This health plan satisfies **Massachusetts Minimum Creditable Coverage standards** and **will satisfy** the individual mandate that you have health insurance. Please see page 3 for additional information.

MASSACHUSETTS REQUIREMENT TO PURCHASE HEALTH INSURANCE:

As of January 1, 2009, the Massachusetts Health Care Reform Law requires that Massachusetts residents, eighteen (18) years of age and older, must have health coverage that meets the Minimum Creditable Coverage standards set by the Commonwealth Health Insurance Connector, unless waived from the health insurance requirement based on affordability or individual hardship. For more information call the Connector at 1-877-MA-ENROLL or visit the Connector website (www.mahealthconnector.org).

This health plan satisfies the Minimum Creditable Coverage requirement that is effective January 1, 2025 as part of the Massachusetts Health Care Reform Law. If an Insured Student purchases this plan, he or she will satisfy the individual mandate that he or she has health insurance.

This disclosure is for minimum creditable coverage standards that are effective January 1, 2025. Because the standards may change, the Insured Student should review the health plan materials each year to determine whether the plan meets the latest standards.

If an Insured Student has questions about this notice, he or she may contact the Division of Insurance by calling (617) 521-7794 or visiting its website at www.mass.gov/doi.

DISCLOSURE

Provider profiling information may be available from the Board of Registration in Medicine for providers in Massachusetts. Insured Persons shall have the opportunity to obtain health care services for an emergency medical condition, including the option of calling the local pre-hospital emergency medical service by dialing the emergency telephone access number 911, or its local equivalent, whenever the Insured Person is confronted with an emergency medical condition which in the judgment of a prudent layperson would require pre-hospital emergency services.

An Insured Person shall in no way be discouraged from using the local pre-hospital emergency medical service system, the 911 telephone number, or the local equivalent. Coverage will not be denied for medical and transportation expenses incurred as a result of such emergency medical conditions.

In the event that We require an Insured Person to contact either Our designee or the Primary Care physician of the Insured Person or Us within 48 hours of receiving emergency services, that notification already given to Our designee, the Primary Care physician or Us by the attending emergency physician shall satisfy that requirement.

The Department of Public Health Office of Patient Protection (OPP) is available to answer questions concerning the legislation, regulation or an Insured Person's rights as a managed care consumer. All information specified in 211 CMR 52.16 is available to any Insured Person or any prospective insured from the Office of Patient Protection. We do not make any other distinctions based upon genetic information, in the amount of payment or premiums or rates charged, in the length of coverage or in any of the other terms and conditions of insurance.

Medical Benefit Payments for In-Network Providers and Out-of-Network Providers

This Certificate provides benefits based on the type of health care provider the Insured Student selects. We do not require the Insured Person to use an In-Network Provider. This Certificate provides access to both In-Network Providers and Out-of-Network Providers. Different benefits may be payable for Covered Medical Expenses rendered by In-Network Providers versus Out-of-Network Providers, as shown in the Schedule of Benefits.

When You receive Emergency Services, or Out-of-Network air Ambulance Services, or certain non-emergency Treatment by an Out-of-Network Provider at an In-Network Hospital or Ambulatory Surgical Center, You are protected from Surprise Billing. In these situations, Your cost sharing responsibility will be calculated as if the total amount that would be charged for the services by an In-Network Provider or facility were equal to the Recognized Amount for the services, which is generally defined either as an amount set by state law or the lesser of the billed charges and the Qualifying Payment Amount. Refer to the Preferred Provider Organization provision in the How The Plan Works And Description Of Benefits section for additional information.

How You Can Request a Cost Estimate for Proposed Covered Services

You may request an estimate of the costs You will have to pay when Your health care provider proposes a procedure, or other covered service. You can request this cost estimate by logging on to the www.wellfleetstudent.com website, typing in the name of Your school and logging into Your secure Wellfleet school webpage. Click the “Cost of Care Estimator” link and follow the steps to perform the following:

Preferred Provider Organization:

To locate an In-Network Provider in Your area, consult Your Provider Directory or call toll-free 877-657-5030, TTY 711 or visit Our website at www.wellfleetstudent.com.

If You incurred Covered Medical Expenses from an Out-of-Network Provider but were informed by Us prior to receipt of the Treatment that the provider was an In-Network Provider, either through the Provider Directory, or in Our response to Your request for such information (via telephone, electronic communication, web-based or internet-based means), You may be eligible for cost sharing that would be no greater than if the service had been provided by an In-Network Provider. Service or Supply	Usual and Customary Charge
Professional services and other services or supplies not mentioned below	The Reasonable amount rate
Services of Hospitals and other facilities	The Reasonable amount rate

Special terms used

- Geographic area is normally based on the first 3 digits of the U.S. Postal Service zip codes. If We determine We need more data for a particular service or supply, We may base rates on a wider geographic area such as an entire state.
- “Reasonable amount rate” means Your plan has established a reasonable rate amount as follows:

Service or Supply	Reasonable Amount Rate
Professional services and Inpatient and outpatient charges of Hospitals	<p>The lesser of:</p> <ol style="list-style-type: none"> 1. The billed charge for the services; or 2. An amount determined using current publicly-available data which is usual and customary when compared with the charges made for a) similar services and supplies and b) to persons having similar medical conditions in the geographic area where service is rendered; or 3. An amount based on information provided by a third-party vendor, which may reflect 1 or more of the following factors: 1) the complexity or severity of Treatment; 2) level of skill and experience required for the Treatment; or 3) comparable providers’ fees and costs to deliver care; or 4. In the case of Emergency Services from an Out-of-Network Provider or facility, and certain non-emergency Treatment by an Out-of-Network Provider at an In-Network Hospital or Ambulatory Surgical Center, the Recognized Amount.

