Introduction

Welcome to the UnitedHealthcare **StudentResources** Student Injury and Sickness Insurance Plan. This plan is underwritten by UnitedHealthcare Insurance Company ("the Company").

The school (referred to as the "Policyholder") has purchased a Policy from the Company. The Company will provide the benefits described in this Certificate to Insured Persons, as defined in the Definitions section of this Certificate. This Certificate is not a contract between the Insured Person and the Company. Keep this Certificate with other important papers so that it is available for future reference.

This plan is a preferred provider organization or "PPO" plan. It provides a higher level of coverage when Covered Medical Expenses are received from healthcare providers who are part of the plan's network of "Preferred Providers." The plan also provides coverage when Covered Medical Expenses are obtained from healthcare providers who are not Preferred Providers, known as "Out-of-Network Providers." However, a lower level of coverage may be provided when care is received from Out-of-Network Providers and the Insured Person may be responsible for paying a greater portion of the cost.

To receive the highest level of benefits from the plan, the Insured Person should obtain covered services from Preferred Providers whenever possible. The easiest way to locate Preferred Providers is through the plan's web site at www.uhcsr.com. The web site will allow the Insured to easily search for providers by specialty and location.

The Insured may also call the Customer Service Department at 1-844-210-0545; toll free, for assistance in finding a Preferred Provider.

Please feel free to call the Customer Service Department with any questions about the plan. The telephone number is 1-844-210-0545. The Insured can also write to the Company at:

UnitedHealthcare **StudentResources**
P.O. Box 809025

Section 1: Who Is Covered

The Master Policy covers students and their eligible Dependents who have met the Policy's eligibility requirements (as shown below) and who:

1. Are properly enrolled in the plan, and
2. Pay the required premium.

All graduate and professional students registered in degree programs of 4 or more credit hours or who are actively enrolled in research courses (including, but not limited to, dissertation or thesis courses) that are designated by Vanderbilt University as full-time enrollment and Postdoctoral trainees who are funded by training grants are automatically enrolled in this insurance plan. All international students attending Vanderbilt University are automatically enrolled in and billed for the Student Injury and Sickness Plan on a mandatory basis.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student's legal spouse and dependent children under 26 years of age.

The student (Named Insured, as defined in this Certificate) must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study and correspondence courses do not fulfill the eligibility requirements that the student actively attend classes. The Company maintains its right to investigate eligibility or student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

The eligibility date for Dependents of the Named Insured shall be determined in accordance with the following:

1. If a Named Insured has Dependents on the date he or she is eligible for insurance.
2. If a Named Insured acquires a Dependent after the Effective Date, such Dependent becomes eligible:
 - a. On the date the Named Insured acquires a legal spouse.
 - b. On the date the Named Insured acquires a dependent child who is within the limits of a dependent child set forth in the Definitions section of this Certificate.

Dependent eligibility expires concurrently with that of the Named Insured.

Section 2: Effective and Termination Dates

The Master Policy on file at the school becomes effective at 12:01 a.m., July 1, 2020. The Insured Person's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later.

The Master Policy terminates at 11:59 p.m., August 11, 2021. The Insured Person's coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

There is no pro-rata or reduced premium payment for late enrollees. Refunds of premiums are allowed only upon entry into the armed forces.

The Master Policy is a non-renewable one year term insurance policy. The Master Policy will not be renewed.

Section 3: Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured incurs Covered Medical Expenses within 31 days of the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as follows provided the condition continues:

1. When not Hospital Confined on the Termination Date, not to exceed 31 days after the Termination Date; or
2. When Hospital Confined on the Termination Date, not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this Extension of Benefits provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

If the Insured is also an insured under the succeeding policy issued to the Policyholder; this Extension of Benefits provision will not apply.

Section 4: Pre-Admission Notification

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

1. **PRE-NOTIFICATION OF MEDICAL NON-EMERGENCY HOSPITALIZATIONS:** The patient, Physician or Hospital should telephone 1-877-295-0720 at least five working days prior to the planned admission.
2. **NOTIFICATION OF MEDICAL EMERGENCY ADMISSIONS:** The patient, patient's representative, Physician or Hospital should telephone 1-877-295-0720 within two working days of the admission to provide notification of any admission due to Medical Emergency.

UnitedHealthcare is open for Pre-Admission Notification calls from 8:00 a.m. to 6:00 p.m. C.S.T., Monday through Friday. Calls may be left on the Customer Service Department's voice mail after hours by calling 1-877-295-0720.

IMPORTANT: Failure to follow the notification procedures will not affect benefits otherwise payable under the Policy; however, pre-notification is not a guarantee that benefits will be paid.

Benefits will be coordinated with any other eligible medical, surgical, or hospital Plan or coverage so that combined payments under all programs will not exceed 100% of Allowable Expenses incurred for covered services and supplies.

