Limitations to Network Provider services can be found in the Preferred Provider Organization provision in Section IV - HOW THE PLAN WORKS AND DESCRIPTION OF BENEFITS.

If an Insured Person uses an In-Network Provider, this Certificate will pay the Coinsurance percentage of the Negotiated Charge shown in the Schedule of Benefits for Covered Medical Expenses. If an Out-of-Network Provider is used, this Certificate will pay the percentage of the Usual and Customary Charge for Covered Medical Expense shown in the Schedule of Benefits. Note, however, that We will pay at the Negotiated Charge level for Treatment by an Out-of-Network Provider if: there is no In-Network Provider available to treat the Insured Person for Medically Necessary health care services; or the Insured Person has an Emergency Medical Condition and immediate medical Treatment is needed.

If there is no In-Network Provider available to treat the Insured Person for Medically Necessary health care services, We will arrange for the required care with available and accessible Out-of-Network Providers, with the Insured Person responsible for paying only cost sharing in an amount equal to the cost sharing they would have paid for that health care service, or a similar service, provided by an In-Network Provider. In addition to In-Network Provider Copayments and Coinsurance, In-Network Provider cost sharing includes the In-Network Provider Deductible (if applicable) and accrual of cost sharing to the In-Network Provider Out-of-Pocket Maximum.

Fraud Warning:
Any person who knowingly presents false or fraudulent information to obtain or amend insurance coverage or to make a claim for the payment of a loss is guilty of a crime and may be subject to fines and confinement in state prison.

We reserve the right to apply Our reimbursement policies to all Out-of-Network services including involuntary services. Our reimbursement policies may affect the Usual and Customary Charge. These policies consider:

- The duration and complexity of a service
- When multiple procedures are billed at the same time, whether additional overhead is required
- Whether an Assistant Surgeon is necessary for the service
- If follow-up care is included
- Whether other characteristics modify or make a particular service unique
- When a charge includes more than one claim line, whether any services described by a claim line are part of or related to the primary service provided
- The educational level, licensure or length of training of the provider

In some instances, We may negotiate a lower rate with Out-of-Network Providers.

Our reimbursement policies are based on Our review of:

- The Centers for Medicare and Medicaid Services' (CMS) National Correct Coding Initiative (NCCI) and other external materials that say what billing and coding practices are and are not appropriate;
- Generally accepted standards of medical and dental practice;
- The views of Physicians and dentists practicing in the relevant clinical areas.

We use commercial software to administer some of these policies. The policies may be different for professional services and facility services.
No payment will be made under this Certificate for any expenses incurred which, in Our judgment, are in excess of Usual and Customary Charges.

SECTION IV – HOW THE PLAN WORKS AND DESCRIPTION OF BENEFITS

Schedule of Benefits
The following are shown in the Schedule of Benefits:

- Deductible;
- Any specified benefit maximums;
- Coinsurance percentages;
- Copayment amounts; and
- Out-of-Pocket Maximums.

How the Deductible Works
Medical Deductible
The Medical Deductible amount (if any) is shown in the Schedule of Benefits.

This dollar amount is what the Insured Person has to incur in Covered Medical Expenses before benefits are payable under this Certificate. This amount will apply on an individual basis. The Medical Deductible applies to all Covered Medical Expenses, unless specifically noted. Any expenses that the Insured Person incurs that are not Covered Medical Expenses are not applied toward the Insured Person's Medical Deductible.

Covered Medical Expenses applied to the In-Network Provider Medical Deductible will not apply to the Out-of-Network Provider Medical Deductible. Covered Medical Expenses applied to the Out-of-Network Provider Medical Deductible will not apply to the In-Network Provider Medical Deductible.

Individual
The Medical Deductible is an amount the individual must incur for In-Network Provider and Out-of-Network Provider Covered Medical Expenses before the plan pays. This Medical Deductible applies separately to the Insured Student. After the amount of Covered Medical Expenses the Insured Person incurs reaches the Medical Deductible, this plan will pay for Covered Medical Expenses as shown on the Schedule of Benefits for the rest of the Policy Year.

Coinsurance is the percentage of Covered Medical Expenses that We pay. The Coinsurance percentage is stated in the Schedule of Benefits. The Coinsurance is separate and not part of any Deductible and/or Copayment.