Our reimbursement policies

We reserve the right to apply Our reimbursement policies to all Out-of-Network services including involuntary services. Our reimbursement policies may affect the Usual and Customary Charge. These policies consider:

- The duration and complexity of a service
- When multiple procedures are billed at the same time, whether additional overhead is required
- Whether an Assistant Surgeon is necessary for the service
- If follow-up care is included
- Whether other characteristics modify or make a particular service unique
- When a charge includes more than one claim line, whether any services described by a claim line are part of or related to the primary service provided
- The educational level, licensure or length of training of the provider

In some instances, We may negotiate a lower rate with Out-of-Network Providers.

Our reimbursement policies are based on Our review of:

- The Centers for Medicare and Medicaid Services' (CMS) National Correct Coding Initiative (NCCI) and other external materials that say what billing and coding practices are and are not appropriate;
- Generally accepted standards of medical and dental practice;
- The views of Physicians and dentists practicing in the relevant clinical areas.

We use commercial software to administer some of these policies. The policies may be different for professional services and facility services.

No payment will be made under this Certificate for any expenses incurred which, in Our judgment, are in excess of Usual and Customary Charges.

SECTION IV – HOW THE PLAN WORKS AND DESCRIPTION OF BENEFITS

Schedule of Benefits

The following are shown in the Schedule of Benefits:

- Deductible;
- Any specified benefit maximums;
- Coinsurance percentages;
- Copayment amounts; and
- Out-of-Pocket Maximums.

How the Deductible Works

Medical Deductible

The Medical Deductible amount (if any) is shown in the Schedule of Benefits.

This dollar amount is what the Insured Person has to incur in Covered Medical Expenses before benefits are payable under this Certificate. This amount will apply on an individual basis. The Medical Deductible applies to all Covered Medical Expenses, unless specifically noted. Any expenses that the Insured Person incurs that are not Covered Medical Expenses are not applied toward the Insured Person's Medical Deductible.

Covered Medical Expenses applied to the In-Network Provider Medical Deductible will not apply to the Out-of-Network Provider Medical Deductible. Covered Medical Expenses applied to the Out-of-Network Provider Medical Deductible will not apply to the In-Network Provider Medical Deductible.

Individual

The Medical Deductible is an amount the individual must incur for In-Network Provider and Out-of-Network Provider Covered Medical Expenses before the plan pays. This Medical Deductible applies separately to the Insured Student. After the amount of Covered Medical Expenses the Insured Person incurs reaches the Medical Deductible, this plan will pay for Covered Medical Expenses as shown on the Schedule of Benefits for the rest of the Policy Year.

Coinsurance is the percentage of Covered Medical Expenses that We pay. The Coinsurance percentage is stated in the Schedule of Benefits. The Coinsurance is separate and not part of any Deductible and/or Copayment.

Copayment is a specified dollar amount You must pay for specified Covered Medical Expenses. Any Copayment amounts are shown in the Schedule of Benefits.

How Your Out-of-Pocket Maximum Works

The In-Network Provider and Out-of-Network Provider Out-of-Pocket Maximums are shown in the Schedule of Benefits. The Out-of-Pocket Maximum is the amount of Covered Medical Expenses the Insured Person has to incur before Covered Medical Expense will be paid at 100% for the remainder of the Policy Year, subject to any benefit maximums or limits that may apply. Any applicable Coinsurance amounts, Deductibles, and Copayments will apply toward the Out-of-Pocket Maximum.

Services that are not Covered Medical Expenses, balance-billed charges, and Premium do not count toward meeting the Out-of-Pocket Maximum.

Covered Medical Expenses applied to the In-Network Provider Out-of-Pocket Maximums will be applied to satisfy the Out-of-Network Provider Out-of-Pocket Maximum and Covered Medical Expenses applied to the Out-of-Network Provider Out-of-Pocket Maximum will be applied to satisfy the In-Network Provider Out-of-Pocket Maximums.

The Out-of-Pocket Maximum is the maximum amount of Covered Medical Expenses the Insured Person will incur for Copayments, Coinsurance, and Deductibles during the Policy Year. This plan has an individual Out-of-Pocket Maximum.

Individual

Once the amount of the Copayments, Coinsurance, and Deductibles the Insured Student have incurred for Covered Medical Expenses during the Policy Year meets the:

- In-Network Provider individual Out-of-Pocket Maximum, this plan will pay:
 - 100% of the Negotiated Charge for In-Network Provider Covered Medical Expenses
- Out-of-Network Provider individual Out-of-Pocket Maximum, this plan will pay:
 - 100% of the Usual and Customary Charge for Out-of-Network Covered Medical Expenses

that apply towards the limits for the rest of the Policy Year for that covered individual.

The Out-of-Pocket Maximum is the maximum amount of Covered Medical Expenses the Insured Person is responsible to incur during the Policy Year. This plan has an individual Out-of-Pocket Maximum.

Essential Health Benefits

Essential Health Benefits are not subject to annual or lifetime dollar limits. If additional specific care, Treatment or services are added to the list of Essential Health Benefits by a governing authority, the Certificate benefits will be amended to comply with such changes.

Treatment of Covered Injury and Covered Sickness Benefit

If:

1. You incur expenses as the result of Covered Injury or Covered Sickness, then
2. We will pay the benefits stated in the Schedule of Benefits for the services, Treatments, and supplies described in the Covered Medical Expenses provision below.

Payment will be made, subject to the Coinsurance, Deductible, Copayment, maximums, and limits as stated in the Schedule of Benefits:

1. For the Negotiated Charge at an In-Network Provider or the Usual and Customary Charge at an Out-of-Network Provider for Covered Medical Expenses that are incurred as the result of a Covered Injury or Covered Sickness; and
2. Subject to the Exclusions and Limitations provision.

