than self-administered injectable drugs) are not Covered under this section but are Covered under other sections of this Certificate. Your benefit for diabetic insulin, oral hypoglycemics, and diabetic Prescription Drugs, diabetic supplies, and equipment will be provided under this section of the Certificate if the Cost-Sharing is more favorable to You under this section of the Certificate than the Additional Benefits, Equipment and Devices section of this Certificate.
5. We do not Cover charges for the administration or injection of any Prescription Drug. Prescription Drugs given or administered in a Physician’s office are Covered under the Outpatient and Professional Services section of this Certificate.
6. We do not Cover drugs that do not by law require a prescription, except for smoking cessation drugs, over-the-counter preventive drugs or devices provided in accordance with the comprehensive guidelines supported by HRSA or with an “A” or “B” rating from USPSTF, or as otherwise provided in this Certificate. We do not Cover Prescription Drugs that have over-the-counter non-prescription equivalents, except if specifically designated as Covered in the drug Formulary. Non-prescription equivalents are drugs available without a prescription that have the same name/chemical entity as their prescription counterparts. We do not Cover repackaged products such as therapeutic kits or convenience packs that contain a Covered Prescription Drug unless the Prescription Drug is only available as part of a therapeutic kit or convenience pack. Therapeutic kits or convenience packs contain one or more Prescription Drug(s) and may be packaged with over-the-counter items, such as gloves, finger cots, hygienic wipes or topical emollients.

7. We do not Cover Prescription Drugs to replace those that may have been lost or stolen.
8. We do not Cover Prescription Drugs dispensed to You while in a Hospital, nursing home, other institution, Facility, or if You are a home care patient, except in those cases where the basis of payment by or on behalf of You to the Hospital, nursing home, Home Health Agency or home care services agency, or other institution, does not include services for drugs.
9. We reserve the right to deny benefits as not Medically Necessary or experimental or investigational for any drug prescribed or dispensed in a manner contrary to standard medical practice. If coverage is denied, You are entitled to an Appeal as described in the Utilization Review and External Appeal sections of this Certificate.

F. General Conditions.

1. You must show Your ID card to a retail pharmacy at the time You obtain Your Prescription Drug or You must provide the pharmacy with identifying information that can be verified by Us during regular business hours. You must include Your identification number on the forms provided by the mail order pharmacy from which You make a purchase.
2. **Drug Utilization, Cost Management and Rebates.** We conduct various utilization management activities designed to ensure appropriate Prescription Drug usage, to avoid inappropriate usage, and to encourage the use of cost-effective drugs. Through these efforts, You benefit by obtaining appropriate Prescription Drugs in a cost-effective manner. The cost savings resulting from these activities are reflected in the premiums for Your coverage. We may also, from time to time, enter into agreements that result in Us receiving rebates or other funds (“rebates”) directly or indirectly from Prescription Drug manufacturers, Prescription Drug distributors or others. Any rebates are based upon utilization of Prescription Drugs across all of Our business and not solely on any one Member’s utilization of Prescription Drugs. Any rebates received by Us may or may not be applied, in whole or part, to reduce premiums either through an adjustment to claims costs or as an adjustment to the administrative expenses component of Our Prescription Drug premiums. Instead, any such rebates may be retained by Us, in whole or part, in order to fund such activities as new utilization management activities, community benefit activities and increasing reserves for the protection of Members. Rebates will not change or reduce the amount of any Copayment or Coinsurance applicable under Our Prescription Drug coverage.

You may determine to which tier a particular Prescription Drug has been assigned by visiting Our website or by calling the number on Your ID card.

3. Expedited Review. If You have a medical condition that places Your health in serious jeopardy without the Prescription Drug prescribed by Your Health Care Professional, We will make a step therapy protocol override determination and provide notification to You or Your designee and Your Health Care Professional, within 24 hours of receipt of the supporting rationale and documentation.

If the required supporting rationale and documentation are not submitted with a step therapy protocol override determination request. We will request the information within 72 hours for Preauthorization and retrospective reviews, the lesser of 72 hours or one (1) business day for concurrent reviews, and 24 hours for expedited reviews. You (or Your designee) and Your Health Care Professional will have 45 calendar days to submit the information for Preauthorization, concurrent and retrospective reviews, and 48 hours for expedited reviews. For Preauthorization reviews, We will make a determination and provide notification to You (or Your designee) and Your Health Care Professional within the earlier of 72 hours of Our receipt of the information or 15 calendar days of the end of the 45-day period if the information is not received. For concurrent reviews, We will make a determination and provide notification to You or Your designee and Your Health Care Professional within the earlier of 72 hours or one (1) business day of Our receipt of the information or 15 calendar days of the end of the 45-day period if the information is not received. For retrospective reviews, We will make a determination and provide notification to You (or Your designee) and Your Health Care Professional within the earlier of 72 hours of Our receipt of the information or 15 calendar days of the end of the 45-day period if the information is not received. For expedited reviews, We will make a determination and provide notification to You (or Your designee) and Your Health Care Professional within the earlier of 24 hours of Our receipt of the information or 48 hours of the end of the 48-hour period if the information is not received.