Copayment is a specified dollar amount You must pay for specified Covered Medical Expenses. Any Copayment amounts are shown in the Schedule of Benefits.

How Your Out-of-Pocket Maximum Works
The In-Network Provider and Out-of-Network Provider Out-of-Pocket Maximums are shown in the Schedule of Benefits. The Out-of-Pocket Maximum is the amount of Covered Medical Expenses the Insured Person has to incur before Covered Medical Expense will be paid at 100% for the remainder of the Policy Year, subject to any benefit maximums or limits that may apply. Any applicable Coinsurance amounts, Deductibles, and Copayments will apply toward the Out-of-Pocket Maximum.

Services that are not Covered Medical Expenses, balance-billed charges, and Premium do not count toward meeting the Out-of-Pocket Maximum.

Covered Medical Expenses applied to the In-Network Provider Out-of-Pocket Maximum will not be applied to satisfy the Out-of-Network Provider Out-of-Pocket Maximum and Covered Medical Expenses applied to the Out-of-Network Provider Out-of-Pocket Maximum will not be applied to satisfy the In-Network Provider Out-of-Pocket Maximum.

The Out-of-Pocket Maximum is the maximum amount of Covered Medical Expenses the Insured Person will incur for Copayments, Coinsurance, and Deductibles during the Policy Year. This plan has an individual Out-of-Pocket

Maximum. As to the individual Out-of-Pocket Maximum, each Insured Person must meet their Out-of-Pocket Maximum separately.

Individual
Once the amount of the Copayments, Coinsurance, and Deductibles the Insured Student have incurred for Covered Medical Expenses during the Policy Year meets the:

- In-Network Provider individual Out-of-Pocket Maximum, this plan will pay:
    - 100% of the Negotiated Charge for In-Network Provider Covered Medical Expenses
- Out-of-Network Provider individual Out-of-Pocket Maximum, this plan will pay:
    - 100% of the Usual and Customary Charge for Out-of-Network Covered Medical Expenses

that apply towards the limits for the rest of the Policy Year for that covered individual.

The Out-of-Pocket Maximum is the maximum amount of Covered Medical Expenses the Insured Person is responsible to incur during the Policy Year. This plan has an individual Out-of-Pocket Maximum.

Essential Health Benefits
Essential Health Benefits are not subject to annual or lifetime dollar limits. If additional specific care, Treatment or services are added to the list of Essential Health Benefits by a governing authority, the Certificate benefits will be amended to comply with such changes.

Treatment of Covered Injury and Covered Sickness Benefit
If:

1. You incur expenses as the result of Covered Injury or Covered Sickness, then
2. We will pay the benefits stated in the Schedule of Benefits for the services, Treatments, and supplies described in the Covered Medical Expenses provision below.

Payment will be made, subject to the Coinsurance, Deductible, Copayment, maximums, and limits as stated in the Schedule of Benefits:

1. For the Negotiated Charge at an In-Network Provider or the Usual and Customary Charge at an Out-of-Network Provider for Covered Medical Expenses that are incurred as the result of a Covered Injury or Covered Sickness; and
2. Subject to the Exclusions and Limitations provision.

Medical Benefit Payments for In-Network Provider and Out-of-Network Providers
This Certificate provides benefits based on the type of health care provider the Insured Student selects. This Certificate provides access to both In-Network Providers and Out-of-Network Providers. Different benefits may be payable for Covered Medical Expenses rendered by In-Network Providers versus Out-of-Network Providers, as shown in the Schedule of Benefits.

Dental and Vision Benefit Payments
For dental and vision benefits, You may choose any dental or vision provider.
For dental, different benefits may be payable based on type of service, as shown in the Schedule of Benefits.

Preferred Provider Organization
If You use an In-Network Provider, this Certificate will pay the Coinsurance percentage of the Negotiated Charge for Covered Medical Expenses shown in the Schedule of Benefits.

If an Out-of-Network Provider is used, this Certificate will pay the Coinsurance percentage of the Usual and Customary Charge for Covered Medical Expenses shown in the Schedule of Benefits. The difference between the provider fee and the Coinsurance amount paid by Us will be Your responsibility.