Medical Benefit Payments for In-Network Provider and Out-of-Network Providers

This Certificate provides benefits based on the type of health care provider the Insured Student selects. We do not require the Insured Person to use an In-Network Provider. This Certificate provides access to both In-Network Providers and Out-of-Network Providers. Different benefits may be payable for Covered Medical Expenses rendered by In-Network Providers versus Out-of-Network Providers, as shown in the Schedule of Benefits.

Physician Information

Physician profiling information may be available from the Board of Registration in Medicine for Physicians licensed to practice in Massachusetts.

Dental and Vision Benefit Payments

For dental and vision benefits, You may choose any dental or vision provider.

For dental, different benefits may be payable based on type of service, as shown in the Schedule of Benefits.

Preferred Provider Organization

If You use an In-Network Provider, this Certificate will pay the Coinsurance percentage of the Negotiated Charge for Covered Medical Expenses shown in the Schedule of Benefits.

If an Out-of-Network Provider is used, this Certificate will pay the Coinsurance percentage of the Usual and Customary Charge for Covered Medical Expenses shown in the Schedule of Benefits. The difference between the provider fee and the Coinsurance amount paid by Us will be Your responsibility.

Note, however, that We will pay at the In-Network level for Treatment by an Out-of-Network Provider, and will calculate Your cost sharing amount at the In-Network Provider level, and Your cost share will be applied to Your In-Network Deductible and Out-of-Pocket Maximum if:

1. there is no In-Network Provider in the Preferred Provider service area available to provide a Preventive Service or treat You for a specific Covered Injury or Covered Sickness; or
2. You have an Emergency Medical Condition and receive Emergency Services from an Out-of-Network Provider or facility. The most the Out-of-Network Provider or facility may bill You is the In-Network cost sharing amount (such as Deductibles, Copayments and Coinsurance). You can't be balance billed for these Emergency Services. This includes services You may get after You're in stable condition, unless the Out-of-Network Provider or facility determines that You can travel using non-medical or non-emergency transportation, the Out-of-Network Provider satisfies the consent and notice requirements, and You are in a condition to receive notice of, and to consent to, Out-of-Network Treatment; or
3. You receive non-Emergency Services from an In-Network Hospital or Ambulatory Surgical Center, but certain providers there may be Out-of-Network Providers. In these cases, the most those Out-of-Network Providers may bill You is the In-Network cost sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, Assistant Surgeon, hospitalist, or intensivist services. These Out-of-Network Providers can't balance bill You and may not ask You to give up Your protections not to be balance billed.

However, if You received notice from the Out-of-Network Provider of their non-network status at least 72 hours in advance, or if You make an appointment within 72 hours of the services being delivered and notice and consent is given on the date of the service, and You gave written consent to Treatment, this Certificate will pay Covered Medical Expenses at the Out-of-Network level as shown in the Schedule of Benefits. This notice and

consent exception does not apply to ancillary services, which include items and services related to emergency medicine, anesthesiology, pathology, radiology, and neonatology, whether provided by a Physician or non-Physician practitioner; items and services provided by Assistant Surgeons, hospitalists, and intensivists; diagnostic services, including radiology and laboratory services; and items and services provided by an Out-of-Network Provider in circumstances where there is no In-Network Provider who can furnish the item or service at the relevant facility.

You should be aware that In-Network Hospitals may be staffed with Out-of-Network Providers. Receiving services from an In-Network Hospital does not guarantee that all charges will be paid at the In-Network Provider level of benefits. It is important that You verify that Your Physicians are In-Network Providers each time You call for an appointment or at the time of service.

Continuity of Care - New Insured Persons

Coverage will be provided at the In-Network Provider level for a provider who is not an In-Network Provider for the first 30 days from Your Effective Date of coverage under this Certificate if You are undergoing an ongoing course of Treatment or the provider is Your Primary Care Provider.

Continuity of Care – Termination of Provider Contract

If You are undergoing an active course of Treatment with an In-Network Provider, You may request continuation of Treatment by such In-Network Provider in the event the In-Network Provider's contract has terminated with the Preferred Provider Organization. We shall notify You of the termination of the In-Network Provider's contract at least 60 days in advance. When circumstances related to the termination render such notice impossible, We shall provide affected enrollees as much notice as is reasonably possible. The notice given must include instructions on obtaining an alternate provider and must offer Our assistance with obtaining an alternate provider and ensuring that there is no inappropriate disruption in Your ongoing Treatment. We shall permit You to continue to be covered, with respect to the course of Treatment with the provider, for a transitional period of at least 90 days from the date of the notice to You of the termination.

If You are a female who is in her 2nd or 3rd trimester of pregnancy and the provider in connection with Your pregnancy is involuntary disenrolled, other than disenrollment for quality-related reasons or fraud, Treatment will be allowed with said provider, according to the terms of this Certificate, for the period up to and including Your first postpartum visit.

If You have a Terminal Illness and the provider in connection with said Covered Sickness is involuntarily disenrolled, other than for quality related reasons or fraud, You will be allowed to continue Treatment with said provider, according to the terms of this Certificate, until Your death.

Continued coverage is conditioned upon the provider agreeing to:

- Accept reimbursement at the rates applicable prior to notice of disenrollment as payment in full and not to impose cost sharing with respect to Your amount that would exceed the cost sharing that could have been imposed if the provider had not been disenrolled; and
- Adhere to this Certificate's quality assurance standards and to provide necessary medical information related to the care provided; and
- Adhere to Our policies and procedures.

Pre-Certification Process

In-Network - Your In-Network Provider is responsible for obtaining any necessary Pre-Certification before You receive the care. If Your In-Network Provider does not obtain the required Pre-Certification You will not be penalized. Please read below regarding review and notification.

We will review the request for continued stay to determine Medical Necessity and notify the Physician or the health care facility of Our decision by telephone and in writing;
3. For any other covered services requiring Pre-Certification, We will contact the Provider in writing or by telephone regarding Our decision.