If We do not make a determination within 72 hours (or 24 hours for expedited reviews) of receipt of the supporting rationale and documentation, the step therapy protocol override request will be approved.

If We determine that the step therapy protocol should be overridden, We will authorize immediate coverage for the Prescription Drug prescribed by Your treating Health Care Professional. An adverse step therapy override determination is eligible for an Appeal.

G. Reconsideration.

If We did not attempt to consult with Your Provider who recommended the Covered Service before making an adverse determination, the Provider may request reconsideration by the same clinical peer reviewer who made the adverse determination or a designated clinical peer reviewer if the original clinical peer reviewer is unavailable. For Preauthorization and concurrent reviews, the reconsideration will take place within one (1) business day of the request for reconsideration. If the adverse determination is upheld, a notice of adverse determination will be given to You and Your Provider, by telephone and in writing.

H. Utilization Review Internal Appeals.

You, Your designee, and, in retrospective review cases, Your Provider, may request an internal Appeal of an adverse determination, either by phone, in person, or in writing.

You have up to 180 calendar days after You receive notice of the adverse determination to file an Appeal. We will acknowledge Your request for an internal Appeal within 15 calendar days of receipt. This acknowledgment will, if necessary, inform You of any additional information needed before a decision can be made. The Appeal will be decided by a clinical peer reviewer who is not subordinate to the clinical peer reviewer who made the initial adverse determination and who is (1) a Physician or (2) a Health Care Professional in the same or similar specialty as the Provider who typically manages the disease or condition at issue.

1. **Out-of-Network Service Denial.** You also have the right to Appeal the denial of a Preauthorization request for an out-of-network health service when We determine that the out-of-network health service is not materially different from an available in-network health service. A denial of an out-of-network health service is a service provided by a Non-Participating Provider, but only when the service is not available from a Participating Provider. For a Utilization Review Appeal of denial of an out-of-network health service, You or Your designee must submit:
 - A written statement from Your attending Physician, who must be a licensed, board-certified or board-eligible Physician qualified to practice in the specialty area of practice appropriate to treat Your condition, that the requested out-of-network health service is materially different from the alternate health service available from a Participating Provider that We approved to treat Your condition; and
 - Two (2) documents from the available medical and scientific evidence that the out-of-network service: 1) is likely to be more clinically beneficial to You than the alternate in-network service; and 2) that the adverse risk of the out-of-network service would likely not be substantially increased over the in-network health service.

2. **Out-of-Network Authorization Denial.** You also have the right to Appeal the denial of a request for an authorization to a Non-Participating Provider when We determine that We have a Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service. For a Utilization Review Appeal of an out-of-

network authorization denial, You or Your designee must submit a written statement from Your attending Physician, who must be a licensed, board-certified or board-eligible Physician qualified to practice in the specialty area of practice appropriate to treat Your condition:

- That the Participating Provider recommended by Us does not have the appropriate training and experience to meet Your particular health care needs for the health care service; and
- Recommending a Non-Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service.

I. Standard Appeal.

- 1. Preauthorization Appeal.** If Your Appeal relates to a Preauthorization request, We will decide the Appeal within 30 calendar days of receipt of the Appeal request. Written notice of the determination will be provided to You (or Your designee), and where appropriate, Your Provider, within two (2) business days after the determination is made, but no later than 30 calendar days after receipt of the Appeal request.
- 2. Retrospective Appeal.** If Your Appeal relates to a retrospective claim, We will decide the Appeal within 60 calendar days of receipt of the Appeal request. Written notice of the determination will be provided to You (or Your designee), and where appropriate, Your Provider, within two (2) business days after the determination is made, but no later than 60 calendar days after receipt of the Appeal request.
- 3. Expedited Appeal.** An Appeal of a review of continued or extended health care services, additional services rendered in the course of continued treatment, home health care services following discharge from an inpatient Hospital admission, services in which a Provider requests an immediate review, mental health and/or substance use disorder services that may be subject to a court order, or any other urgent matter will be handled on an expedited basis. An expedited Appeal is not available for retrospective reviews. For an expedited Appeal, Your Provider will have reasonable access to the clinical peer reviewer assigned to the Appeal within one (1) business day of receipt of the request for an Appeal. Your Provider and a clinical peer reviewer may exchange information by telephone or fax. An expedited Appeal will be determined within the earlier of 72 hours of receipt of the Appeal or two (2) business days of receipt of the information necessary to conduct the Appeal. Written notice of the determination will be provided to You (or Your designee) within 24 hours after the determination is made, but no later than 72 hours after receipt of the Appeal request.