Definitions

1. **Allowable Expenses:** Any health care expense, including Coinsurance, or Copays and without reduction for any applicable Deductible that is covered in full or in part by any of the Plans covering the Insured Person. If a Plan is advised by an Insured Person that all Plans covering the Insured Person are high-deductible health Plans and the Insured Person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high-deductible health Plan’s deductible is not an allowable expense, except for any health care expense incurred that may not be subject to the deductible as described in s 223(c)(2)(C) of the Internal Revenue Code of 1986. If a Plan provides benefits in the form of services, the reasonable cash value of each service is considered an allowable expense and a benefit paid. An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an allowable expense. Any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging an Insured Person is not an allowable expense. Expenses that are not allowable include all of the following.
 - The difference between the cost of a semi-private hospital room and a private hospital room, unless one of the Plans provides coverage for private hospital rooms.
 - For Plans that compute benefit payments on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specified benefit.
 - For Plans that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated fees.
 - If one Plan calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology and another Plan calculates its benefits or services on the basis of negotiated fees, the Primary Plan’s payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan’s payment arrangement and if the provider’s contract permits, that negotiated fee or payment shall be the allowable expense used by the Secondary Plan to determine its benefits.
2. **Plan:** A form of coverage with which coordination is allowed.

Plan includes all of the following:

- Group insurance contracts and subscriber contracts.
- Uninsured arrangements of group or group-type coverage.
- Group coverage through closed panel Plans.
- Group-type contracts, including blanket contracts.
- The medical care components of long-term care contracts, such as skilled nursing care.
- The medical benefits coverage in automobile no fault and traditional automobile fault type contracts.
- Medicare or other governmental benefits, as permitted by law, except for Medicare supplement coverage. That part of the definition of Plan may be limited to the hospital, medical, and surgical benefits of the governmental program.

Plan does not include any of the following:

- Hospital indemnity coverage benefits or other fixed indemnity coverage.
 - Accident only coverage.
 - Limited benefit health coverage as defined by state law.
 - Specified disease or specified accident coverage.
 - School accident-type coverages that cover students for accidents only, including athletic injuries, either on a twenty four hour basis or on a “to and from school” basis;
 - Benefits provided in long term care insurance policies for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services.
 - Medicare supplement policies.
 - State Plans under Medicaid.
 - A governmental Plan, which, by law, provides benefits that are in excess of those of any private insurance Plan or other nongovernmental Plan.
 - An Individual Health Insurance Contract.
3. **Primary Plan:** A Plan whose benefits for a person’s health care coverage must be determined without taking the existence of any other Plan into consideration. A Plan is a Primary Plan if: 1) the Plan either has no order of benefit determination rules or its rules differ from those outlined in this Coordination of Benefits Provision; or 2) all Plans that cover the Insured Person use the order of benefit determination rules and under those rules the Plan determines its benefits first.
 4. **Secondary Plan:** A Plan that is not the Primary Plan.
 5. **We, Us or Our:** The Company named in the Policy.

Rules for Coordination of Benefits - When an Insured Person is covered by two or more Plans, the rules for determining the order of benefit payments are outlined below.

The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

If an Insured is covered by more than one Secondary Plan, the Order of Benefit Determination rules in this provision shall decide the order in which the Secondary Plan’s benefits are determined in relation to each other. Each Secondary Plan shall take into consideration the benefits of the Primary Plan or Plans and the benefits of any other Plans, which has its benefits determined before those of that Secondary Plan.

A Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying Plan is primary. This does not apply to coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base Plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel Plan to provide out of network benefits.

If the Primary Plan is a closed panel Plan and the Secondary Plan is not a closed panel Plan, the Secondary Plan shall pay or provide benefits as if it were the Primary Plan when an Insured Person uses a non-panel provider, except for emergency services or authorized referrals that are paid or provided by the Primary Plan.

A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

Order of Benefit Determination - Each Plan determines its order of benefits using the first of the following rules that apply:

1. **Non-Dependent/Dependent.** The benefits of the Plan which covers the person as an employee, member or subscriber are determined before those of the Plan which covers the person as a Dependent. If the person is a Medicare beneficiary, and, as a result of the provisions of Title XVII of the Social Security Act and implementing regulations, Medicare is both (i) secondary to the Plan covering the person as a dependent; and (ii) primary to the Plan covering the person as other than a dependent, then the order of benefit is reversed. The Plan covering the person as an employee, member, subscriber, policyholder or retiree is the Secondary Plan and the other Plan covering the person as a dependent is the Primary Plan.
2. **Dependent Child/Parents Married or Living Together.** When this Plan and another Plan cover the same child as a Dependent of different persons, called "parents" who are married or are living together whether or not they have ever been married:
 - the benefits of the Plan of the parent whose birthday falls earlier in a year exclusive of year of birth are determined before those of the Plan of the parent whose birthday falls later in that year.
 - However, if both parents have the same birthday, the benefits of the Plan which covered the parent longer are determined before those of the Plan which covered the other parent for a shorter period of time.
3. **Dependent Child/Parents Divorced, Separated or Not Living Together.** If two or more Plans cover a person as a Dependent child of parents who are divorced or separated or are not living together, whether or not they have ever been married, benefits for the child are determined in this order:

If the specific terms of a court decree state that one of the parents is responsible for the health care services or expenses of the child and that Plan has actual knowledge of those terms, that Plan is Primary. If the parent with financial responsibility has no coverage for the child's health care services or expenses, but that parent's spouse does, the spouse's Plan is the Primary Plan. This item shall not apply with respect to any Plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.