For newly Insured Persons with a previously approved Pre-Certification, We will accept the approved Pre-Certification with documentation from the health care provider for at least 60 days.

If Pre-Certification is not approved, notification of Our decision will be provided by telephone, by fax to a verified number, or by electronic mail to a secure electronic mailbox to the attending health care professional and Hospital or Physician's office as applicable. Written notification will also be sent if notification occurred by telephone.

The Insured Person will be notified in writing regarding Our decision.

Our agent will make this determination within 72 hours for an urgent request and 4 business days for non-urgent requests following receipt of all necessary information for review. Notice of an Adverse Benefit Determination made by Our agent will be in writing and will include:

1. The reasons for the Adverse Benefit Determination including the clinical rationale, if any.
2. Instructions on how to initiate an appeal.
3. Notice of the availability, upon Your request or Your Authorized Representative, of the clinical review criteria relied upon to make the Adverse Benefit Determination. This notice will specify what, if any additional necessary information must be provided to, or obtained by, Our agent in order to render a decision on any requested appeal.

Failure by Our agent to make a determination within the time periods prescribed shall be deemed to be an Adverse Benefit Determination subject to an appeal.

If You have any questions about Your Pre-Certification status, You should contact Your Provider.

Coordination Of Benefits

The Coordination of Benefits ("COB") provision applies when a person has health care coverage under more than one (1) Plan. Plan is defined below.

The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans does not exceed 100% of the total Allowable expense.

DEFINITIONS

1. A Plan is any of the following that provides benefits or services for medical or dental care or Treatment. If separate policies are used to provide coordinated coverage for members of a group, the separate policies are considered parts of the same plan and there is no COB among those separate policies.
 - a. Plan includes: group and nongroup insurance policies, health insuring corporation ("HIC") policies, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care policies, such as skilled nursing care; medical benefits under group or individual automobile policies; and Medicare or any other federal governmental plan, as permitted by law.
 - b. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; supplemental coverage as described in state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each Certificate for coverage under a. or b. is a separate Plan. If a Plan has 2 parts and COB rules apply only to 1 of the 2, each of the parts is treated as a separate Plan.

2. This plan means, in a COB provision, the part of the Certificate providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the Certificate providing health care benefits is separate from this plan. A Certificate may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
3. The order of benefit determination rules determine whether This plan is a Primary plan or Secondary plan when the person has health care coverage under more than 1 Plan.

When This plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable expense.

4. Allowable expense is a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging You is not an Allowable expense.

The following are examples of expenses that are not Allowable expenses:

- a. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless 1 of the Plans provides coverage for private hospital room expenses.
 - b. If a person is covered by 2 or more Plans that compute their benefit payments on the basis of Usual and Customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
 - c. If a person is covered by 2 or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
 - d. If a person is covered by 1 Plan that calculates its benefits or services on the basis of Usual and Customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary plan's payment arrangement and if the provider's Policy permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary plan to determine its benefits.
 - e. The amount of any benefit reduction by the Primary plan because You failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of plan provisions include second surgical opinions, Pre-Certification of admissions, and preferred provider arrangements.
5. Closed panel plan is a Plan that provides health care benefits to Insured Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.
 6. Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

ORDER OF BENEFIT DETERMINATION RULES

When a person is covered by 2 or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.
- B. (1) Except as provided in Paragraph (2), a Plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Plans state that the complying plan is primary.
(2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the Policyholder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel plan to provide Out-of-Network Provider benefits.
- C. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
- D. Each Plan determines its order of benefits using the first of the following rules that apply:
 - 1. Medical Payments Coverage and PIP Coverage in Motor Vehicle Insurance Policies.
 - a. if a person has a Health Benefit Plan and a Motor Vehicle insurance policy incurs expenses or requires services as a result of an accident with a motor vehicle.
 - b. Personal Injury Protection as defined by state law will always be primary and pay the first \$2,000 of expenses as allowed under law. PIP will then be secondary to any such Health Benefit Plan(s) and coordinate with the Health Benefit Plan(s) in accordance with state law.
 - c. Medical payments coverage under a motor vehicle insurance policy will always be secondary to and in excess of any Health Benefit Plan or Personal Injury Protection as defined by law.

As used in this provision the following terms are defined:

Health Benefit Plan: means a plan that provides for and reimburses any costs of health care services. It does not include Medical Payments Coverage and Personal Injury Protection.

Medical Payment Coverage: means medical coverage that may be purchased by a person in conjunction with the purchase of a Massachusetts motor vehicle insurance policy.

Personal Injury Protection (PIP): means coverage included under a Massachusetts motor vehicle liability policy.

- 2. Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, member, Policyholder, subscriber or retiree is the Primary plan and the Plan that covers the person as a dependent is the Secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent, and primary to the Plan covering the person as other than a dependent (e.g. a retired employee), then the order of benefits between the two (2) Plans is reversed so that the Plan covering the person as an employee, member, Policyholder, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.
- 3. Dependent child covered under more than one plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Plan the order of benefits is determined as follows:
 - a. For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - i. The Plan of the parent whose birthday falls earlier in the calendar year is the Primary plan; or