If You are not satisfied with the resolution of Your expedited Appeal, You may file a standard internal Appeal or an external appeal.

Our failure to render a determination of Your Appeal within 60 calendar days of receipt of the necessary information for a standard Appeal or within two (2)

business days of receipt of the necessary information for an expedited Appeal will be deemed a reversal of the initial adverse determination.

D. Substance Use Appeal. If We deny a request for inpatient substance use disorder treatment that was submitted at least 24 hours prior to discharge from an inpatient admission, and You or Your Provider file an expedited internal Appeal of Our adverse determination, We will decide the Appeal within 24 hours of receipt of the Appeal request. If You or Your Provider file an expedited internal Appeal and an expedited external appeal within 24 hours of receipt of Our adverse determination, We will also provide coverage for the inpatient substance use disorder treatment while a determination on the internal Appeal and external appeal is pending.

J. Full and Fair Review of an Appeal

We will provide You, free of charge, with any new or additional evidence considered, relied upon, or generated by Us or any new or additional rationale in connection with Your Appeal. The evidence or rationale will be provided as soon as possible and sufficiently in advance of the date on which the notice of final adverse determination is required to be provided to give You a reasonable opportunity to respond prior to that date.

SECTION XXI

External Appeal

A. Your Right to an External Appeal.

In some cases, You have a right to an external appeal of a denial of coverage. If We have denied coverage on the basis that a service is not Medical Necessity (including appropriateness, health care setting, level of care or effectiveness of a Covered benefit); or is an experimental or investigational treatment (including clinical trials and treatments for rare diseases); or is an out-of-network treatment, You or Your representative may appeal that decision to an External Appeal Agent, an independent third party certified by the State to conduct these appeals.

In order for You to be eligible for an external appeal You must meet the following two requirements:

- The service, procedure, or treatment must otherwise be a Covered Service under this Certificate; and
- In general, You must have received a final adverse determination through Our internal Appeal process. But, You can file an external appeal even though You have not received a final adverse determination through Our internal Appeal process if:
 - We agree in writing to waive the internal Appeal. We are not required to agree to Your request to waive the internal Appeal; or
 - You file an external appeal at the same time as You apply for an expedited internal Appeal; or
 - We fail to adhere to Utilization Review claim processing requirements (other than a minor violation that is not likely to cause prejudice or harm to You, and We demonstrate that the violation was for good cause or due to matters beyond Our control and the violation occurred during an ongoing, good faith exchange of information between You and Us).

B. Your Right to Appeal a Determination that a Service is Not Medically Necessary.

If We have denied coverage on the basis that the service is not Medical Necessity, You may appeal to an External Appeal Agent if You meet the requirements for an external appeal in paragraph “A” above.

C. Your Right to Appeal a Determination that a Service is Experimental or Investigational.

If We have denied coverage on the basis that the service is an experimental or investigational treatment (including clinical trials and treatments for rare diseases), You must satisfy the two (2) requirements for an external appeal in paragraph “A” above and Your attending Physician must certify that Your condition or disease is one for which:

1. Standard health services are ineffective or medically inappropriate; **or**
2. There does not exist a more beneficial standard service or procedure Covered by Us; **or**
3. There exists a clinical trial or rare disease treatment (as defined by law).

In addition, Your attending Physician must have recommended one (1) of the following:

1. A service, procedure or treatment that two (2) documents from available medical and scientific evidence indicate is likely to be more beneficial to You than any standard Covered Service (only certain documents will be considered in support of this recommendation – Your attending Physician should contact the State for current information as to what documents will be considered or acceptable); or
2. A clinical trial for which You are eligible (only certain clinical trials can be considered); or
3. A rare disease treatment for which Your attending Physician certifies that there is no standard treatment that is likely to be more clinically beneficial to You than the requested service, the requested service is likely to benefit You in the treatment of Your rare disease, and such benefit outweighs the risk of the service. In addition, Your attending Physician must certify that Your condition is a rare disease that is currently or was previously subject to a research study by the National Institutes of Health Rare Disease Clinical Research Network **or** that it affects fewer than 200,000 U.S. residents per year.

For purposes of this section, Your attending Physician must be a licensed, board- certified or board eligible Physician qualified to practice in the area appropriate to treat Your condition or disease. In addition, for a rare disease treatment, the attending Physician may not be Your treating Physician.

D. Your Right to Appeal a Determination that a Service is Out-of-Network.

If we have denied coverage of an out-of-network treatment because it is not materially different than the health service available in-network, You may appeal to an External Appeal Agent if You meet the two (2) requirements for an external appeal in paragraph “A” above, and You have requested Preauthorization for the out-of-network treatment.

In addition, Your attending Physician must certify that the out-of-network service is materially different from the alternate recommended in-network health service, and based on two (2) documents from available medical and scientific evidence, is likely to be more clinically beneficial than the alternate in-network treatment and that the adverse risk of the requested health service would likely not be substantially increased over the alternate in-network health service.

