## Schedule of benefits

---

This schedule of benefits lists the **policy year deductibles**, **copayments** and **coinsurance** that apply to the services you receive under this plan. You should review this schedule of benefits to become familiar with your **policy year deductibles**, **copayments** and **coinsurance** and any limits that apply to the services and supplies.

### How to read your schedule of benefits

- When we say:
  - “In-network coverage”, we mean you get care from our **in-network providers**.
  - “Out-of-network coverage”, we mean you can get care from **out-of-network providers**.
- The **policy year deductibles**, **copayments** and **coinsurance** listed in the schedule of benefits below reflect the **policy year deductibles**, **copayments** and **coinsurance** amounts under your plan.
- The **coinsurance** listed in the schedule of benefits reflects the plan **coinsurance** percentage. This is the **coinsurance** amount that the plan pays. You are responsible for paying any remaining **coinsurance**.
- You are responsible for paying any **policy year deductibles**, **copayments** and your **coinsurance**.
- You are responsible for full payment of any health care services you received that are not **covered benefits**.
- This plan has maximums for specific **covered benefits**. For example, these could be visit, day or dollar maximums. They are separate maximums for **in-network providers** and **out-of-network providers** unless we state otherwise.
- At the end of this schedule of benefits you will find detailed explanations about your:
  - **Policy year deductibles**
  - **Copayments**
  - **Maximums**
  - **Coinsurance**
  - **Maximum out-of-pocket limits**

#### Important note:

All **covered benefits** are subject to the **policy year deductible**, **copayment** and **coinsurance** unless otherwise noted in the schedule of benefits below. The *Surprise bill* section in the certificate of coverage explains your protections from a surprise bill.

### How to contact us for help

We are here to answer your questions.

- Log in to your **Aetna**® website at <https://www.aetnastudenthealth.com>
- Call Member Services at the toll-free number on your ID card

The coverage described in this schedule of benefits will be provided under **Aetna’s student policy**. This schedule of benefits replaces any schedule of benefits previously in effect under the **student policy** for medical and **pharmacy** coverage. Keep this schedule of benefits with your certificate of coverage.

## Important note about your cost sharing

The way the cost sharing works under this plan, you pay the **policy year deductible** first. Then you pay your **copayment** and then you pay your **coinsurance**. Your **copayment** does not apply towards any **policy year deductible**.

You are required to pay the **policy year deductible** before **eligible health services** are **covered benefits** under the plan, and then you pay your **copayment** and **coinsurance**.

Here's an example of how cost sharing works:

- You pay your **policy year deductible** of \$1,000
- Your **physician** charges \$120
- Your **physician** collects the **copayment** from you – \$20
- The plan pays 80% **coinsurance** – \$80
- You pay 20% **coinsurance** – \$20

## Plan features

### Policy year deductibles

Deductible type	In-network coverage	Out-of-network coverage
Student	\$250 per <b>policy year</b>	\$600 per <b>policy year</b>
Spouse	\$250 per <b>policy year</b>	\$600 per <b>policy year</b>
Each child	\$250 per <b>policy year</b>	\$600 per <b>policy year</b>

### Policy year deductible waiver

The **policy year deductible** is waived for all of the following **eligible health services**:

- In-network care for *Preventive care and wellness; Pediatric Dental Type A services; Pediatric Vision Care Services; Physician, specialist including Consultants Office visits (non-surgical/non-preventive care by a physician and specialist); Walk-in clinic visits (non-emergency visit); and Mental Health & Substance Abuse Treatment Outpatient Office Visits*
- In-network care and out-of-network care for *Pediatric preventive care immunizations; Hospital emergency room; Well newborn nursery care; Outpatient prescription drugs; Nutritional supplements; and Hospital emergency room*

### Maximum out-of-pocket limits

Maximum out-of-pocket limit per **policy year**

Maximum out-of-pocket type	In-network coverage	Out-of-network coverage
Student	\$6,850 per <b>policy year</b>	\$15,000 per <b>policy year</b>
Spouse	\$6,850 per <b>policy year</b>	\$15,000 per <b>policy year</b>
Each child	\$6,850 per <b>policy year</b>	\$15,000 per <b>policy year</b>
Family	\$13,700 per <b>policy year</b>	Unlimited

### **Precertification covered benefit penalty**

This only applies to out-of-network coverage. The certificate of coverage contains a complete description of the **precertification** program. You will find details on **precertification** requirements in the *Medical necessity and precertification requirements* section.

Failure to **precertify** your **eligible health services** when required will result in the following benefit penalty:

- A \$500 benefit penalty will be applied separately to each type of **eligible health service**

The additional percentage or dollar amount of the **recognized charge** which you may pay as a penalty for failure to obtain **precertification** is not a **covered benefit**, and will not be applied to the out-of-network **policy year deductible** amount or the **maximum out-of-pocket limit**, if any.

## Eligible health services

### Coinsurance listed in the schedule of benefits

The **coinsurance** listed in the schedule of benefits below reflects the plan **coinsurance** percentage. This is the **coinsurance** amount that the plan pays. You are responsible for paying any remaining **coinsurance**.

- **Out-of-network providers** do not have a contract with us. The **provider** may not accept payment of your cost share as payment in full. You may receive a bill for the difference between the amount billed by the **provider** and the amount paid by the plan. If the **provider** bills you for an amount above your cost share, you are not responsible for paying that amount. You should send the bill to the address listed on your ID card, or call Member Services for an address at 1-877-480-4161 and we will resolve any payment issue with the **provider**. Make sure the member ID is on the bill.
- A separate **hospital** emergency room **copayment** will apply for each visit to an emergency room. If you are admitted to a **hospital** as an inpatient right after a visit to an emergency room, your emergency room **copayment** will be waived and your inpatient **copayment** will apply.
- **Covered benefits** that are applied to the **hospital** emergency room **copayment** cannot be applied to any other **copayment** under the plan. Likewise, a **copayment** that applies to other **covered benefits** under the plan cannot be applied to the **hospital** emergency room **copayment**.
- Separate **copayment** amounts may apply for certain services given to you in the **hospital** emergency room that are not part of the **hospital** emergency room benefit. These **copayment** amounts may be different from the **hospital** emergency room **copayment**. They are based on the specific service given to you.
- Services given to you in the **hospital** emergency room that are not part of the **hospital** emergency room benefit may be subject to **copayment** amounts.

**Outpatient prescription drugs important note:**

**Dispense As Written (DAW)**

If a **prescriber** prescribes a covered **brand-name prescription drug** where a **generic prescription drug** equivalent is available and specifies “Dispense As Written” (DAW), you will pay the cost sharing for the **brand-name prescription drug**. If a **prescriber** does not specify DAW and you request a covered **brand-name prescription drug** where a **generic prescription drug** equivalent is available, you will be responsible for the cost difference between the **brand-name prescription drug** and the **generic prescription drug**, plus the cost sharing that applies to the **brand-name prescription drug**. The cost difference related to a **prescription drug** that is not specified as DAW is not applied towards your outpatient **prescription drug policy year deductible** or **maximum out-of-pocket limit**.

## General coverage provisions

This section provides detailed explanations about these features:

- **Policy year deductibles**
- **Copayments**
- **Maximums**
- **Coinsurance**
- **Maximum out-of-pocket limits**

## Policy year deductible provisions

The medical **policy year deductibles** will not be applied to satisfy the **prescription drug policy year deductibles**. The **prescription drug policy year deductibles** will not be applied to satisfy the medical **policy year deductibles**.

The **policy year deductible** may not apply to certain **eligible health services**. You must pay any applicable **copayments** for **eligible health services** to which the **policy year deductible** does not apply.

## Individual

This is the amount you owe for in-network and out-of-network **eligible health services** each **policy year** before the plan begins to pay for **eligible health services**. See the *Policy year deductibles* provision at the beginning of this schedule for any exceptions to this general rule. This **policy year deductible** applies separately to you and each of your **covered dependents**. After the amount you pay for **eligible health services** reaches the **policy year deductible**, this plan will begin to pay for **eligible health services** for the rest of the **policy year**.

## Copayments

### In-network coverage

This is a specified dollar amount or percentage that must be paid by you when you receive **eligible health services** from an **in-network provider**. If Aetna compensates **in-network providers** on the basis of the **negotiated charge** amount, your percentage **copayment** is based on this amount.

### Out-of-network coverage

This is a specified dollar amount or percentage that must be paid by your when you receive **eligible health services** from an **out-of-network provider**. If Aetna compensates **out-of-network providers** on the basis of the **recognized charge** amount, your percentage **copayment** is based on this amount.

## Coinsurance

**Coinsurance** is both the percentage of **eligible health services** that the plan pays and what you pay. The specific percentage that we have to pay for **eligible health services** is listed earlier in the schedule of benefits.

**Coinsurance** is not a **copayment**.

## Maximum out-of-pocket limits provisions

**Eligible health services** applied to the out-of-network **maximum out-of-pocket limit** will not be applied to satisfy the in-network **maximum out-of-pocket limit**. **Eligible health services** applied to the in-network **maximum out-of-pocket limit** will not be applied to satisfy the out-of-network **maximum out-of-pocket limit**.

The **maximum out-of-pocket limit** is the maximum amount you are responsible to pay for **copayments**, **coinsurance** and **policy year deductibles** for **eligible health services** during the **policy year**. This plan has an individual and family **maximum out-of-pocket limit**. As to the individual **maximum out-of-pocket limit** each of you must meet your **maximum out-of-pocket limit** separately.

## Individual

Once the amount of the **copayments, coinsurance** and **policy year deductibles** you and your **covered dependents** have paid for **eligible health services** during the **policy year** meets the individual **maximum out-of-pocket limits**, this plan will pay:

- 100% of the **negotiated charge** for in-network **covered benefits**
- 100% of the **recognized charge** for out-of-network **covered benefits**

that apply towards the limits for the rest of the **policy year** for that person.

## Family

Once the amount of the **copayments, coinsurance** and **policy year deductibles** you and your **covered dependents** have paid for **eligible health services** during the **policy year** meets this family **maximum out-of-pocket limit**, this plan will pay:

- 100% of the **negotiated charge** for in-network **covered benefits**
- 100% of the **recognized charge** for out-of-network **covered benefits**

that apply towards the limits for the rest of the **policy year** for all covered family members.

To satisfy this family **maximum out-of-pocket limit** for the rest of the **policy year**, the following must happen:

- The family **maximum out-of-pocket limit** is a cumulative **maximum out-of-pocket limit** for all family members. The family **maximum out-of-pocket limit** can be met by a combination of family members with no single individual within the family contributing more than the individual **maximum out-of-pocket limit** amount in a **policy year**.
- The **maximum out-of-pocket limit** is the maximum amount you are responsible to pay for **eligible health services** during the **policy year**. This plan has an individual and family **maximum out-of-pocket limit**.
- The **maximum out-of-pocket limit** may not apply to certain **eligible health services**. If the **maximum out-of-pocket limit** does not apply to a **covered benefit**, your **copayment** and **coinsurance** for that **covered benefit** will not count toward satisfying the **maximum out-of-pocket limit** amount.

## Medical and outpatient prescription drugs

### In-network care

Costs that you incur that do not apply to your in-network **maximum out-of-pocket limits**.

Certain costs that you incur do not apply toward the **maximum out-of-pocket limit**. These include:

- All costs for non-covered services
- Any out of pocket costs for comprehensive infertility

### Out-of-network care

Costs that you incur that do not apply to your out-of-network **maximum out-of-pocket limit**.

Certain costs that you incur do not apply toward the **maximum out-of-pocket limit**. These include:

- Charges, expenses or costs in excess of the **recognized charge**
- Any out-of-pocket costs for comprehensive **infertility**
- All costs for non-covered services
- **Precertification** penalties because you did not get a service or supply **precertified**

**Calculations; determination of recognized charge; determination of benefits provisions**

Your financial responsibility for the costs of services will be calculated on the basis of when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment or portions of **stays** that occur in more than one **policy year**. Determinations regarding when benefits are covered are subject to the terms and conditions of the certificate of coverage.

#### IMPORTANT NOTICES:

- **Notice of Non-Discrimination:**

**Aetna Life Insurance Company** does not discriminate on the basis of race, color, national origin, disability, age, sex, gender identity, sexual orientation, or health status in the administration of the plan including enrollment and benefit determinations.

- **Sanctioned Countries:**

If coverage provided under this **student policy** violates or will violate any economic or trade sanctions, the coverage will be invalid immediately. For example, we cannot pay for **eligible health services** if it violates a financial sanction regulation. This includes sanctions related to a person or a country under sanction by the United States, unless it is allowed under a written license from the Office of Foreign Asset Control (OFAC). # Welcome

---

Thank you for choosing **Aetna**®.

This is your certificate of coverage. It is one of three documents that together describe the benefits covered by your **Aetna** plan.

This certificate of coverage will tell you about your **covered benefits** – what they are and how you get them. It is your certificate of coverage under the **student policy**, and it replaces all certificates of coverage describing similar coverage that were previously sent to you. The second document is the schedule of benefits. It tells you how we share expenses for **eligible health services** and tells you about limits – like when your plan covers only a certain number of visits.

The third document is the **student policy** between **Aetna Life Insurance Company** (“**Aetna**”) and the **policyholder**. Ask the **policyholder** if you have any questions about the **student policy**.

You have 10 days after you receive these documents to read and review them. During that 10-day period, if you decide you do not want the **student policy**, you may return it to us at the address stated in the “If you want to discuss the coverage section”. As soon as it is returned, this **student policy** will be void from the beginning. **Premium** paid will be paid back in full. This includes any policy fees or charges minus the cost of services paid on behalf of the **covered persons**.

Sometimes, we may send you documents that are amendments, endorsements, attachments, inserts or riders. They change or add to the documents that they’re part of. When you receive these, they are considered part of your **Aetna** plan for coverage.

Where to next? Take a look at the *Table of contents* section or try the *Let’s get started!* section right after it. The *Let’s get started!* section gives you a summary of how your plan works. The more you understand, the more you can get out of your plan.

Welcome to your **Aetna** plan.

# Let's get started!

---

Here are some basics. First things first – some notes on how we use words. Then we explain how your plan works so you can get the most out of your coverage. But for all the details – and this is very important – you need to read this entire certificate of coverage and the schedule of benefits. And if you need help or more information, we tell you how to reach us.

## Some notes on how we use words in the certificate of coverage and schedule of benefits

- When we say “you” and “your”, we mean the **covered student** and any **covered dependents**
- When we say “us”, “we”, and “our”, we mean **Aetna**
- Some words appear in **bold** type and we define them in the *Glossary* section

Sometimes we use technical medical language that is familiar to medical **providers**.

## What your plan does – providing covered benefits

Your plan provides **covered benefits**. These are **eligible health services** for which your plan has the obligation to pay.

This plan provides **covered benefits** for medical and pharmacy services.

## How your plan works – starting and stopping coverage

Your coverage under the plan has a start and an end. You start coverage after the eligibility and enrollment process is completed. To learn more see the *Who the plan covers* section.

Your coverage typically ends when you are no longer a student. Family members can lose coverage for many reasons. To learn more see the *When coverage ends* section.

Ending coverage under the plan doesn't necessarily mean you lose coverage with us. See the *Special coverage options after your plan coverage ends* section.

## Eligible health services

**Physician** and **hospital** services are the foundation for many other services. You'll probably find the preventive care, **emergency services** and **urgent condition** coverage especially important. But the plan won't always cover the services you want. Sometimes it doesn't cover health care services your **physician** will want you to have.

So what are **eligible health services**? They are health care services that meet these three requirements:

- They are listed in the *Eligible health services and exclusions* section.
- They are not carved out in the *What your plan doesn't cover –general exclusions* section.
- They are not beyond any limits in the schedule of benefits.

## Paying for eligible health services – the general requirements

There are several general requirements for the plan to pay any part of the expense for an **eligible health service**. They are:

- The **eligible health service** is **medically necessary**
- You get the **eligible health service** from an **in-network provider** or **out-of-network provider**
- You or your **provider** **precertifies** the **eligible health service** when required

You will find details on **medical necessity** and **precertification** requirements in the *Medical necessity and precertification requirements* section.

## Paying for eligible health services – sharing the expense

Generally your plan and you will share the expense of your **eligible health services** when you meet the general requirements for paying.

But sometimes your plan will pay the entire expense and sometimes you will. For more information see the *What the plan pays and what you pay* section, and see the schedule of benefits.

## Disagreements

We know that people sometimes see things differently.

The plan tells you how we will work through our differences. And if we still disagree, an independent group of experts called an “external review organization” or ERO for short, will make the final decision for us.

For more information see the *When you disagree - claim decisions and appeals procedures* section.

## How your plan works while you are covered for in-network coverage

Your in-network coverage helps you:

- Get and pay for a lot of – but not all – health care services
- Pay less cost share when you use an **in-network provider**

Generally your in-network coverage will pay only when you get care from an **in-network provider**.

## School health services

**School health services** can give you some of the care that you need. Contact them first before seeking care.

**School health services** will generally provide your routine care and send you to other **providers** when you need specialized care or services that **school health services** cannot provide.

You don’t have to access care through **school health services**. You may go directly to **in-network providers** for **eligible health services**. Your plan often will pay a bigger share for **eligible health services** that you get through **school health services**.

For more information about **in-network providers** and the role of **school health services**, see the *Who provides the care* section.

## Aetna's network of providers

Aetna's network of **physicians, hospitals** and other health care **providers** is there to give you the care that you need. You can find **in-network providers** and see important information about them most easily on our online **provider directory**. Just log in to your Aetna website at <https://www.aetnastudenthealth.com>.

If you can't find an **in-network provider** for a service or supply that you need, call Member Services at the toll-free number on your ID card. We will help you find an **in-network provider**. If we can't find one, we may give you a pre-approval to get the service or supply from an **out-of-network provider**. When you get a pre-approval for an **out-of-network provider**, **covered benefits** are paid at the in-network coverage level of benefits.

## How your plan works while you are covered for out-of-network coverage

The section above told you how your plan works while you are covered for in-network coverage. You also have coverage when:

- You want to get your care from **providers** who are not part of the **Aetna** network

It's called out-of-network coverage. Your out-of-network coverage helps you get and pay for a lot of – but not all –health care services.

Your out-of-network coverage:

- Means you can get care from **providers** who are not part of the **Aetna** network.
- Means you will have to pay for services at the time that they are provided. You will be required to pay the full charges and submit a claim for reimbursement to us. You are responsible for completing and submitting claim forms for reimbursement of **eligible health services** that you paid directly to a **provider**.
- Means that when you use out-of-network coverage, it is your responsibility to start the **precertification** process with **providers**.
- Means you may pay a higher cost share when you use an **out-of-network provider**.

You will find details on:

- **Precertification** requirements in the *Medical necessity and precertification requirements* section.
- **Out-of-network providers** and any exceptions in the *Who provides the care* section.
- Cost sharing in the *What the plan pays and what you pay* section, and your schedule of benefits.
- Claim information in the *When you disagree - claim decisions and appeals procedures* section.

## Surprise bill

There may be times when you unknowingly receive services or don't consent to receive services from an **out-of-network provider**, even when you try to stay in the network for your **eligible health services**. You may get a bill at the out-of-network rate that you didn't expect. This is called a surprise bill.

An **out-of-network provider** can't balance bill or attempt to collect costs from you that exceed your in-network cost-sharing requirements, such as **deductibles, copayments** and **coinsurance** for the following services:

- **Emergency services** provided by an **out-of-network provider** and ancillary services initiated from your **emergency service**
- Non-emergency services provided by an **out-of-network provider** at an in-network facility, except when the **out-of-network provider** has given you a form for your consent to be balance billed for those out-of-network services. The form must contain the following:
  - The out-of-network notice for your signature
  - The estimated charges for the items and services
  - Notice that the **provider** is an **out-of-network provider**
- Out-of-network air **ambulance** services

Ancillary services mean any professional services including:

- Anesthesiology
- Assistant surgeon
- Hospitalist services
- Intensivist services
- Items and services related to emergency medicine
- Laboratory services
- Neonatology
- Pathology
- Radiology
- Services provided by an **out-of-network provider** because there was no **in-network provider** available to perform the service

A facility in this instance means an institution providing health care related services, or a health care setting. This includes the following:

- **Hospitals** and other licensed inpatient centers
- Ambulatory surgical or treatment centers
- **Skilled nursing facilities**
- **Residential treatment facilities**
- Diagnostic, laboratory, and imaging centers
- Rehabilitation facilities
- Other therapeutic health settings

A surprise bill claim is paid based on the median contracted rate for all plans offered by us in the same insurance market for the same or similar item or service that is all of the following:

- Provided by a **provider** in the same or similar specialty or facility of the same or similar facility type
- Provided in the geographic region in which the item or service is furnished

The median contracted rate is subject to additional adjustments as specified in federal regulations.

Any cost share paid with respect to the items and services will apply toward your in-network **deductible** and **maximum out-of-pocket limit** if you have one.

It is not a surprise bill when you knowingly choose to go out-of-network and have signed a consent notice for these services. In this case, you are responsible for all charges.

If you receive a surprise bill or have any questions about what a surprise bill is, contact us.

## How to contact us for help

We are here to answer your questions. You can contact us by:

- Calling our Member Services at the toll-free number on your ID card
- Writing us at **Aetna Life Insurance Company**, 151 Farmington Ave, Hartford, CT 06156
- Visiting <https://www.aetnastudenthealth.com> to register and access your **Aetna** website

**Aetna's** online tools will make it easier for you to make informed decisions about your health care, view claims, research care and treatment options, and access information on health and wellness.

## Your ID card

We issued to you a digital ID card which you can view or print by going to the website at <https://www.aetnastudenthealth.com>. When visiting **physicians, hospitals, and other providers**, you don't need to show them an ID card. Just provide your name, date of birth and either your digital ID card or social security number. The **provider** office can use that information to verify your eligibility and benefits.

Remember, only you and your **covered dependents** can use your digital ID card. If you misuse your card by allowing someone else to use it, that is fraud and we may end your coverage. See the *Honest mistakes and intentional deception* section for details.

If you don't have internet access, call Member Services at the toll-free number in the *How to contact us for help* section. You can also access your ID card when you're on the go. To learn more, visit us at <https://www.aetnastudenthealth.com>.

## Who the plan covers

---

The **policyholder** decides and tells us who is eligible for health care coverage.

You will find information in this section about:

- Who is eligible?
- When you can join the plan
- Who can be on your plan (who can be your dependent)
- Adding new dependents
- Special times you and your dependents can join the plan

### Who is eligible?

You are eligible if you are a:

- Domestic Full-Time Undergraduate student. Full-time student is defined as 12 credit hour(s)
- International Full-time student. Full-time student is defined as 12 credit hour(s)

You must actively attend classes for at least the first 31 days after the date your coverage becomes effective.

You cannot meet this eligibility requirement if you take courses through:

- Home study
- Correspondence
- The internet
- Television (TV)

### Medicare eligibility

You are not eligible for health coverage under this **student policy** if you have **Medicare** at the time of enrollment in this student plan.

If you obtain **Medicare** after you enrolled in this student plan, your health coverage under this plan will not end.

As used here, “have **Medicare**” means that you are entitled to benefits under Part A (receiving free Part A) or enrolled in Part B or Premium Part A.

### When you can join the plan

As a student you can enroll yourself and your dependents:

- During the enrollment period
- At other special times during the year (see the *Special times you and your dependents can join the plan* section below)

If you do not enroll yourself and your dependents when you first qualify for medical benefits, you may have to wait until the next enrollment period to join.

## Who can be on your plan (who can be your dependent)

If your plan includes dependent coverage, you can enroll the following family members on your plan. They are referred to in this certificate of coverage as your “**covered dependents**” or “dependents”.)

- Your legal spouse that resides with you
- Your dependent children – your own or those of your spouse
  - The children must be under 26 years of age, and they include:
    - Biological children
    - Stepchildren
    - Legally adopted children
    - A child legally placed with you for adoption (including a foster child)

A dependent does not include:

- An eligible student listed above in the *Who is eligible* section

You may continue coverage for a disabled child past the age limit shown above. See the *Continuation of coverage for other reasons* in the *Special coverage options after your plan coverage ends* section for more information.