- ii. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary plan.
- However, if one spouse's plan has some other coordination rule (for example, a "gender rule" which says the father's plan is always primary), We will follow the rules of that plan.
- b. For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
- i. If a court decree states that one (1) of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent spouse's Plan is the Primary Plan. This rule applies to plan years commencing after the Plan is given notice of the court decree;
 - ii. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
 - iii. If a court decree states that the parents have joint custody without specifying that 1 parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or
 - iv. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - The Plan covering the custodial parent;
 - The Plan covering the spouse of the custodial parent;
 - The Plan covering the non-custodial parent; and then
 - The Plan covering the spouse of the non-custodial parent.
- c. For a dependent child covered under more than one Plan of individuals who are not the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.
- d. 1. For a dependent child covered under either or both parents' Plans and also has their own coverage as a dependent under a spouse's Plan, the provisions of Subparagraph (6) shall determine the order of benefits.
2. In the event the dependent child's coverage under either or both parents' Plans began on the same date, the provisions of Subparagraph (3) (a) shall determine the order of benefits.
4. Active employee or retired or laid-off employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the Primary plan. The Plan covering that same person as a retired or laid-off employee is the Secondary plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
5. COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary plan and the COBRA or state or other federal continuation coverage is the Secondary plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
6. Longer or shorter length of coverage. The Plan that covered the person as an employee, member, Policyholder, subscriber or retiree longer is the Primary plan and the Plan that covered the person the shorter period of time is the Secondary plan.
7. If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, this plan will not pay more than it would have paid had it been the Primary plan.

EFFECT ON THE BENEFITS OF THIS PLAN

- A. When This plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary plan. The Secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim. In addition, the Secondary plan shall credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.
- B. If an Insured Person is enrolled in 2 or more Closed panel plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by 1 Closed panel plan, COB shall not apply between that Plan and other Closed panel plans.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This plan and other Plans. Our Agent or We may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This plan and other Plans covering the person claiming benefits. Our Agent or We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This plan must give Our Agent or We any facts it needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another Plan may include an amount that should have been paid under This plan. If it does, Our Agent or We may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This plan. Our Agent or We will not have to pay that amount again. The term payment made includes providing benefits in the form of services, in which case payment made means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by Our Agent or We is more than it should have paid under this COB provision, it may recover the excess from one (1) or more of the persons it has paid or for whom it has paid, or any other person or organization that may be responsible for the benefits or services provided for the Insured Person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

NOTICE TO INSURED PERSONS: If You are covered by more than one health benefit plan, You should file all Your claims with each plan.

SECTION VII - GENERAL PROVISIONS

Entire Contract Changes

The Policy, this Certificate, including the application, endorsements and attached papers, if any, constitutes the entire contract of insurance. No change in the Policy or Certificate will be valid until approved by an executive officer of the Company and unless such approval be endorsed hereon. No agent has authority to change the Policy or Certificate or waive any of its provisions.

Incontestability

The validity of this Certificate will not be contested after it has been in force for 2 years from the Effective Date, except for misrepresentation or fraud. We reserve the right to contest coverage at any time based upon the Insured Person's ineligibility for coverage under the Policy or upon other provisions of the Policy.

Notice of Claim

Written or electronic notice of a claim must be given to Us within 90 days after the date of Injury or commencement of Sickness covered by this Certificate, or as soon thereafter as is reasonably possible. Notice given by or on behalf of the claimant to Our authorized agent, with information sufficient to identify You will be deemed notice to Us.

Claim Forms

We, upon receipt of a notice of claim, will furnish to the claimant such forms as are usually furnished by Us for filing proofs of Loss. If these forms are not given to the claimant within 15 days, the claimant will meet the proof of Loss requirements by giving Us a written statement of the nature and extent of the Loss within the time limits stated in the Proofs of Loss provision.

Proof of Loss

Written proof of Loss must be furnished to Us or to Our authorized agent within 90 days after the date of such Loss. If it was not reasonably possible to give written proof in the time required, We may not reduce or deny the claim for this reason if the proof is filed as soon as reasonably possible. The proof required must be given no later than one (1) year from the time specified unless the claimant was legally incapacitated.

Time of Payment

Indemnities payable under this Certificate will be paid immediately upon receipt of due proof of such Loss.

Payment of Claims

Benefits will be paid to You. Loss of life benefits, if any, will be payable in accordance with the beneficiary designation in effect at the time of payment. If no such designation or provision is then effective, the benefits will be payable to Your estate. Any other accrued indemnities unpaid at the time of Your death may, at Our option, be paid either to such beneficiary or to such estate.

If benefits are payable to Your estate or to a beneficiary who is a minor or otherwise not competent to give a valid release, We may pay such indemnity, up to an amount not exceeding \$1,000.00, to any one relative by blood or connection by marriage to You who is deemed by Us to be equitably entitled thereto. Any payment made by Us in good faith pursuant to this provision will fully discharge Us to the extent of such payment.

We may pay all or a portion of any indemnities provided for health care services to the provider, unless You direct otherwise, in writing, by the time proofs of Loss are filed. We cannot require that the services be rendered by a particular provider.

Assignment

You may assign Out-of-Network benefits payable under this Certificate. In-network benefits are billed directly by the provider. We are not bound by an assignment unless it is in writing and until a duplicate of the original assignment has been filed with Us. We assume no responsibility regarding the validity of any assignment or payment made without notice of a prior assignment.

Physical Examination and Autopsy

We, at Our own expense, will have the right and opportunity to examine the person of an individual whose Injury or Sickness is the basis of a claim when and as often as it may reasonably require during the pendency of a claim hereunder. In the case of Your death, We may have an autopsy performed unless prohibited by law.

Legal Actions

No action at law or in equity will be brought to recover on this Certificate prior to the expiration of 60 days after written proof of Loss has been furnished in accordance with the requirements of this Certificate. No such action will be brought after the expiration of three years after the time written proof of Loss is required to be furnished.

Change of Beneficiary

The Insured Person can change his or her Beneficiary by providing written notice to Us. The change will take effect as of the date it was signed or the date specified in the notice, even if the Insured Person dies before We receive it. Each change will be subject to any payment We made or other action We took before notice to Us.

Conformity with State Statutes

Any provision of this Certificate which, on its Effective Date, is in conflict with the statutes of the state in which this Certificate was delivered or issued for delivery is hereby amended to conform to the minimum requirements of such statutes.