For purposes of this section, Your attending Physician must be a licensed, board certified or board eligible Physician qualified to practice in the specialty area appropriate to treat You for the health service.

E. Your Right to Appeal an Out-of-Network Authorization Denial to a Non-Participating Provider.

If We have denied coverage of a request for an authorization to a Non-Participating Provider because We determine We have a Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service, You may appeal to an External Appeal Agent if You meet the two (2) requirements for an external appeal in paragraph “A” above.

In addition, Your attending Physician must: certify that the Participating Provider recommended by Us does not have the appropriate training and experience to meet Your particular health care needs; and recommend a Non-Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service.

For purposes of this section, Your attending Physician must be a licensed, board certified or board eligible Physician qualified to practice in the specialty area appropriate to treat You for the health service.

F. Your Right to Appeal a Formulary Exception Denial.

If We have denied Your request for coverage of a non-formulary Prescription Drug through Our formulary exception process, You, Your designee or the prescribing Health Care Professional may appeal the formulary exception denial to an External Appeal Agent. See the Prescription Drug section of this Certificate for more information on the formulary exception process.

G. The External Appeal Process.

You have four (4) months from receipt of a final adverse determination or from receipt of a waiver of the internal Appeal process to file a written request for an external appeal. If You are filing an external appeal based on Our failure to adhere to claim processing requirements, You have four (4) months from such failure to file a written request for an external appeal.

We will provide an external appeal application with the final adverse determination issued through Our internal Appeal process or Our written waiver of an internal Appeal. You may also request an external appeal application from the New York State Department of Financial Services at 1-800-400-8882. Submit the completed application to the Department of Financial Services at the address indicated on the application. If You meet the criteria for an external appeal, the State will forward the request to a certified External Appeal Agent.

You can submit additional documentation with Your external appeal request. If the External Appeal Agent determines that the information You submit represents a material change from the information on which We based Our denial, the External Appeal Agent will share this information with Us in order for Us to exercise Our right to reconsider Our decision. If We choose to exercise this right, We will have three (3) business days to amend or confirm Our decision. Please note that in the case of an expedited external appeal (described below), We do not have a right to reconsider Our decision.

In general, the External Appeal Agent must make a decision within 30 days of receipt of Your completed application. The External Appeal Agent may request additional information from You, Your Physician, or Us. If the External Appeal Agent requests additional information, it will have five (5) additional business days to make its decision. The External Appeal Agent must notify You in writing of its decision within two (2) business days.

If Your attending Physician certifies that a delay in providing the service that has been denied poses an imminent or serious threat to Your health; or if Your attending Physician certifies that the standard external appeal time frame would seriously jeopardize Your life, health or ability to regain maximum function; or if You received Emergency Services and have not been discharged from a Facility and the denial concerns an admission, availability of care, or continued stay, You may request an expedited external appeal. In that case, the External Appeal Agent must make a decision within 72 hours of receipt of Your completed application. Immediately after reaching a decision, the External Appeal Agent must notify You and Us by telephone or facsimile of that decision. The External Appeal Agent must also notify You in writing of its decision.

If Your internal formulary exception request received a standard review through Our formulary exception process, the External Appeal Agent must make a decision on Your external appeal and notify You or Your designee and the prescribing Health Care Professional within 72 hours of receipt of Your completed application. If the External Appeal Agent overturns Our denial, We will Cover the Prescription Drug while You are taking the Prescription Drug, including any refills.

If Your internal formulary exception request received an expedited review through Our formulary exception process, the External Appeal Agent must make a decision on Your external appeal and notify You or Your designee and the prescribing Health Care Professional within 24 hours of receipt of Your completed application. If the External Appeal Agent overturns Our denial, We will Cover the Prescription Drug while You suffer from the health condition that may seriously jeopardize Your health, life or ability to regain maximum function or for the duration of Your current course of treatment using the non-formulary Prescription Drug.

If the External Appeal Agent overturns Our decision that a service is not Medically Necessary or approves coverage of an experimental or investigational treatment or an out-of-network treatment, We will provide coverage subject to the other terms and conditions of this Certificate. Please note that if the External Appeal Agent approves coverage of an experimental or investigational treatment that is part of a clinical trial, We will only Cover the cost of services required to provide treatment to You according to the design of the trial. We will not be responsible for the costs of investigational drugs or devices, the costs of non-health care services, the costs of managing the research, or costs that would not be Covered under this Certificate for non- investigational treatments provided in the clinical trial.

The External Appeal Agent's decision is binding on both You and Us. The External Appeal Agent's decision is admissible in any court proceeding.

H. Your Responsibilities.

It is Your responsibility to start the external appeal process. You may start the external appeal process by filing a completed application with the New York State Department of Financial Services. You may appoint a representative to assist You with Your application; however, the Department of Financial Services may contact You and request that You confirm in writing that You have appointed the representative.