If a court decree states that both parents are responsible for the child's health care expenses or coverage, the order of benefit shall be determined in accordance with part (2).

If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or coverage of the child, the order of benefits shall be determined in accordance with the rules in part (2).

If there is no court decree allocating responsibility for the child's health care expenses or coverage, the order of benefits are as follows:

- First, the Plan of the parent with custody of the child.
 - Then the Plan of the spouse of the parent with the custody of the child.
 - The Plan of the parent not having custody of the child.
 - Finally, the Plan of the spouse of the parent not having custody of the child.
4. **Dependent Child/Non-Parental Coverage.** If a Dependent child is covered under more than one Plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, as if those individuals were parents of the child.
 5. **Active/Inactive Employee.** The benefits of a Plan which covers a person as an employee who is neither laid off nor retired (or as that employee's Dependent) are determined before those of a Plan which covers that person as a laid off or retired employee (or as that employee's Dependent). If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
 6. **COBRA or State Continuation Coverage.** If a person whose coverage is provided under COBRA or under a right of continuation pursuant to federal or state law also is covered under another Plan, the following shall be the order of benefit determination:
 - First, the benefits of a Plan covering the person as an employee, member or subscriber or as that person's Dependent.
 - Second, the benefits under the COBRA or continuation coverage.
 - If the other Plan does not have the rule described here and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.

7. **Longer/Shorter Length of Coverage.** If none of the above rules determines the order of benefits, the benefits of the Plan which covered an employee, member or subscriber longer are determined before those of the Plan which covered that person for the shorter time.

If none of the provisions stated above determine the Primary Plan, the Allowable Expenses shall be shared equally between the Plans.

Effect on Benefits - When Our Plan is secondary, We may reduce Our benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to the Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

Right to Recovery and Release of Necessary Information - For the purpose of determining applicability of and implementing the terms of this provision, We may, without further consent or notice, release to or obtain from any other insurance company or organization any information, with respect to any person, necessary for such purposes. Any person claiming benefits under Our coverage shall give Us the information We need to implement this provision. We will give notice of this exchange of claim and benefit information to the Insured Person when any claim is filed.

Facility of Payment and Recovery - Whenever payments which should have been made under our coverage have been made under any other Plans, We shall have the right to pay over to any organizations that made such other payments, any amounts that are needed in order to satisfy the intent of this provision. Any amounts so paid will be deemed to be benefits paid under Our coverage. To the extent of such payments, We will be fully discharged from Our liability.

Whenever We have made payments with respect to Allowable Expenses in total amount at any time, which are more than the maximum amount of payment needed at that time to satisfy the intent of this provision, We may recover such excess payments. Such excess payments may be received from among one or more of the following, as We determine: any persons to or for or with respect to whom such payments were made, any other insurers, service plans or any other organizations.

Section 9: Accidental Death and Dismemberment Benefits

Loss of Life, Limb or Sight

If such Injury shall independently of all other causes and within 180 days from the date of Injury solely result in any one of the following specific losses, the Insured Person or beneficiary may request the Company to pay the applicable amount below in addition to payment under the Medical Expense Benefits.

For Loss Of

Life	\$10,000
Both Hands, Both Feet, or Sight of Both Eyes	\$10,000
One Hand and One Foot	\$10,000
Either One Hand or One Foot and Sight of One Eye	\$10,000
One Hand or One Foot or Sight of One Eye	\$ 5,000

Loss shall mean with regard to hands and feet, dismemberment by severance at or above the wrist or ankle joint; with regard to eyes, entire and irrecoverable loss of sight. Only one specific loss (the greater) resulting from any one Injury will be paid.

Section 10: Student Health Center (SHC) Referral Required

OUTPATIENT SERVICES ONLY STUDENTS ONLY

The student must use the services of the Health Center first where outpatient treatment will be administered or referral issued. Expenses incurred for medical treatment rendered outside of the Student Health Center for which no prior approval or referral is obtained are excluded from coverage. A referral issued by the SHC must accompany the claim when submitted. Only one referral is required for each Injury or Sickness per Policy Year.