## Adding new dependents

You can add the following new dependents at any time during the year:

- A spouse - If you marry, you can put your spouse on your plan.
  - We must receive your completed enrollment information not more than 31 days after the date of your marriage.
  - Ask the **policyholder** when benefits for your spouse will begin. It will be:
    - No later than the first day of the first calendar month after the date we receive your completed enrollment information and
    - Within 31 days of the date of your marriage.
- A newborn child - Your newborn child is covered on your health plan for the first 31 days from the moment of birth.
  - To keep your newborn covered, you must notify us (or our agent) of the birth and pay any required **premium** contribution during that 31 day period.
  - You must still enroll the child within 31 days of birth even when coverage does not require payment of an additional **premium** contribution for the newborn.
  - If you miss this deadline, your newborn will not have health benefits after the first 31 days.
  - If your coverage ends during this 31 day period, then your newborn’s coverage will end on the same date as your coverage. This applies even if the 31 day period has not ended.
- An adopted child or a child legally placed with you for adoption - A child that you, or that you and your spouse adopts or is placed with you for adoption is covered on your plan for the first 31 days after the adoption or the placement is complete.
  - To keep your child covered, we must receive your completed enrollment information within 31 days after the adoption or placement for adoption.
  - You must still enroll the child within 31 days of the adoption or placement for adoption even when coverage does not require payment of an additional **premium** contribution for the child.
  - If you miss this deadline, your adopted child or child placed with you for adoption will not have health benefits after the first 31 days.
  - If your coverage ends during this 31 day period, then coverage for your adopted child or child placed with you for adoption will end on the same date as your coverage. This applies even if the 31 day period has not ended.

- A stepchild - You may put a child of your spouse on your plan.
  - You must complete your enrollment information and send it to us within 31 days after the date of your marriage with your stepchild's parent.
  - Ask the **policyholder** when benefits for your stepchild will begin. It is either on the date of your marriage or the first day of the month following the date we receive your completed enrollment information.
  - To keep your stepchild covered, we must receive your completed enrollment information within 31 days after the date of your marriage.
  - You must still enroll the stepchild within 31 days after the date of your marriage, even when coverage does not require payment of an additional **premium** contribution for the stepchild.
  - If you miss this deadline, your stepchild will not have health benefits after the first 31 days.
  - If your coverage ends during this 31 day period, then your stepchild's coverage will end on the same date as your coverage. This applies even if the 31 day period has not ended.
- Dependent coverage due to a court order: If you must provide coverage to a dependent because of a court order, your dependent is covered on your health plan for the first 31 days from the court order.
  - To keep your dependent covered, we must receive your completed enrollment information within 31 days of the court order.
  - You must still enroll the dependent within 31 days of the court order even when coverage does not require payment of an additional **premium** contribution for the dependent.
  - If you miss this deadline, your dependent will not have health benefits after the first 31 days.
  - If your coverage ends during this 31 day period, then your dependent's coverage will end on the same date as your coverage. This applies even if the 31 day period has not ended.

## Notification of change in status

It is important that you notify us and the policyholder of any changes in your benefit status. This will help us effectively deliver your benefits. Please notify us and the policyholder as soon as possible of status changes such as:

- Change of address or phone number
- Change in marital status
- Enrollment in Medicare
- Change of covered dependent status
- You or your covered dependents enroll in any other health plan

## Special times you and your dependents can join the plan

You can enroll in these situations:

- When you did not enroll in this plan before because:
  - You were covered by another health plan, and now that other coverage has ended.
  - You had COBRA, and now that coverage has ended.
  - You have added a dependent because of marriage, birth, adoption, placement for adoption, or foster care. See the *Adding new dependents* section for more information.
- You or your dependents become eligible for State premium assistance under Medicaid or an S-CHIP plan for the payment of your **premium** contribution for coverage under this plan.
- When a court orders that you cover a current spouse or a minor child on your health plan.
- When you are a victim of domestic abuse or spousal abandonment and you don't want to be enrolled in the perpetrator's health plan.

We must receive your completed enrollment information from you within 31 days of that date on which you no longer have the other coverage mentioned above.

## Effective date of coverage

### Enrollment

#### Student coverage

If you enrolled on or before the effective date of the **student policy** and you were eligible for health benefits at the time, your coverage will take effect as of the effective date of the **student policy**. Your coverage will take effect on this date if we received your completed enrollment application or you did not submit a waiver form to waive automatic enrollment in the student plan and you paid any required **premium** contribution.

If you enroll after the effective date of the **student policy** and you are eligible for health benefits at the time, your coverage will take effect as of that date as long as:

- We agree
- We receive your completed request for enrollment
- You pay any **premium** contribution.

#### Dependent coverage

Your dependent's coverage will take effect on the date we receive a completed enrollment application and you pay any required **premium** contribution. See the *Adding new dependents* section for details.

#### Late enrollment

If we receive your enrollment application and **premium** contribution more than 31 days after the date you become eligible, coverage will only become effective if, and when:

- We agree to enroll you
- You enroll during the **policyholder's** late enrollment period, or
- You enroll because you lost coverage for any reason under another health plan with similar health coverage

## Medical necessity and precertification requirements

---

The starting point for **covered benefits** under your plan is whether the services and supplies are **eligible health services**. See the *Eligible health services and exclusions* and *General exclusions* sections plus the schedule of benefits.

Your plan pays for its share of the expense for **eligible health services** only if the general requirements are met. They are:

- The **eligible health service** is **medically necessary**
- You or your **provider** **precertifies** the **eligible health service** when required

This section addresses the **medical necessity** and **precertification** requirements.

### Medically necessary; medical necessity

As we said in the *Let's get started!* section, **medical necessity** is a requirement for you to receive a **covered benefit** under this plan.

The **medical necessity** requirements are stated in the *Glossary* section, where we define "**medically necessary, medical necessity**". That is where we also explain what our medical directors or their **physician** designees consider when determining if an **eligible health service** is **medically necessary**.

Our clinical policy bulletins explain our policy for specific services and supplies. We use these bulletins and other resources to help guide individualized coverage decisions under our plans. You can find the bulletins and other information at <https://www.aetna.com/health-care-professionals/clinical-policy-bulletins.html>.

### Precertification

You need **precertification** from us for some **eligible health services**.

#### Precertification for medical services and supplies

##### In-network care

Your in-network **physician** is responsible for obtaining any necessary **precertification** before you get the care. If your in-network **physician** doesn't get a required **precertification**, we won't pay the **provider** who gives you the care. You won't have to pay either if your in-network **physician** fails to ask us for **precertification**. If your in-network **physician** requests **precertification** and we refuse it, you can still get the care but the plan won't pay for it. You will find details on requirements in the *What the plan pays and what you pay - Important exceptions – when you pay all* section.

##### Out-of-network care

When you go to an **out-of-network provider**, it is your responsibility to obtain **precertification** from us for any services and supplies on the **precertification** list. If you do not **precertify**, your benefits may be reduced, or the plan may not pay any benefits. Refer to your schedule of benefits for this information. The list of services and supplies requiring **precertification** appears later in this section. Also, for any **precertification** benefit penalty that is applied, see the schedule of benefits *Precertification covered benefit penalty* section.

### Precertification call

**Precertification** should be secured within the timeframes specified below. To obtain **precertification**, call Member Services at the toll-free number on your ID card. This call must be made for:

Non- <b>emergency</b> admissions:	You, your <b>physician</b> or the facility will need to call and request <b>precertification</b> at least 14 days before the date you are scheduled to be admitted.
An <b>emergency admission</b> :	You, your <b>physician</b> or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
An <b>urgent admission</b> :	You, your <b>physician</b> or the facility will need to call before you are scheduled to be admitted. An <b>urgent admission</b> is a <b>hospital</b> admission by a <b>physician</b> due to the onset of or change in an <b>illness</b> , the diagnosis of an <b>illness</b> , or an <b>injury</b> .
Outpatient non- <b>emergency services</b> requiring <b>precertification</b> :	You or your <b>physician</b> must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.

### Notification calls for certain medical conditions

You must notify us for certain medical conditions within the timeframe specified below. No penalty will apply if you fail to notify us. To notify us, call the Member Services toll-free number on your ID card.

Notification call for an <b>emergency medical condition</b> :	You, your <b>physician</b> or the facility must call us within 24 hours or as soon as reasonably possible after receiving emergency outpatient care, treatment or procedure.
---	--

### Written notification of precertification decisions

We will provide a written notification to you and your **physician** of the **precertification** decision, where required by state law and within the timeframe specified by state law. If your **precertified** services are approved, the approval is valid for 60 days as long as you remain enrolled in the plan.

### Inpatient and outpatient precertification

When you have an inpatient admission to a facility, we will notify you, your **physician** and the facility about your **precertified** length of **stay**. If your **physician** recommends that your **stay** be extended, additional days will need to be **precertified**. You, your **physician**, or the facility will need to call us at the number on your ID card as soon as reasonably possible, but no later than the final authorized day. We will review and process the request for an extended **stay**. You and your **physician** will receive a notification of an approval or denial.

When you have an outpatient service or supply that requires **precertification**, we will notify you, your **physician** and the facility about your **precertified** outpatient service or supply. If your **physician** recommends that your outpatient service or supply benefits be extended, the additional outpatient benefits will need to be **precertified**. You, your **physician**, or the facility will need to call us at the number on your ID card as soon as reasonably possible, but no later than the final day of the authorized outpatient service or supply. We will review and process the request for the extended outpatient benefits. You and your **physician** will receive a notification of an approval or denial.

If **precertification** determines that the **stay** or outpatient services and supplies are not **covered benefits**, the notification will explain why and how you can appeal our decision. You or your **provider** may request a review of the **precertification** decision. See the *When you disagree - claim decisions and appeals procedures* section.

## What if you don't obtain the required precertification?

If you don't obtain the required **precertification**:

- Your benefits may be reduced, or the plan may not pay any benefits. See the schedule of benefits *Precertification covered benefit penalty* section.
- You will be responsible for the unpaid balance of the bills.
- Any additional out-of-pocket expenses incurred will not count toward your out-of-network **policy year deductibles** or **maximum out-of-pocket limits**.

## What types of services and supplies require precertification?

**Precertification** is required for the following types of services and supplies:

Inpatient services and supplies	Outpatient services and supplies
Gender Affirming Treatment	ART Services
Gene-based, cellular and other innovative therapies (GCIT)	Certain <b>prescription drugs</b> and devices*
Obesity (bariatric) surgery	Comprehensive <b>infertility</b> services
<b>Stays</b> in a <b>hospice</b> facility	Gene-based, cellular and other innovative therapies (GCIT)
<b>Stays</b> in a <b>hospital</b>	Home health care
<b>Stays</b> in a <b>rehabilitation facility</b>	Hospice services
<b>Stays</b> in a <b>residential treatment facility</b> for treatment of <b>mental health disorders</b> and <b>substance related disorders</b>	<b>Injectables</b> , (immunoglobulins, growth hormones, multiple sclerosis medications, osteoporosis medications, Botox, hepatitis C medications)*
<b>Stays</b> in a <b>skilled nursing facility</b>	

\*For a current listing of the **prescription drugs** and medical **injectable drugs** that require **precertification**, contact Member Services by calling the toll-free number on your ID card or by logging in to the **Aetna** website at <https://www.aetnastudenthealth.com>.

Sometimes you or your **provider** may want us to review a service that doesn't require **precertification** before you get care. This is called a predetermination, and it is different from **precertification**. Predetermination means that you or your **provider** requests the pre-service clinical review of a service that does not require **precertification**.

## Precertification for prescription drugs and devices

Certain **prescription drugs** and devices are covered under the medical plan when they are given to you by your **physician** or health care facility and not obtained at a **pharmacy**. The following **precertification** information applies to these **prescription drugs** and devices.

For certain **prescription drugs** and devices, your **prescriber** or your pharmacist needs to get approval from us before we will agree to cover the **prescription drug** or device for you. Sometimes the requirement for getting approval in advance helps guide appropriate use of certain **prescription drugs** and devices and makes sure there is a **medically necessary** need for the **prescription drug** or device. For the most up-to-date information, call Member Services at the toll-free number on your ID card or log in to your Aetna website at <https://www.aetnastudenthealth.com>.

If you do not **precertify** a **prescription drug** or device, a penalty will apply. See the schedule of benefits. Contact your **prescriber** or pharmacist if a **prescription drug** or device requires **precertification**.

## Step therapy

There is another type of **precertification** for **prescription drugs**, and that is **step therapy**. **Step therapy** is a type of **precertification** where we require you to first try certain drugs to treat your medical condition before we will cover another drug for that condition.

You can obtain the most up-to-date information about **step therapy prescription drugs** by calling Member Services at the toll-free number on your ID card or by logging in to your **Aetna** website at <https://www.aetnastudenthealth.com>. Your **physician** can find additional details about the **step therapy prescription drugs** in our clinical policy bulletins.

## How can I request a medical exception?

Sometimes you or your **provider** may ask for a medical exception for **prescription drugs** that are not covered or for which coverage was denied. You, someone who represents you or your **provider** can contact us. You will need to provide us with the required clinical documentation. Any exception granted is based upon an individual and is a case by case decision that will not apply to other **covered persons**.

For directions on how you can submit a request for a review:

- Contact Member Services at the toll-free number on your ID card
- Go online at <https://www.aetnastudenthealth.com>
- Submit the request in writing to CVS Health, ATTN: **Aetna** PA, 1300 E Campbell Road, Richardson, TX 75081

You, someone who represents you or your **provider** may seek a quicker medical exception when the situation is urgent. It's an urgent situation when you have a health condition that may seriously affect your life, health, or ability to get back maximum function. It can also be when you are going through a current course of treatment using a non-covered drug.

## Eligible health services and exclusions

---

The information in this section is the first step to understanding your plan's **eligible health services**.

These services are:

- Described in this section
- Not listed as exclusions in this section or the *General exclusions* section
- Not beyond any limitations in the schedule of benefits

Your plan covers many kinds of health care services and supplies, such as **physician** care and **hospital stays**. But sometimes those services are not covered at all or are covered only up to a limit.

For example:

- **Physician** care generally is covered but **physician** care for **cosmetic** surgery is never covered. This is an exclusion.
- Home health care is generally covered but it is a **covered benefit** only up to a set number of visits a year. This is a limitation.

We explain **eligible health services** and exclusions in this section. You can find out about general exclusions in the *General exclusions* section and about limitations in the schedule of benefits.

We've grouped the health care services below to make it easier for you to find what you're looking for.

### Important note:

Sex-specific **eligible health services** are covered when medically appropriate, regardless of identified gender.

## 1. Preventive care and wellness

This section describes the **eligible health services** and supplies available under your plan when you are well.

### Important notes:

1. You will see references to the following recommendations and guidelines in this section:
  - Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention
  - United States Preventive Services Task Force
  - Health Resources and Services Administration
  - American Academy of Pediatrics/Bright Futures/Health Resources and Services Administration guidelines for children and adolescents

These recommendations and guidelines may be updated periodically. When these are updated, they will be applied to this plan. The updates will be effective on the first day of the **calendar year**, one year after the updated recommendation or guideline is issued.
2. Diagnostic testing for the treatment or diagnosis of a medical condition will not be covered under the preventive care and wellness benefit. For those types of tests and treatment, you will pay the cost sharing specific to **eligible health services** for diagnostic testing and treatment.

3. Gender-specific preventive care and wellness benefits include **eligible health services** described below regardless of the sex you were assigned at birth, your gender identity, or your recorded gender.
4. To learn what frequency and age limits apply to routine physical exams and routine cancer screenings, contact your **physician** or contact Member Services by logging in to your **Aetna** website at <https://www.aetnastudenthealth.com> or by calling the toll-free number on your ID card. This information can also be found at the <https://www.healthcare.gov> website.

## Routine physical exams

**Eligible health services** include office visits to your **physician** or other **health professional** for routine physical exams. This includes routine vision and hearing screenings given as part of the exam. A routine exam is a medical exam given by a **physician** for a reason other than to diagnose or treat a suspected or identified **illness** or **injury**, and also includes:

- Evidence-based items that have in effect a rating of A or B in the current recommendations of the United States Preventive Services Task Force
- Services as recommended in the American Academy of Pediatrics/Bright Futures/Health Resources and Services Administration guidelines for children and adolescents
- Screenings and counseling services as provided for in the comprehensive guidelines recommended by the Health Resources and Services Administration. These services may include but are not limited to:
  - Screening and counseling services on topics such as:
    - Interpersonal and domestic violence
    - Sexually transmitted diseases
    - Human Immune Deficiency Virus (HIV) infections
  - Screening for gestational diabetes for women
  - High-risk Human Papillomavirus (HPV) DNA testing for women age 30 and older
- Radiological services, lab and other tests given in connection with the exam
- For covered newborns, an initial **hospital** checkup

## Preventive care immunizations

**Eligible health services** include immunizations provided by your **physician** or other **health professional** for infectious diseases recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention. **Covered benefits** include childhood immunizations.

The following is not covered under this benefit:

- Any immunization that is not considered to be preventive care or recommended as preventive care, such as those required due to employment or travel

## Well woman preventive visits

**Eligible health services** include your routine:

- Well woman preventive exam office visit to your **physician**, obstetrician (OB), gynecologist (GYN) or OB/GYN. This includes Pap smears. Your plan covers the exams recommended by the Health Resources and Services Administration. A routine well woman preventive exam is a medical exam given for a reason other than to diagnose or treat a suspected or identified **illness** or **injury**.
- Preventive care breast cancer (BRCA) gene blood testing by a **physician** and lab.
- Preventive breast cancer genetic counseling provided by a genetic counselor to interpret the test results and evaluate treatment.
- Screening for diabetes after pregnancy for women with a history of diabetes during pregnancy.
- Screening for urinary incontinence.

## Preventive screening and counseling services

**Eligible health services** include screening and counseling by your **health professional** for some conditions. These are obesity, misuse of alcohol and/or drugs, use of tobacco products, sexually transmitted infection counseling and genetic risk counseling for breast and ovarian cancer. Your plan will cover the services you get in an individual or group setting.

Here is more detail about those benefits:

- **Obesity and/or healthy diet counseling**

**Eligible health services** include the following screening and counseling services to aid in weight reduction due to obesity:

- Preventive counseling visits and/or risk factor reduction intervention
- Nutritional counseling
- Healthy diet counseling visits provided in connection with Hyperlipidemia (high cholesterol) and other known risk factors for cardiovascular and diet-related chronic disease

- **Misuse of alcohol and/or drugs**

**Eligible health services** include the following screening and counseling services to help prevent or reduce the use of an alcohol agent or controlled substance:

- Preventive counseling visits
- Risk factor reduction intervention
- A structured assessment

- **Use of tobacco products**

**Eligible health services** include the following screening and counseling services to help you to stop the use of tobacco products:

- Preventive counseling visits
- Treatment visits
- Class visits

Tobacco product means a substance containing tobacco or nicotine such as:

- Cigarettes
- Cigars
- Smoking tobacco
- Snuff
- Smokeless tobacco
- Candy-like products that contain tobacco

- **Sexually transmitted infection counseling**

**Eligible health services** include the counseling services to help you prevent or reduce sexually transmitted infections.

- **Genetic risk counseling for breast and ovarian cancer**

**Eligible health services** include counseling and evaluation services to help you assess whether or not you are at increased risk for breast and ovarian cancer.

## Routine cancer screenings

**Eligible health services** include the following routine cancer screenings:

- Mammograms, including:
  - two and three-dimensional
  - women under age 40 when recommended by a **physician**
  - annually for women age 40 and older
- Prostate specific antigen (PSA) tests
- Digital rectal exams
- Fecal occult blood tests
- Sigmoidoscopies
- Double contrast barium enemas (DCBE)
- Cytology tests
- Colonoscopies (includes:
  - Bowel preparation medications
  - Anesthesia
  - Removal of polyps performed during a screening procedure
  - Pathology exam on any removed polyps)
- Lung cancer screenings

These benefits will be subject to any age, family history and frequency guidelines that are:

- Evidence-based items or services that have in effect a rating of A or B in the recommendations of the United States Preventive Services Task Force
- Evidence-informed items or services provided in the comprehensive guidelines supported by the Health Resources and Services Administration

## Prenatal care

**Eligible health services** include your routine prenatal physical exams as *Preventive Care and wellness*, which is the initial and subsequent history and physical exam such as:

- Maternal weight
- Blood pressure
- Fetal heart rate check
- Fundal height
- Preeclampsia screening

You can get this care at your **physician's**, OB's, GYN's, or OB/GYN's office.

### Important note:

You should review the benefit under *Eligible health services and exclusions – Maternity care and Well newborn nursery care* section of this certificate of coverage for more information on coverage for pregnancy expenses under this plan.

## Comprehensive lactation support and counseling services

**Eligible health services** include comprehensive lactation support (assistance and training in breast feeding) and counseling services during pregnancy or at any time following delivery for breast-feeding. Your plan will cover this when you get it in an individual or group setting. Your plan will cover this counseling only when you get it from a certified lactation support **provider**.

## Breast feeding durable medical equipment

**Eligible health services** include renting or buying **durable medical equipment** you need to pump and store breast milk as follows:

### Breast pump

**Eligible health services** include:

- Renting a **hospital** grade electric pump while your newborn child is confined in a **hospital**
- The buying of:
  - An electric breast pump (non-**hospital** grade, cost is covered by your plan once every 12 months ) or
  - A manual breast pump (cost is covered by your plan once per pregnancy)

If an electric breast pump was purchased within the previous 12 months period, the purchase of another electric breast pump will not be covered until a 12 month period has elapsed since the last purchase.

### Breast pump supplies and accessories

**Eligible health services** include breast pump supplies and accessories. These are limited to only one purchase per pregnancy in any year where a covered female would not qualify for the purchase of a new pump.

Coverage for the purchase of breast pump equipment is limited to one item of equipment, for the same or similar purpose. Including the accessories and supplies needed to operate the item. You are responsible for the entire cost of any additional pieces of the same or similar equipment you purchase or rent for personal convenience or mobility.

## Family planning services – female contraceptives

**Eligible health services** include family planning services such as:

### Counseling services

**Eligible health services** include counseling services provided by a **provider** on contraceptive methods. These will be covered when you get them in either a group or individual setting.

### Contraceptives

**Eligible health services** include contraceptive **prescription drugs** and devices (including any related services or supplies) when they are provided by, administered, or removed by a **provider**.

### Voluntary sterilization

**Eligible health services** include charges billed separately by the **provider** for female voluntary sterilization procedures and related services and supplies. This also could include tubal ligation and sterilization implants.

#### Important note:

See the following sections for more information:

- *Family planning services - other*
- *Maternity care*
- *Well newborn nursery care*
- *Treatment of infertility*
- *Outpatient prescription drugs*

The following are not covered under this benefit:

- Services provided as a result of complications resulting from a female voluntary sterilization procedure and related follow-up care
- Any contraceptive methods that are only "reviewed" by the FDA and not "approved" by the FDA
- Male contraceptive methods, sterilization procedures or devices, except for male condoms prescribed by a **provider**

## 2. Physicians and other health professionals

### Physician and specialist services (non-surgical and non-preventive)

**Eligible health services** include services provided by your **physician** to treat an **illness** or **injury** such as radiological supplies, services and tests. You can get those services:

- At the **physician's** or **specialist's** office
- In your home
- From any other inpatient or outpatient facility
- By way of **telemedicine**

#### **Important note:**

Your **student policy** covers **telemedicine**. All in-person **physician** or **specialist** office visits that are **covered benefits** are also covered if you use **telemedicine** instead.

**Telemedicine** provided by a **physician** or **specialist** may have different cost sharing than other outpatient services. See the schedule of benefits for more information.