Under New York State law, Your completed request for external appeal must be filed within four (4) months of either the date upon which You receive a final adverse determination, or the date upon which You receive a written waiver of any internal Appeal, or Our failure to adhere to claim processing requirements. We have no authority to extend this deadline.

SECTION XXII

Termination of Coverage

Coverage under this Certificate will automatically be terminated on the first of the following to apply:

1. The Student has failed to pay Premiums within 30 days of when Premiums are due. Coverage will terminate as of the last day for which Premiums were paid.
2. The end of the month in which the Student ceases to meet the eligibility requirements as defined by Us. We will provide written notice to the Student at least 30 days prior to when the coverage will cease.
3. Upon the Student's death, coverage will terminate unless the Student has coverage for Dependents. If the Student has coverage for Dependents, then coverage will terminate as of the last day of the month for which the Premium has been paid.
4. For Spouses in cases of divorce, the date of the divorce.
5. For Children, until end of the month in which the Child turns 30 years of age.
6. For all other Dependents, the end of the month in which the Dependent ceases to be eligible.
7. The end of the month during which the Student provides written notice to Us requesting termination of coverage, or on such later date requested for such termination by the notice.
8. If a Student or the Student's Dependent has performed an act that constitutes fraud or the Student has made an intentional misrepresentation of material fact in writing on his or her enrollment application, or in order to obtain coverage for a service, coverage will terminate immediately upon written notice of termination delivered by Us to the Student and/or the Student's Dependent, as applicable. However, if a Student makes an intentional misrepresentation of material fact in writing on his or her enrollment application, We will rescind coverage if the facts misrepresented would have led Us to refuse to issue the coverage. Rescission means that the termination of Your coverage will have a retroactive effect of up to Your enrollment under the Certificate. If termination is a result of the Student's action, coverage will terminate for the Student and any Dependents. If termination is a result of the Dependent's action, coverage will terminate for the Dependent.
9. For such other reasons that are acceptable to the superintendent and authorized by the Health Insurance Portability and Accountability Act of 1996, Public Law 104-

191, and any later amendments or successor provisions, or by any federal regulations or rules that implement the provisions of the Act.

No termination shall prejudice the right to a claim for benefits which arose prior to such termination.

Refund Policy

If you withdraw/no-show from school within the first 31 days of a coverage period, you will not be Covered under the Policy and the full premium amount paid will be refunded. After 31 days, you will be Covered for the full period that you have paid the premium for, and a prorated refund will be applied if you elect to terminate Your coverage.

Exception: A Member entering the armed forces of any country will not be covered under the Policy as of the date of such entry. In this case, a pro-rata refund of premium will be made for any such person and any Covered Dependents upon written request received by Us within 90 days of withdrawal from school.

NOTE: If claims from any provider have been submitted and paid for any period, no full refund will be provided under any circumstances and the cancellation policy applies.

Early Termination Option

A Student graduating mid-year may be eligible for a six-month plan. To be eligible your student record MUST indicate a "Completed as of Date". You may apply for the Early Termination Option by contacting the Cornell University Office of Student Health Benefits. You will be billed for the entire Plan Year, but will be credited for six months of the premium once the paperwork is completed and processed. All paperwork must be completed prior to January 31. No requests will be granted after this date.

SECTION XXIII

Extension of Benefits

When Your coverage under this Certificate ends, benefits stop. But, if You are totally disabled on the date Your coverage under this Certificate terminates, continued benefits may be available for the treatment of the injury or sickness that is the cause of the total disability. If you are pregnant on the date Your coverage under this Certificate terminates, continued benefits may be available for Your maternity care.

For purposes of this section, “total disability” means You are prevented because of injury or disease from engaging in any work or other gainful activity. Total disability for a minor means that the minor is prevented because of injury or disease from engaging in substantially all of the normal activities of a person of like age and sex who is in good health.

A. When You May Continue Benefit.

1. If You are totally disabled on the date Your coverage under this Certificate terminates, We will continue to pay for Your care under this Certificate during an uninterrupted period of total disability until the first of the following:
 - The date You are no longer totally disabled; or
 - 90 days from the date extended benefits began (if Your benefits are extended based on termination of Student status)
2. If You are pregnant on the date Your coverage under this Certificate terminates, We will continue to pay for Your maternity care under this Certificate through delivery and any post-partum services directly related to the delivery.

B. Limits on Extended Benefits.

We will not pay extended benefits:

- For any Member who is not totally disabled or pregnant on the date coverage under this Certificate ends; or
- Beyond the extent to which We would have paid benefits under this Certificate if coverage had not ended.

SECTION XXIV

Temporary Suspension Rights for Armed Forces' Members

If You, the Student, are a member of a reserve component of the armed forces of the United States, including the National Guard, You have the right to temporary suspension of coverage during active duty and reinstatement of coverage at the end of active duty if:

1. Your active duty is extended during a period when the president is authorized to order units of the reserve to active duty, provided that such additional active duty is at the request and for the convenience of the federal government; and
2. Your service ends during the Plan Year for which this Certificate is effective.