A SHC referral for outside care is not necessary only under any of the following conditions:

1. Medical Emergency. The student must return to SHC for necessary follow-up care.

2. When the Student Health Center is closed.
3. When service is rendered at another facility during break or vacation periods.
4. Medical care received when the student is more than 40 miles from campus.
5. Medical care obtained when a student is no longer able to use the SHC due to a change in student status.
6. Maternity, obstetrical and gynecological care.
7. Mental illness treatment and Substance Use Disorder treatment.

Dependents are not eligible to use the SHC and therefore are exempt from the above limitations and requirements.

Section 11: Definitions

ADOPTED CHILD means the adopted child placed with an Insured while that person is covered under the Policy. Such child will be covered from the moment of placement for the first 31 days. The Insured must notify the Company, in writing, of the adopted child not more than 30 days after placement or adoption.

In the case of a newborn adopted child, coverage begins at the moment of birth if a written agreement to adopt such child has been entered into by the Insured prior to the birth of the child, whether or not the agreement is enforceable. However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured's residence.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's date of placement: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's date of placement.

COINSURANCE means the percentage of Covered Medical Expenses that the Company pays.

COMPLICATION OF PREGNANCY means a condition: 1) caused by pregnancy; 2) requiring medical treatment prior to, or subsequent to termination of pregnancy; 3) the diagnosis of which is distinct from pregnancy; and 4) which constitutes a classifiably distinct complication of pregnancy. CONGENITAL CONDITION means a medical condition or physical anomaly arising from a defect existing at birth.

COPAY/COPAYMENT means a specified dollar amount that the Insured is required to pay for certain Covered Medical Expenses.

CUSTODIAL CARE means services that are any of the following:

1. Non-health related services, such as assistance in activities.
2. Health-related services that are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence.
3. Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

DEDUCTIBLE means if an amount is stated in the Schedule of Benefits or any endorsement to the Policy as a deductible, it shall mean an amount to be subtracted from the amount or amounts otherwise payable as Covered Medical Expenses before payment of any benefit is made. The deductible will apply as specified in the Schedule of Benefits.

DEPENDENT means the legal spouse of the Named Insured and their dependent children. Children shall cease to be dependent at the end of the month in which they attain the age of 26 years.

The attainment of the limiting age will not operate to terminate the coverage of such child while the child is and continues to be both:

1. Incapable of self-sustaining employment by reason of intellectual or physical disability.
2. Chiefly dependent upon the Insured Person for support and maintenance.

Proof of such incapacity and dependency shall be furnished to the Company: 1) by the Named Insured; and, 2) within 31 days of the child's attainment of the limiting age. Subsequently, such proof must be given to the Company annually following the child's attainment of the limiting age.

ELECTIVE SURGERY OR ELECTIVE TREATMENT means those health care services or supplies that do not meet the health care need for a Sickness or Injury. Elective surgery or elective treatment includes any service, treatment or supplies that: 1) are deemed by the Company to be research or experimental; or 2) are not recognized and generally accepted medical practices in the United States.

1. Placing the Insured's health in serious jeopardy.
2. Serious impairment to bodily functions.
3. Serious dysfunction of any bodily organ or part.

Expenses incurred for Medical Emergency will be paid only for Sickness or Injury which fulfills the above conditions. These expenses will not be paid for minor Injuries or minor Sicknesses, unless the Injury or Sickness showed symptoms that a prudent layperson could reasonably expect the absence of immediate medical attention would cause harm.

Benefits will be the same as for the Insured Person who is the child's parent.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's birth: 1) apply to the Company; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's birth.

Section 14: General Provisions

GRACE PERIOD: A grace period of 31 days will be granted for the payment of each premium falling due after the first premium during which grace period the Policy shall continue in force.

NOTICE OF CLAIM: Written notice of claim must be given to the Company within 90 days after the occurrence or commencement of any loss covered by the Policy, or as soon thereafter as is reasonably possible. Notice given by or on behalf of the Named Insured to the Company, P.O. Box 809025, Dallas, Texas 75380-9025 with information sufficient to identify the Named Insured shall be deemed notice to the Company.

CLAIM FORMS: Claim forms are not required.

PROOF OF LOSS: Written proof of loss must be furnished to the Company at its said office within 90 days after the date of such loss. Failure to furnish such proof within the time required will not invalidate nor reduce any claim if it was not reasonably possible to furnish proof. In no event except in the absence of legal capacity shall written proofs of loss be furnished later than one year from the time proof is otherwise required.

TIME OF PAYMENT OF CLAIM: Indemnities payable under the Policy for any loss will be paid upon receipt of due written proof of such loss.

PAYMENT OF CLAIMS: Indemnity for loss of life will be payable in accordance with the beneficiary designation and the provisions respecting such payment which may be prescribed herein and effective at the time of payment. If no such designation or provision is then effective, such indemnity shall be payable to the estate of the Insured. Any other accrued indemnities unpaid at the Insured's death may, at the option of the Company, be paid either to such beneficiary or to such estate. All other indemnities will be payable to the Insured.