Note, however, that We will pay at the In-Network level for Treatment by an Out-of-Network Provider, and will calculate Your cost sharing amount at the In-Network Provider level, and Your cost share will be applied to Your In-Network Deductible and Out-of-Pocket Maximum if:

1. there is no In-Network Provider in the Preferred Provider service area available to provide a Preventive Service or treat You for a specific Covered Injury or Covered Sickness; or

2. You have an Emergency Medical Condition and receive Emergency Services from an Out-of-Network Provider or facility. The most the Out-of-Network Provider or facility may bill You is the In-Network cost sharing amount (such as Deductibles, Copayments and Coinsurance). You can't be balance billed for these Emergency Services. This includes services You may get after You're in stablecondition, unless the Out-of-Network Provider or facility determines that You can travel using non-medical or non-emergency transportation, the Out-of-Network Provider provides proper notice and consent, and You are in a condition to receive notice of, and to consent to, Out-of-Network Treatment; or

3. You receive non-Emergency Services from an In-Network Hospital or Ambulatory Surgical Center, but certain providers there may be Out-of-Network Providers. In these cases, the most those Out-of-Network Providers may bill You without consent is the In-Network cost sharing amount. You can't be balance billed or asked to give up Your protections for ancillary services, including emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, Assistant Surgeon, hospitalist, intensivist services, and items and services provided by an Out-of-Network Provider if there is no In-Network Provider who can furnish such item or service at such facility, or items or services furnished as a result of unforeseen, urgent medical needs that arise at the time an item or service is furnished, regardless of whether the Out-of-Network Provider satisfied proper notice and consent.

   However, if You received notice from the Out-of-Network Provider of their non-network status under the following circumstances, We will pay Covered Medical Expenses at the Out-of-Network level as shown in the Schedule of Benefits:

   - If the appointment is scheduled at least 72 hours prior to the date of service, and notice is provided not later than 72 hours prior to thedate of service;
   - If the appointment is scheduled within 72 hours prior to the date of service, and notice is provided on the date the appointment is scheduled; or
   - if the appointment is scheduled on the date of service, and notice is provided no later than 3 hours prior to the service; and
   - You gave written consent to Treatment, this Certificate will pay Covered Medical Expenses at the Out-of-Network level as shown in the Schedule of Benefits.

You should be aware that In-Network Hospitals may be staffed with Out-of-Network Providers. Receiving services from an In-Network Hospital does not guarantee that all charges will be paid at the In-Network Provider level of benefits. It is important that You verify that Your Physicians are In-Network Providers each time You call for an appointment or at the time of service.

Coordination Of Benefits

The Coordination of Benefits ("COB") provision applies when a person has health care coverage under more than one (1) Plan. Plan is defined below.

The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans does not exceed 100% of the total Allowable expense.

DEFINITIONS

1. A Plan is any of the following that provides benefits or services for medical or dental care or Treatment. If separate policies are used to provide coordinated coverage for members of a group, the separate policies are considered parts of the same plan and there is no COB among those separate policies.
   a. Plan includes: group and nongroup insurance policies, health insuring corporation ("HIC") policies, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care policies, such as skilled nursing care; medical benefits under group or individual automobile policies; and Medicare or any other federal governmental plan, as permitted by law.
   b. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; supplemental coverage as described in state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid, Medi-Cal policies; or coverage under other federal governmental plans, unless permitted by law.

Each Certificate for coverage under a. or b. is a separate Plan. If a Plan has 2 parts and COB rules apply only to 1 of the 2, each of the parts is treated as a separate Plan.

2. This plan means, in a COB provision, the part of the Certificate providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the Certificate providing health care benefits is separate from this plan. A Certificate may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

3. The order of benefit determination rules determine whether This plan is a Primary plan or Secondary plan when the person has health care coverage under more than 1 Plan.

   When This plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable expense.