SECTION VIII - ADDITIONAL PROVISIONS

1. We do not assume any responsibility for the validity of assignment.
2. You will have free choice of a legally qualified Physician with the understanding that the Physician-patient relationship will be maintained.
3. Our acknowledgment of the receipt of notice given under this Certificate, or the furnishing of forms for filing proofs of Loss or acceptance of such proof, or the investigation of any claim hereunder will not operate as a waiver of any of Our rights in defense of any claim arising under this Certificate.
4. This Certificate is not in lieu of and does not affect any requirement of coverage by Workers' Compensation Insurance.
5. All new persons in the groups or classes eligible to and applying for this insurance will be added in the respective groups or classes in which they are eligible.
6. The insurance of any Insured Person will not be prejudiced by the failure on the part of the Policyholder to transmit reports, pay Premium or comply with any of the provisions of this Certificate when such failure is due to inadvertent error or clerical mistake.
7. All books and records of the Policyholder containing information pertinent to this insurance will be open to examination by Us during the Certificate term and within one year after the termination of this Certificate.
8. Benefits are payable under this Certificate only for those expenses incurred while You are covered. No benefits are payable for expenses incurred after the date Your insurance terminates, except as may be provided under an Extension of Benefits.

SECTION IX – APPEALS PROCEDURE

If You have a claim that is denied by Us, You have the right to appeal it. Your Authorized Representative may act on Your behalf in pursuing a benefit claim or appeal of an Adverse Benefit Determination.

If You receive Emergency Services from an Out-of-Network Provider, or You incur non-emergency Covered Medical Expenses from an Out-of-Network Provider at an In-Network Hospital or Ambulatory Surgical Center, and You believe those services should have been paid at the In-Network level, You have the right to appeal that claim. If Your appeal of a Surprise Billing claim is denied, You have a right to seek an external review by an Independent Review Organization (IRO) as set out in the Standard External Review and Expedited External Review provisions appearing in this section.

For purposes of this Section, the following definitions apply:

Adverse Benefit Determination means:

- A determination by Us or Our designee Utilization review organization that, based upon the information provided, a request for a benefit under the Policy upon application of any utilization review technique does not meet Our requirements for Medical Necessity, appropriateness, health care setting, level of care or effectiveness or is determined to be Experimental or Investigational and the requested benefit is therefore denied, reduced or terminated or payment is not provided or made, in whole or in part, for the benefit;
- The denial, reduction, termination or failure to provide or make payment, in whole or in part, for a benefit based on a determination by Us or Our designee Utilization review organization of Your eligibility under the Policy;

- In the case of an Urgent Care claim, a health care professional with knowledge of Your medical condition.

Concurrent claim means a request for a plan benefit(s) by You that is for an ongoing course of treatment or services over a period of time or for the number of treatments.

Concurrent review means Utilization review conducted during a patient's stay or course of treatment in a facility, the office of a health care professional or other inpatient or outpatient health care setting.

Grievance means any oral or written complaint submitted to Us which has been initiated by an Insured Person, or on behalf of an Insured Person with the consent of the Insured Person, concerning any aspect or action of Ours relative, to the Insured Person, including, but not limited to, review of Adverse Benefit Determinations regarding scope of coverage, denial of services, rescission of coverage, quality of care and administrative operations, under the requirements of this provision.

Health care professional means a Physician or other health care practitioner licensed, accredited or certified to perform specified health care services consistent with state law.

Post-Service Claim means any claims for a plan benefit(s) that is not a Pre-Service Claim.

Prospective review means utilization review conducted prior to an admission or the provision of a health care service or a course of treatment in accordance with Our requirement that the health care service or course of treatment, in whole or in part, be approved prior to its provision.

Retrospective review means any review of a request for a benefit that is not a prospective review request. Retrospective review does not include the review of a claim that is limited to veracity of documentation or accuracy of coding.

Urgent Care request means a request for a health care service or course of Treatment with respect to which the time periods for making a non-urgent care request determination:

1.
 - a. Could seriously jeopardize Your life or health or Your ability to regain maximum function; or
 - b. In the opinion of a Physician with knowledge of Your medical condition, would subject You to severe pain that cannot be adequately managed without the health care service or Treatment that is the subject of the request.
2.
 - a. Except as provided in (b) of this paragraph, in determining whether a request is to be treated as an Urgent Care request, an individual acting on Our behalf shall apply the judgment of a prudent layperson who possesses an average knowledge of health and medicine.
 - b. Any request that a Physician with knowledge of Your medical condition determines is an Urgent Care Request shall be treated as an urgent care request.

Utilization review means a set of formal techniques designed to monitor the use of, or evaluate the Medical Necessity, appropriateness, efficacy, or efficiency of, health care services, procedures, or settings. Techniques may include ambulatory review, Prospective review, second opinion, certification, Concurrent review, case management, discharge planning or Retrospective review.

Utilization review organization means an entity that conducts Utilization review, other than Us performing utilization review for Our own health benefit plans.

There are 3 types of claims: Pre-Service, Concurrent Care, and Post-Service Claims. In addition, certain Pre-Service or Concurrent Care Claims may involve Urgent Care. If the Company makes an Adverse Benefit Determination, then You may appeal according to the following steps.

Step 1:

If Your claim is denied, You will receive written notice from Us that Your claim is denied (in the case of Urgent Claims, notice may be oral). The period in which You will receive this notice will vary depending on the type of claim. In addition, We may take an extension of time in which to review Your claim for reasons beyond Our control. If the reason for the extension is that You need to provide additional information, You will be given a certain amount of time in which to obtain the requested information (it will vary depending on the type of claim). The period during which We must make a decision will be suspended until the earlier of the date that You provide the information or the end of the applicable information-gathering period.