All or a portion of any indemnities provided by the Policy may, at the Company's option, and unless the Named Insured requests otherwise in writing not later than the time of filing proofs of such loss, be paid directly to the Hospital or person rendering such service. Otherwise, accrued indemnities will be paid to the Named Insured or the estate of the Named Insured. Any payment so made shall discharge the Company's obligation to the extent of the amount of benefits so paid.

PHYSICAL EXAMINATION: As a part of Proof of Loss, the Company at its own expense shall have the right and opportunity: 1) to examine the person of any Insured Person when and as often as it may reasonably require during the pendency of a claim; and, 2) to have an autopsy made in case of death where it is not forbidden by law. The Company has the right to secure a second opinion regarding treatment or hospitalization prior to such treatment or hospitalization. Failure of an Insured to present himself or herself for examination by a Physician when requested shall authorize the Company to: (1) withhold any payment of Covered Medical Expenses until such examination is performed and Physician's report received; and (2) deduct from any amounts otherwise payable hereunder any amount for which the Company has become obligated to pay to a Physician retained by the Company to make an examination for which the Insured failed to appear. Said deduction shall be made with the same force and effect as a Deductible herein defined.

LEGAL ACTIONS: No action at law or in equity shall be brought to recover on the Policy prior to the expiration of 60 days after written proofs of loss have been furnished in accordance with the requirements of the Policy. No such action shall be brought after the expiration of 3 years after the time written proofs of loss are required to be furnished.

SUBROGATION: If an Insured recovers money for medical expenses incurred due to an Injury for which the Company paid a medical benefit, the Company must be repaid. The amount repaid will not exceed the smaller of the amount the Insured recovers for medical expenses incurred or the amount of benefits paid. The repayment will come out of any recovery made for medical expenses, less an equitable adjustment for the costs and legal fees needed to recover the money. The Insured shall execute and deliver such instruments and papers as may be required and do whatever else is necessary to secure such rights to the Company.

RIGHT OF RECOVERY: Payments made by the Company which exceed the Covered Medical Expenses (after allowance for Deductible and Coinsurance clauses, if any) payable hereunder shall be recoverable by the Company from or among any persons, firms, or corporations to or for whom such payments were made or from any insurance organizations who are obligated in respect of any covered Injury or Sickness as their liability may appear. This provision will be limited to 18 months from the date the claim is paid.

MORE THAN ONE POLICY: Insurance effective at any one time on the Insured Person under a like policy, or policies in this Company is limited to the one such policy elected by the Insured Person, his beneficiary or his estate, as the case may be, and the Company will return all premiums paid for all other such policies.

An Urgent Care Request means a request for services or treatment where the time period for completing a standard Internal Appeal:

1. Could seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or

The notice of Final Adverse Determination may be provided orally, in writing, or electronically.

RIGHT TO EXTERNAL INDEPENDENT REVIEW

After exhausting the Company's Internal Appeal process, an Insured Person or Authorized Representative may submit a request for an External Independent Review when the service or treatment in question:

1. Is a Covered Medical Expense under the Policy; and
2. Is not covered because it does not meet the Company's requirements for Medical Necessity, appropriateness, health care setting, level of care, effectiveness, or the treatment is determined to be experimental or investigational.

BINDING EXTERNAL REVIEW

An External Review decision is binding on the Company except to the extent the Company has other remedies available under state law. An External Review decision is binding on the Insured Person to the extent the Insured Person has other remedies available under applicable federal or state law. An External Review decision is binding on the healthcare provider except to the extent that the healthcare provider has other remedies available under applicable federal or state law. An Insured Person or an Authorized Representative may not file a subsequent request for External Review involving the same Adverse Determination or Final Adverse Determination for which the Insured Person has already received an External Review decision.

APPEAL RIGHTS DEFINITIONS

For the purpose of this Notice of Appeal Rights, the following terms are defined as shown below:

Adverse Determination means:

1. A determination by the Company or its designee utilization review organization that, based upon the information provided, a request for benefits under the Policy does not meet the Company's requirements for Medical Necessity, appropriateness, health care setting, level of care, or effectiveness, or is determined to be experimental or investigational, and the requested benefit is denied, reduced, in whole or in part, or terminated;
2. A denial, reduction, in whole or in part, or termination based on the Company's determination that the individual was not eligible for coverage under the Policy as an Insured Person;
3. Any prospective or retrospective review determination that denies, reduces, in whole or in part, or terminates a request for benefits under the Policy;
4. Payment is not provided or made, in whole or in part, for the benefit; or

5. A rescission of coverage.

Authorized Representative means:

1. A person to whom an Insured Person has given express written consent to represent the Insured Person.
2. A person authorized by law to provide substituted consent for an Insured Person;
3. An Insured Person's family member or health care provider when the Insured Person is unable to provide consent; or
4. In the case of an urgent care request, a health care professional with knowledge of the Insured Person's medical condition.