### Allergy testing and treatment

**Eligible health services** include the services and supplies that your **physician** or **specialist** may provide for:

- Allergy testing
- Allergy injections treatment
- Allergy sera and extracts administered via injection

### Physician and specialist – inpatient surgical services

**Eligible health services** include the services of:

- The surgeon who performs your **surgery** while you are confined in a **hospital** or **birthing center**
- Your surgeon who you visit before and after the **surgery**

When your **surgery** requires two or more surgical procedures:

- Using the same approach and at the same time or
- Right after each other

we will pay for the one that costs the most.

Coverage includes **eligible health services** provided by a licensed mid-wife.

#### **Anesthetist**

**Covered benefits** for your **surgery** include the services of an anesthetist who is not employed or retained by the **hospital** where the surgery is performed.

#### **Surgical assistant**

**Covered benefits** for your **surgery** include the services of a surgical assistant. A “surgical assistant” is a **health professional** trained to assist in **surgery** and during the periods before and after **surgery**. A surgical assistant is under the supervision of a **physician**.

The following are not covered under this benefit:

- The services of any other **physician** who helps the operating **physician**
- A **stay** in a **hospital** (**Hospital stays** are covered in the *Eligible health services and exclusions – Hospital and other facility care* section)
- Services of another **physician** for the administration of a local anesthetic

## Physician and specialist – outpatient surgical services

**Eligible health services** include the services of:

- The surgeon who performs your **surgery** in the outpatient department of a **hospital** or **surgery center**
- Your surgeon who you visit before and after the **surgery**

**Covered benefits** include **hospital** or **surgery center** services provided within 24 hours of the **surgical procedure**.

### Anesthetist

**Covered benefits** for your **surgery** include the services of an anesthetist who is not employed or retained by the **hospital** or **surgery center** where the surgery is performed.

### Surgical assistant

**Covered benefits** for your **surgery** include the services of a surgical assistant. A “surgical assistant” is a **health professional** trained to assist in **surgery** and during the periods before and after **surgery**. A surgical assistant is under the supervision of a **physician**.

The following are not covered under this benefit:

- The services of any other **physician** who helps the operating **physician**
- A **stay** in a **hospital** (**Hospital stays** are covered in the *Eligible health services and exclusions – Hospital and other facility care* section)
- A separate facility charge for **surgery** performed in a **physician’s** office
- Services of another **physician** for the administration of a local anesthetic

## In-hospital non-surgical physician services

During your **stay** in a **hospital** for **surgery**, **eligible health services** include the services of **physician** employed by the **hospital** to treat you. The **physician** does not have to be the one who performed the **surgery**.

## Consultant services (non-surgical and non-preventive)

**Eligible health services** include the services of a consultant to confirm a diagnosis made by your **physician** or to determine a diagnosis. Your **physician** or **specialist** must make the request for the consultant services.

**Covered benefits** include treatment by the consultant.

The consultation by a **physician** or **specialist** may happen by way of **telemedicine**.

### Important note:

Your **student policy** covers **telemedicine**. All in-person consultant office visits provided by a **physician** or **specialist** that are **covered benefits** are also covered if you use **telemedicine** instead.

**Telemedicine** provided by a **physician** or **specialist** may have different cost sharing than other outpatient services. See the schedule of benefits for more information.

## **Second surgical opinion**

**Eligible health services** include a second surgical opinion by a **specialist** to confirm your need for a **surgery**. The **specialist** must be board-certified in the medical field for the **surgery** that is being proposed by your **physician**.

**Covered benefits** include diagnostic lab work and radiological services ordered by the **specialist**.

We must receive a written report from a **specialist** on the second surgical opinion.

## **Alternatives to physician and specialist office visits**

### **Walk-in clinic (non-emergency visit)**

**Eligible health services** include, but are not limited to, health care services provided at **walk-in clinics** for:

- Scheduled and unscheduled visits for **illnesses** and **injuries** that are not **emergency medical conditions**
- Preventive care immunizations administered within the scope of the clinic's license

### 3. Hospital and other facility care

#### Hospital care (facility charges)

**Eligible health services** include inpatient and outpatient **hospital** care.

The types of **hospital** care services that are eligible for coverage include:

- **Room and board** charges up to the **hospital's semi-private room rate**.
- Services of **health professionals** employed by the **hospital**
- Operating and recovery rooms
- **Intensive care units** of a **hospital**
- Administration of blood and blood derivatives, including drawing, storage and transfusion, but not the expense of the blood or blood product
- Radiation therapy
- Inhalation therapy
- Cognitive rehabilitation
- Speech therapy, physical therapy and occupational therapy
- Oxygen and oxygen therapy
- Radiological services, laboratory testing and diagnostic services
- Medications
- Intravenous (IV) preparations
- Discharge planning
- Services and supplies provided by the outpatient department of a **hospital**

#### Preadmission testing

**Eligible health services** include pre-admission testing on an outpatient basis before a scheduled **surgery**.

For your preadmission testing to be eligible for coverage, the following conditions must be met:

- The testing is related to the scheduled **surgery**
- The testing is done within the 7 days before the scheduled **surgery** and
- The testing is not repeated in, or by, the **hospital** or **surgery center** where the surgery is done

#### Anesthesia and related facility charges for dental care

**Eligible health services** include:

- General anesthesia
- Charges made by an anesthetist
- Related **hospital** or **surgery center** charges

for your dental procedure care.

The following conditions must be met:

- Your **dental provider** cannot safely perform the dental care in a dental office setting, and
- You are a child age 7 or under, or
- You are developmentally disabled

All other non-facility charges are covered under the *Pediatric dental care* section if you are eligible for that coverage.

## Alternatives to hospital stays

### Outpatient surgery (facility charges)

**Eligible health services** include facility services provided and supplies used in connection with outpatient **surgery** performed in a **surgery center** or a **hospital's** outpatient department.

**Important note:**

Some **surgeries** can be done safely in a **physician's** office. For those **surgeries**, your plan will pay only for **physician** services and not a separate facility fee.

The following are not covered under this benefit:

- The services of any other **physician** who helps the operating **physician**
- A **stay** in a **hospital** (See the *Hospital care – facility charges* benefit in this section)
- A separate facility charge for **surgery** performed in a **physician's** office
- Services of another **physician** for the administration of a local anesthetic

### Home health care

**Eligible health services** include home health care services provided by a **home health care agency** in the home, but only when all of the following criteria are met:

- You are **homebound**
- Your **physician** orders them
- The services take the place of your needing to **stay** in a **hospital** or a **skilled nursing facility**, or needing to receive the same services outside your home
- The services are part of a **home health care plan**
- The services are **skilled nursing services**, **home health aide** services or medical social services, or are short-term speech, physical or occupational therapy
- **Home health aide** services are provided under the supervision of a registered nurse
- Medical social services are provided by or supervised by a **physician** or social worker

Short-term physical, speech and occupational therapy provided in the home are subject to the conditions and limitations imposed on therapy provided outside the home. See the *Short-term rehabilitation services and Habilitation therapy services* sections and the schedule of benefits.

Home health care services do not include **custodial care**.

The following are not covered under this benefit:

- Nursing and **home health aide** services or therapeutic support services provided outside of the home (such as in conjunction with school, vacation, work or recreational activities)
- Transportation
- Services or supplies provided to a minor or dependent adult when a family member or caregiver is not present
- Homemaker or housekeeper services
- Food or home delivered services
- Maintenance therapy

## Hospice care

**Eligible health services** include inpatient and outpatient **hospice care** when given as part of a **hospice care program** because your **physician** diagnoses you with a **terminal illness**.

The types of hospice care services that are eligible for coverage include:

- **Room and board**
- Services and supplies furnished to you on an inpatient or outpatient basis
- Services by a **hospice care agency** or **hospice care** provided in a **hospital**
- Part-time or intermittent nursing care by a **R.N.** or **L.P.N.** for up to eight hours a day
- Part-time or intermittent **home health aide** services to care for you up to eight hours a day
- Medical social services under the direction of a **physician** such as:
  - Assessment of your social, emotional and medical needs, and your home and family situation
  - Identification of available community resources
  - Assistance provided to you to obtain resources to meet your assessed needs

**Hospice care** services provided by the **providers** below may be covered, even if the **providers** are not an employee of the **hospice care agency** responsible for your care:

- A **physician** for consultation or case management
- A physical or occupational therapist
- A **home health care agency** for:
  - Physical and occupational therapy
  - Medical supplies
  - Outpatient **prescription drugs**
  - Psychological counseling
  - Dietary counseling

The following are not covered under this benefit:

- Funeral arrangements
- Pastoral counseling
- Bereavement counseling
- Financial or legal counseling which includes estate planning and the drafting of a will
- Homemaker or caretaker services that are services which are not solely related to your care and may include:
  - Sitter or companion services for either you or other family members
  - Transportation
  - Maintenance of the house

## Skilled nursing facility

Eligible health services include inpatient **skilled nursing facility** care.

The types of **skilled nursing facility** care services that are eligible for coverage include:

- **Room and board**, up to the **semi-private room rate**
- Services and supplies that are provided during your **stay** in a **skilled nursing facility**

For your **stay** in a **skilled nursing facility** to be eligible for coverage, the following conditions must be met:

- The **skilled nursing facility** admission will take the place of:
  - An admission to a **hospital** or sub-acute facility or
  - A continued **stay** in a **hospital** or sub-acute facility.
- There is a reasonable expectation that your condition will improve enough to go home within a reasonable amount of time
- The **illness** or **injury** is severe enough to require constant or frequent skilled nursing care on a 24-hour basis

## 4. Emergency services and urgent care

**Eligible health services** include services and supplies for the treatment of an **emergency medical condition** or an **urgent condition**.

We understand if you did not have time to get permission from your **physician** before the emergency. Any reimbursement will be based on the information received including the presenting symptoms as well as the services that were provided.

**Emergency services** coverage for an **emergency medical condition** includes your use of:

- An **ambulance**
- The emergency room facilities
- The emergency room staff **physician** services
- The **hospital** nursing staff services
- The staff radiologist and pathologist services

As always, you can get **emergency services** from **in-network providers**. However, you can also get **emergency services** from **out-of-network providers**.

Your coverage for **emergency services** will continue until the following conditions are met:

- You are evaluated and your condition is stabilized
- Your attending **physician** determines that you are medically able to travel or be transported, by non-medical or non-emergency transportation, to another **provider** if you need more care

For follow-up care, you are covered when:

- Your in-network **physician** provides the care.
- You use an **out-of-network provider** to provide the care. If you use an **out-of-network provider** to receive follow up care, you may be subject to a higher out-of-pocket expense.

### In case of a medical emergency

When you experience an **emergency medical condition**, you should go to the nearest emergency room. You can also dial 911 or your local emergency response service for medical and **ambulance** assistance. If possible, call your **physician** but only if a delay will not harm your health.

### Non-emergency condition

If you go to an emergency room for what is not an **emergency medical condition**, the plan will not cover your expenses. See the schedule of benefits for specific plan details.

The following are not covered under this benefit:

- **Non-emergency services** in a **hospital** emergency room facility

## **In case of an urgent condition**

### **Urgent condition**

If you need care for an **urgent condition**, you should first seek care through your **physician** or **school health services**. If your **physician** or **school health services** is not reasonably available to provide services, you may access urgent care from an **urgent care facility**.

### **Non-urgent care**

If you go to an **urgent care facility** for what is not an **urgent condition**, the plan will not cover your expenses. See the schedule of benefits for specific plan details.

Examples of non-urgent care are:

- Routine or preventive care (this includes immunizations)
- Follow-up care
- Physical therapy
- **Elective treatment**
- Any diagnostic lab work and radiological services which are not related to the treatment of the **urgent condition**

The following is not covered under this benefit:

- Non-urgent care in an **urgent care facility** (at a non-hospital freestanding facility)

## 5. Pediatric dental care

**Eligible health services** include dental services and supplies provided by a **dental provider** as found in the *Pediatric dental care* section of the schedule of benefits.

### Dental emergencies

**Eligible health services** also include dental services provided for a **dental emergency**. Services and supplies provided for a **dental emergency** will be covered even if services and supplies are provided by an **out-of-network provider**.

If you have a **dental emergency**, you should consider calling your **in-network dental provider** who may be more familiar with your dental needs. If you cannot reach your **in-network dental provider**, you may get treatment from any **dentist**. The care received from an **out-of-network provider** must be for the temporary relief of the **dental emergency** until you can be seen by your **in-network dental provider**. Services given for other than the temporary relief of the **dental emergency** by an **out-of-network provider** can cost you more. To get the maximum level of benefits, services should be provided by your **in-network dental provider**.

If you get treatment from an **out-of-network provider** for a **dental emergency**, the plan pays a benefit at the in-network cost-sharing level of coverage.

Follow-up care will be paid at the cost-sharing level that applies to the type of **provider** that gives you the care.

### Orthodontic treatment

Orthodontic treatment is covered for a severe, dysfunctional, disabling condition, such as:

- Cleft lip and palate, cleft palate, or cleft lip with alveolar process involvement
- The following craniofacial anomalies:
  - Hemifacial microsomia
  - Craniosynostosis syndromes
  - Cleidocranial dental dysplasia
  - Arthrogryposis
  - Marfan syndrome
- Anomalies of facial bones and/or oral structures
- Facial trauma resulting in functional difficulties

If you suffer from one of these conditions, the orthodontic services that are eligible for coverage include:

- Pre-orthodontic treatment visit
- Comprehensive orthodontic treatment
- Orthodontic retention (removal of appliances, construction and placement of retainers(s))

### Replacements

The plan's "replacement rule" applies to:

- Crowns
- Inlays
- Onlays
- Veneers
- Complete dentures
- Removable partial dentures
- Fixed partial dentures (bridges)
- Other prosthetic services

The “replacement rule” means that replacements of, or additions to, these dental services are covered only when:

- You had a tooth (or teeth) extracted after the existing denture or bridge was installed. As a result, you need to replace or add teeth to your denture or bridge.
- The present crown, inlay, onlay and veneer, complete denture, removable partial denture, fixed partial denture (bridge), or other prosthetic service was installed at least 5 years before its replacement and cannot be fixed.
- You had a tooth (or teeth) extracted. Your present denture is an immediate temporary one that replaces that tooth (or teeth). A permanent denture is needed, and the temporary denture cannot be used as a permanent denture. Replacement must occur within 12 months from the date that the temporary denture was installed.

### Missing teeth that are not replaced

The plan covers installation of complete dentures, removable partial dentures, fixed partial dentures (bridges), and other prosthetic services if:

- The dentures, bridges or other prosthetic items are needed to replace one or more natural teeth. (The extraction of a third molar tooth does not qualify.)
- The tooth that was removed was not an abutment to a removable or fixed partial denture installed during the prior 5 years.

Any such appliance or fixed bridge must include the replacement of an extracted tooth or teeth.

### Getting an advance claim review

This only applies to out-of-network coverage. The purpose of the advance claim review is to determine, in advance, what we will pay for proposed services. Knowing ahead of time which services are covered and the benefit amount payable, helps you and your **dental provider** make informed decisions about the care you are considering.

#### Important note:

The advance claim review is not a guarantee of coverage and payment, but rather an estimate of the amount or scope of benefits to be paid.

### When to get an advance claim review

An advance claim review is recommended whenever a course of dental treatment is likely to cost more than \$350. Here are the steps to get an advance claim review:

1. Ask your **dental provider** to write down a full description of the treatment you need, using either an **Aetna** claim form or an American Dental Association (ADA) approved claim form
2. Before treating you, your **dental provider** should send the form to us
3. We may request supporting images and other diagnostic record.
4. Once all of the information has been gathered, we will review the proposed treatment plan and provide you and your **dental provider** with a statement outlining the benefits payable
5. You and your **dental provider** can then decide how to proceed

The advance claim review is voluntary. It is not necessary for emergency treatment or routine care such as cleaning teeth or check-ups.

In determining the amount of benefits payable, we will take into account alternate procedures, services, or courses of dental treatment for the dental condition in question in order to accomplish the anticipated result. See the *When does your plan cover other treatment?* section below.

## What is a course of dental treatment?

A course of dental treatment is a planned program of one or more services or supplies. The services or supplies are provided by one or more **dentists** to treat a dental condition that was diagnosed by the attending **dentist** during an oral examination. A course of treatment starts on the date your **dentist** first renders a service to correct or treat the diagnosed dental condition.

## Pediatric dental care exclusions

These dental exclusions are in addition to the exclusions that apply to health coverage.

The following are not covered under this benefit:

- Any instruction for diet, plaque control and oral hygiene
- **Cosmetic** services and supplies including:
  - Plastic **surgery**, reconstructive **surgery**, **cosmetic surgery**, personalization or characterization of dentures or other services and supplies which improve, alter or enhance appearance
  - Augmentation and vestibuloplasty, and other substances to protect, clean, whiten, bleach or alter the appearance of teeth, whether or not for psychological or emotional reasons, except to the extent coverage is specifically provided in the *Eligible health services and exclusions* section
  - Facings on molar crowns and pontics will always be considered **cosmetic**
- Crown, inlays and onlays, and veneers unless:
  - It is treatment for decay or traumatic **injury** and teeth cannot be restored with a filling material
  - The tooth is an abutment to a covered partial denture or fixed bridge
- Dental implants and braces (that are determined not to be **medically necessary**), mouth guards, and other devices to protect, replace or reposition teeth
- Dentures, crowns, inlays, onlays, bridges, or other appliances or services used for the purpose of:
  - Splinting
  - To alter vertical dimension
  - To restore occlusion; or
  - Correcting attrition, abrasion, abfraction or erosion
- Treatment of any **jaw joint disorder** and treatments to alter bite or the alignment or operation of the jaw, including **temporomandibular joint dysfunction** disorder (**TMJ**), orthognathic **surgery**, and treatment of malocclusion or devices to alter bite or alignment, except as covered in the *Eligible health services and exclusions – Specific conditions* section
- General anesthesia and intravenous sedation, unless specifically covered and only when done in connection with another **eligible health service**
- Orthodontic treatment except as covered above and in the *Pediatric dental care* section of the schedule of benefits
- Pontics, crowns, cast or processed restorations made with high noble metals (gold)
- Prescribed drugs, pre-medication or analgesia (nitrous oxide)
- Replacement of a device or appliance that is lost, missing or stolen, and for the replacement of appliances that have been damaged due to abuse, misuse or neglect and for an extra set of dentures
- Replacement of teeth beyond the normal complement of 32
- Routine dental exams and other preventive services and supplies, except as specifically provided in the *Pediatric dental care* section of the schedule of benefits
- Services and supplies:
  - Done where there is no evidence of pathology, dysfunction, or disease other than covered preventive services
  - Provided for your personal comfort or convenience or the convenience of another person, including a **provider**
  - Provided in connection with treatment or care that is not covered under your policy
- Surgical removal of impacted wisdom teeth only for orthodontic reasons
- Treatment by other than a **dental provider**

## 6. Specific conditions

### Birthing center (facility charges)

**Eligible health services** include prenatal (non-preventive care) and postpartum care and obstetrical services from a **birthing center**.

A birthing center is a facility specifically licensed as a freestanding birthing center by applicable state and federal laws to provide prenatal care, delivery and immediate postpartum care.

Refer to the *Eligible health services and exclusions -Maternity care and Well newborn nursery care* sections for more information.

### Diabetic services and supplies (including equipment and training)

**Eligible health services** include:

- Services and supplies
  - Foot care to minimize the risk of infection
  - Insulin preparations
  - Hypodermic needles and syringes used for the treatment of diabetes
  - Injection aids for the blind
  - Diabetic test agents
  - Lancets/lancing devices
  - Prescribed oral medications whose primary purpose is to influence blood sugar
  - Alcohol swabs
  - Injectable glucagons
  - Glucagon emergency kits
- Equipment
  - External insulin pumps
  - Blood glucose meters without special features, unless required due to blindness
- Training
  - Self-management training provided by a health care **provider** certified in diabetes self-management training

“Self-management training” is a day care program of educational services and self-care designed to instruct you in the self-management of diabetes (including medical nutritional therapy). The program must be under the supervision of a **health professional** whose scope of practice includes diabetic education or management.

This coverage includes the treatment of insulin dependent (type I) and non-insulin dependent (type II) diabetes and the treatment of elevated blood glucose levels during pregnancy.

### Family planning services – other

**Eligible health services** include certain family planning services provided by your **physician** such as:

- Voluntary sterilization for males

The following are not covered under this benefit:

- Abortion except when the pregnancy is the result of rape or incest or if it places the woman’s life in serious danger
- Reversal of voluntary sterilization procedures, including related follow-up care
- Services provided as a result of complications resulting from a male voluntary sterilization procedure and related follow-up care

## Impacted wisdom teeth

**Eligible health services** include the services and supplies of a **dental provider** for the removal of one or more impacted wisdom teeth.

## Accidental injury to sound natural teeth

**Eligible health services** include the services and supplies of a **dental provider** to treat an **injury to sound natural teeth**.

The following are not covered under this benefit:

- The care, filling, removal or replacement of teeth and treatment of diseases of the teeth
- Dental services related to the gums
- Apicoectomy (dental root resection)
- Orthodontics
- Root canal treatment
- Soft tissue impactions
- Bony impacted teeth
- Alveolectomy
- Augmentation and vestibuloplasty treatment of periodontal disease
- False teeth
- Prosthetic restoration of dental implants
- Dental implants

## Dermatological treatment

**Eligible health services** include the diagnosis and treatment of skin disorders by a **physician or specialist**.

The following are not covered under this benefit:

- **Cosmetic** treatment and procedures

## Maternity care

**Eligible health services** include prenatal (non-preventive care), delivery, postpartum care, and other obstetrical services, and postnatal visits. Coverage includes **eligible health services** provided by a licensed mid-wife.

After your child is born, **eligible health services** include:

- 48 hours of inpatient care in a **hospital** or birthing center after a vaginal delivery
- 96 hours of inpatient care in a **hospital** or birthing center after a cesarean delivery
- A shorter **stay** if the attending **physician**, with the consent of the mother, discharges the mother or newborn earlier
- The mother could be discharged earlier. If so, the plan will pay for 2 post-delivery home visits by a health care **provider**

The following are not covered under this benefit:

- Any services and supplies related to births that take place in the home or in any other place not licensed to perform deliveries

## Well newborn nursery care

**Eligible health services** include routine care of your well newborn child in a **hospital** or **birthing center** such as:

- Well newborn nursery care during the mother's **stay** but for not more than 48 hours for a vaginal delivery or 96 hours for a cesarean delivery
- **Hospital** or **birthing center** visits and consultations for the well newborn by a **physician** but for not more than 1 visit per day

## Gender affirming treatment

**Eligible health services** include certain services and supplies for gender affirming (sometimes called sex change) treatment.

### Important note:

As a reminder, gender affirming treatment requires **precertification** by **Aetna**. Your **in-network provider** is responsible for obtaining **precertification**. You are responsible for obtaining **precertification** when you use an **out-of-network provider**. Visit <https://www.aetna.com/health-care-professionals/clinical-policy-bulletins.html> for detailed information about this benefit, including eligibility and **medical necessity** requirements. You can also call *Member Services* at the toll-free number on your ID card

## Autism spectrum disorder

Autism Spectrum Disorder is defined in the most recent edition of the *Diagnostic and Statistical Manual of Mental Disorders* (DSM) of the American Psychiatric Association.

**Eligible health services** include the services and supplies provided by a **physician** or **behavioral health provider** for the diagnosis, testing and treatment of autism spectrum disorders. We will only cover this treatment if a **physician** or **behavioral health provider** orders it as part of a treatment plan.

We will cover certain early intensive behavioral interventions such as applied behavior analysis. Applied behavior analysis is an educational service that is the process of applying interventions:

- That systematically change behavior
- That are responsible for observable improvements in behavior

### Important note:

As a reminder, applied behavior analysis requires **precertification** by **Aetna**. Your **in-network provider** is responsible for obtaining **precertification**. You are responsible for obtaining **precertification** when you use an **out-of-network provider**.