4. Allowable expense is a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging You is not an Allowable expense.

   The following are examples of expenses that are not Allowable expenses:
   a. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless 1 of the Plans provides coverage for private hospital room expenses.
   b. If a person is covered by 2 or more Plans that compute their benefit payments on the basis of Usual and Customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
   c. If a person is covered by 2 or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
   d. If a person is covered by 1 Plan that calculates its benefits or services on the basis of Usual and Customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary plan's payment arrangement and if the provider's Policy permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary plan to determine its benefits.
   e. The amount of any benefit reduction by the Primary plan because You failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of plan provisions include second surgical opinions, Pre-Certification of admissions, and preferred provider arrangements.

5. Closed panel plan is a Plan that provides health care benefits to Insured Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

6. Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

ORDER OF BENEFIT DETERMINATION RULES

When a person is covered by 2 or more Plans, the rules for determining the order of benefit payments are as follows:

A. The Primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.
B. (1) Except as provided in Paragraph (2), a Plan that does not contain a coordination of benefits provision that is

consistent with this regulation is always primary unless the provisions of both Plans state that the complying plan is primary.

(2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the Policyholder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel plan to provide Out-of-Network Provider benefits.

C. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

D. Each Plan determines its order of benefits using the first of the following rules that apply:

1. Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, member, Policyholder, subscriber or retiree is the Primary plan and the Plan that covers the person as a dependent is the Secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent, and primary to the Plan covering the person as other than a dependent (e.g. a retired employee), then the order of benefits between the two (2) Plans is reversed so that the Plan covering the person as an employee, member, Policyholder, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.
2. Dependent child covered under more than one plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Plan the order of benefits is determined as follows:
   a. For a dependent child whose parents are married or are living together, whether or not they have ever been married:
      i. The Plan of the parent whose birthday falls earlier in the calendar year is the Primary plan; or
      ii. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary plan.

   However, if one spouse's plan has some other coordination rule (for example, a "gender rule" which says the father's plan is always primary), We will follow the rules of that plan.

   b. For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
      i. If a court decree states that one (1) of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
      ii. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
      iii. If a court decree states that the parents have joint custody without specifying that 1 parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or
      iv. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
         • The Plan covering the custodial parent;
         • The Plan covering the spouse of the custodial parent;
         • The Plan covering the non-custodial parent; and then
         • The Plan covering the spouse of the non-custodial parent.
   c. For a dependent child covered under more than one Plan of individuals who are <u>not</u> the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.
   d. a. For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule in paragraph (5) applies.

      b. In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined

by applying the birthday rule in subparagraph (a) to the dependent child's parent(s) and the dependent's spouse.

3. Active employee or retired or laid-off employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the Primary plan. The Plan covering that same person as a retired or laid-off employee is the Secondary plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
4. COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary plan and the COBRA or state or other federal continuation coverage is the Secondary plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
5. Longer or shorter length of coverage. The Plan that covered the person as an employee, member, Policyholder, subscriber or retiree longer is the Primary plan and the Plan that covered the person the shorter period of time is the Secondary plan.
6. If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, this plan will not pay more than it would have paid had it been the Primary plan.

EFFECT ON THE BENEFITS OF THIS PLAN

A. When This plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary plan. The Secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim. In addition, the Secondary plan shall credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

B. If an Insured Person is enrolled in 2 or more Closed panel plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by 1 Closed panel plan, COB shall not apply between that Plan and other Closed panel plans.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This plan and other Plans. Our Agent or We may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This plan and other Plans covering the person claiming benefits. Our Agent or We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This plan must give Our Agent or We any facts it needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another Plan may include an amount that should have been paid under This plan. If it does, Our Agent or We may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This plan. Our Agent or We will not have to pay that amount again. The term

payment made includes providing benefits in the form of services, in which case payment made means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by Our Agent or We is more than it should have paid under this COB provision, it may recover the excess from one (1) or more of the persons it has paid or for whom it has paid, or any other person or organization that may be responsible for the benefits or services provided for the Insured Person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

SECTION IX – APPEALS PROCEDURE

If You have a claim that is denied by Us, You have the right to appeal it. Your Authorized Representative may act on Your behalf in pursuing a benefit claim or appeal of an Adverse Benefit Determination. A Final Adverse Benefit Determination will also provide You and each Dependent the option to request an Independent Medical Review (External Review) from the California Department of Insurance.