Evidenced-based Standard means the conscientious, explicit and judicious use of the current best evidence based on the overall systematic review of the research in making decisions about the care of individual patients.

Final Adverse Determination means an Adverse Determination involving a Covered Medical Expense that has been upheld by the Company, at the completion of the Company's internal appeal process or an Adverse Determination for which the internal appeals process has been deemed exhausted in accordance with this notice.

Prospective Review means Utilization Review performed: 1) prior to an admission or the provision of a health care service or course of treatment; and 2) in accordance with the Company's requirement that the service be approved, in whole or in part, prior to its provision.

Retrospective Review means any review of a request for a Covered Medical Expense that is not a Prospective Review request. Retrospective review does not include the review of a claim that is limited to the veracity of documentation or accuracy of coding.

Urgent Care Request means a request for a health care service or course of treatment with respect to which the time periods for making a non-urgent care request determination:

1. Could seriously jeopardize the life or health of the Insured Person or the ability of the Insured Person to regain maximum function; or
2. In the opinion of a physician with knowledge of the Insured Person's medical condition, would subject the Insured Person to severe pain that cannot be adequately managed without the health care service or treatment that is the subject of the request.

In determining whether a request is to be treated as an urgent care request, the Company shall apply the judgment of a prudent layperson that possesses an average knowledge of health and medicine. Any request that a physician with knowledge of the Insured's medical condition determines is an urgent care request within the defined term shall be treated as an urgent care request.

Utilization Review means a set of formal techniques designed to monitor the use of or evaluate the Medical Necessity, appropriateness, efficacy or efficiency of health care services, procedures, providers or facilities. Techniques may include ambulatory review, Prospective Review, second opinion, certification, concurrent review, case management, discharge planning, or Retrospective Review.

UNITEDHEALTHCARE INSURANCE COMPANY

POLICY ENDORSEMENT

This endorsement takes effect and expires concurrently with the Policy to which it is attached and is subject to all of the terms and conditions of the Policy not inconsistent therewith.

President

It is hereby understood and agreed that the Policy to which this endorsement is attached is amended as follows:

Pediatric Dental Services Benefits

Benefits are provided under this endorsement for Covered Dental Services, as described below, for Insured Persons under the age of 19. Benefits under this endorsement terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the Policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Non-Network Benefits

Network Benefits - these benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured Person must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. The Insured Person can verify the participation status by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to Network Dental Provider.

The Company will make a *Directory of Network Dental Providers* available to the Insured Person. The Insured Person can also call *Customer Service* at 1-844-210-0545 to determine which providers participate in the Network. The telephone number for *Customer Service* is also on the Insured's ID card.

Non-Network Benefits - these benefits apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by

a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, Insured Persons may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured Person must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

Covered Dental Services

The Insured Person is eligible for benefits for Covered Dental Services listed in this endorsement if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment, for a dental disease does not mean that the procedure or treatment is a Covered Dental Service under this endorsement.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may notify the Company of such treatment before treatment begins and receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a benefit based on the less costly procedure.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Pre-Authorization

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. If the Insured Person does not obtain a pre-authorization, the Company has a right to reduce benefits by fifty percent (50%) to a maximum of \$500 on the claim for failure to comply with this requirement.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.
- D. Not excluded as described in *Section 3: Pediatric Dental Exclusions* of this endorsement.

Benefits for Covered Dental Services are subject to satisfaction of the Dental Services Deductible.

Network Benefits:

Benefits for Eligible Dental Expenses are determined as a percentage of the negotiated contract fee between the Company and the provider rather than a percentage of the provider's billed charge. The Company's negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge the Insured Person or the Company for any service or supply that is not Necessary as determined by the Company. If the Insured Person agrees to receive a service or supply that

is not Necessary the Network provider may charge the Insured Person. However, these charges will not be considered Covered Dental Services and benefits will not be payable.

Non-Network Benefits:

Benefits for Eligible Dental Expenses from non-Network providers are determined as a percentage of the Usual and Customary Fees. The Insured Person must pay the amount by which the non-Network provider's billed charge exceeds the Eligible Dental Expense.

Dental Services Deductible

Benefits for pediatric Dental Services provided under this endorsement are not subject to the Policy Deductible stated in the Policy *Schedule of Benefits*. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible.

For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is \$500 per Insured Person.

Out-of-Pocket Maximum - any amount the Insured Person pays in Coinsurance for pediatric Dental Services under this endorsement applies to the Out-of-Pocket Maximum stated in the Policy *Schedule of Benefits*.

Benefits

Dental Services Deductibles are calculated on a Policy Year basis.

When benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to those listed in the Definitions section of the Certificate of Coverage:

Covered Dental Service – a Dental Service or Dental Procedure for which benefits are provided under this endorsement.

Dental Emergency - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to the Insured Person while the Policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Dental Services Deductible - the amount the Insured Person must pay for Covered Dental Services in a Policy Year before the Company will begin paying for Network or Non-Network Benefits in that Policy Year.