## Behavioral health

### Mental health treatment

**Eligible health services** include the treatment of **mental health disorders** provided by a general medical hospital, psychiatric hospital, residential treatment facility, physician, or behavioral health provider as follows:

- **Inpatient room and board** at the **semi-private room rate**. Your plan will cover the extra expense of a private room when appropriate because of your medical condition.
- Other services and supplies related to your condition that are provided during your **stay** in a general medical hospital, psychiatric hospital, or residential treatment facility.
- Outpatient treatment received while not confined as an inpatient in a general medical hospital, psychiatric hospital, or residential treatment facility, including:
  - Office visits to a **physician** or **behavioral health provider** such as a **psychiatrist**, psychologist, social worker, or licensed professional counselor (includes **telemedicine** consultations)
  - Individual, group and family therapies for the treatment of mental health
  - Other outpatient mental health treatment such as:
    - **Partial hospitalization treatment** provided in a facility or program for mental health treatment provided under the direction of a **physician**
    - **Intensive outpatient program** provided in a facility or program for mental health treatment provided under the direction of a **physician**
    - Skilled behavioral health services provided in the home, but only when all of the following criteria are met:
      - You are **homebound**
      - Your **physician** orders them
      - The services take the place of a **stay** in a **hospital** or a **residential treatment facility**, or you are unable to receive the same services outside your home
      - The skilled behavioral health care is appropriate for the active treatment of a condition, **illness** or disease
  - Electro-convulsive therapy (ECT)
  - Transcranial magnetic stimulation (TMS)
  - Psychological testing
  - Neuropsychological testing
  - Observation
  - Peer counseling support by a peer support specialist (including **telemedicine** consultation)
    - A peer support specialist serves as a role model, mentor, coach, and advocate. Peer support must be supervised by a **behavioral health provider**.

### Substance related disorders treatment

**Eligible health services** include the treatment of **substance related disorders** provided by a general medical hospital, psychiatric hospital, residential treatment facility, physician, or behavioral health provider as follows:

- **Inpatient room and board** at the **semi-private room rate**. Your plan will cover the extra expense of a private room when appropriate because of your medical condition.
- Other services and supplies that are provided during your **stay** in a general medical hospital, psychiatric hospital or residential treatment facility.
- Outpatient treatment received while not confined as an inpatient in a general medical hospital, psychiatric hospital or residential treatment facility, including:
  - Office visits to a **physician** or **behavioral health provider** such as a **psychiatrist**, psychologist, social worker, or licensed professional counselor (includes **telemedicine** consultations)
  - Individual, group and family therapies for the treatment of **substance related disorders**

- Other outpatient **substance related disorders** treatment such as:
  - o Outpatient **detoxification**
  - o **Partial hospitalization treatment** provided in a facility or program for treatment of **substance related disorders** provided under the direction of a **physician**
  - o **Intensive outpatient program** provided in a facility or program for treatment of **substance related disorders** provided under the direction of a **physician**
  - o Skilled behavioral health services provided in the home, but only when all of the following criteria are met:
    - You are **homebound**
    - Your **physician** orders them
    - The services take the place of a **stay** in a **hospital** or a **residential treatment facility**, or you are unable to receive the same services outside your home
    - The skilled behavioral health care is appropriate for the active treatment of a condition, **illness**, or disease
  - o Ambulatory **detoxification** which includes outpatient services that monitor withdrawal from alcohol or other substances, including administration of medications
  - o Treatment of withdrawal symptoms
  - o Observation
  - o Peer counseling support by a peer support specialist (including **telemedicine** consultation)
    - A peer support specialist serves as a role model, mentor, coach, and advocate. Peer support must be supervised by a **behavioral health provider**.

**Important note:**

Your **student policy** covers **telemedicine** for **mental health disorders** and **substance related disorders**. All in-person **physician** or **behavioral health provider** office visits that are **covered benefits** are also covered if you use **telemedicine** provided by a **physician** or **behavioral health provider** instead.

**Telemedicine** provided by a **physician** or **behavioral health provider** may have different cost sharing than other outpatient services. See the schedule of benefits for more information.

## Reconstructive surgery and supplies

**Eligible health services** include all stages of reconstructive **surgery** by your **provider** and related supplies provided in an inpatient or outpatient setting only in the following circumstances:

- Your **surgery** reconstructs the breast where a necessary mastectomy was performed. Services and supplies include:
  - An implant
  - Areolar and nipple reconstruction
  - Areolar and nipple re-pigmentation
  - **Surgery** on a healthy breast to make it symmetrical with the reconstructed breast
  - Treatment of physical complications of all stages of the mastectomy, including lymphedema and prosthetic devices
- Your **surgery** is to implant or attach a covered prosthetic device
- Your **surgery** corrects a gross anatomical defect present at birth. The **surgery** will be covered if:
  - The defect results in severe facial disfigurement or major functional impairment of a body part
  - The purpose of the **surgery** is to improve function
- Your **surgery** is needed because treatment of your **illness** or **injury** resulted in severe facial disfigurement or major functional impairment of a body part and your **surgery** will improve function.

## Transplant services

**Eligible health services** include transplant services provided by a **physician** and **hospital**.

This includes the following transplant types:

- Solid organ
- Hematopoietic stem cell
- Bone marrow
- CAR-T and T Cell receptor therapy for FDA-approved treatments
- Thymus tissue for FDA-approved treatments

### Network of transplant facilities

We designate facilities to provide specific services or procedures. They are listed as **Institutes of Excellence™ (IOE) facilities** in your **provider directory**.

The amount you will pay for covered transplant services depends on where you get the care. Your cost share will be lower when you get transplant services from the **IOE facility** we designate to perform the transplant you need. Transplant services received from an **IOE facility** are subject to the in-network **copayment, coinsurance, policy year deductible**, maximum out-of-pocket and limits, unless stated differently in this certificate and the schedule of benefits. You may also get transplant services at a non-IOE facility, but your cost share will be higher. Transplant services received from a non-IOE facility are subject to the out-of-network **copayment, coinsurance, policy year deductible**, maximum out-of-pocket and limits, unless stated differently in this certificate and the schedule of benefits.

#### Important note:

If there are no **IOE facilities** assigned to perform your transplant type in your network, it's important that you contact us so we can help you determine if there are other facilities that may meet your needs. If you don't get your transplant services at the facility we designate your cost share will be higher.

Many pre and post-transplant medical services, even routine ones, are related to and may affect the success of your transplant. If your transplant care is being coordinated by the National Medical Excellence Program® (NME), all medical services must be managed through the NME so that you receive the highest level of benefits at the appropriate facility. This is true even if the **eligible health service** is not directly related to your transplant.

### Travel and lodging expenses

If an **IOE** patient lives 100 or more miles from the **IOE facility**, **eligible health services** include travel and lodging expenses for the **IOE** patient and a companion to travel between the **IOE** patient's home and the **IOE facility**. **Eligible health services** will be reimbursed by the plan and include coach class round-trip air, train, or bus travel and lodging costs.

The following are not covered under this benefit:

- Services and supplies furnished to a donor when the recipient is not a **covered person**
- Harvesting and storage of organs, without intending to use them for immediate transplantation for your existing **illness**
- Harvesting and/or storage of bone marrow, hematopoietic stem cells, or other blood cells without intending to use them for transplantation within 12 months from harvesting, for an existing **illness**

## Treatment of infertility

### Basic infertility services

**Eligible health services** include seeing a **physician** or **infertility specialist**:

- To diagnose and evaluate the underlying medical cause of **infertility**.
- To do **surgery** to treat the underlying medical cause of **infertility**. Examples are endometriosis **surgery** or, for men, varicocele **surgery**.

**Eligible health services** include comprehensive **infertility** care.

### Infertility services

You are eligible for **infertility** services if:

- You are covered under this plan as a student or as a **covered dependent** who is the student's legal spouse referred to as "your partner".
- There exists a condition that:
  - Is demonstrated to cause the **illness** of **infertility**.
  - Has been recognized by your **physician** or **infertility specialist** and documented in your or your partner's medical records.
- You have not had a voluntary sterilization with or without surgical reversal, regardless of post reversal results. This includes tubal ligation, hysterectomy and vasectomy only if obtained as a form of voluntary sterilization.
- You do not have **infertility** that is due to a natural physiologic process such as age related ovarian insufficiency (e.g. perimenopause, menopause).
- A successful pregnancy cannot be attained through less costly treatment for which coverage is available under this plan.
- You have met the requirement for the number of months trying to conceive through egg and sperm contact.
- Your unmedicated day 3 Follicle Stimulating Hormone (FSH) level meets the following criteria:

You are	Number of months of unprotected timed sexual intercourse:	Number of donor artificial insemination cycles: Self paid/not paid for by plan	You need to have an unmedicated day 3 FSH test done within the past:	The results of your unmedicated day 3 FSH test:

Our National Infertility Unit (NIU) is here to help you. It is staffed by a dedicated team of registered nurses and **infertility** coordinators. They can help you with determining eligibility for benefits and **precertification**. You can call the NIU at 1-800-575-5999.

Your **provider** will request approval from us in advance for your **infertility** services. We will cover charges made by an **infertility specialist** for the following **infertility** services:

- Ovulation induction cycle(s) with menotropins
- Intrauterine insemination

A “cycle” is an attempt at ovulation induction or intrauterine insemination. The cycle begins with the initiation of therapy and ends when the treatment is followed by confirmation of non-pregnancy (either a negative pregnancy test or a menstrual period). In the case of the achievement of pregnancy, a cycle is considered completed at 6 weeks following a positive pregnancy test. Each treatment type is counted as a separate cycle.

The following are not covered under the **infertility** treatment benefit:

- Oral and injectable **infertility** medication, including but not limited to menotropins, hCG, and GnRH agonists.
- All charges associated with:
  - Surrogacy for you or the surrogate. A surrogate is a female carrying her own genetically related child where the child is conceived with the intention of turning the child over to be raised by others, including the biological father
  - Cryopreservation (freezing) and storage of eggs, embryos, sperm, or reproductive tissue
  - Thawing of cryopreserved (frozen) eggs, sperm, or reproductive tissue
  - The care of the donor in a donor egg cycle which includes, but is not limited to, any payments to the donor, donor screening fees, fees for lab tests, and any charges associated with care of the donor required for donor egg retrievals or transfers
  - The use of a gestational carrier for the female acting as the gestational carrier. A gestational carrier is a female carrying an embryo to which the person is not genetically related
  - Obtaining sperm for ART services
  - Home ovulation prediction kits or home pregnancy tests
  - The purchase of donor embryos, donor oocytes, or donor sperm
  - Reversal of voluntary sterilizations, including follow-up care
- In vitro fertilization (IVF), Zygote intrafallopian transfer (ZIFT), Gamete intrafallopian transfer (GIFT), Cryopreserved embryo transfers and any related services, products or procedures (such as Intracytoplasmic sperm injection (ICSI) or ovum microsurgery)

## 7. Specific therapies and tests

### Outpatient diagnostic testing

#### Diagnostic complex imaging services

**Eligible health services** include complex imaging services by a **provider**, including:

- Computed tomography (CT) scans
- Magnetic resonance imaging (MRI) including Magnetic resonance spectroscopy (MRS), Magnetic resonance venography (MRV) and Magnetic resonance angiogram (MRA)
- Nuclear medicine imaging including positron emission tomography (PET) scans

#### Diagnostic lab work and radiological services

**Eligible health services** include diagnostic radiological services (other than diagnostic complex imaging), lab services, and pathology and other tests.

### Chemotherapy

**Eligible health services** include chemotherapy services when performed:

- In a **physician's** office
- In an outpatient department of a **hospital**
- In a **hospital** as an inpatient
- In any other medically appropriate treatment setting

**Covered benefits** for chemotherapy include anti-nausea **prescription drugs**.

### Gene-based, cellular and other innovative therapies (GCIT)

**Eligible health services** include GCIT provided by a **physician, hospital** or other **provider**.

#### Key Terms

Here are some key terms we use in this section. These will help you better understand GCIT.

#### Gene

A gene is a unit of heredity which is transferred from a parent to child and is thought to determine some feature of the child.

#### Molecular

Molecular means relating to or consisting of molecules. A molecule is a group of atoms bonded together, making the smallest vital unit of a chemical compound that can take part in a chemical reaction.

#### Therapeutic

Therapeutic means a treatment, therapy, or drug meant to have a good effect on the body or mind; adding to a sense of well-being.

GCIT are defined as any services that are:

- Gene-based
- Cellular and innovative therapeutics

The services have a basis in genetic/molecular medicine and are not covered under the **Institutes of Excellence™ (IOE)** programs. We call these “GCIT services.”

**Eligible health services** for GCIT include:

- Cellular immunotherapies.
- Genetically modified viral therapy.
- Other types of cells and tissues from and for use by the same person (autologous) and cells and tissues from one person for use by another person (allogenic) for treatment of certain conditions.
- All human gene therapy that seeks to change the usual function of a gene or alter the biologic properties of living cells for therapeutic use. Examples include therapies using:
  - Luxturna® (Voretigene neparvovec)
  - Zolgensma® (Onasemnogene abeparvovec-xioi)
  - Spinraza® (Nusinersen)
- Products derived from gene editing technologies, including CRISPR-Cas9.
- Oligonucleotide-based therapies. Examples include:
  - Antisense. An example is Spinraza® (Nusinersen).
  - siRNA.
  - mRNA.
  - microRNA therapies.

#### **Facilities/providers for gene-based, cellular and other innovative therapies**

We designate facilities to provide GCIT services or procedures. GCIT **physicians, hospitals** and other **providers** are GCIT-designated facilities/**providers** for **Aetna** and CVS Health.

##### **Option 1**

##### **Important note:**

You must get GCIT **eligible health services** from a GCIT-designated facility/**provider**. If there are no GCIT-designated facilities/**providers** assigned in your network, it's important that you contact us so we can help you determine if there are other facilities that may meet your needs. If you don't get your GCIT services at the facility/**provider** we designate, they will not be **eligible health services**.

#### **Outpatient infusion therapy**

**Eligible health services** include infusion therapy you receive in an outpatient setting including but not limited to:

- A free-standing outpatient facility
- The outpatient department of a **hospital**
- A **physician** in their office
- A home care **provider** in your home

You can access the list of preferred infusion locations by contacting Member Services at the toll-free number on your ID card or by logging in to your **Aetna** website at <https://www.aetnastudenthealth.com>.

Infusion therapy is the parenteral (e.g. intravenous) administration of prescribed medications or solutions.

Certain infused medications may be covered under the outpatient **prescription drug** coverage. You can access the list of **specialty prescription drugs** by contacting Member Services at the toll-free number on your ID card or by logging in to your **Aetna** website at <https://www.aetnastudenthealth.com> to determine if coverage is under the outpatient **prescription drug** benefit of this certificate of coverage.

When Infusion therapy services and supplies are provided in your home, they will not count toward any applicable home health care maximums.

The following are not covered under this benefit:

- Drugs that are included on the list of **specialty prescription drugs** as covered under your outpatient **prescription drug** plan
- Enteral nutrition
- Blood transfusions and blood products
- Dialysis

## Outpatient radiation therapy

**Eligible health services** include the following radiology services provided by a **health professional**:

- Radiological services
- Gamma ray
- Accelerated particles
- Mesons
- Neutrons
- Radium
- Radioactive isotopes

## Specialty prescription drugs

**Eligible health services** include **specialty prescription drugs** when they are:

- Purchased by your **provider**
- Injected or infused by your **provider** in an outpatient setting such as:
  - A free-standing outpatient facility
  - The outpatient department of a **hospital**
  - A **physician** in his/her office
  - A home care **provider** in your home
- Listed on our **specialty prescription drug** list as covered under this certificate of coverage

You can access the list of **specialty prescription drugs** by contacting Member Services at the toll-free number on your ID card in the *How to contact us for help* section or by logging in to your **Aetna** website at <https://www.aetnastudenthealth.com> to determine if coverage is under the outpatient **prescription drug** benefit of this certificate of coverage.

Certain injected and infused medications may be covered under the outpatient **prescription drug** coverage. You can access the list of **specialty prescription drugs** by contacting Member Services at the toll-free number on your ID card in the *How to contact us for help* section or by logging in to your **Aetna** website at <https://www.aetnastudenthealth.com> to determine if coverage is under the outpatient **prescription drug** benefit of this certificate of coverage.

## Outpatient respiratory therapy

**Eligible health services** include outpatient respiratory therapy services you receive at a **hospital, skilled nursing facility** or **physician's** office but only if those services are part of a treatment plan determined by your risk level and ordered by your **physician**.

## Transfusion or kidney dialysis of blood

**Eligible health services** include services and supplies for the transfusion or kidney dialysis of blood. **Covered benefits** include:

- Whole blood
- Blood components
- The administration of whole blood and blood components

## Short-term cardiac and pulmonary rehabilitation services

**Eligible health services** include the cardiac and pulmonary rehabilitation services listed below.

### Cardiac rehabilitation

**Eligible health services** include cardiac rehabilitation services you receive at a **hospital, skilled nursing facility** or **physician's** office, but only if those services are part of a treatment plan determined by your risk level and ordered by your **physician**.

### Pulmonary rehabilitation

**Eligible health services** include pulmonary rehabilitation services as part of your inpatient **hospital stay** if it is part of a treatment plan ordered by your **physician**.

A course of outpatient pulmonary rehabilitation may also be eligible for coverage if it is performed at a **hospital, skilled nursing facility**, or **physician's** office, is used to treat reversible pulmonary disease states, and is part of a treatment plan ordered by your **physician**.

## Short-term rehabilitation and habilitation therapy services

### Short-term rehabilitation therapy services

Short-term rehabilitation therapy services help you restore or develop skills and functioning for daily living.

**Eligible health services** include short-term rehabilitation therapy services your **physician** prescribes. The services have to be performed by:

- A licensed or certified physical, occupational or speech therapist
- A **hospital, skilled nursing facility, or hospice facility**
- A **home health care agency**
- A **physician**

Short-term rehabilitation therapy services have to follow a specific treatment plan, ordered by your **physician**.

### Outpatient cognitive rehabilitation, physical, occupational and speech therapy

**Eligible health services** include:

- Physical therapy, but only if it is expected to significantly improve or restore physical functions lost as a result of an acute **illness, injury** or **surgical procedure**
- Occupational therapy (except for vocational rehabilitation or employment counseling), but only if it is expected to:
  - Significantly improve, develop or restore physical functions you lost as a result of an acute **illness, injury** or **surgical procedure** or
  - Relearn skills so you can significantly improve your ability to perform the activities of daily living on your own
- Speech therapy, but only if it is expected to:
  - Significantly improve or restore the speech function or correct a speech impairment as a result of an acute **illness, injury** or **surgical procedure** or
  - Improve delays in speech function development caused by a gross anatomical defect present at birth

Speech function is the ability to express thoughts, speak words and form sentences. Speech impairment is difficulty with expressing one's thoughts with spoken words.

- Cognitive rehabilitation therapy associated with physical rehabilitation, but only when:
  - Your cognitive deficits are caused by neurologic impairment due to trauma, stroke, or encephalopathy
  - The therapy is coordinated with us as part of a treatment plan intended to restore previous cognitive function.

### **Short-term habilitation therapy services**

Short-term habilitation therapy services are services that help you keep, learn, or improve skills and functioning for daily living (e.g. therapy for a child who isn't walking or talking at the expected age).

**Eligible health services** include short-term habilitation therapy services your **physician** prescribes. The services have to be performed by:

- A licensed or certified physical, occupational or speech therapist
- A **hospital, skilled nursing facility, or hospice facility**
- A **home health care agency**
- A **physician**

Short-term habilitation therapy services have to follow a specific treatment plan, ordered by your **physician**.

### **Outpatient physical, occupational, and speech habilitation therapy**

**Eligible health services** include:

- Physical therapy (except for services provided in an educational or training setting), if it is expected to develop any impaired function.
- Occupational therapy (except for vocational rehabilitation or employment counseling or services provided in an educational or training setting), if it is expected to develop any impaired function.
- Speech therapy (except for services provided in an educational or training setting or to teach sign language) is covered provided the therapy is expected to develop speech function as a result of delayed development. Speech function is the ability to express thoughts, speak words and form sentences.

### **Chiropractic services**

**Eligible health services** include chiropractic services to correct a muscular or skeletal problem.

Your **provider** must establish or approve a treatment plan that details the treatment, and specifies frequency and duration.

### **Diagnostic testing for learning disabilities**

**Eligible health services** include diagnostic testing for:

- Attention deficit disorder
- Attention deficit hyperactive disorder
- Dyslexia

Once you are diagnosed with one of these conditions, the treatment is covered under the *Mental health treatment* section.

## 8. Other services

### Ambulance service

**Eligible health services** include transport by professional **ambulance** services.

For **emergency services**:

- To the first **hospital** to provide **emergency services**
- From one **hospital** to another **hospital** if the first **hospital** cannot provide the **emergency services** you need

For non-**emergency** services:

- From **hospital** to your home or to another facility if an **ambulance** is the only safe way to transport you.
- From your home to a **hospital** if an **ambulance** is the only safe way to transport you. Transport is limited to 200 miles

Your plan also covers transportation to a **hospital** by professional air or water **ambulance** when:

- Professional ground **ambulance** transportation is not available
- Your condition is unstable, and requires medical supervision and rapid transport
- You are traveling from one **hospital** to another and
  - The first **hospital** cannot provide the **emergency services** you need
  - The two conditions above are met

The following are not covered under this benefit:

- **Ambulance** services for routine transportation to receive outpatient or inpatient care

### Clinical trial therapies (experimental or investigational)

**Eligible health services** include **experimental or investigational** drugs, devices, treatments or procedures from a **provider** under an "approved clinical trial" only when you have cancer or **terminal illnesses** and all of the following conditions are met:

- Standard therapies have not been effective or are not appropriate
- We determine based on published, peer-reviewed scientific evidence that you may benefit from the treatment

An "approved clinical trial" is a clinical trial that meets all of these criteria:

- The FDA has approved the drug, device, treatment, or procedure to be investigated or has granted it investigational new drug (IND) or group c/treatment IND status. This requirement does not apply to procedures and treatments that do not require FDA approval.
- The clinical trial has been approved by an Institutional Review Board that will oversee the investigation.
- The clinical trial is sponsored by the National Cancer Institute (NCI) or similar federal organization.
- The trial conforms to standards of the NCI or other, applicable federal organization.
- The clinical trial takes place at an NCI-designated cancer center or takes place at more than one institution.
- You are treated in accordance with the protocols of that study.

## Clinical trials (routine patient costs)

**Eligible health services** include "routine patient costs" incurred by you from a **provider** in connection with participation in an "approved clinical trial" as a "qualified individual" for cancer or other life-threatening **illness** or condition, as those terms are defined in the federal Public Health Service Act, Section 2709.

The following are not covered under this benefit:

- Services and supplies related to data collection and record-keeping that is solely needed due to the clinical trial (i.e. protocol-induced costs)
- Services and supplies provided by the trial sponsor without charge to you
- The experimental intervention itself (except **medically necessary** Category B investigational devices and promising experimental and investigational interventions for **terminal illnesses** in certain clinical trials in accordance with **Aetna's** claim policies)

## Durable medical equipment (DME)

**Eligible health services** include the expense of renting or buying **DME** and accessories you need to operate the item from a **DME** supplier. Your plan will cover either buying or renting the item, depending on which we think is more cost efficient. If you purchase **DME**, that purchase is only eligible for coverage if you need it for long-term use.

Coverage includes:

- One item of **DME** for the same or similar purpose.
- Repairing **DME** due to normal wear and tear. It does not cover repairs needed because of misuse or abuse.
- A new **DME** item you need because your physical condition has changed. It also covers buying a new **DME** item to replace one that was damaged due to normal wear and tear, if it would be cheaper than repairing it or renting a similar item.
- The fitting and adjustment of such **DME** items.

We:

- Assume no responsibility
- Make no express or implied warranties

concerning the outcome of any covered **DME** items.

We reserve the right to limit the payment of charges up to the most cost-efficient and least restrictive level of service or item that can be safely and effectively provided. It is our decision whether to rent or purchase the **DME** item.