You must make written request to Us to have Your coverage suspended during a period of active duty. Your unearned Premiums will be refunded during the period of such suspension.

Upon completion of active duty, Your coverage may be resumed as long as You:

1. Make written application to Us; and
2. Remit the premium within 60 days of the termination of active duty.

The right of resumption extends to coverage for Your Dependents. For coverage that was suspended while on active duty, coverage will be retroactive to the date on which active duty terminated.

SECTION XXV

General Provisions

1. Agreements Between Us and Participating Providers.

Any agreement between Us and Participating Providers may only be terminated by Us or the Providers. This Certificate does not require any Provider to accept a Member as a patient. We do not guarantee a Member's admission to any Participating Provider or any health benefits program.

2. Assignment.

You cannot assign any benefits under this Certificate to any person, corporation or other organization. Any assignment of benefits by You other than for monies due for a surprise bill will be void. Assignment means the transfer to another person or to an organization of Your right to the services provided under this Certificate or Your right to collect money from Us for those services. However, You may request Us to make payment for services directly to Your Provider instead of You.

3. Choice of Law.

This Certificate shall be governed by the laws of the State of New York.

4. Clerical Error.

Clerical error, whether by You or Us, with respect to this Certificate, or any other documentation issued by Us in connection with this Certificate, or in keeping any record pertaining to the coverage hereunder, will not modify or invalidate coverage otherwise validly in force or continue coverage otherwise validly terminated.

5. Conformity with Law.

Any term of this Certificate which is in conflict with New York State law or with any applicable federal law that imposes additional requirements from what is required under New York State law will be amended to conform with the minimum requirements of such law.

6. Continuation of Benefit Limitations.

Some of the benefits in this Certificate may be limited to a specific number of visits, and/or subject to a Deductible. You will not be entitled to any additional benefits if Your coverage status should change during the year. For example, if Your coverage status changes from covered family member to Student, all benefits previously utilized when You were a covered family member will be applied toward Your new status as a Student.

7. Entire Agreement.

This Certificate including any endorsements, riders and the attached applications, if any, constitutes the entire Certificate.

8. Furnishing Information and Audit.

All persons covered under this Certificate will promptly furnish Us with all information and records that We may require from time to time to perform Our obligations under this Certificate. You must provide Us with information over the telephone for reasons such as the following: to allow Us to determine the level of care You need; so that We may certify care authorized by Your Physician; or to make decisions regarding the Medical Necessity of Your care.

9. Identification Cards.

Identification ("ID") cards are issued by Us for identification purposes only. Possession of any ID card confers no right to services or benefits under this Certificate. To be entitled to such services or benefits, Your Premiums must be paid in full at the time the services are sought to be received.

10. Incontestability.

No statement made by the Student in an application for coverage under this Certificate shall avoid the Certificate or be used in any legal proceeding unless the application or an exact copy is attached to this Certificate.

11. Independent Contractors.

Participating Providers are independent contractors. They are not Our agents or employees. We and Our employees are not the agent or employee of any Participating Provider. We are not liable for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries alleged to be suffered by You, Your covered Spouse or Children while receiving care from any Participating Provider or in any Participating Provider's Facility.

12. Input in Developing Our Policies.

Students may participate in the development of Our policies by communicating with the Student Health Benefits Advisory Committee. For more information see:

http://studenthealthbenefits.cornell.edu/benefits/contact/advisory_committees.cfm

13. Material Accessibility.

We will give You ID cards, Certificates, riders and other necessary materials.

14. More Information about Your Health Plan.

You can request additional information about Your coverage under this Certificate. Upon Your request, We will provide the following information:

- A list of the names, business addresses and official positions of Our board of directors, officers and members; and Our most recent annual certified financial statement which includes a balance sheet and a summary of the receipts and disbursements.
- The information that We provide the State regarding Our consumer complaints.
- A copy of Our procedures for maintaining confidentiality of Member information.
- A copy of Our drug formulary. You may also inquire if a specific drug is Covered under this Certificate.
- A written description of Our quality assurance program.
- A copy of Our medical policy regarding an experimental or investigational drug, medical device or treatment in clinical trials.

- Provider affiliations with participating Hospitals.
- A copy of Our clinical review criteria (e.g. Medically Necessity criteria), and where appropriate, other clinical information We may consider regarding a specific disease, course of treatment or Utilization Review guidelines, including clinical review criteria relating to a step therapy protocol override determination.
- Written application procedures and minimum qualification requirements for Providers.
- Documents that contain the processes, strategies evidentiary standards, and other factors used to apply a treatment limitation with respect to medical/surgical benefits and mental health or substance use disorder benefits under the Certificate.