Eligible Dental Expenses - Eligible Dental Expenses for Covered Dental Services, incurred while the Policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Eligible Dental Expenses are the Company's contracted fee(s) for Covered Dental Services with that provider.
- For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Eligible Dental Expenses are the Usual and Customary Fees, as defined below.

Experimental, Investigational, or Unproven Service - medical, dental, surgical, diagnostic, or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, is determined to be:

- Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use; or
- Subject to review and approval by any institutional review board for the proposed use; or
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2, or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight; or
- Not determined through prevailing peer-reviewed professional literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed.

Foreign Services - services provided outside the U.S. and U.S. Territories.

Necessary - Dental Services and supplies under this endorsement which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Insured Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by the Company.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
 - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
 - Safe with promising efficacy
 - For treating a life threatening dental disease or condition.
 - Provided in a clinically controlled research setting.
 - Using a specific research protocol that meets standards equivalent to those defined by the *National Institutes of Health*.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this endorsement. The definition of Necessary used in this endorsement relates only to benefits under this endorsement and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Network - a group of Dental Providers who are subject to a participation agreement in effect with the Company, directly or through another entity, to provide Dental Services to Insured Persons. The participation status of providers will change from time to time.

Network Benefits - benefits available for Covered Dental Services when provided by a Dental Provider who is a Network Dentist.

Non-Network Benefits - benefits available for Covered Dental Services obtained from Non-Network Dentists.

Usual and Customary Fee - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the *Current Procedural Terminology* (publication of the *American Dental Association*).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.

POLICY ENDORSEMENT

This endorsement takes effect and expires concurrently with the Policy to which it is attached and is subject to all the terms and conditions of the Policy not inconsistent therewith.

President

It is hereby understood and agreed that the Policy to which this endorsement is attached is amended as follows:

Pediatric Vision Care Services Benefits

Benefits are provided under this endorsement for Vision Care Services, as described below, for Insured Persons under the age of 19. Benefits under this endorsement terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the Policy terminates.

Section 1: Benefits for Pediatric Vision Care Services

Benefits are available for pediatric Vision Care Services from a Spectera Eyecare Networks or non-Network Vision Care Provider. To find a Spectera Eyecare Networks Vision Care Provider, the Insured Person may call the provider locator service at 1-844-210-0545. The Insured Person may also access a listing of Spectera Eyecare Networks Vision Care Providers on the Internet at www.myuhcvision.com.

When Vision Care Services are obtained from a non-Network Vision Care Provider, the Insured Person will be required to pay all billed charges at the time of service. The Insured Person may then seek reimbursement from the Company as described in this endorsement under *Section 3: Claims for Vision Care Services*. Reimbursement will be limited to the amounts stated below.

When obtaining these Vision Care Services from a Spectera Eyecare Networks Vision Care Provider, the Insured Person will be required to pay any Copayments at the time of service.

Network Benefits:

Benefits for Vision Care Services are determined based on the negotiated contract fee between the Company and the Vision Care Provider. The Company's negotiated rate with the Vision Care Provider is ordinarily lower than the Vision Care Provider's billed charge.

Non-Network Benefits:

Benefits for Vision Care Services from non-Network providers are determined as a percentage of the provider's billed charge.

Out-of-Pocket Maximum - any amount the Insured Person pays in Coinsurance for Vision Care Services under this endorsement applies to the Out-of-Pocket Maximum stated in the Policy *Schedule of Benefits*. Any amount the Insured Person pays in Copayments for Vision Care Services under this endorsement applies to the Out-of-Pocket Maximum stated in the Policy *Schedule of Benefits*.

Policy Deductible

Benefits for pediatric Vision Care Services provided under this endorsement are not subject to any Policy Deductible stated in the Policy *Schedule of Benefits*. Any amount the Insured Person pays in Copayments for Vision Care Services under this endorsement does not apply to the Policy Deductible stated in the Policy *Schedule of Benefits*.

POLICY ENDORSEMENT

This endorsement takes effect and expires concurrently with the Policy to which it is attached and is subject to all of the terms and conditions of the Policy not inconsistent therewith.

President

It is hereby understood and agreed that the Policy to which this endorsement is attached is amended as follows:

An Insured Person under this insurance plan is eligible for Assistance and Evacuation Benefits in addition to the underlying plan coverage. The requirements to receive these benefits are as follows:

Assistance and Evacuation Benefits

DEFINITIONS

The following definitions apply to the Assistance and Evacuation Benefits described further below.

“Emergency Medical Event” means an event wherein an Insured Person’s medical condition and situation are such that, in the opinion of the Company’s affiliate or authorized vendor and the Insured Person’s treating physician, the Insured Person requires urgent medical attention without which there would be a significant risk of death, or serious impairment and adequate medical treatment is not available at the Insured Person’s initial medical facility.