Coverage is limited to one item of equipment, for the same or similar purpose and the accessories needed to operate the item. You are responsible for the entire cost of any additional pieces of the same or similar equipment that you purchase or rent for personal convenience or mobility.

Your plan only covers the same type of **DME** that **Medicare** covers. But there are some **DME** items **Medicare** covers that your plan does not.

The following are not covered under this benefit:

- Whirlpools
- Portable whirlpool pumps
- Sauna baths
- Massage devices
- Over bed tables
- Elevators

- Communication aids
- Vision aids
- Telephone alert systems
- Personal hygiene and convenience items such as air conditioners, humidifiers, hot tubs, or physical exercise equipment even if they are prescribed by a **physician**

## Nutritional support

**Eligible health services** include formula and low protein modified food products ordered by a **physician** for the treatment of phenylketonuria or an inherited disease of amino and organic acids.

For purposes of this benefit, “low protein modified food product” means foods that are specifically formulated to have less than one gram of protein per serving, made of 100% free amino acids as the protein source, and are intended to be used under the direction of a **physician** for the dietary treatment of any inherited metabolic disease. Low protein modified food products do not include foods that are naturally low in protein.

The following are not covered under this benefit:

- Any food item, including infant formulas, nutritional supplements, vitamins, plus **prescription** vitamins, medical foods and other nutritional items, even if it is the sole source of nutrition, except as described above

## Prosthetic devices

**Eligible health services** include the initial provision and subsequent replacement of a prosthetic device that your **physician** orders and administers.

Prosthetic device means:

- A device that temporarily or permanently replaces all or part of an external body part lost or impaired as a result of **illness** or **injury** or congenital defects

Coverage includes:

- The prosthetic device
- Repairing or replacing the original device you outgrow or that is no longer appropriate because your physical condition changed
- Replacements required by ordinary wear and tear or damage
- The fitting, instruction and other services (such as attachment or insertion) so you can properly use the device

The following are not covered under this benefit:

- Services covered under any other benefit
- Orthopedic shoes, therapeutic shoes, foot orthotics, or other devices to support the feet, unless required for the treatment of or to prevent complications of diabetes, or if the orthopedic shoe is an integral part of a covered leg brace
- Trusses, corsets, and other support items
- Repair and replacement due to loss, misuse, abuse or theft
- Communication aids
- Cochlear implants

## Podiatric (foot care) treatment

**Eligible health services** include non-routine foot care for the treatment of **illness** or **injury** of the feet by **physicians** and **health professionals**.

Non-routine treatment means:

- It would be hazardous for you if someone other than a **physician** or **health professional** provided the care
- You have an **illness** that makes the non-routine treatment essential
- The treatment is routine foot care but it's part of an **eligible health service** (e.g., debriding of a nail to expose a subungual ulcer, or treatment of warts)
- The treatment you need might cause you to have a change in your ability to walk.

The following are not covered under this benefit:

- Services and supplies for:
  - The treatment of calluses, bunions, toenails, flat feet, hammertoes, fallen arches
  - The treatment of weak feet, chronic foot pain or conditions caused by routine activities, such as walking, running, working or wearing shoes
  - Supplies (including orthopedic shoes), foot orthotics, arch supports, shoe inserts, ankle braces, guards, protectors, creams, ointments and other equipment, devices and supplies
  - Routine pedicure services, such as cutting of nails, corns and calluses when there is no **illness** or **injury** of the feet

## Telemedicine

**Eligible health services** include **telemedicine** consultations when provided by a **physician, specialist, behavioral health provider telemedicine provider** acting within the scope of their license.

## Vision care

### Pediatric vision care

#### Routine vision exams

**Eligible health services** include a routine vision exam provided by an ophthalmologist or optometrist. The exam will include refraction and glaucoma testing.

#### Vision care services and supplies

**Eligible health services** include:

- Office visits to an ophthalmologist, optometrist or optician related to the fitting of **prescription** contact lenses
- Eyeglass frames, **prescription** lenses or **prescription** contact lenses that are identified as preferred by a vision **provider**
- Eyeglass frames, **prescription** lenses or **prescription** contact lenses that are identified as non-preferred by a vision **provider**
- Non-conventional **prescription** contact lenses that are required to correct visual acuity to 20/40 or better in the better eye and that correction cannot be obtained with conventional lenses
- Aphakic **prescription** lenses prescribed after cataract **surgery** has been performed
- Low vision services including comprehensive low vision evaluations and prescribed optical devices, such as high-power spectacles, magnifiers, and telescopes

In any one **policy year**, this benefit will cover either **prescription** lenses for eyeglass frames or **prescription** contact lenses, but not both.

The following are not covered under this benefit:

- Eyeglass frames, non-**prescription** lenses and non-**prescription** contact lenses that are for cosmetic purposes

## 9. Outpatient prescription drugs

### What you need to know about your outpatient prescription drug benefits

Read this section carefully so that you know:

- How to access **in-network pharmacies**
- How to access **out-of-network pharmacies**
- **Eligible health services** under your outpatient **prescription drug** benefit
- What outpatient **prescription drugs** are covered
- Other services
- How you get an emergency **prescription** filled
- Where your schedule of benefits fits in
- What **precertification** requirements apply
- How do I request a medical exception

Some **prescription drugs** may not be covered or coverage may be limited. This does not keep you from getting **prescription drugs** that are not **covered benefits**. You can still fill your **prescription**, but you have to pay for it yourself. For more information see the *Where your schedule of benefits fits in* section, and see the schedule of benefits.

A **pharmacy** may refuse to fill a **prescription** order or refill when in the professional judgment of the pharmacist the **prescription** should not be filled. In this situation, the pharmacist will call the **prescriber** for guidance.

Your plan provides standard safety checks to encourage safe and appropriate use of medications. These checks are intended to avoid adverse events and align with the medication's FDA-approved prescribing information and current published clinical guidelines and treatment standards. These checks are routinely updated as new medications come to market and as guidelines and standards are updated.

### Prescription drug synchronization

If you are prescribed multiple maintenance medications and would like to have them each dispensed on the same fill date for your convenience, your **network pharmacy** can coordinate that for you. This is called synchronization. We will apply a prorated daily cost share rate, to a partial fill of a maintenance drug, if needed, to synchronize your **prescription drugs**.

### How to access in-network pharmacies

#### How do you find an in-network pharmacy?

You can find an **in-network pharmacy** in two ways:

- **Online:** By logging in to your **Aetna** website at <https://www.aetnastudenthealth.com>.
- **By phone:** Call Member Services at the toll-free number on your ID card. During regular business hours, a Member Services representative can assist you. Our automated telephone assistant can give you this information 24 hours a day.

You may go to any of our **in-network pharmacies**.

The **in-network pharmacy** will submit your claim. You will pay any cost sharing directly to the **in-network pharmacy**.

## How to access out-of-network pharmacies

You can directly access an **out-of-network pharmacy** to get covered outpatient **prescription drugs**.

If you use an **out-of-network pharmacy** to obtain outpatient **prescription drugs**, you are subject to a higher out-of-pocket expense and are responsible for:

- Your out-of-network **copayment**
- Your out-of-network **coinsurance**
- Any charges over our **recognized charge**
- Submitting your own claims

## Eligible health services under your outpatient prescription drug benefit

### What does your outpatient prescription drug benefit cover?

**Eligible health services** under your outpatient **prescription drug benefit** include:

Any **pharmacy** service that meets these three requirements:

- They are described in this section
- They are not listed as exclusions in this section or the *General exclusions* section
- They are not beyond any limits in the schedule of benefits

Your plan benefits are covered when you follow the plan's general rules:

- You need a **prescription** from your **prescriber**
- Your drug needs to be **medically necessary** for your **illness** or **injury**. See the *Medical necessity and precertification* requirements section
- You need to show your ID card to the **pharmacy** when you get a **prescription** filled

Your outpatient **prescription drug** benefit is based on drugs in the **preferred drug guide**. The **preferred drug guide** includes both **brand-name prescription drugs** and **generic prescription drugs**. Your out-of-pocket costs may be higher if your **prescriber** prescribes a **prescription drug** not listed in the **preferred drug guide**.

**Generic prescription drugs** may be substituted by your pharmacist for **brand-name prescription drugs**. Your out-of-pocket costs may be less if you use a **generic prescription drug** when available.

**Prescription drugs** covered by this plan are subject to misuse, waste, and/or abuse utilization review by us, your **provider**, and/or your **in-network pharmacy**. The outcome of this review may include limiting coverage of the applicable drug(s) to one prescribing **provider** and/or one **in-network pharmacy**, limiting the quantity, dosage, day supply, requiring a partial-fill or denial of coverage.

### What outpatient prescription drugs are covered?

Your **prescriber** may give you a **prescription** in different ways, including:

- Writing out a **prescription** that you then take to a **pharmacy**
- Calling or e-mailing a **pharmacy** to order the medication
- Submitting your **prescription** electronically to a **pharmacy**

Once you receive a **prescription** from your **prescriber**, you may fill the **prescription** at **in-network retail**, **mail order** or **specialty** or **out-of-network pharmacy**.

## Prescription drug synchronization

If you are prescribed multiple maintenance medications and would like to have them each dispensed on the same fill date for your convenience, your **in-network pharmacy** may be able to coordinate that for you. We will apply a prorated daily cost share rate to a partial fill of a maintenance drug, if needed, to synchronize your **prescription drugs**.

## Types of pharmacies

### Retail pharmacy

Generally, **retail pharmacies** may be used for up to a 30 day supply of **prescription drugs**. You should show your ID card to the **in-network pharmacy** every time you get a **prescription** filled.

You do not have to complete or submit claim forms. The **in-network pharmacy** will take care of claim submission. You may have to complete or submit claim forms when you use an **out-of-network pharmacy**.

### Mail order pharmacy

Generally, the drugs available through mail order are maintenance drugs that you take on a regular basis for a chronic or long-term medical condition.

Outpatient **prescription drugs** are covered when dispensed by an in-network **mail order pharmacy**. A **mail order pharmacy** may be used for up to a 90 day supply of **prescription drugs**. **Prescriptions** for less than a 30day supply or more than a 61 day supply are not eligible for coverage when dispensed by an in-network **mail order pharmacy**.

Prescription refills after the initial fill- can be filled at an **in-network mail order pharmacy**

### Specialty pharmacy

**Specialty prescription drugs** often include typically high-cost drugs that require special handling, special storage or monitoring and include but are not limited to oral, topical, inhaled and injected routes of administration. A **specialty pharmacy** may be used for up to a 30 day supply of **prescription drugs**. You can access the list of **specialty prescription drugs** by contacting Member Services at the toll-free number on your ID card or by logging in to your Aetna website at <https://www.aetnastudenthealth.com>.

**Specialty prescription drugs** are covered when dispensed through an **in-network specialty pharmacy** or **in-network retail pharmacy**.

See the schedule of benefits for details on supply limits and cost sharing.

## Other services

### Preventive contraceptives

For females who are able to reproduce, your outpatient **prescription drug** plan covers certain **prescription drugs** and devices that the U.S. Food and Drug Administration (FDA) has approved to prevent pregnancy when prescribed by a **prescriber** and the **prescription** is submitted to the pharmacist for processing. Your outpatient **prescription drug** plan also covers related services and supplies needed to administer covered devices. At least one form of contraception in each of the methods identified by the FDA is included. You can access the list of contraceptive **prescription drugs** by logging in to your Aetna website at <https://www.aetnastudenthealth.com> or calling the toll-free number on your ID card.

We cover over-the-counter (OTC) and **generic prescription drugs** and devices for each of the methods identified by the FDA at no cost share. If a **generic prescription drug or device** is not available for a certain method, you may obtain certain **brand-name prescription drug** for that method at no cost share.

**Important Note:**

You may qualify for a medical exception if your **provider** determines that the contraceptives covered standardly as preventive are not medically appropriate. Your **prescriber** may request a medical exception and submit the exception to us.

**Diabetic supplies**

**Eligible health services** include but are not limited to the following diabetic supplies upon **prescription** by a **prescriber**:

- Injection devices including insulin syringes, needles and pens
- Test strips - blood glucose, ketone and urine
- Blood glucose calibration liquid
- Lancet devices and kits
- Alcohol swabs
- Continuous glucose monitors
- Insulin infusion disposable pumps

See the *Diabetic services and supplies (including equipment and training)* section for medical **eligible health services**.

**Immunizations**

Under the outpatient **prescription drugs** benefit, **eligible health services** include preventive immunizations for infectious diseases as required by the federal Affordable Care Act (ACA) guidelines when administered at an **in-network pharmacy**.

You should contact:

- Member Services at the toll-free number on your ID card to find a participating **in-network pharmacy**

You should contact the **pharmacy** for availability as not all **pharmacies** will stock all available vaccines.

Your medical plan also provides coverage for preventive immunizations as required by the federal Affordable Care Act (ACA) guidelines. For details, refer to the *Preventive care and wellness* section.

**Orally administered anti-cancer drugs, including chemotherapy drugs**

**Eligible health services** include any drug prescribed for the treatment of cancer if it is recognized for treatment of that indication in a standard reference compendium or recommended in the medical literature even if the drug is not approved by the FDA for a particular indication.

**Preventive care drugs and supplements**

**Eligible health services** include preventive care drugs and supplements (including over-the-counter drugs and supplements) as required by the *Affordable Care Act (ACA)* guidelines when prescribed by a **prescriber** and the **prescription** is submitted to the pharmacist for processing.

### **Risk-reducing breast cancer prescription drugs**

**Eligible health services** include **prescription drugs** used to treat people who are at:

- Increased risk for breast cancer
- Low risk for adverse medication side effects

### **Tobacco cessation prescription and over-the-counter drugs**

**Eligible health services** include FDA- approved **prescription drugs** and over-the-counter (OTC) drugs to help stop the use of tobacco products, when prescribed by a **prescriber** and the **prescription** is submitted to the pharmacist for processing.

### **Outpatient prescription drugs exclusions**

The following are not covered under the outpatient **prescription drugs** benefit:

- Abortion drugs
- Allergy sera and extracts administered via injection
- Any services related to the dispensing, injecting or application of a drug
- Biological sera unless specified on the **preferred drug guide**
- Compounded **prescriptions** containing bulk chemicals not approved by the U.S. Food and Drug Administration (FDA) including compounded bioidentical hormones
- **Cosmetic** drugs including medications and preparations used for **cosmetic** purposes
- Devices, products and appliances, except those that are specially covered
- Dietary supplements including medical foods
- Drugs or medications
  - Administered or entirely consumed at the time and place it is prescribed or provided
  - Which do not, by federal or state law, require a **prescription** order i.e. over-the-counter (OTC) drugs), even if a **prescription** is written except as specifically provided above
  - That are therapeutically equivalent or therapeutically alternative to a covered **prescription drug** (unless a medical exception is approved)
  - Not approved by the FDA or not proven safe or effective
  - Provided under your medical plan while an inpatient of a healthcare facility
  - Recently approved by the U.S. Food and Drug Administration (FDA), but which have not yet been reviewed by our Pharmacy and Therapeutics Committee
  - That include vitamins and minerals unless recommended by the United States Preventive Services Task Force (USPSTF)
  - For which the cost is covered by a federal, state, or government agency (for example: Medicaid or Veterans Administration)
  - That are used to treat sexual dysfunction, enhance sexual performance or increase sexual desire, including drugs, implants, devices or preparations to correct or enhance erectile function, enhance sensitivity, or alter the shape or appearance of a sex organ
  - That are used for the purpose of weight gain or reduction, including but not limited to stimulants, preparations, foods or diet supplements, dietary regimens and supplements, food or food supplements, appetite suppressants or other medications
  - That are drugs or growth hormones used to stimulate growth and treat idiopathic short stature unless there is evidence that the **covered person** meets one or more clinical criteria detailed in our **precertification** and clinical policies
- Duplicative drug therapy (e.g. two antihistamine drugs)
- Genetic care
  - Any treatment, device, drug, service or supply to alter the body's genes, genetic make-up, or the expression of the body's genes except for the correction of congenital birth defects
- Immunizations related to travel or work

- Immunization or immunological agents except as specifically stated in the schedule of benefits or the certificate
- Implantable drugs and associated devices except as specifically provided above
- **Infertility**
  - Injectable **prescription drugs** used primarily for the treatment of **infertility**
- **Injectables**
  - Any charges for the administration or injection of **prescription drugs** or injectable insulin and other **injectable drugs** covered by us.
  - Needles and syringes, except for those used for insulin administration.
  - Any drug which, due to its characteristics as determined by us, must typically be administered or supervised by a qualified **provider** or licensed certified **health professional** in an outpatient setting. This exception does not apply to Depo Provera and other **injectable drugs** used for contraception.
- Off-label drug use except for indications recognized through peer-reviewed medical literature
- **Prescription drugs:**
  - That are ordered by a **dentist** or prescribed by an oral surgeon in relation to the removal of teeth, or **prescription drugs** for the treatment of a dental condition.
  - That are considered oral dental preparations and fluoride rinses, except pediatric fluoride tablets or drops as specified on the **preferred drug guide**.
  - That are being used or abused in a manner that is determined to be furthering an addiction to a habit-forming substance, or drugs obtained for use by anyone other than the person identified on the ID card.
- Replacement of lost or stolen **prescriptions**
- Test agents except diabetic test agents
- Tobacco cessation drugs, unless recommended by the United States Preventive Services Task Force (USPSTF)
- We reserve the right to exclude:
  - A manufacturer's product when the same or similar drug (that is, a drug with the same active ingredient or same therapeutic effect), supply or equipment is on the **preferred drug guide**
  - Any dosage or form of a drug when the same drug is available in a different dosage or form on our **preferred drug guide**

## How you get an emergency prescription filled

You may not have access to an **in-network pharmacy** in an emergency or urgent care situation,. If you must fill a **prescription** in either situation, we will reimburse you as shown in the table below.

Type of pharmacy	Your cost share
<b>In-network pharmacy</b>	<ul style="list-style-type: none"> <li>• You pay the <b>copayment</b>.</li> </ul>
<b>Out-of-network pharmacy</b>	<ul style="list-style-type: none"> <li>• You pay the <b>pharmacy</b> directly for the cost of the <b>prescription</b>. Then you fill out and send a <b>prescription drug</b> refund form to us, including all itemized <b>pharmacy</b> receipts.</li> <li>• Submission of a claim doesn't guarantee payment. If your claim is approved, you will be reimbursed the cost of your <b>prescription</b> less your <b>copayment</b>.</li> </ul>

## Where your schedule of benefits fits in

You are responsible for paying your part of the cost sharing. The schedule of benefits shows any benefit limitations and any out-of-pocket costs you are responsible for. Keep in mind that you are responsible for costs not covered under this plan.

Your outpatient **prescription drug** costs are based on:

- The type of **prescription drug** you are prescribed
- Where you fill your **prescription**

The plan may, in certain circumstances, make some **preferred brand-name prescription drugs** available to **covered persons** at the **generic prescription drug copayment** level.

## How your copayment works

Your **copayment** is the amount you pay for each **prescription** fill or refill. Your schedule of benefits shows you which **copayments** you need to pay for specific **prescription** fill or refill. You will pay any cost sharing directly to the **in-network pharmacy**.

## What precertification requirements apply?

### Precertification

For certain drugs, you, your **prescriber** or your pharmacist needs to get approval from us before we will cover the drug. This is called “**precertification**”. The requirement for getting approval in advance guides appropriate use of **precertified** drugs and makes sure they are **medically necessary**. For the most up-to-date information, call Member Services at the toll-free number on your ID card or by logging in to your **Aetna** website at <https://www.aetnastudenthealth.com>.

### Step therapy

There is another type of **precertification** for **prescription drugs**, and that is **step therapy**. **Step therapy** is a type of **precertification** where we require you to first try certain **prescription drugs** to treat your medical condition before we will cover another **prescription drug** for that condition.

You will find the **step therapy prescription drugs** on the **preferred drug guide**. For the most up-to-date information, call Member Services at the toll-free number on your ID card or log in to your **Aetna** website at <https://www.aetnastudenthealth.com>.

### Medical exceptions

Sometimes you or your **provider** may ask for a medical exception for **prescription drugs** that are not covered or for which coverage was denied. You, someone who represents you or your **provider** can contact us. You will need to provide us with the required clinical documentation. Any exception granted is based upon an individual and is a case by case decision that will not apply to other **covered persons**.

For directions on how you can submit a request for a review:

- Contact Member Services at the toll-free number on your ID card 1-877-480-4161
- Go online at <https://www.aetnastudenthealth.com>
- Submit the request in writing to CVS Health, ATTN: **Aetna** PA, 1300 E Campbell Road, Richardson, TX 75081

You, someone who represents you or your **provider** may seek a quicker medical exception when the situation is urgent. It's an urgent situation when you have a health condition that may seriously affect your life, health, or ability to get back maximum function. It can also be when you are going through a current course of treatment using a non-covered drug.

**Prescribing units**

Some outpatient **prescription drugs** are subject to quantity limits. These quantity limits help your **prescriber** and pharmacist check that your outpatient **prescription drug** is used correctly and safely. We rely on medical guidelines, FDA-approved recommendations and other criteria developed by us to set these quantity limits.

## What your plan doesn't cover – General exclusions

---

We already told you about the many health care services and supplies that are eligible for coverage under your plan in the *Eligible health services and exclusions* section. In that section we also told you that some health care services and supplies have exceptions and some are not covered at all (exclusions).

In this section we tell you about the general exclusions that apply to your plan. And just a reminder, you'll find coverage limitations in the schedule of benefits.

### General exclusions

The following are not **eligible health services** under your plan except as described in:

- The *Eligible health services and exclusions* section of this certificate of coverage or
- A rider or amendment issued to you for use with this certificate of coverage

#### **Acupuncture**

- Acupuncture
- Acupressure

#### **Air or space travel**

- Traveling in, on or descending from any aircraft, including a hang glider, while the aircraft is in flight. This includes descending by a parachute, wingsuit or any other similar device.

This exclusion does not apply if:

- You are traveling solely as a fare-paying passenger
- You are traveling on a licensed, commercial, regularly scheduled non-military aircraft
- You are traveling solely in a civil aircraft with a current valid "Standard Federal Aviation Agency Airworthiness Certificate" and:
  - The civil aircraft is piloted by a person with a current valid pilot's certificate with proper ratings for the type of flight and aircraft involved
  - You are as a passenger with no duties at all on an aircraft used only to carry passengers or you are a pilot or a part of the flight crew on an aircraft owned or leased by the **policyholder** performing duties for the **policyholder**

#### **Alternative health care**

- Services and supplies given by a **provider** for alternative health care. This includes but is not limited to aromatherapy, naturopathic medicine, herbal remedies, homeopathy, energy medicine, Christian faith-healing medicine, Ayurvedic medicine, yoga, hypnotherapy, and traditional Chinese medicine.

#### **Armed forces**

- Services and supplies received from a **provider** as a result of an **injury** sustained, or **illness** contracted, while in the service of the armed forces of any country. When you enter the armed forces of any country, we will refund any unearned pro-rata **premium**.

### Behavioral health treatment

- Services for the following based on categories, conditions, diagnoses or equivalent terms as listed in the most recent version of the *Diagnostic and Statistical Manual of Mental Disorders* (DSM) of the American Psychiatric Association:
  - **Stay** in a facility for treatment for dementias and amnesia without a behavioral disturbance that necessitates mental health treatment
  - Education services including special education, remedial education, wilderness treatment programs, or any such related or similar programs
  - Services provided in conjunction with school, vocation, work or recreational activities
  - Transportation
  - Sexual deviations and disorders except as described in the *Eligible health services and exclusions* section
  - Tobacco use disorders except as described in the *Eligible health services and exclusions – Preventive care and wellness* section

### Beyond legal authority

- Services and supplies provided by a **health professional** or other **provider** that is acting beyond the scope of its legal authority

### Blood, synthetic substitutes

Examples of these are:

- The provision of blood to the **hospital**, other than blood derived clotting factors
- Any related services including processing, storage or replacement expenses
- The services of blood donors, apheresis or plasmapheresis
- For autologous blood donations, including drawing, storage and transfusion, only administration and processing expenses are covered

### Clinical trial therapies (experimental or investigational)

- Your plan does not cover clinical trial therapies (experimental or investigational), except as described in the *Eligible health services and exclusions- Clinical trial therapies (experimental or investigational)* section

### Cornea or cartilage transplants

- Cornea (corneal graft with amniotic membrane)
- Cartilage (autologous chondrocyte implant or osteochondral allograft or autograft) transplants

### Cosmetic services and plastic surgery

- Any treatment, **surgery (cosmetic or plastic)**, service or supply to alter, improve or enhance the shape or appearance of the body.