If You receive Emergency Services from an Out-of-Network Provider, or You incur non-emergency Covered Medical Expenses from an Out-of-Network Provider at an In-Network Hospital or Ambulatory Surgical Center, and You believe those services should have been paid at the In-Network level, You have the right to appeal that claim. If Your appeal of a Surprise Billing claim is denied, You have a right to seek Independent Medical Review (IMR) as set out in the Standard External Review, Expedited External Review, and IMR provisions appearing in this section.

- A determination by Us or Our designee Utilization review organization that, based upon the information provided, a request for a benefit under the Policy upon application of any utilization review technique does not meet Our requirements for Medical Necessity, appropriateness, health care setting, level of care or effectiveness or is determined to be Experimental or Investigative and the requested benefit is therefore denied, reduced or terminated or payment is not provided or made, in whole or in part, for the benefit;
- The denial, reduction, termination or failure to provide or make payment, in whole or in part, for a benefit based on a determination by Us or Our designee Utilization review organization of Your eligibility under the Policy;

1.
   a. Could seriously jeopardize Your life or health or Your ability to regain maximum function; or

2.
   a. Except as provided in (b) of this paragraph, in determining whether a request is to be treated as an Urgent Care request, an individual acting on Our behalf shall apply the judgment of a prudent layperson who possesses an average knowledge of health and medicine.
   b. Any request that a Physician with knowledge of Your medical condition determines is an Urgent Care Request shall be treated as an urgent care request.

There are 3 types of claims: Pre-Service, Concurrent Care, and Post-Service Claims. In addition, certain Pre-Service or Concurrent Care Claims may involve Urgent Care. If the Company makes an Adverse Benefit Determination, then You may appeal according to the following steps.

Step 1:

If Your claim is denied, You will receive written notice from Us that Your claim is denied (in the case of Urgent Claims, notice may be oral). The period in which You will receive this notice will vary depending on the type of claim. In addition, We may take an extension of time in which to review Your claim for reasons beyond Our control. If the reason for the extension is that You need to provide additional information, You will be given a certain amount of time in which to obtain the requested information (it will vary depending on the type of claim). The period during

which We must make a decision will be suspended until the earlier of the date that You provide the information or the end of the applicable information-gathering period.

Type of Claim	**You will be notified by Us that a claim is denied as soon as possible but no later than:**	**Extension period allowed for circumstances beyond Our control:**	**If additional information is needed, You must provide within:**
Pre-Service Claim	15 days from receipt of claim (whether adverse or not)	One extension of 15 days	45 days of date of extension notice
Pre-Service Claim involving Urgent Care	72 hours from receipt of claim (whether adverse or not) (24 hours after receipt of claim if additional information is needed from You)	None	48 hours (We must notify You of determination within 48 hours of receipt of Your information)
Concurrent: To end or reduce Treatment prematurely (other than by policy amendment or termination) Pending the outcome of an appeal, benefits for an ongoing course of Treatment will not be reduced or terminated.	Notification to end or reduce Treatment will allow sufficient time in advance to allow You to appeal and obtain a determination on the adverse benefit determination prior to the end or reduction of prescribed Treatment	N/A	N/A
Concurrent: To deny Your request to extend Treatment	30 days from receipt of claim for Pre-Service Claim; or 60 days from receipt of claim for Post-Service Claim	One extension of 15 days	45 days of the date of extension notice
Concurrent: Involving Urgent Care	72 hours from receipt of claim (whether adverse or not) (24 hours after receipt of claim if additional information is needed from You; or 24 hours after receipt of claim provided that any such claim is made at least 24 hours prior to the end or reduction of prescribed Treatment)	None	48 hours (We must notify You of determination within 48 hours of receipt of Your information)

Post-Service Claim	30 days from receipt of claim	One extension of 15 days	45 days of the date of extension notice

Once You have received notice from Us, You should review it carefully. The notice will contain:

1. The reason(s) for the denial and the Policy provisions on which the denial is based.
2. A description of any additional information necessary for You to perfect Your claim, why the information is necessary, and Your time limit for submitting the information.
3. A description of the Policy's appeal procedures and the time limits applicable to such procedures, including a statement of Your right to bring a civil action following a final denial of Your appeal.
4. A statement indicating whether an internal rule, guideline or protocol was relied upon in making the denial and a statement that a copy of that rule, guideline or protocol will be made available upon request free of charge.
5. If the denial is based on a Medical Necessity, Experimental Treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination or a statement that such explanation will be provided free of charge upon request; and
6. If the claim was an Urgent Care request, a description of the expedited appeals process. The notice may be provided to You orally within 72 hours; however, a written or electronic notification will be sent to You no later than 3 days after the oral notification. If the claim was/is an Urgent Care request, You may initiate an Internal Appeal and an External Review simultaneously.
7. Information sufficient to identify the claim (including the date of service, the health care provider, and the claim amount (if applicable).
8. An explanation of how to request diagnosis and treatment codes (and their corresponding meanings).

10. Notification that culturally and linguistically appropriate services are available.

INTERNAL APPEAL

Step 2:

If You do not agree with Our decision and wish to appeal, You may file a written appeal with Us at the address below within 180 days after receipt of the Adverse Benefit Determination notification (or oral notice if an Urgent Care request) referenced in Step 1. If the claim involves Urgent Care, Your appeal may be made orally.

You should submit all information referenced in Step 1 with Your appeal. You should gather any additional information that is identified in the notice as necessary to perfect Your claim and any other information that You believe will support Your claim.

Appeals should be sent to:
Wellfleet Insurance Company
Attention: Appeals Unit
Wellfleet Group, LLC dba Wellfleet Administrators, LLC
P.O. Box 15369
Springfield, MA 01115-5369

Type of Claim	**You must file Your appeal within:**	**You will be notified of Our determination as soon as possible but no later than:**
Pre-Service Claim	180 days after receipt of Adverse Benefit Determination	30 days of receipt of appeal
Pre-Service Claim	180 days after receipt of Adverse	72 hours of receipt of appeal

involving Urgent Care	Benefit Determination	
Concurrent: To end or reduce Treatment prematurely	180 days after receipt of Adverse Benefit Determination Pending the outcome of the appeal, benefits for an ongoing course of Treatment will not be reduced or terminated.	15 days of receipt of appeal
Concurrent: To deny Your request to extend Treatment	180 days after receipt of Adverse Benefit Determination for Pre-Service or Post-Service Claim	15 days of receipt of appeal for Pre-Service Claim; or 30 days of receipt of appeal for Post-Service Claim
Concurrent: Involving Urgent Care	180 days after receipt of Adverse Benefit Determination	72 hours of receipt of appeal
Post-Service Claim	180 days after receipt of Adverse Benefit Determination	60 days of receipt of appeal

Step 3:

If Your appeal is denied based on medical judgement such as Medical Necessity, appropriateness, health care setting, level of care or effectiveness of the health care service or Treatment and You wish to seek an Independent Medical Review (IMR), You must file a written request for external review of the Adverse Benefit Determination with the California Department of Insurance (CDI).

You may also seek an IMR for a denial of an Urgent Care request based on medical judgement provided that (1) You have also filed an internal appeal in accordance with the terms described herein; and (2) the time frames for completion of an Urgent Care appeal will seriously jeopardize Your life or health or would seriously jeopardize Your ability to regain maximum function.

You may also seek an external review for a rescission of coverage.

It is necessary in most situations to go through Our Internal Appeals process before applying for an IMR with the CDI. If We uphold Our decision or have not provided a ruling within 30 days of Your filing an appeal, then You can request an IMR from the CDI. Your request for an IMR must be made within 6 months of Our upholding Our decision within the Internal Appeals process. If special circumstances are present, the law allows the Commissioner to extend the filing deadline beyond the 6 months. The date may be extended by the Commissioner.

STANDARD EXTERNAL REVIEW

Within 6 months after the date of receipt of a notice of an Adverse Benefit Determination, You may file a request for an IMR or CDI.

You may request an IMR if You disagree with Our decision regarding a disputed health care service that has been determined not to be Medically Necessary or has been denied as Experimental or Investigative. We are required to send You an IMR application with Our denial letter. If You do not receive an application from Us, You can request one from the CDI by calling 1-800-927-HELP or by completing an Application for IMR form.