“Home Country” means, with respect to an Insured Person, the country or territory as shown on the Insured Person’s passport or the country or territory of which the Insured Person is a permanent resident.

“Host Country” means, with respect to an Insured Person, the country or territory the Insured Person is visiting or in which the Insured Person is living, which is not the Insured Person’s Home Country.

“Physician Advisors” mean physicians retained by the Company’s affiliate or authorized vendor for provision of consultative and advisory services to the Company’s affiliate or authorized vendor, including the review and analysis of the medical care received by Insured Persons.

An Insured Person must notify the Company’s affiliate or authorized vendor to obtain benefits for Medical Evacuation and Repatriation. If the Insured Person doesn’t notify the Company’s affiliate or authorized vendor, the Insured Person will be responsible for paying all charges and no benefits will be paid.

MEDICAL EVACUATION AND REPATRIATION BENEFITS

Emergency Medical Evacuation: If an Insured Person suffers a Sickness or Injury, experiences an Emergency Medical Event and adequate medical facilities are not available locally in the opinion of the *Medical Director* of the Company's affiliate or authorized vendor, the Company's affiliate or authorized vendor will provide an emergency medical evacuation (under medical supervision if necessary) to the nearest facility capable of providing adequate care by whatever means is necessary. The Company will pay costs for arranging and providing for transportation and related medical services (including the cost of a medical escort if necessary) and medical supplies necessarily incurred in connection with the emergency medical evacuation.

Dispatch of Doctors/Specialists: If an Insured Person experiences an Emergency Medical Event and the Company's affiliate or authorized vendor determines that an Insured Person cannot be adequately assessed by telephone for possible medical evacuation from the initial medical facility or that the Insured Person cannot be moved and local treatment is unavailable, the Company's affiliate or authorized vendor will arrange to send an appropriate medical practitioner to the Insured Person's location when it deems it appropriate for medical management of a case. The Company will pay costs for transportation and expenses associated with dispatching a medical practitioner to an Insured Person's location, not including the costs of the medical practitioner's service.

Medical Repatriation: After an Insured Person receives initial treatment and stabilization for a Sickness or Injury, if the attending physician and the *Medical Director* of the Company's affiliate or authorized vendor determine that it is medically necessary, the Company's affiliate or authorized vendor will transport an Insured Person back to the Insured Person's permanent place of residence for further medical treatment or to recover. The Company will pay costs for arranging and providing for transportation and related medical services (including the cost of a medical escort if necessary) and medical supplies necessarily incurred in connection with the repatriation.

Transportation after Stabilization: If Medical Repatriation is not required following stabilization of the Insured Person's condition and discharge from the hospital, the Company's affiliate or authorized vendor will coordinate transportation to the Insured Person's point of origin, Home Country, or Host Country. The Company will pay costs for economy transportation (or upgraded transportation to match an Insured Person's originally booked travel arrangements) to the Insured Person's original point of origin, Home Country or Host Country.

Transportation to Join a Hospitalized Insured Person: If an Insured Person who is travelling alone is or will be hospitalized for more than three (3) days due to a Sickness or Injury, the Company's affiliate or authorized vendor will coordinate round-trip airfare for a person of the Insured Person's choice to join the Insured Person. The Company will pay costs for economy class round-trip airfare for a person to join the Insured Person.

Return of Minor Children: If an Insured Person's minor child(ren) age 18 or under are present but left unattended as a result of the Insured Person's Injury or Sickness, the Company's affiliate or authorized vendor will coordinate airfare to send them back to the Insured Person's Home Country. The Company's affiliate or authorized vendor will also arrange for the services, transportation expenses, and accommodations of a non-medical escort, if required as determined by the Company's affiliate or authorized vendor. The Company will pay costs for economy class one-way airfare for the minor children (or upgraded transportation to match the Insured Person's originally booked travel arrangement) and, if required, the cost of the services, transportation expenses, and accommodations of a non-medical escort to accompany the minor children back to the Insured Person's Home Country.

Repatriation of Mortal Remains: In the event of an Insured Person's death, the Company's affiliate or authorized vendor will assist in obtaining the necessary clearances for the Insured Person's cremation or the return of the Insured Person's mortal remains. The Company's affiliate or authorized vendor will coordinate the preparation and transportation of the Insured Person's mortal remains to the Insured Person's Home Country or place of primary residence, as it obtains the number of certified death certificates required by the Host Country and Home Country to release and receive the remains. The Company will pay costs for the certified death certificates required by the Home Country or Host Country to release the remains and expenses of the preparation and transportation of the Insured Person's mortal remains to the Insured Person's Home Country or place of primary residence.

With respect to any evacuation requested by an Insured Person, the Company's affiliate or authorized vendor reserves the right to determine, at its sole discretion, the need for and the feasibility of an evacuation and the means, method, timing, and destination of such evacuation, and may consult with relevant third-parties, including as applicable, Physician Advisors and treating physicians as needed to make its determination.