This exclusion does not apply to:

- **Surgery** after an accidental **injury** when performed as soon as medically feasible. (**Injuries** that occur during medical treatments are not considered accidental **injuries** even if unplanned or unexpected.)
- Coverage that may be provided under the *Eligible health services and exclusions - Gender affirming treatment* section.

### Court-ordered testing

- Court-ordered testing or care unless **medically necessary**

## **Custodial care**

Services and supplies meant to help you with activities of daily living or other personal needs.

Examples of these are:

- Routine patient care such as changing dressings, periodic turning and positioning in bed
- Administering oral medications
- Care of a stable tracheostomy (including intermittent suctioning)
- Care of a stable colostomy/ileostomy
- Care of stable gastrostomy/jejunostomy/nasogastric tube (intermittent or continuous) feedings
- Care of a bladder catheter (including emptying/changing containers and clamping tubing)
- Watching or protecting you
- **Respite care** except in connection with **hospice care**, adult (or child) day care or convalescent care
- Institutional care. This includes **room and board** for rest cures, adult day care and convalescent care
- Help with walking, grooming, bathing, dressing, getting in or out of bed, toileting, eating or preparing foods
- Any other services that a person without medical or paramedical training could be trained to perform
- Any service that can be performed by a person without any medical or paramedical training
- For behavioral health (mental health treatment and **substance related disorders** treatment):
  - Services provided when you have reached the greatest level of function expected with the current level of care, for a specific diagnosis
  - Services given mainly to:
    - Maintain, not improve, a level of function
    - Provide a place free from conditions that could make your physical or mental state worse

## **Dental care for adults**

- Dental services for adults including services related to:
  - The care, filling, removal or replacement of teeth and treatment of **injuries** to or diseases of the teeth
  - Dental services related to the gums
  - Apicoectomy (dental root resection)
  - Orthodontics
  - Root canal treatment
  - Soft tissue impactions
  - Alveolectomy
  - Augmentation and vestibuloplasty treatment of periodontal disease
  - False teeth
  - Prosthetic restoration of dental implants
  - Dental implants

This exception does not include removal of bony impacted teeth, bone fractures, removal of tumors, and odontogenic cysts.

## Educational services

Examples of these services are:

- Any service or supply for education, training or retraining services or testing, except where described in the *Eligible health services and exclusions – Diabetic services and supplies (including equipment and training)* section. This includes:
  - Special education
  - Remedial education
  - Wilderness treatment programs (whether or not the program is part of a **residential treatment facility** or otherwise licensed institution)
  - Job training
  - Job hardening programs
- Educational services, schooling or any such related or similar program, including therapeutic programs within a school setting.

## Examinations

Any health or dental examinations needed:

- Because a third party requires the exam. Examples are, examinations to get or keep a job, or examinations required under a labor agreement or other contract
- Because a law requires it
- To buy insurance or to get or keep a license
- To travel
- To go to a school, camp, or sporting event, or to join in a sport or other recreational activity

## Experimental or investigational

- **Experimental or investigational** drugs, devices, treatments or procedures unless otherwise covered under clinical trial therapies (**experimental or investigational**) or covered under clinical trials (routine patient costs). See the *Eligible health services and exclusions – Other services* section.

## Facility charges

For care, services or supplies provided in:

- Rest homes
- Assisted living facilities
- Similar institutions serving as a persons' main residence or providing mainly custodial or rest care
- Health resorts
- Spas or sanitariums
- Infirmaries at schools, colleges, or camps

## Felony

- Services and supplies that you receive as a result of an **injury** due to your commission of a felony

## Gene-based, cellular and other innovative therapies (GCIT)

The following are not **eligible health services** unless you receive prior written approval from us:

- GCIT services received at a facility or with a **provider** that is not a GCIT-designated facility/**provider**
- All associated services when GCIT services are not covered. Examples include infusion, laboratory, radiology, anesthesia, and nursing services.

Please refer to the *Medical necessity and precertification requirements* section.

**Genetic care**

- Any treatment, device, drug, service or supply to alter the body's genes, genetic make-up, or the expression of the body's genes except for the correction of congenital birth defects

**Growth/Height care**

- A treatment, device, drug, service or supply to increase or decrease height or alter the rate of growth
- **Surgical procedures**, devices and growth hormones to stimulate growth

**Hearing aids**

Any tests, appliances and devices to:

- Improve your hearing
- Enhance other forms of communication to make up for hearing loss or devices that simulate speech

**Hearing exams**

- Hearing exams performed for the evaluation and treatment of **illness, injury** or hearing loss.

**Incidental surgeries**

- Charges made by a **physician** for incidental surgeries. These are non-**medically necessary** surgeries performed during the same procedure as a **medically necessary** surgery.

**Jaw joint disorder**

- Surgical treatment of **jaw joint disorders**
- Non-surgical treatment of **jaw joint disorders**
- **Jaw joint disorder** treatment performed by prosthesis placed directly on the teeth, surgical and non-surgical medical and dental services, and diagnostic or therapeutics services related to **jaw joint disorders** including associated myofascial pain

This exclusion does not apply to **covered benefits** for treatment of **TMJ** and **CMJ** as described in the *Eligible health services and exclusions – Temporomandibular joint dysfunction (TMJ) and craniomandibular joint dysfunction (CMJ) treatment* section.

**Judgment or settlement**

- Services and supplies for the treatment of an **injury** or **illness** to the extent that payment is made as a judgment or settlement by any person deemed responsible for the **injury** or **illness** (or their insurers)

**Mandatory no-fault laws**

- Treatment for an **injury** to the extent benefits are payable under any state no-fault automobile coverage.

**Maintenance care**

- Care made up of services and supplies that maintain, rather than improve, a level of physical or mental function, except for habilitation therapy services. See the *Eligible health services and exclusions – Habilitation therapy services* section

**Medical supplies – outpatient disposable**

- Any outpatient disposable supply or device. Examples of these are:
  - Sheaths
  - Bags
  - Elastic garments
  - Support hose

**Medicare**

- Services and supplies available under **Medicare**, if you are entitled to premium-free **Medicare** Part A or enrolled in **Medicare** Part B, or if you are not entitled to premium-free **Medicare** Part A or enrolled in **Medicare** Part B because you refused it, dropped it, or did not make a proper request for it

**Non-U.S. citizen**

- Services and supplies received by a **covered person** (who is not a United States citizen) within the **covered person's** home country but only if the home country has a socialized medicine program

**Obesity (bariatric) surgery and services**

- Weight management treatment or drugs intended to decrease or increase body weight, control weight or treat obesity, including morbid obesity except as described in the *Eligible health services and exclusions – Preventive care and wellness* section, including preventive services for obesity screening and weight management interventions. This is regardless of the existence of other medical conditions. Examples of these are:
  - Liposuction, banding, gastric stapling, gastric by-pass and other forms of bariatric **surgery**
  - **Surgical procedures**, medical treatments and weight control/loss programs primarily intended to treat, or are related to the treatment of obesity, including morbid obesity
  - Drugs, stimulants, preparations, foods or diet supplements, dietary regimens and supplements, food supplements, appetite suppressants and other medications
  - Hypnosis or other forms of therapy
  - Exercise programs, exercise equipment, membership to health or fitness clubs, recreational therapy or other forms of activity or activity enhancement

**Other primary payer**

- Payment for a portion of the charge that **Medicare** or another party is responsible for as the primary payer

**Outpatient prescription or non-prescription drugs and medicines**

- Outpatient **prescription drugs** or non-prescription drugs and medicines provided by the **policyholder**
- Drugs that are included on the list of **specialty prescription drugs** as covered under your outpatient **prescription drug** plan

**Personal care, comfort or convenience items**

- Any service or supply primarily for your convenience and personal comfort or that of a third party

**Private duty nursing****Riot**

- Services and supplies that you receive from **providers** as a result of an **injury** from your “participation in a riot”. This means when you take part in a riot in any way such as inciting, or conspiring to incite, the riot. It does not include actions that you take in self-defense as long as they are not against people who are trying to restore law and order.

**Routine exams**

- Routine physical exams, routine eye exams, routine dental exams, routine hearing exams and other preventive services and supplies, except as specifically provided in the *Eligible health services and exclusions* section

**Services provided by a family member**

  - **Surgery, prescription drugs**, implants, devices or preparations to correct or enhance erectile function, enhance sensitivity, or alter the shape or appearance of a sex organ
  - Sex therapy, sex counseling, marriage counseling, or other counseling or advisory services
- Not eligible for coverage are **prescription drugs** in 60 day supplies

**Sinus surgery**

- Any services or supplies given by **providers** for sinus surgery except for acute purulent sinusitis

**Specialty prescription drugs**

- Drugs that are included on the list of **specialty prescription drugs** as covered under your outpatient **prescription drug** benefit

**Sports**

- Any services or supplies given by **providers** as a result from play or practice of collegiate or intercollegiate sports, not including intercollegiate club sports and intramurals

**Strength and performance**

- Services, devices and supplies such as drugs or preparations designed primarily for enhancing your:
  - Strength
  - Physical condition
  - Endurance
  - Physical performance

**Students in mental health field**

- Any services and supplies provided to a **covered student** who is specializing in the mental health care field and who receives treatment from a **provider** as part of their training in that field

### Telemedicine

- Services given when you are not present at the same time as the **provider**
- Services including:
  - Telephone calls
  - **Telemedicine** kiosks
  - Electronic vital signs monitoring or exchanges, (e.g. Tele-ICU, Tele-stroke)

### Therapies and tests

- Full body CT scans
- Hair analysis
- Hypnosis and hypnotherapy
- Massage therapy, except when used as a physical therapy modality
- Sensory or auditory integration therapy

### Tobacco cessation

- Any treatment, drug, service or supply to stop or reduce smoking or the use of other tobacco products or to treat or reduce nicotine addiction, dependence or cravings, including, medications, nicotine patches and gum unless recommended by the United States Preventive Services Task Force (USPSTF). This also includes:
  - Counseling, except as specifically provided in the *Eligible health services and exclusions – Preventive care and wellness* section
  - Hypnosis and other therapies
  - Medications, except as specifically provided in the *Eligible health services and exclusions – Outpatient prescription drugs* section
  - Nicotine patches
  - Gum

### Treatment in a federal, state, or governmental entity

- Any care in a **hospital** or other facility owned or operated by any federal, state or other governmental entity, except to the extent coverage is required by applicable laws

### Vision care for adults

- Routine vision exam provided by an ophthalmologist or optometrist, including refraction and glaucoma testing
- Vision care services and supplies

### Wilderness treatment programs

See *Educational services* within this section

### Work related illness or injuries

- Coverage available to you under worker's compensation or under a similar program under local, state or federal law for any **illness** or **injury** related to employment or self-employment.
- A source of coverage or reimbursement will be considered available to you even if you waived your right to payment from that source. You may also be covered under a workers' compensation law or similar law. If you submit proof that you are not covered for a particular **illness** or **injury** under such law, then that **illness** or **injury** will be considered "non-occupational" regardless of cause.

## Who provides the care

---

Just as the starting point for coverage under your plan is whether the services and supplies are **eligible health services**, the foundation for getting covered care is through our network of providers. This section tells you about **in-network** and **out-of-network providers**.

This section also tells you about the role of **school health services**.

### School health services

**School health services** can give you some of the care that you need. Contact them first before seeking care from other **providers**.

### In-network providers

We have contracted with **providers** to provide **eligible health services** to you. These **providers** make up the network for your plan. For you to receive the in-network level of benefits you must use **in-network providers** for **eligible health services**. There are some exceptions:

- **Emergency services** – refer to the description of **emergency services** and urgent care in the *Eligible health services and exclusions* section
- **Urgent care** – refer to the description of emergency services and urgent care in the *Eligible health services and exclusions* section
- **Transplants** – see the description of transplant services in the *Eligible health services and exclusions – Specific conditions* section

You may select an **in-network provider** from the **directory** through your **Aetna** website at <https://www.aetnastudenthealth.com>. You can search our online **directory** for names and locations of **providers** or contact Member Services at the toll-free number on your ID card.

You will not have to submit claims for treatment received from **in-network providers**. Your **in-network provider** will take care of that for you. And we will directly pay the **in-network provider** for what the plan owes.

### Out-of-network providers

You also have access to **out-of-network providers**. This means you can receive **eligible health services** from an **out-of-network provider**. If you use an **out-of-network provider** to receive **eligible health services**, you are subject to a higher out-of-pocket expense and are responsible for:

- Paying your out-of-network **policy year deductible**
- Your out-of-network **coinsurance**
- Any charges over our **recognized charge**
- Submitting your own claims and getting **precertification**

## Keeping a provider you go to now (continuity of care)

You may have to find a new **provider** when:

- You join the plan and the **provider** you have now is not in the network
- You are already covered under another **Aetna** plan and your **provider** stops being in our network

But, in some cases, you may be able to keep going to your current **provider** to complete a treatment or to have treatment that was already scheduled. This is called continuity of care.

If this situation applies to you, contact us for details. As long as the **provider** did not leave the network based on fraud, lack of quality standards, or our termination of the **provider**, you'll be able to receive transitional care from your **provider** for a period up to 90 days from when we notified you of their network status or the end of your treatment, whichever is sooner.

If you are pregnant and have entered your second trimester, transitional care will be through the time required for postpartum care directly related to the delivery.

You will not be responsible for an amount that exceeds the cost share that would have applied had your **provider** remained in the network.

## What the plan pays and what you pay

---

Who pays for your **eligible health services** – this plan, both of us, or just you? That depends. This section gives the general rule and explains these key terms:

- Your **policy year deductible**
- Your **copayments**
- Your **coinsurance**
- Your **maximum out-of-pocket limit**

We also remind you that sometimes you will be responsible for paying the entire bill – for example, if you get care that is not an **eligible health service**.

### The general rule

When you get **eligible health services**:

- You pay for the entire expense up to any **policy year deductible** limit

And then

- The plan and you share the expense up to any **maximum out-of-pocket limit**. The schedule of benefits lists how much your plan pays and how much you pay for each type of health care service.

And then

- The plan pays the entire expense after you reach your **maximum out-of-pocket limit**

When we say “expense” in this general rule, we mean the **negotiated charge** for an **in-network provider**, and **recognized charge** for an **out-of-network provider**. See the *Glossary* section for what these terms mean.

See the schedule of benefits for any exceptions to this general rule.

### Important exception – when your plan pays all

Under the in-network level of coverage, your plan pays the entire expense for all **eligible health services** under the *Preventive care and wellness* benefit.

### Important exceptions – when you pay all

You pay the entire expense for an **eligible health service**:

- When you get a health care service or supply that is not **medically necessary**. See the *Medical necessity and precertification requirements* section.
- When your plan requires **precertification**, your **physician** requested it, we refused it, and you get an **eligible health service** without **precertification**. See the *Medical necessity and precertification requirements* section.

In all these cases, the **provider** may require you to pay the entire charge. Any amount you pay will not count towards your **policy year deductible** or towards your **maximum out-of-pocket limit**.

## One more important exception – when you go to the emergency room

When you have to visit an emergency room for **emergency services**, the general rule described earlier doesn't apply.

Instead:

- You pay your initial share, a **copayment**, for each visit. The **copayment** amount is shown in the schedule of benefits.

And then

- If you haven't satisfied your **policy year deductible**, you pay any remaining expense for the visit, up to the amount of your **policy year deductible**.

And then

- Once the **policy year deductible** has been satisfied, the plan and you share the remaining expense up to any **maximum out-of-pocket limit**. The schedule of benefits lists what percentage of this remaining amount your plan pays. Your share is called **coinsurance**.

And then

- The plan pays any remaining expense after you reach your **maximum out-of-pocket limit**.

As with the general rule, when we say "expense" we mean the **negotiated charge** for an **in-network provider**, and **recognized charge** for an **out-of-network provider**.

## Special financial responsibility

You are responsible for the entire expense of:

- Cancelled or missed appointments

Neither you nor we are responsible for:

- Charges for which you have no legal obligation to pay
- Charges that would not be made if you did not have coverage
- Charges, expenses, or costs in excess of the **negotiated charge** for in-network **covered benefits**
- Standby charges made by a **physician**

## Where your schedule of benefits fits in

### How your policy year deductible works

Your **policy year deductible** is the amount you need to pay for **eligible health services** per **policy year** before your plan begins to pay for **eligible health services**. Your schedule of benefits shows the **policy year deductible** amounts for your plan.

### How your copayment works

Your **copayment** is the amount you pay for **eligible health services** after you have paid your **policy year deductible**. Your schedule of benefits shows you which **copayments** you need to pay for specific **eligible health services**.

### How your maximum out-of-pocket limit works

You will pay your **policy year deductible**, **copayments**, and **coinsurance** up to the **maximum out-of-pocket limit** for your plan. Your schedule of benefits shows the **maximum out-of-pocket limits** that apply to your plan. Once you reach your **maximum out-of-pocket limit**, your plan will pay for **covered benefits** for the remainder of that **policy year**.

### Important note:

See the schedule of benefits for any **policy year deductibles**, **copayments**, **coinsurance**, **maximum out-of-pocket limit** and maximum age, visits, days, hours, admissions that may apply.

## When you disagree - claim decisions and appeals procedures

---

In the previous section, we explained how you and we share responsibility for paying for your **eligible health services**.

When a claim comes in, we decide and tell you how you and we will split the expense. We also explain what you can do if you think we got it wrong.

### Claim procedures

For claims involving **out-of-network providers**:

Notice	Requirement	Deadline
Submit a claim	<ul style="list-style-type: none"><li>• You should notify and request a claim form from the <b>policyholder</b>.</li><li>• The claim form will provide instructions on how to complete and where to send the form(s).</li><li>• If claim forms are not furnished within 15 days after giving notice of claim, you may send us:<ul style="list-style-type: none"><li>- A description of services</li><li>- Bill of charges</li></ul></li><li>• Any medical documentation you received from your provider</li></ul>	<ul style="list-style-type: none"><li>• You must send us written notice 20 days after the occurrence of a claim or as soon as reasonably possible.</li></ul>
Proof of loss (claim)	<ul style="list-style-type: none"><li>• A completed claim form and any additional information required by us.</li></ul>	<ul style="list-style-type: none"><li>• You must send us written proof within 90 days after the date of loss or as soon as reasonably possible.</li></ul>
Benefit payment	<ul style="list-style-type: none"><li>• Written proof must be provided for all benefits.</li><li>• If we challenge any portion of a claim, the unchallenged portion of the claim will be paid promptly after the receipt of proof of loss.</li></ul>	<ul style="list-style-type: none"><li>• Benefits will be paid as soon as the necessary proof to support the claim is received.</li></ul>

## Types of claims and communicating our claim decisions

You or your **provider** is required to send us a claim in writing. You can request a claim form from us. We will review that claim for payment to the **provider** or to you as appropriate.

There are different types of claims. The amount of time that we have to tell you about our decision on a claim depends on the type of claim. The section below will tell you about the different types of claims.

### Urgent care claim

An urgent claim is one for which the **physician** treating you decides that a delay in getting medical care, could put your life or health at risk. Or a delay might put your ability to regain maximum function at risk. It could also be a situation in which you need care to avoid severe pain.

If you are pregnant, an urgent claim also includes a situation that can cause serious risk to the health of your unborn baby.

### Pre-service claim

A pre-service claim is a claim that involves services you have not yet received and which we will pay for only if we **precertify** them.

### Post-service claim

A post service claim is a claim that involves health care services you have already received.

### Concurrent care claim extension

A concurrent care claim extension occurs when you ask us to approve more services than we already have approved. Examples are extending a **hospital stay** or adding a number of visits to a **provider**.

### Concurrent care claim reduction or termination

A concurrent care claim reduction or termination occurs when we decide to reduce or stop payment for an already approved course of treatment. We will notify you of such a determination. You will have enough time to file an appeal. Your coverage for the service or supply will continue until you receive a final appeal decision from us or an external review organization if the situation is eligible for external review.

During this continuation period, you are still responsible for your share of the costs, such as **copayments**, **coinsurance** and **deductibles** that apply to the service or supply. If we uphold our decision at the final internal appeal, you will be responsible for all of the expenses for the service or supply received during the continuation period.

The chart below shows a timetable view of the different types of claims and how much time we have to tell you about our decision.

We may need to tell your **physician** about our decision on some types of claims, such as a concurrent care claim, or a claim when you are already receiving the health care services or are in the **hospital**.

Type of notice	Urgent care claim	Pre-service claim	Post-service claim	Concurrent care claim
Initial determination (us)	48 hours	15 days	30 days	24 hours for urgent request*  15 calendar days for non-urgent request
Extensions	None	15 days	15 days	Not applicable
Additional information request (us)	72 hours	15 days	30 days	Not applicable
Response to additional information request (you)	48 hours	45 days	45 days	Not applicable

\*We have to receive the request at least 24 hours before the previously approved health care services end.

## Adverse benefit determinations

We pay many claims at the full rate **negotiated charge** with **in-network provider** and the **recognized charge** with an **out-of-network provider**, except for your share of the costs. But sometimes we pay only some of the claim. And sometimes we deny payment entirely. Any time we deny even part of the claim that is an “adverse benefit determination” or “adverse decision”. It is also an “adverse benefit determination” if we rescind your coverage entirely.

If we make an adverse benefit determination, we will tell you in writing.

## The difference between a complaint and an appeal

### A Complaint

You may not be happy about a **provider** or an operational issue, and you may want to complain. You can call Member Services at the toll-free number on your ID card or write Member Services. Your complaint should include a description of the issue. You should include copies of any records or documents that you think are important. We will review the information and provide you with a written response within 30 calendar days of receiving the complaint. We will let you know if we need more information to make a decision.

### An Appeal

You can ask us to re-review an adverse benefit determination. This is called an appeal. You can appeal to us by calling Member Services at the toll-free number on your ID card.

## Appeals of adverse benefit determinations

You can appeal our adverse benefit determination. We will assign your appeal to someone who was not involved in making the original decision. You must file an appeal within 180 calendar days from the time you receive the notice of an adverse benefit determination.

You can appeal by sending a written appeal to the address on the notice of adverse benefit determination or by calling Member Services at the toll-free number on your ID card. For a written appeal, you need to include:

- Your name
- The **policyholder's** name
- A copy of the adverse benefit determination
- Your reasons for making the appeal
- Any other information you would like us to consider

Another person may submit an appeal for you, including a **provider**. That person is called an authorized representative. You need to tell us if you choose to have someone else appeal for you (even if it is your **provider**). You should fill out an authorized representative form telling us that you are allowing someone to appeal for you. You can get this form on our website or by calling Member Services at the toll-free number on your ID card. The form will tell you where to send it to us. You can use an authorized representative at any level of appeal.

You can appeal two times under this plan except for urgent care claims. Urgent care claims receive one level of appeal. If you appeal a second time you must present your appeal within 60 calendar days from the date you receive the notice of the first appeal decision.

### Urgent care or pre-service claim appeals

If your claim is an urgent claim or a pre-service claim, your **provider** may appeal for you without having to fill out a form.

We will provide you with any new or additional information that we used or that was developed by us to review your claim. We will provide this information at no cost to you before we give you a decision at your last available level of appeal. This decision is called the final adverse benefit determination. You can respond to this information before we tell you what our final decision is.