Type of Claim	You will be notified by Us that a claim is denied as soon as possible but no later than:	Extension period allowed for circumstances beyond Our control:	If additional information is needed, You must provide within:
Pre-Service Claim	15 days from receipt of claim (whether adverse or not)	One extension of 15 days	45 days of date of extension notice

Pre-Service Claim involving Urgent Care	72 hours from receipt of claim (whether adverse or not) (24 hours after receipt of claim if additional information is needed from You)	None	48 hours (We must notify You of determination within 48 hours of receipt of Your information)
Concurrent: To end or reduce Treatment prematurely (other than by policy amendment or termination) Pending the outcome of an appeal, benefits for an ongoing course of Treatment will not be reduced or terminated.	Notification to end or reduce Treatment will allow sufficient time in advance to allow You to appeal and obtain a determination on the adverse benefit determination prior to the end or reduction of prescribed Treatment	N/A	N/A
Concurrent: To deny Your request to extend Treatment	30 days from receipt of claim for Pre-Service Claim; or 60 days from receipt of claim for Post-Service Claim	One extension of 15 days	45 days of the date of extension notice
Concurrent: Involving Urgent Care	72 hours from receipt of claim (whether adverse or not) (24 hours after receipt of claim if additional information is needed from You; or 24 hours after receipt of claim provided that any such claim is made at least 24 hours prior to the end or reduction of prescribed Treatment)	None	48 hours (We must notify You of determination within 48 hours of receipt of Your information)
Post-Service Claim	30 days from receipt of claim	One extension of 15 days	45 days of the date of extension notice

Once You have received notice from Us, You should review it carefully. The notice will contain:

1. The reason(s) for the denial and the Policy provisions on which the denial is based.
2. A description of any additional information necessary for You to perfect Your claim, why the information is necessary, and Your time limit for submitting the information.
3. A description of the Policy's appeal procedures and the time limits applicable to such procedures, including a statement of Your right to bring a civil action following a final denial of Your appeal.

4. A statement indicating whether an internal rule, guideline or protocol was relied upon in making the denial and a statement that a copy of that rule, guideline or protocol will be made available upon request free of charge.
5. If the denial is based on a Medical Necessity, Experimental Treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination or a statement that such explanation will be provided free of charge upon request; and
6. If the claim was an Urgent Care request, a description of the expedited appeals process. The notice may be provided to You orally within 72 hours; however, a written or electronic notification will be sent to You no later than 3 days after the oral notification. If the claim was/is an Urgent Care request, You may initiate an Internal Appeal and an External Review simultaneously.
7. Information sufficient to identify the claim (including the date of service, the health care provider, and the claim amount (if applicable)).
8. An explanation of how to request diagnosis and treatment codes (and their corresponding meanings).
9. The contact information for all relevant review agency contacts and the office of health insurance consumer assistance to assist You with Your claims, appeals and external review.
10. Notification that culturally and linguistically appropriate services are available.

Step 2:

If You do not agree with Our decision and wish to appeal, You must file a written appeal with Us at the address below within 180 days after receipt of the Adverse Benefit Determination notification (or oral notice if an Urgent Care request) referenced in Step 1. If the claim involves Urgent Care, Your appeal may be made orally.

You should submit all information referenced in Step 1 with Your appeal. You should gather any additional information that is identified in the notice as necessary to perfect Your claim and any other information that You believe will support Your claim.

Appeals should be sent to:

Step 3:

If Your appeal is denied based on medical judgement such as Medical Necessity, appropriateness, health care setting, level of care or effectiveness of the health care service or Treatment and You wish to seek an external review from an Independent Review Organization (IRO), You must file a written request for external review.

You may also seek an external review by an IRO for a denial of an Urgent Care request based on medical judgement provided that (1) You have also filed an internal appeal in accordance with the terms described herein; and (2) the time frames for completion of an Urgent Care appeal will seriously jeopardize Your life or health or would seriously jeopardize Your ability to regain maximum function.

You may also seek an external review for a rescission of coverage.

STANDARD EXTERNAL REVIEW

Within 4 months after the date of receipt of a notice of an Adverse Benefit Determination, You may file a request for an external review with Us or the Massachusetts Office of Patient Protection at any time.

The Commonwealth of Massachusetts
 Health Policy Commission,
 Office of Patient Protection (OPP)
 50 Milk Street, St 8th Floor
 Boston, MA 02109

or You may contact them by telephone at (800) 436-7757, via facsimile at (617) 624-5046 or via their internet site at www.mass.gov/hpc/opp/.

You must file Your written request for an external review with Us at the address below within 4 months of the date You received the applicable denial.

Within 5 business days of receiving Your request for an external review, We will complete a preliminary review of the request to determine whether You were covered under the Policy at the time the expense was incurred and whether You have exhausted the Internal Appeal process where required.

In most cases, You should complete Our Internal Appeals process before You:

- Contact the Massachusetts Office of Patient Protection to request an investigation of a claim determination or appeal;
- File a complaint or appeal with the Massachusetts Office of Patient Protection;
- File a request for an External Review;
- Pursue arbitration, litigation or other type of administrative proceedings.

However, in some cases, You do not have to exhaust the Internal Appeal process before You move on to an External Review. These situations are:

- We waive the Internal Appeal process;
- You have an Urgent Care situation or a claim that involves ongoing Treatment. In these situations, You may have Your claim go through the External Review at the same time as the Internal Appeal process; and
- We did not follow all of the State or Federal claim determination and appeal requirements. However, You will not be able to proceed directly to an External Review if:
 - The rule violation was minor and not likely to influence a decision or harm You;
 - The violation was for a good cause or a matter beyond Our control;
 - The violation was part of an ongoing good faith exchange of information between You and Us.