You must submit the IMR form to:

California Department of Insurance
Consumer Services Division
300 Spring Street South Tower
Los Angeles CA 90013
1-800-927-4357, TDD: 1-800-482-4TDD (4833)
Consumer & Provider Health Inquiries & Complaints (ca.gov)

You should include a copy of the notice from Us and all other important information that supports Your request.

Since making a request for an IMR is voluntary, You must give written consent indicating that You wish to participate in the IMR program. The application form includes a consent statement which when signed gives Your permission to obtain any necessary medical records in order to proceed with the IMR.

When Your completed application, with any additional information is received, the CDI will determine if Your request qualifies for the IMR program. If Your request does qualify, You will be notified. If Your request does not qualify for the IMR program, then Your claims review request will be referred to the complaint/mediation program within the CDI.

When Your request qualifies as an IMR, the case is then sent to the IMR organization designated by the CDI. The CDI notifies Us and requires Us to provide the IMR organization with copies of all documents necessary to conduct the IMR. In most cases, We must provide all relevant documents including medical records to the IMR organization within 3 business days. The IMR organization is required to complete its review in writing within 30 days.

Once the IMR organization has made its determination, the written determination will be provided to You, to Us, and to the Commissioner. The determination must contain Your medical condition, the important documents reviewed, and the findings that are relevant to Your request.

Upon receiving the IMR determination, the Commissioner adopts the recommendation from the IMR organization immediately. A written decision will be issued by the CDI to You and to Us explaining that the recommendation is binding on Us.

The cost of the IMR is paid completely by Us after it has been decided that Your request qualifies for an IMR by the CDI.

EXPEDITED EXTERNAL REVIEW

The IMR process allows for exceptions to be made when there is a serious or imminent threat to Your health. If Your provider or the CDI certifies in writing that an imminent and serious threat to Your health may exist, including but not limited to, serious pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of Your health, the IMR organization must make its determination within three days of receiving the proper case information. Moreover, We must deliver the necessary information and documents to the IMR organization within 24 hours of approval from the CDI of Your IMR request.

When the CDI reviews Your request for an IMR, the CDI may waive the requirement that You first go through Our Internal Appeals process when an extraordinary or compelling case exists.

IMPORTANT INFORMATION

- Each level of appeal will be independent from the previous level (i.e., the same person(s) involved in a prior level of appeal will not be involved in the appeal).
- The claims reviewer will review relevant information that You submit even if it is new information. In addition, You have the right to request documents or other records relevant to Your claim.

- If a claim involves medical judgement, then the claims reviewer will consult with an independent health care professional that has expertise in the specific area involving medical judgment.
- You may review the claim file and present evidence and testimony at each state of the appeals process.
- You may request, free of charge, any new or additional evidence considered, relied upon, or generated by Us in connection with Your claim.
- If a decision is made based on new or additional rationale, You will be provided with the rationale and be given a reasonable opportunity to respond before a final decision is made.
- If You wish to submit relevant documentation to be considered in reviewing Your claim for appeal, it must be submitted with Your claim and/or appeal.
- You should raise all issues that You wish to appeal during Our Internal Appeal process and during the External Review.

Medical Benefit Payments for In-Network Providers and Out-of-Network Providers
This Certificate provides benefits based on the type of health care provider the Insured Student selects. This Certificate provides access to both In-Network Providers and Out-of-Network Providers. Different benefits may be payable for Covered Medical Expenses rendered by In-Network Providers versus Out-of-Network Providers, as shown in the Schedule of Benefits.

When You receive Emergency Services, or Out-of-Network air Ambulance Services, or certain non-emergency Treatment by an Out-of-Network Provider at an In-Network Hospital or Ambulatory Surgical Center without Your consent, You are protected from Surprise Billing. In these situations, Your cost sharing responsibility will be calculated as if the total amount that would be charged for the services by an In-Network Provider or facility were equal to the Recognized Amount for the services, which is the lesser of the actual amount billed by the provider or facility and the Qualifying Payment Amount. Refer to the Preferred Provider Organization provision in the How The Plan Works And Description Of Benefits section for additional information.