## Timeframes for deciding appeals

The amount of time that we have to tell you about our decision on an appeal claim depends on the type of claim. The chart below shows a timetable view of the different types of claims and how much time we have to tell you about our decision.

Type of notice	Urgent care claim	Pre-service claim	Post-service claim	Concurrent care claim
Appeal determinations at each level (us)	48 hours	15 days	30 days	As appropriate to type of claim
Extensions	None	None	None	

## Exhaustion of appeals process

In most situations you must complete the appeal process with us before you can take these other actions:

- Contact the Pennsylvania Department of Insurance to request an investigation of a complaint or appeal
- File a complaint or appeal with the Pennsylvania Department of Insurance
- Appeal through an external review process
- Pursue arbitration, litigation or other type of administrative proceeding

But sometimes you do not have to complete the appeals process before you may take other actions. These situations are:

- You have an urgent claim or a claim that involves ongoing treatment. You can have your claim reviewed internally and at the same time through the external review process.
- We did not follow all of the claim determination and appeal requirements of the Federal Department of Health and Human Services. But you will not be able to proceed directly to external review if:
  - The rule violation was minor and not likely to influence a decision or harm you.
  - The violation was for a good cause or beyond our control.
  - The violation was part of an ongoing, good faith exchange between you and us.

## External review

External review is a review done by people in an organization outside of **Aetna**. This is called an external review organization (ERO).

You have a right to external review only if:

- Our claim decision involved medical judgment
- We decided the service or supply is not **medically necessary** or not appropriate
- We decided the service or supply is **experimental or investigational**
- You have received an adverse determination

You may also request external review if you want to know if the federal surprise bill law applies to your situation.

If our claim decision is one for which you can seek external review, we will say that in the notice of adverse benefit determination or final adverse benefit determination we send you. That notice also will describe the external review process. It will include a copy of the Request for External Review form at the final adverse determination level.

You must submit the Request for External Review Form:

- To **Aetna**
- Within 4 months of the date you received the decision from us
- And you must include a copy of the notice from us and all other important information that supports your request

You will pay for any information that you send and want reviewed by the ERO. We will pay for information we send to the ERO plus the cost of the review.

**Aetna will:**

- Contact the ERO that will conduct the review of your claim
- The ERO will:
  - Assign the appeal to one or more independent clinical reviewers that have the proper expertise to do the review
  - Consider appropriate credible information that you sent
  - Follow our contractual documents and your plan of benefits
  - Send notification of the decision within 45 calendar days of the date we receive your request form and all the necessary information

We will stand by the decision that the ERO makes, unless we can show conflict of interest, bias or fraud.

**How long will it take to get an ERO decision?**

We will tell you of the ERO decision not more than 45 calendar days after we receive your Notice of External Review Form with all the information you need to send in.

But sometimes you can get a faster external review decision. Your **provider** must call us or send us a Request for External Review Form.

There are two scenarios when you may be able to get a faster external review:

**For initial adverse determinations**

Your **provider** tells us that a delay in your receiving health care services would:

- Jeopardize your life, health or ability to regain maximum function or
- Be much less effective if not started right away (in the case of **experimental or investigational** treatment)

**For final adverse determinations**

Your **provider** tells us that a delay in your receiving health care services would:

- Jeopardize your life, health or ability to regain maximum function
- Be much less effective if not started right away (in the case of **experimental or investigational** treatment) or
- The final adverse determination concerns an admission, availability of care, continued stay or health care service for which you received **emergency services**, but have not been discharged from a facility

If your situation qualifies for this faster review, you will receive a decision within 72 hours of us getting your request.

**Recordkeeping**

We will keep the records of all complaints and appeals for at least 10 years.

**Fees and expenses**

We do not pay any fees or expenses incurred by you in pursuing a complaint or appeal.

## Coordination of benefits (COB)

---

Some people have health coverage under more than one health plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB).

### Key terms

Here are some key terms we use in this section. These terms will help you understand this *COB* section.

Allowable expense means:

- A health care expense that any of your health plans cover to any degree. If the health care service is not covered by any of the plans, it is not an allowable expense. For example, **cosmetic surgery** generally is not an allowable expense under this plan.

In this section when we talk about “other plans” through which you may have other coverage for health care expenses, we mean:

- Group or non-group, blanket, or franchise health insurance policies issued by insurers, HMOs, or health care service contractors
- Labor-management trustee plans, labor organization plans, employer organization plans, or employee benefit organization plans
- An automobile insurance policy
- Governmental benefits
- Any contract that you can obtain or maintain only because of membership in or connection with a particular organization or group

Different rules apply if you have **Medicare**. See the *How COB works with Medicare* section below for those rules.

### Here’s how COB works

- When this is the primary plan, we will pay your medical claims first as if the other plan does not exist
- When this is the secondary plan, we will pay benefits after the primary plan and will reduce the payment based on any amount the primary plan paid
- We will never pay an amount that, together with payments from your other coverage, add up to more than 100% of the allowable submitted expenses

### Determining who pays

Reading from top to bottom the first rule that applies will determine which plan is primary and which is secondary.

A plan that does not contain a *COB* provision is always the primary plan.

If you are:	Primary plan	Secondary plan
Covered under this plan as a student or dependent	The plan covering you as a student.	The plan covering you as a dependent.

COB rules for dependent children		
Child of: <ul style="list-style-type: none"> <li>Parents who are married or living together</li> </ul>	The “birthday rule” applies. The plan of the parent whose birthday* (month and day only) falls earlier in the <b>calendar year</b> .  *Same birthdays--the plan that has covered a parent longer is primary	The plan of the parent born later in the year (month and day only)*.  *Same birthdays--the plan that has covered a parent longer is primary
Child of: Parents separated or divorced or not living together and there is court-order	The plan of the parent whom the court said is responsible for health coverage.  But if that parent has no coverage, then their spouse’s plan is primary.	The plan of the other parent.  But if that parent has no coverage, then their spouse’s plan is primary.
Child of: <ul style="list-style-type: none"> <li>Parents separated or divorced or not living together – court-order states both parents are responsible for coverage or have joint custody</li> </ul>	Primary and secondary coverage is based on the birthday rule.	
Child of: <ul style="list-style-type: none"> <li>Parents separated or divorced or not living together and there is no court-order</li> </ul>	<i>The order of benefit payments is:</i> <ul style="list-style-type: none"> <li><i>The plan of the custodial parent pays first</i></li> <li><i>The plan of the spouse of the custodial parent (if any) pays second</i></li> <li><i>The plan of the noncustodial parents pays next</i></li> <li><i>The plan of the spouse of the noncustodial parent (if any) pays last</i></li> </ul>	
<ul style="list-style-type: none"> <li>Child covered by: Individual who is not a parent (i.e. stepparent or grandparent)</li> </ul>	Treat the person the same as a parent when making the order of benefits determination: See <i>Child of</i> content above.	
Longer or shorter length of coverage	If none of the above rules determine the order of payment, the plan that has covered the person longer is primary.	
Other rules do not apply	If none of the above rules apply, the plans share expenses equally.	

How are benefits paid?	
Primary plan	The primary plan pays your claims as if there is no other health plan involved.
Secondary plan	<p>The secondary plan calculates payment as if the primary plan did not exist and then applies that amount to any allowable expenses under the secondary plan that was not covered by the primary plan.</p> <p>The secondary plan will reduce payments so the total payments do not exceed 100% of the total allowable expense.</p>

## How COB works with Medicare

This section explains how the benefits under this plan interact with benefits available under **Medicare**. Keep in mind, if you have **Medicare**, you are not eligible to enroll in this plan. But you might get **Medicare** after you are already enrolled in this plan, so these rules will apply.

You have **Medicare** when you are entitled to premium-free **Medicare** Part A or enrolled in **Medicare** Part B or Premium Part A, or both, by reason of:

- Age
- Disability
- ALS / Lou Gehrig's disease or
- End stage renal disease

You also have **Medicare** even if you are not entitled to premium-free **Medicare** Part A or enrolled in **Medicare** Part B or Premium Part A if you:

- Refused it
- Dropped it or
- Did not make a proper request for it

When you have **Medicare**, the plan coordinates the benefits it pays with the benefits that **Medicare** pays. In the case of someone who is eligible but not covered, the plan may pay as if you are covered by **Medicare** and coordinates benefits with the benefits **Medicare** would have paid had you enrolled in **Medicare**. Sometimes, this plan is the primary plan, which means that the plan pays benefits before **Medicare** pays benefits. Sometimes, this plan is the secondary plan, and pays benefits after **Medicare** or after an amount that **Medicare** would have paid had you been covered.

How are benefits paid?		
If you have Medicare because of:	Primary plan	Secondary plan
Age	<b>Medicare</b>	This plan
Disability	<b>Medicare</b>	This plan
ALS / Lou Gehrig's disease	<b>Medicare</b>	This plan
End stage renal disease (ESRD)*	This plan will pay first for the first 3 months unless you take a self-dialysis course, there is no <b>Medicare</b> waiting period and <b>Medicare</b> becomes primary payer on the first month of dialysis. Also, if a transplant takes place within the 3-month waiting period, <b>Medicare</b> becomes primary payer on the first of the month in which the transplant takes place.	<b>Medicare</b>
<p><b>*Note</b> regarding ESRD: If you have <b>Medicare</b> due to age and then later have it due to ESRD, <b>Medicare</b> will remain your primary <b>plan</b> and this plan will be secondary.</p>		

This plan is secondary to **Medicare** in all other circumstances.

How are benefits paid?	
We are primary	We pay your claims as if there is no <b>Medicare</b> coverage.
<b>Medicare</b> is primary	We calculate our benefit as if there were no <b>Medicare</b> coverage and reduce our benefit so that when combined with the <b>Medicare</b> payment, the total payment is no more than 100% of the allowable expense.

## Other health coverage updates – contact information

You should contact us if you have any changes to your other coverage. We want to be sure our records are accurate so your claims are processed correctly:

- **Online:** Log in to your **Aetna** member website at <https://www.aetnastudenthealth.com>. Select Find a Form, then select Your Other Health Plans.
- **By phone:** Call Member Services at the toll-free number on your ID card.

**Right to receive and release needed information**

We have the right to release or obtain any information we need for *COB* purposes. That includes information we need to recover any payments from your other health plans.

**Right to pay another carrier**

Sometimes another plan pays something we would have paid under your plan. When that happens, we will pay your plan benefit to the other plan.

**Right of recovery**

If we pay more than we should have under the *COB* rules, we may recover the excess from:

- Any person we paid or for whom we paid or
- Any other plan that is responsible under these *COB* rules

## When coverage ends

---

Coverage can end for a number of reasons. This section tells you how and why coverage ends and when you may still be able to continue coverage.

### When will your coverage end?

Your coverage under this plan will end on the date of the first event to occur:

- This plan is discontinued
- The **student policy** ends
- You are no longer eligible for coverage
- The last day for which any required **premium** contribution has been paid
- The date you are no longer in an eligible class
- We end your coverage
- You become covered under another medical plan offered by the **policyholder**
- The date you withdraw from the school because of entering the armed forces of any country

### Withdrawal from classes – leave of absence

If you withdraw from classes under a school-approved leave of absence, your coverage will remain in force through the end of the period for which **premium** payment has been received. No **premium** will be refunded.

### Withdrawal from classes – other than leave of absence

- If you withdraw from classes within 31 days after the policy effective date, you will be considered ineligible for coverage. Your coverage will be terminated retroactively, and any **premium** paid will be refunded.
- If you withdraw from classes more than 31 days after the policy effective date, your coverage will remain in force through the end of the period for which **premium** payment has been received. No **premium** will be refunded.
- If you withdraw from classes to enter the armed forces of any country, your coverage will end as of the date of such entry. We will refund your **premium**, on a pro-rata basis, if you submit a written request within 90 days from the date you withdraw.

### When will coverage end for any dependents?

Coverage for your dependent will end if:

- For a dependent child, on the first **premium** due date following the child's 26<sup>th</sup> birthday.
- Your dependent is no longer eligible for coverage.
- The dependent is no longer an eligible class.
- You do not make the required **premium** contribution toward the cost of dependents' coverage.
- Your coverage ends for any of the reasons listed above.
- For your spouse, the date the marriage ends in divorce or annulment.

### What happens to your dependent coverage if you die?

Coverage for dependents may continue for some time after your death. See the *Special coverage options after your plan coverage ends* section for more information.

## Why would we suspend paying claims or end your coverage?

We will give you 30 days advance written notice if we suspend paying your claims because:

- You or your dependent do not cooperate or give facts that we need to administer the COB provisions.

We may immediately end your and your dependents coverage if:

- You commit fraud or intentionally misrepresent yourself when you applied for or obtained coverage.  
You can refer to the *General provisions – other things you should know- Honest mistakes and intentional deception* section for more information on rescissions.

On the date your coverage ends, we will refund to the **policyholder** any prepayments for periods after the date your coverage ended.

## Special coverage options after your plan coverage ends

---

This section explains options you may have after your coverage ends under this plan. Your individual situation will determine what options you will have.

### Continuation of coverage for other reasons

You can request an extension of coverage as we explain below, by calling Member Services at the toll-free number on your ID card.

#### How can you extend coverage when getting inpatient care when coverage ends?

Your coverage may be extended if you or your dependents are getting inpatient care in a **hospital** or **skilled nursing facility** when coverage ends.

Benefits are extended for the condition that caused the **hospital** or **skilled nursing facility stay** or for complications from the condition. Benefits aren't extended for other medical conditions.

You can continue to get care for this condition until the first to occur of:

- When you are discharged. Coverage will not end if you are transferred to another **hospital** or a **skilled nursing facility**.
- When you no longer need inpatient care.
- When you become covered by another health benefits plan.
- 12 months of coverage.

#### How can you extend coverage for a child in college who is on medical leave?

You have the right to extend coverage for your dependent college student who takes a **medically necessary** leave of absence from school. The right to coverage will be extended until the earlier of:

- One year after the leave of absence begins or
- The date coverage would otherwise end

To extend coverage the leave of absence must:

- Begin while the dependent child is suffering from a serious **illness** or **injury**
- Cause the dependent child to lose status as a full-time student under the plan
- Be certified by the treating **physician** as **medically necessary** due to a serious **illness** or **injury**

We must receive documentation or certification of the **medical necessity** for a leave of absence:

- At least 30 days prior to the absence, if the medical reason for the absence and the absence are foreseeable, or
- 30 days after the start date of the medical leave of absence from school

The **physician** treating your child will be asked to keep us informed of any changes.

## General provisions – other things you should know

---

### Entire student policy

The **student policy** consists of several documents taken together. These documents are:

- The **policyholder's** application
- Your enrollment form, if the **policyholder** requires one
- The **student policy**
- The certificate(s) of coverage
- The schedule of benefits
- Any riders, endorsement, inserts, attachments, and amendments to the **student policy**, the certificate of coverage, and the schedule of benefits

### Administrative provisions

#### How you and we will interpret this certificate of coverage

We prepared this certificate of coverage according to federal laws and state laws that apply. You and we will interpret it according to these laws. Also, you are bound by our interpretation of this certificate of coverage when we administer your coverage, so long as we use reasonable authority.

#### How we administer this plan

We apply policies and procedures we've develop to administer this plan.

#### Who's responsible to you

We are responsible to you for what our employees and other agents do.

We are not responsible for what is done by your **providers**. Even **in-network providers** are not our employees or agents.

### Coverage and services

#### Your coverage can change

Your coverage is defined by the **student policy**. This document may have amendments or riders too. Under certain circumstances, we or the **policyholder** or the law may change your plan according to requirements of the **student policy**. When an emergency or epidemic is declared, we may modify or waive **precertification**, **prescription** quantity limits or your cost share if you are affected. Only **Aetna** may waive a requirement of your plan. No other person – including the **policyholder** or **provider** – can do this.

If your student status changes the amount of your coverage or benefit levels, the change will take effect on the date of the status change and the amount of coverage or benefit level will be changed to the new amount.

A retroactive change in your student status will not cause a retroactive change in your coverage.

If your dependent status changes the amount of your dependent coverage or benefit levels, the change will take effect on the date of the status change and the amount of coverage or benefit level will be changed to the new amount.

#### Legal action

You must complete the appeal process before you take any legal action against us for any expense or bill. See the *When you disagree - claim decisions and appeals procedures* section. You cannot take any action until 60 days after we receive written submission of claim.

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

### **Physical examinations and evaluations**

At our expense, we have the right to have a **physician** of our choice examine you. This will be done at all reasonable times while certification or a claim for benefits is pending or under review.

### **Records of expenses**

You should keep complete records of your expenses. They may be needed for a claim.

Things that would be important to keep are:

- Names of **physicians, dental providers** and others who furnish services
- Dates expenses are incurred
- Copies of all bills and receipts

## **Honest mistakes and intentional deception**

### **Honest mistakes**

You or the **policyholder** may make an honest mistake when you share facts with us. When we learn of the mistake, we may make a fair change in **premium** contribution or in your coverage. If we do, we will tell you what the mistake was. We won't make a change if the mistake happened more than 3 years before we learned of it.

### **Intentional deception**

If we learn that you defrauded us or you intentionally misrepresented material facts, we can take actions that can have serious consequences for your coverage. These serious consequences include, but are not limited to:

- Loss of coverage, starting at some time in the past. This is called rescission.
- Loss of coverage going forward.
- Denial of benefits.
- Recovery of amounts we already paid.

We also may report fraud to criminal authorities.

Rescission means you lose coverage both going forward and going backward. If we paid claims for your past coverage, we will want the money back.

You have special rights if we rescind your coverage as follows:

- We will give you 30 days advanced written notice of any rescission of coverage
- You have the right to an **Aetna** appeal
- You have the right to a third party review conducted by an independent external review organization

## Some other money issues

### Assignment of benefits

When you see an **in-network provider** they will usually bill us directly. When you see an **out-of-network provider**, we may choose to pay you or to pay the **provider** directly. Unless we have agreed to do so in writing and to the extent allowed by law, we will not accept an assignment to an **out-of-network provider** under this **student policy**. This may include:

- The benefits due
- The right to receive payments or
- Any claim you make for damages resulting from a breach, or alleged breach, of the terms of this **student policy**

To request assignment you must complete an assignment form. The assignment form is available from the **policyholder**. The completed form must be sent to us for consent.

### Grace period

You will be allowed a grace period of 30 days after the due date for the payment of each contribution due after the first contribution payment. The policy will remain in force during this grace period. If contributions are not paid by the end of the grace period, your coverage will automatically terminate at the end of the grace period.

### Payment of premiums

The first **premium** payment for this policy is due on or before your **effective date of coverage**. Your next **premium** payment will be due the 1<sup>st</sup> of each month ("**premium due date**"). Each **premium** payment is to be paid to us on or before the **premium due date**.

### Recovery of overpayments

We sometimes pay too much for **eligible health services** or pay for something that this plan doesn't cover. If we do, we can require the person we paid – you or your **provider** – to return what we paid.

### When you are injured

If someone else caused you to need care – say, a careless driver who injured you in a car crash – you may have a right to get money. To the extent permitted by law, we are entitled to that money, up to the amount we pay for your care. We have that right no matter who the money comes from – for example, the other driver, the **policyholder** or another insurance company.

To help us get paid back, you are doing four things now:

- You are agreeing to repay us from money you receive because of your **injury**. This is also known as subrogation.
- You are giving us a right to seek money in your name, from any person who causes you **injury** and from your own insurance. We can seek money only up to the amount we paid for your care.
- You are agreeing to cooperate with us so we can get paid back in full, which includes providing information, signing necessary documents, and taking any other action permitted by law to assure and protect our subrogation rights. For example, you'll tell us within 30 days of when you seek money for your **injury** or **illness**. And you'll give us the right to money you get, ahead of everyone else.
- You are agreeing to provide us notice of any money you will be receiving before pay out, or within 30 days of when you receive the money.

We don't have to reduce the amount we're due for any reason, even to help pay your lawyer or pay other costs you incurred to get a recovery.

## **Your health information**

We will protect your health information. We will only use or share it with others as needed for your care and treatment. We will also use and share it to help us process your **providers'** claims and manage your plan.

You can get a free copy of our Notice of Privacy Practices. Just call Member Services at the toll-free number on your ID card.

When you accept coverage under this plan, you agree to let your **providers** share information with us. We need information about your physical and mental condition and care.

## **Effect of benefits under other plans**

### **Effect of a Health Maintenance Organization plan (an HMO Plan) or a Preferred Provider Organization plan (PPO plan) on coverage**

If you have coverage under another group medical plan (such as an HMO or PPO plan) and that other plan denies coverage of benefits because you received the services or supplies outside of the plan's network geographic area, this student plan will cover those denied benefits as long as they are **covered benefits** under this plan. **Covered benefits** will be paid at the applicable level of benefits under the student plan.

## Glossary A-M

- Intoxicating alcohol or drug
- Alcohol or drug-dependent factors
- Alcohol in combination with drugs

This can be done by metabolic or other means as determined by a **physician** or a nurse practitioner working within the scope of their licenses. The process must keep the physiological risk to the patient at a minimum. And if it takes place in a facility, the facility must meet any applicable licensing standards established by the jurisdiction in which it is located.

## Directory

The list of **in-network providers** for your plan. The most up-to-date directory for your plan appears at <https://www.aetnastudenthealth.com>. When searching from our online **provider directory**, you need to make sure that you are searching for **providers** that participate in your specific plan. **In-network providers** may only be considered for certain **Aetna** plans. When searching for **in-network dental providers**, you need to make sure you are searching under Pediatric Dental plan.

## Durable medical equipment (DME)

Equipment and the accessories needed to operate it, that is:

- Made to withstand prolonged use
- Mainly used in the treatment of an **illness** or **injury**
- Suited for use in the home
- Not normally used by people who do not have an **illness** or **injury**
- Not for altering air quality or temperature
- Not for exercise or training

## Effective date of coverage

The date your and your dependent's coverage begins under this certificate of coverage as noted in **Aetna's** records.

## Eligible health services

The health care services and supplies and outpatient **prescription drugs** listed in the *Eligible health services and exclusions* section and not carved out or limited in the General exclusions section of this certificate of coverage or in the schedule of benefits.

## Emergency admission

An admission to a **hospital** or treatment facility ordered by a **physician** within 24 hours after you receive **emergency services**.

## Emergency medical condition

An acute, severe medical condition that would lead a prudent layperson to reasonably believe that the condition, **illness**, or **injury** is of a severe nature. And that if you don't get immediate medical care it could result in:

- Placing your health in serious danger
- Serious loss to bodily function
- Serious loss of function to a body part or organ
- Serious danger to the health of a fetus
- In the case of a pregnant woman:
  - Serious jeopardy to the health of the fetus
  - One who is having contractions and there is inadequate time to effect a safe transfer to another **hospital** before delivery or
  - A transfer may pose a threat to the health or safety of the woman or unborn child

## Emergency services

Treatment given in an **ambulance** and a **hospital's** emergency room or an independent freestanding emergency department. This includes evaluation of and treatment to stabilize the **emergency medical condition**. An "independent freestanding emergency department" means a health care facility that is geographically separate, distinct and licensed separately from a **hospital** and provides **emergency services**.

## Experimental or investigational

A drug, device, procedure, or treatment that we find is **experimental or investigational** because:

- There is not enough outcome data available from controlled clinical trials published in the peer-reviewed literature to validate its safety and effectiveness for the **illness** or **injury** involved.
- The needed approval by the FDA has not been given for marketing.
- A national medical or dental society or regulatory agency has stated in writing that it is **experimental or investigational** or suitable mainly for research purposes.
- It is the subject of a Phase I, Phase II or the experimental or research arm of a Phase III clinical trial. These terms have the meanings given by regulations and other official actions and publications of the FDA and Department of Health and Human Services.
- Written protocols or a written consent form used by a facility **provider** state that it is **experimental or investigational**.

## Formulary exclusions list

A list of **prescription drugs** not covered under the plan. This list is subject to change.