Within 1 business day of making a determination, You will be notified if the external review request is denied and You will be provided with: (1) the reasons why the claim is initially ineligible for external review; or (2) the information or materials needed for a complete request. In the event Your request is denied due to lack of information or materials, You must perfect Your claim by the later of the end of the 4-month period following the final internal Adverse Benefit Determination or 48 hours following notification that Your request for external review was denied.

If initially eligible for an external review, We will assign the request to an IRO. The IRO will make a determination and provide You and Us with notice of its determination within 45 days of receiving the review request.

You will be responsible for paying a fee of \$25.00 to the Massachusetts Office Of Patient Protection which will accompany the external review request for a review. The fee may be waived by the Massachusetts Office of Patient Protection if it determines it will cause an extreme financial hardship.

EXPEDITED EXTERNAL REVIEW

If, due to Your medical condition, the time frame for completion of the standard external review process would seriously jeopardize Your life or health or Your ability to regain maximum function, You may request an expedited external review, the preliminary review will be completed immediately. If determined to be initially eligible, We will assign the request to an IRO and the IRO will complete the review as expeditiously as Your medical condition requires, but in no event more than 72 hours after receiving the request. If the notice is provided to You orally, a written or electronic notification will be sent to You no later than 48 hours after the oral notification.

Expedited Process for Insured Persons with Terminal Illness

2. If an expediated review process affirms the denial of coverage or Treatment of the Terminal Illness, We will provide to the Insured Person or their Authorized Representative, if any, within five (5) business days of the decision:
 - a. The reason for the denial, citing specific medical and scientific reasons for the denial;
 - b. a description of alternative Treatment, services or supplies covered or provided by Us, if any.
3. If the expediated review process affirms the denial of coverage or treatment, We will allow You or Your

Authorized Representative, if any, to request a conference.

- a. YOUR HEALTH INFORMATION

How We Acquire Your Information

In order to provide you with insurance coverage, we need Personal Information about you. We gather this information from a variety of sources including your employer, your health care provider, your school, other insurers, and third party administrators (TPAs). This information is necessary to properly administer your health plan benefits.

How We use Your Health Information

Below are some examples of how we use and disclose your Health Information. Broadly, we will use and disclose your Health Information for Treatment, Payment and Health Care Operations.

Treatment refers to the health care treatment you receive. We do not provide treatment, but we may disclose certain information to doctors, dentists, pharmacies, hospitals, and other health care providers who will take care of you. For example, a doctor may send us information about your diagnosis and treatment so we can develop a health care plan and arrange additional services.

Payment refers to activities involving the collection of premiums, payment of claims, and determining covered services. For example, we may review your Health Information to determine if a particular treatment is medically necessary and what that payment for the services should be.

Health Care Operations refers to the business functions necessary for us to operate, such as audits, complaints responses and quality assurance activities. For example, we would use your Health Information (but not genetic information) for underwriting and calculating rates, or we may use your Health Information to detect and investigate fraud.

Additionally:

- We may **confirm enrollment** in the health plan with the appropriate party.
- If you are a **dependent** of someone on the plan, we may disclose certain information to the plan's subscriber, such as an explanation of benefits for a service you may have received.
- We may share enrollment information, payment information, or other Health Information in order to coordinate treatment or other services you may need.

We may disclose your information when instructed to do so, including:

- **Health oversight activities** may require that we disclose your information to governmental, licensing, auditing and accrediting agencies;
- **Legal proceedings** may require disclosure of your Health Information in response to a court order or administrative order, or in response to a subpoena, discovery request, warrant, summons, or other valid process;
- **Law enforcement activities** might require disclosure of certain Health Information to local, state or federal law enforcement, so long as the release is authorized or required by law;
- **As required by law** or to avert a serious threat to safety or health; and,
- To **certain government agencies**, such as the Department of health and Human Services or the Office of Civil Rights if they are conducting an investigation or audit.

Authorizations

Occasionally we may receive a request to share your information in a manner outside of how we normally use your Health Information, as described above. In those cases, we will ask you for your authorization before we share your Health Information.

YOUR RIGHTS

- We will accommodate reasonable requests;
- We are not required to agree to a request to restrict a disclosure unless you have paid for the cost of the health care item or service in full (i.e., the entire sum for the procedure performed) and disclosure is not otherwise required by law; and,
- If you are a minor, depending on the state you reside in, you may have the right in certain circumstances to block parental access to your Health Information. For example, a minor may have the rights of an adult with respect to diagnosis and care of conditions such as STDs, drug dependency, and pregnancy.

You have the **right to inspect and copy your Health Information** in our records. Please note that there are exceptions to this, such as:

- Psychotherapy notes;
- Information compiled in reasonable anticipation, or for use in, a civil, criminal or administrative action or proceeding;
- Health Information that is subject to a law prohibiting access to that information; or,
- If the Health Information was obtained from someone other than us under a promise of confidentiality and the access request would be reasonably likely to reveal the source of the information.

We may deny your request to inspect and copy your Health Information if:

- The Health Information makes reference to another person and a licensed health care professional has determined that access requested is reasonably likely to cause substantial harm to another; or,
- A licensed health care professional has determined that access requested by your personal representative is likely to cause substantial harm to you or another person.

You have the **right to request an amendment** to your Health Information if you believe the information we have on file is incomplete or inaccurate. Your request must be in writing and must include the reason for the request. If we deny your request, you may file a written statement of disagreement.

You have the right to know who we have provided your information to - - this is known as an **accounting of disclosures**. A request for an accounting of disclosures must be submitted in writing to the address below. The accounting will not include disclosures made for treatment, payment, health care operations, for law enforcement purposes, or as otherwise permitted or required by law. If you request an accounting of disclosures more than once in a twelve (12) month period we may charge a reasonable fee to process, compile and deliver the information to you this second time.

You have a **right to receive a paper copy of this Notice**. Simply call the customer service line indicated on your ID card and request a paper copy be mailed to you. You may also submit a written request to us at the address below.