- If you are a minor, depending on the state you reside in, you may have the right in certain circumstances to block parental access to your Health Information. For example, a minor may have the rights of an adult with respect to diagnosis and care of conditions such as STDs, drug dependency, and pregnancy.

You have the **right to inspect and copy your Health Information** in our records. Please note that there are exceptions to this, such as:

- Psychotherapy notes;
- Information complied in reasonable anticipation, or for use in, a civil, criminal or administrative action or proceeding;
- Health Information that is subject to a law prohibiting access to that information; or,

- A licensed health care professional has determined that access requested by your personal representative is likely to cause substantial harm to you or another person.

You have the **right to request an amendment** to your Health Information if you believe the information we have on file is incomplete or inaccurate. Your request must be in writing and must include the reason for the request. If we deny your request, you may file a written statement of disagreement.

You have the right to know who we have provided your information to - - this is known as an **accounting of disclosures**. A request for an accounting of disclosures must be submitted in writing to the address below. The accounting will not include disclosures made for treatment, payment, health care operations, for law enforcement purposes, or as otherwise permitted or required by law. If you request an accounting of disclosures more than once in a twelve (12) month period we may charge a reasonable fee to process, compile and deliver the information to you this second time.

You have a **right to receive a paper copy of this Notice**. Simply call the customer service line indicated on your ID card and request a paper copy be mailed to you. You may also submit a written request to us at the address below.

You will receive a notice of a breach of your Health Information. You have the **right to be notified of a breach** of unsecure Health Information.

NOTICE OF PROTECTION PROVIDED BY
CALIFORNIA LIFE AND HEALTH INSURANCE GUARANTEE ASSOCIATION

This notice provides a brief summary regarding the protections provided to policyholders by the California Life and Health Insurance Guarantee Association ("the Association"). The purpose of the Association is to assure that policyholders will be protected, within certain limits, in the unlikely event that a member insurer of the Association becomes financially unable to meet its obligations. Insurance companies licensed in California to sell life insurance, health insurance, annuities and structured settlement annuities are members of the Association. The protection provided by the Association is not unlimited and is not a substitute for consumers' care in selecting insurers. This protection was created under California law, which determines who and what is covered and the amounts of coverage.

Below is a brief summary of the coverages, exclusions and limits provided by the Association. This summary does not cover all provisions of the law; nor does it in any way change anyone's rights or obligations or the rights or obligations of the Association.

COVERAGE

Persons Covered

Generally, an individual is covered by the Association if the insurer was a member of the Association and the individual lives in California at the time the insurer is determined by a court to be insolvent. Coverage is also provided to policy beneficiaries, payee or assignees, whether or not they live in California.

Amounts of Coverage

The basic coverage protections provided by the Association are as follows.

Life Insurance, Annuities and Structured Settlement Annuities

For life insurance policies, annuities and structured settlement annuities, the Association will provide the following:

Life Insurance

80% of death benefits but not to exceed $300,000
80% of cash surrender or withdrawal values but not to exceed $100,000

Annuities and Structured Settlement Annuities

80% of the present value of annuity benefits, including net cash withdrawal and net cash surrender values but not exceed $250,000

The maximum amount of protection provided by the Association to an individual, for all life insurance, annuities and structured settlement annuities is $300,000, regardless of the number of policies or contracts covering the individual.

Health Insurance

The maximum amount of protection provided by the Association to an individual, as of July 1, 2016, is $546,741. This amount will increase or decrease based upon changes in the health care cost component of the consumer price index to the date on which an insurer becomes an insolvent insurer. Changes to this amount will be posted on the Association's website www.califega.org.

COVERAGE LIMITATIONS AND EXCLUSIONS FROM COVERAGE

The Association may not provide coverage for this policy. Coverage by the Association generally requires residency in California. You should not rely on coverage by the Association in selecting an insurance company or in selecting an insurance policy.

The following policies and persons are among those that are excluded from Association coverage:

- A policy or contract issued by an insurer that was not authorized to do business in California when it issued the policy or contract
- A policy issued by a health care service plan (HMO), a hospital or medical service organization, a charitable organization, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company, an insurance exchange, or a grants and annuities society
- If the person is provided coverage by the guaranty association of another state.