15. Notice.

Any notice that We give You under this Certificate will be mailed to Your address as it appears in Our records or delivered electronically if You consent to electronic delivery. If notice is delivered to You electronically, You may also request a copy of the notice from Us. You agree to provide Us with notice of any change of Your address. If You have to give Us any notice, it should be sent by U.S. mail, first class, postage prepaid to: Cornell University Office of Student Health Benefits, 110 Ho Plaza, Ithaca, NY 14850.

16. Premium Refund.

We will give any refund of Premiums which are paid by You, if due, to You.

17. Recovery of Overpayments.

On occasion, a payment will be made to You when You are not covered, for a service that is not Covered, or which is more than is proper. When this happens, We will explain the problem to You and You must return the amount of the overpayment to Us within 60 days after receiving notification from Us. However, We shall not initiate overpayment recovery efforts more than 24 months after the original payment was made unless We have a reasonable belief of fraud or other intentional misconduct.

18. Reinstatement after Default.

If the Student defaults in making any payment this Certificate, the subsequent acceptance of payment by Us or by one of Our authorized agents or brokers shall reinstate the Certificate.

19. Right to Develop Guidelines and Administrative Rules.

We may develop or adopt standards that describe in more detail when We will or will not make payments under this Certificate. Examples of the use of the standards are to determine whether: Hospital inpatient care was Medically Necessary; surgery was Medically Necessary to treat Your illness or injury; or certain services are skilled care. Those standards will not be contrary to the descriptions in this Certificate. If You have a question about the standards that apply to a particular benefit, You may contact Us and We will explain the standards or send You a copy of the standards. We may also develop administrative rules pertaining to enrollment and other administrative matters. We shall have all the powers necessary or appropriate to enable Us to carry out Our duties in connection with the administration of this Certificate.

20. Right to Offset.

If We make a claim payment to You or on Your behalf in error or You owe Us any money, You must repay the amount You owe Us. Except as otherwise required by law, if We owe You a payment for other claims received, We have the right to subtract any amount You owe Us from any payment We owe You.

21. Severability.

The unenforceability or invalidity of any provision of this Certificate shall not affect the validity and enforceability of the remainder of this Certificate.

22. Significant Change in Circumstances.

If We are unable to arrange for Covered Services as provided under this Certificate as the result of events outside of Our control, We will make a good faith effort to make alternative arrangements. These events would include a major disaster, epidemic, the complete or partial destruction of facilities, riot, civil insurrection, disability of a significant part of Participating Providers' personnel, or similar causes. We will make reasonable attempts to arrange for Covered Services. We and Our Participating Providers will not be liable for delay, or failure to provide or arrange for Covered Services if such failure or delay is caused by such an event.

23. Subrogation and Reimbursement.

These paragraphs apply when another party (including any insurer) is, or may be found to be, responsible for Your injury, illness or other condition and We have provided benefits related to that injury, illness or condition. As permitted by applicable state law, unless preempted by federal law, We may be subrogated to all rights of recovery against any such party (including Your own insurance carrier) for the benefits We have provided to You under this Certificate. Subrogation means that We have the right, independently of You, to proceed directly against the other party to recover the benefits that We have provided.

Subject to applicable state law, unless preempted by federal law, We may have a right of reimbursement if You or anyone on Your behalf receives payment from any responsible party (including Your own insurance carrier) from any settlement, verdict or insurance proceeds, in connection with an injury, illness, or condition for which We provided benefits. Under Section 5-335 of the New York General Obligations Law, Our right of recovery does not apply when a settlement is reached between a plaintiff and defendant, unless a statutory right of reimbursement exists. The law also provides that, when entering into a settlement, it is presumed that You did not take any action against Our rights or violate any contract between You and Us. The law presumes that the settlement between You and the responsible party does not include compensation for the cost of health care services for which We provided benefits.

We request that You notify Us within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to injury, illness or condition sustained by You for which We have provided benefits. You must provide all information requested by Us or Our representatives including, but not limited to, completing and submitting any applications or other forms or statements as We may reasonably request.

No other party can enforce this Certificate's provisions or seek any remedy arising out of either Our or Your performance or failure to perform any portion of this Certificate, or to bring an action or pursuit for the breach of any terms of this Certificate.

25. Time to Sue.

No action at law or in equity may be maintained against Us prior to the expiration of 60 days after written submission of a claim has been furnished to Us as required in this Certificate. You must start any lawsuit against Us under this Certificate within three (3) years from the date the claim was required to be filed.

26. Translation Services.

27. Venue for Legal Action.

If a dispute arises under this Certificate, it must be resolved in a court located in the State of New York. You agree not to start a lawsuit against Us in a court anywhere else. You also consent to New York State courts having personal jurisdiction over You. That means that, when the proper procedures for starting a lawsuit in these courts have been followed, the courts can order You to defend any action We bring against You.

28. Waiver.

The waiver by any party of any breach of any provision of this Certificate will not be construed as a waiver of any subsequent breach of the same or any other provision. The failure to exercise any right hereunder will not operate as a waiver of such right.

29. Who May Change this Certificate.

This Certificate may not be modified, amended, or changed, except in writing and signed by Our Executive Vice President and Chief Financial Officer ("EVP/CFO") or a person designated by the EVP/CFO. No employee, agent, or other person is authorized to interpret, amend, modify, or otherwise change this Certificate in a manner that expands or limits the scope of coverage, or the conditions of eligibility, enrollment, or participation, unless in writing and signed by the EVP/CFO or person designated by the EVP/CFO.

30. Who Receives Payment under this Certificate.

The coverage provided under this Certificate is not in lieu of and does not affect any requirements for coverage by workers' compensation insurance or law.

32. Your Medical Records and Reports.

In order to provide Your coverage under this Certificate, it may be necessary for Us to obtain Your medical records and information from Providers who treated You. Our actions to provide that coverage include processing Your claims, reviewing Grievances, Appeals or complaints involving Your care, and quality assurance reviews of Your care, whether based on a specific complaint or a routine audit of randomly selected cases. By accepting coverage under this Certificate, except as prohibited by state or federal law, You automatically give Us or Our designee permission to obtain and use Your medical records for those purposes and You authorize each and every Provider who renders services to You to:

- Disclose all facts pertaining to Your care, treatment, and physical condition to Us or to a medical, dental, or mental health professional that We may engage to assist Us in reviewing a treatment or claim, or in connection with a complaint or quality of care review;
- Render reports pertaining to Your care, treatment, and physical condition to Us, or to a medical, dental, or mental health professional that We may engage to assist Us in reviewing a treatment or claim; and

You have the right to obtain complete and current information concerning a diagnosis, treatment and prognosis from a Physician or other Provider in terms You can reasonably understand. When it is not advisable to give such information to You, the information shall be made available to an appropriate person acting on Your behalf.

You have the right to receive information from Your Physician or other Provider that You need in order to give Your informed consent prior to the start of any procedure or treatment.

You have the right to refuse treatment to the extent permitted by law and to be informed of the medical consequences of that action.

You have the right to formulate advance directives regarding Your care.

You have the right to access Our Participating Providers.

As a Member, You should also take an active role in Your care. We encourage You to:

- Understand Your health problems as well as You can and work with Your Providers to make a treatment plan that You all agree on;
- Follow the treatment plan that You have agreed on with Your doctors or Providers;
- Give Us, Your doctors and other Providers the information needed to help You get the care You need and all the benefits You are eligible for under Your Certificate. This may include information about other health insurance benefits You have along with Your coverage with Us; and

Failure to give notice of claim within the time required neither invalidates nor reduces any claim if it was not reasonably possible to give notice within such time, provided such proof is furnished as soon as reasonably possible. Notice given by or on behalf of the claimant to Us or any of Our authorized agents, with information sufficient to identify You, is deemed notice to Us. Any notices that may be required to be provided under this subsection may be provided in electronic or paper form.

Payment of Claims

All benefits will be paid in United States currency. Upon receipt of due written proof of death, payment for loss of life of a Member will be made to the Member's beneficiary as described in the Beneficiary Provision and these Claims Provisions. Upon receipt of due written proof of loss, payments for all losses, except loss of life, will be made to (or on behalf of, if applicable) the Member suffering the loss. Time of Claim Payment

In the event a claim or any portion of a claim is delayed or denied, You will be given written notice of the reason for delay or denial and a written itemization of any documents or other information necessary to process the claim or portions thereof which are not being paid. Upon Our receipt of additional information requested from You, We will pay or deny the contested claim or portion of the contested claim within thirty (30) working days. If denied, We will provide written correspondence including the reasons for such denial.

Our failure to pay within such period shall entitle You to interest at the rate of twelve percent (12%) per annum on the benefits due for failure to comply with this provision. Subject to Our receipt of due written proof of loss, all accrued benefits for loss for which the Certificate provides periodic payment will be paid at the expiration of each month during the continuance of the period for which We are liable and any balance remaining unpaid upon termination of liability will be paid immediately upon receipt of such proof.

Proof of Loss

Written proof of loss must be furnished to Us within 120 days after the date of the Covered Loss. In the case of a claim for loss of time for disability, written proof of such loss must be furnished to Us within ninety (90) days after the commencement of the period for which We are liable. If the loss is one for which the Certificate requires continuing eligibility for periodic benefit payments, subsequent written proofs of eligibility must be furnished at such intervals as may reasonably be required.

Failure to furnish proof within the time required neither invalidates nor reduces any claim if it was not reasonably possible to furnish proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity of the claimant, later than one year from the time proof is otherwise required. Any forms that may be required to be provided under this subsection may be provided in electronic or paper form.