## Generic prescription drug

An FDA-approved drug with the same intended use as the brand-name product. It is considered to be as effective as the brand-name product and offers the same:

- Dosage
- Safety
- Strength
- Quality
- Performance

## Health professional

A person who is licensed, certified or otherwise authorized by law to provide health care services to the public. For example, **physicians**, nurses, **dental providers**, vision care providers, and physical therapists.

## Home health aide

A **health professional** that provides services through a **home health care agency**. The services that they provide are not required to be performed by an **R.N.**, **L.P.N.**, or **L.V.N.** A home health aide primarily aids you in performing the normal activities of daily living while you recover from an **injury** or **illness**.

## Home health care agency

An agency licensed, certified or otherwise authorized by applicable state and federal laws to provide home health care services, such as skilled nursing and other therapeutic services.

## Home health care plan

A plan of services prescribed by a **physician** (or other **health professional**) to be provided in the home setting. These services are usually provided after your discharge from a **hospital** or if you are **homebound**.

## Homebound

This means that you are confined to your home because:

- Your **physician** has ordered that you stay at home because of an **illness** or **injury**
- The act of transport would be a serious risk to your life or health

You are not homebound if:

- You do not often travel from home because you are feeble or insecure about leaving your home
- You are confined to a wheelchair but you can be transported by a vehicle that can safely transport you in a wheelchair

## Hospice care

Care designed to give supportive care to people in the final phase of a **terminal illness** and focus on comfort and quality of life, rather than cure.

## Hospice care agency

An agency or organization licensed, certified or otherwise authorized by applicable state and federal laws to provide hospice care. These services may be available in your home or inpatient setting.

## Hospice care program

A program prescribed by a **physician** or other **health professional** to provide **hospice care** and supportive care to their families.

## Hospice facility

An institution specifically licensed, certified or otherwise authorized by applicable state and federal laws to provide **hospice care**.

## Hospital

An institution licensed as a **hospital** by applicable state and federal laws, and is accredited as a **hospital** by The Joint Commission (TJC).

**Hospital** does not include a:

- Convalescent facility
- Rest facility
- Nursing facility
- Facility for the aged
- **Psychiatric hospital**
- **Residential treatment facility for substance related disorders**
- **Residential treatment facility for mental health disorders**
- Extended care facility
- Intermediate care facility
- Skilled nursing facility

## Hospital stay

This is your **stay** of 18 or more hours in a row as a resident bed patient in a **hospital**.

## Illness or illnesses

Poor health resulting from disease of the body or mind.

## **In-network dental provider**

A **dental provider** listed in the **directory** for your plan.

## **In-network pharmacy**

A **retail pharmacy**, **mail order pharmacy** or **specialty pharmacy** that has contracted with **Aetna**, an affiliate, or a third-party vendor, to provide outpatient **prescription drugs** to you.

## **In-network provider**

A **provider** listed in the **directory** for your plan. However, a NAP provider listed in the NAP directory is not an **in-network provider**.

## **Infertile or infertility**

A disease defined by the failure to become pregnant:

- For a female with a male partner, after:
  - 1 year of frequent, unprotected heterosexual sexual intercourse if under the age of 35
  - 6 months of frequent, unprotected heterosexual sexual intercourse if age 35 or older
- For a female without a male partner, after:
  - At least 12 cycles of donor insemination if under the age of 35
  - 6 cycles of donor insemination if age 35 or older
- For a male without a female partner, after:
  - At least 2 abnormal semen analyses obtained at least 2 weeks apart
- For an individual or their partner who has been clinically diagnosed with gender dysphoria

## **Injectable drug(s)**

These are **prescription drugs** when an oral alternative drug is not available.

## **Injury or injuries**

Physical damage done to a person or part of their body.

## **Institutes of Excellence™ (IOE) facility**

A facility designated by **Aetna** in the **provider directory** as Institutes of Excellence **in-network provider** for specific services or procedures.

## **Intensive care unit**

A ward, unit, or area in a **hospital** which is set aside to provide continuous specialized or intensive care services to you because your **illness** or **injury** is severe enough to require such care.

## **Intensive outpatient program (IOP)**

The clinical treatment provided must be:

- No more than 5 days per week
- No more than 19 hours per week
- A minimum of 2 hours each treatment day

Services must be **medically necessary** and delivered by an appropriately licensed or credentialed practitioner. Services are designed to address a **mental health disorder** or **substance related disorder** issue and may include group, individual, family or multi-family group psychotherapy, psycho educational services, and adjunctive services such as medication monitoring.

## Jaw joint disorder

This is:

- A disorder of the jaw joint
- A Myofascial pain dysfunction (MPD) of the jaw
- Any similar disorder in the relationship between the jaw joint and the related muscles and nerves

## L.P.N.

A licensed practical nurse or a licensed vocational nurse.

## Lifetime maximum

This is the most this plan will pay for **eligible health services** incurred by a **covered person** during their lifetime. Lifetime maximums do not apply to essential health benefits as classified by the Affordable Care Act (ACA) unless permitted.

## Mail order pharmacy

A **pharmacy** where **prescription drugs** are legally dispensed by mail or other carrier.

## Maximum out-of-pocket limit

The maximum out-of-pocket amount for payment of **copayments** and **coinsurance** including any **policy year deductible**, to be paid by you or any **covered dependents** per **policy year** for **eligible health services**.

## Medically necessary/Medical necessity

Health care services or supplies that prevent, evaluate, diagnose or treat an **illness, injury**, disease or its symptoms, and that are all of the following, as determined by us within our discretion:

- In accordance with “generally accepted standards of medical practice”
- Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for your **illness, injury** or disease
- Not primarily for your convenience, the convenience of your **physician**, or other health care **provider**
- Not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of your **illness, injury** or disease

Generally accepted standards of medical practice means:

- Standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community and
- Following the standards set forth in our clinical policies and applying clinical judgment

### Important note:

We develop and maintain clinical policy bulletins that describe the generally accepted standards of medical practice, credible scientific evidence, and prevailing clinical guidelines that support our decisions regarding specific services. We use these bulletins and other resources to help guide individualized coverage decisions under our plans and to determine whether an intervention is **experimental or investigational**. They are subject to change. You can find these bulletins and other information at <https://www.aetna.com/health-care-professionals/clinical-policy-bulletins.html>. You can also contact us. See the *How to contact us for help* section.

## **Medicare**

As used in this plan, **Medicare** means the health insurance provided by Title XVIII of the Social Security Act, as amended. It includes Health Maintenance Organization (HMO) or similar coverage that is an authorized alternative to Parts A and B of **Medicare**.

## **Mental health disorder**

A **mental health disorder** is, in general, a set of symptoms or behavior associated with distress and interference with personal function. A complete definition of **mental health disorder** is in the most recent edition of the *Diagnostic and Statistical Manual of Mental Disorders* (DSM) of the American Psychiatric Association.

## Glossary N-Z

---

### Negotiated charge

#### *Health coverage*

This is either:

- The amount an **in-network provider** has agreed to accept
- The amount we agree to pay directly to an **in-network provider** or third-party vendor (including any administrative fee in the amount paid)

for providing services, **prescription drugs** or supplies to **covered persons** in the plan. This does not include **prescription drug** services from an **in-network pharmacy**.

For surprise billing, calculations will be made based on the median contracted rate.

We may enter into arrangements with **in-network providers** or others related to:

- The coordination of care for **covered persons**
- Improving clinical outcomes and efficiencies

Some of these arrangements are called:

- Value-based contracting
- Risk sharing

These arrangements will not change the **negotiated charge** under this plan.

#### *Prescription drug coverage from an in-network pharmacy*

#### **In-network pharmacy**

The amount we established for each **prescription drug** obtained from an **in-network pharmacy** under this plan. This **negotiated charge** may reflect amounts we agreed to pay directly to the **in-network pharmacy** or to a third-party vendor for the **prescription drug**, and may include a rebate, an additional service or risk charge set by us.

We may receive or pay additional amounts from or to third parties under price guarantees. These amounts may change the **negotiated charge** under this plan.

### Non-preferred drug

A **prescription drug** or device that may have a higher out-of-pocket cost than a preferred drug.

### Out-of-network dental provider

A **dental provider** who is not an **in-network dental provider** and does not appear in the **directory** for your plan.

### Out-of-network pharmacy

A **pharmacy** that is not an **in-network pharmacy**, a National Advantage Program (NAP) **provider** and does not appear in the **directory** for your plan.

### Out-of-network provider

A **provider** who is not an **in-network provider** or National Advantage Program (NAP) **provider** and does not appear in the **directory** for your plan.

## Partial hospitalization treatment

Clinical treatment provided must be no more than 5 days per week, minimum of 4 hours each treatment day. Services must be **medically necessary** and provided by a **behavioral health provider** with the appropriate license or credentials. Services are designed to address a **mental health disorder** or **substance related disorder** and may include:

- Group, individual, family or multi-family group psychotherapy
- Psycho-educational services
- Adjunctive services such as medication monitoring

Care is delivered according to accepted medical practice for the condition of the person.

## Pharmacy

An establishment where **prescription drugs** are legally dispensed. This includes an **in-network retail pharmacy**, **mail order pharmacy** and **specialty pharmacy**. It also includes an out-of-network **retail pharmacy**.

## Physician

A skilled **health professional** trained and licensed to practice medicine under the laws of the state where they practice; specifically, doctors of medicine or osteopathy.

## Policyholder

The school named on the front page of the **student policy** and your certificate of coverage and schedule of benefits for the purpose of coverage under the **student policy**.

## Policy year

This is the period of time from anniversary date to anniversary date of the **student policy** except in the first year when it is the period of time from the effective date to the first anniversary date.

## Policy year deductible

The amount you pay for **eligible health services** per **policy year** before your plan starts to pay as listed in the schedule of benefits.

## Precertification, precertify

A requirement that you or your **physician** contact **Aetna** before you receive coverage for certain services. This may include a determination by us as to whether the service is **medically necessary** and eligible for coverage.

## Preferred drug

A **prescription drug** or device that may have a lower out-of-pocket cost than a **non-preferred drug**.

## Preferred drug guide

A list of **prescription** and over-the-counter (OTC) **drugs** and devices established by **Aetna** or an affiliate. It does not include all **prescription** and OTC **drugs** and devices. This list can be reviewed and changed by **Aetna** or an affiliate. A copy of the **preferred drug guide** is available at your request. You can also find it on the **Aetna** website at <https://www.aetnastudenthealth.com>.

## Preferred in-network pharmacy

A **network retail pharmacy** that **Aetna** has identified as a **preferred in-network pharmacy**.

## Premium

The amount you or the **policyholder** are required to pay to **Aetna** to continue coverage.

## Prescriber

Any **provider** acting within the scope of his or her license, who has the legal authority to write an order for outpatient **prescription drugs**.

## Prescription

*As to hearing care:*

A written order for the dispensing of **prescription** electronic hearing aids by otolaryngologist, otologist or audiologist.

*As to **prescription drugs**:*

A written order for the dispensing of a **prescription drug** or device by a **prescriber**. If it is a verbal order, it must promptly be put in writing by the **in-network pharmacy**.

*As to vision care:*

A written order for the dispensing of **prescription** lenses or **prescription** contact lenses by an ophthalmologist or optometrist.

## Prescription drug

An FDA approved drug or biological which can only be dispensed by **prescription**.

## Provider(s)

A **physician**, other **health professional**, **hospital**, **skilled nursing facility**, **home health care agency**, **pharmacy**, or other entity or person licensed or certified under applicable state and federal law to provide health care services to you. If state law does not specifically provide for licensure or certification, the entity must meet all **Medicare** accreditation standards (even if it does not participate in **Medicare**).

## Psychiatric hospital

An institution specifically licensed as a **psychiatric hospital** by applicable state and federal laws to provide a program for the diagnosis, evaluation, and treatment of **substance related disorders** and **mental health disorders**.

## Psychiatrist

A **psychiatrist** generally provides evaluation and treatment of mental, emotional, or behavioral disorders.

## Recognized charge

The amount of an **out-of-network provider's** charge that is eligible for coverage. You are responsible for all amounts above what is eligible for coverage.

The **recognized charge** depends on the geographic area where you receive the service or supply. The table below shows the method for calculating the **recognized charge** for specific services or supplies:

Service or supply	Recognized charge
Professional services and other services or supplies not mentioned below	105% of the <b>Medicare</b> allowed rate
Services of <b>hospitals</b> and other facilities	140% of the <b>Medicare</b> allowed rate
<b>Prescription drugs</b>	100% of the average wholesale price (AWP)
Dental expenses	80% of the prevailing charge rate
<b>Important note:</b> If the <b>provider</b> bills less than the amount calculated using the method above, the <b>recognized charge</b> is what the <b>provider</b> bills.	

### Special terms used

- Average wholesale price (AWP) is the current average wholesale price of a **prescription drug** listed in the Facts and Comparisons, Medi-span weekly price updates (or any other similar publication chosen by **Aetna**).
- Geographic area is normally based on the first three digits of the U.S. Postal Service zip codes. If we determine we need more data for a particular service or supply, we may base rates on a wider geographic area such as an entire state.
- **Medicare** allowed rates are the rates CMS establishes for services and supplies provided to **Medicare** enrollees. We update our systems with these revised rates within 180 days of receiving them from CMS. If **Medicare** does not have a rate, we use one or more of the items below to determine the rate:
  - The method CMS uses to set **Medicare** rates
  - What other **providers** charge or accept as payment
  - How much work it takes to perform a service
  - Other things as needed to decide what rate is reasonable for a particular service or supply
  - When the **recognized charge** is based on a percentage of the **Medicare** allowed rate, it is not affected by adjustments or incentives given to **providers** under **Medicare** programs.
- Prevailing charge rate is the percentile value reported in a database prepared by FAIR Health, a nonprofit company. FAIR Health changes these rates periodically. We update our systems with these changes within 180 days after receiving them from FAIR Health. If the FAIR Health database becomes unavailable, we have the right to substitute a different database that we believe is comparable.

### Our reimbursement policies

We reserve the right to apply our reimbursement policies to all out-of-network services including involuntary services. Our reimbursement policies may affect the **recognized charge**. These policies consider:

- The duration and complexity of a service
- When multiple procedures are billed at the same time, whether additional overhead is required
- Whether an assistant surgeon is necessary for the service
- If follow-up care is included
- Whether other characteristics modify or make a particular service unique
- When a charge includes more than one claim line, whether any services described by a claim line are part of or related to the primary service provided
- The educational level, licensure or length of training of the **provider**

Our reimbursement policies are based on our review of:

- The Centers for **Medicare** and Medicaid Services' (CMS) National Correct Coding Initiative (NCCI) and other external materials that say what billing and coding practices are and are not appropriate
- Generally accepted standards of medical and dental practice
- The views of **physicians** and **dentists** practicing in the relevant clinical areas

We use commercial software to administer some of these policies. The policies may be different for professional services and facility services.

### Get the most value out of your benefits

We have online tools to help you decide whether to get care and if so, where. Log in to your **Aetna** website at <https://www.aetnastudenthealth.com>. The website contains additional information that can help you determine the cost of a service or supply.

### R.N.

A registered nurse.

### Residential treatment facility (mental health disorders)

- An institution specifically licensed as a **residential treatment facility** by applicable state and federal laws to provide for mental health residential treatment programs. And is credentialed by **Aetna** or is accredited by one of the following agencies, commissions or committees for the services being provided:
  - The Joint Commission (TJC)
  - The Committee on Accreditation of Rehabilitation Facilities (CARF)
  - The American Osteopathic Association's Healthcare Facilities Accreditation Program (HFAP)
  - The Council on Accreditation (COA)

In addition to the above requirements, an institution must meet the following for Residential Treatment Programs treating **mental health disorders**:

- A **behavioral health provider** must be actively on duty 24 hours per day for 7 days a week
- The patient must be treated by a **psychiatrist** at least once per week
- The medical director must be a **psychiatrist**
- Is not a wilderness treatment program (whether or not the program is part of a licensed **residential treatment facility** or otherwise licensed institution)

## Residential treatment facility (substance related disorders )

An institution specifically licensed as a **residential treatment facility** by applicable state and federal laws to provide for **substance related disorders** residential treatment programs. And is credentialed by **Aetna** or accredited by one of the following agencies, commissions or committees for the services being provided:

- The Joint Commission (TJC)
- The Committee on Accreditation of Rehabilitation Facilities (CARF)
- The American Osteopathic Association's Healthcare Facilities Accreditation Program (HFAP)
- The Council on Accreditation (COA)

In addition to the above requirements, an institution must meet the following for **substance related disorder** residential treatment programs:

- A **behavioral health provider** or an appropriately state certified professional (CADC, CAC, etc.) must be actively on duty during the day and evening therapeutic programming
- The medical director must be a **physician**
- Is not a wilderness treatment program (whether or not the program is part of a licensed **residential treatment facility** or otherwise licensed institution)

In addition to the above requirements, for substance related detoxification programs within a residential setting:

- An **R.N.** must be onsite 24 hours per day for 7 days a week within a residential setting
- Residential care must be provided under the direct supervision of a **physician**

## Respite care

This is care provided to you when you have a **terminal illness** for the sole purpose of providing temporary relief to your family (or other care givers) from the daily demands of caring for you.

## Retail pharmacy

## Discount programs

---

### Discount arrangements

We can offer you discounts on health care related goods or services. Sometimes, other companies provide these discounted goods and services. These companies are called “third party service providers”. These third party service **providers** may pay us so that they can offer you their services.

Third party service **providers** are independent contractors. The third-party service **provider** is responsible for the goods or services they deliver. We have the right to change or end the arrangements at any time.

These discount arrangements are not insurance. We don’t pay the third party service **providers** for the services they offer. You are responsible for paying for the discounted goods or services.

### Wellness and Other Incentives

We may encourage you to access certain medical services, use tools (online and others) that enhance your coverage and services, and to continue your participation in the **Aetna** plan through incentives. You and your **physician** can talk about these medical services and tools and decide if they are right for you. In connection with a wellness or health improvement program, including but not limited to financial wellness programs, we may provide incentives based on your participation.

Incentives may include but are not limited to:

- Modifications to **copayment, coinsurance, or policy year deductible** amounts
- **Premium** discounts or rebates
- Fitness center membership reimbursement
- Merchandise
- Coupons
- Gift cards
- Debit cards or
- Any combination of the above.

The award of any such incentive shall not depend upon the result of a wellness or health improvement activity or upon your health status.

## **NOTICE OF PROTECTION PROVIDED BY PENNSYLVANIA LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION**

This notice provides a brief summary regarding the protections provided to policyholders by the Pennsylvania Life and Health Insurance Guaranty Association ("the Association"). This protection was created under Pennsylvania law, which determines who and what is covered and the amounts of coverage.

The Association was established to provide protection in the unlikely event that your member life, annuity, or health insurance company, RANLI PPO, hospital plan corporation, professional health services plan corporation or health maintenance organization (member insurer) becomes financially unable to meet its obligations. If this should happen, the Association will typically arrange to provide coverage, pay claims, or otherwise provide protection in accordance with Pennsylvania law. The protection provided by the Association is not unlimited and is not a substitute for consumers' care in selecting companies that are well managed and financially stable.

Below is a brief summary of the coverages, exclusions and limits provided by the Association. This summary does not cover all provisions of the law; nor does it in any way change anyone's rights or obligations or the rights or obligations of the Association.

### **COVERAGE**

#### **Persons Covered**

Generally, individuals will be protected by the Association if the member insurer was a member of the Association and the individual lives in Pennsylvania at the time the member insurer is determined by a court to be insolvent. Coverage is also provided to policy beneficiaries, payees or assignees of such individuals.

#### **Amounts of Coverage**

The basic coverage protections provided by the Association per insured in each insolvency are limited in the aggregate to \$300,000 (or \$500,000 in the case of health benefit plans), including specific limits for the following types of coverage but not in excess of the contractual obligations of the member insurer;

##### **Life insurance:**

- Up to \$300,000 in death benefits including up to \$100,000 in net cash surrender or withdrawal value.

##### **Accident, accident and health, or health insurance (including HMOs):**

- Up to \$500,000 for health benefit plans, with some exceptions.
- Up to \$300,000 for disability income benefits.
- Up to \$300,000 for long-term care insurance benefits.
- Up to \$100,000 for all other types of health insurance.

##### **Individual annuities**

- Up to \$250,000 in the present value of benefits, including cash surrender and net cash withdrawal values.

## **LIMITATIONS AND EXCLUSIONS FROM COVERAGE**

The Association also does not provide coverage for:

- any policy or contract or portion of a policy or contract which is not guaranteed by the member insurer or for which the individual has assumed the risk, such as a variable contract sold by prospectus;
- claims based on marketing materials or other documents which are not approved policy or contract forms, claims based on misrepresentations of policy or contract benefits, and other extra-contractual claims;
- any policy of reinsurance (unless an assumption certificate was issued);
- interest rate yields or increases based on an index that exceed an average rate specified by statute;
- dividends, experience rating credits, or credits given in connection with the administration of a policy or contract by a group contractholder;
- employers' plans that are self-funded (that is, not insured by member insurer, even if member insurer administers them);
- unallocated annuity contracts (which give rights to group contractholders, not individuals) other than in limited circumstances and amounts;
- certain contracts which establish benefits by reference to a portfolio of assets not owned by the member insurer; or
- policies providing health care benefits for Medicare Parts C or D coverage, for Medicaid or under the Pennsylvania program for Comprehensive Health Care for Uninsured Children.

The following policies and persons are among those that are excluded from Association coverage:

- A policy or contract issued by an insurer that was not authorized to do business in Pennsylvania when it issued the policy or contract
- If the person is provided coverage by the guaranty association of another state
- A policy issued by a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company or similar plan in which the policyholder is subject to future assessments, or by an insurance exchange

## **NOTICES**

Member insurers or their agents are required by law to give or send you this notice, and are prohibited by law from using the existence of the Association to induce you to purchase any kind of insurance or other coverage. Policyholders with additional questions should first contact their member insurer or agent. To learn more about coverages provided by the Association, please visit the Association's website at <http://www.palifega.org>. You can obtain additional information from the Association by contacting it at the address below. You may also contact the Pennsylvania Insurance Department to file a complaint with the Pennsylvania Insurance Commissioner to allege a violation of any provisions of Pennsylvania laws and regulations relating to insurance including the law establishing the Association:

The summary information provided by this notice and on the Association's web site do not limit or alter the more comprehensive and detailed provisions of the law and are subject to change without notice. The statements made herein are for information purposes only. The Association has not reviewed any specific policy, or verified the information provided regarding residency or other relevant factors. Moreover, whether coverage will be provided to any specific policyholder can only be determined by reference to the statute in effect, at the earliest, at the time that the member insurer is declared insolvent. No final determination of coverage can be made until a member insurer is declared insolvent and the specific factual and legal circumstances can be reviewed. Nothing contained herein is intended to guarantee coverage for any insured, or to bind the Association in any way. Finally, this summary and the Association's web site are for general information purposes and should not be relied upon as legal advice.

---

Rider effective date: 08/01/2023

This rider is added to the *Eligible health services and exclusions* section of your certificate of coverage. This rider is subject to all other requirements described in your certificate, including general exclusions and defined terms.

## Eligible health services and exclusions

---

### Travel and lodging expenses

We will reimburse you for travel and lodging expenses when you need to travel at least 100 miles to access **eligible health services** because a law or regulation where you are located prohibits those **eligible health services**. The following are covered travel and lodging expenses:

- U.S. domestic travel expenses for the **covered person** and the **covered person's** travel companion in the 48 contiguous states (coach class air, bus, train or shuttle fares, taxi or ride share fares for local travel)
- Mileage costs, not to exceed amounts permitted by Internal Revenue Service guidelines
- Parking and tolls
- Lodging costs of up to \$50 per night, per **covered person** or \$100 per night, total, for the **covered person** and the **covered person's** travel companion, not to exceed amounts permitted by Internal Revenue Service guidelines

You must submit a travel and lodging claim form to be reimbursed. You will need to confirm travel was necessary because no **provider** within 100 miles of where you are located was available to provide the **eligible health services** when you submit your travel and lodging claim form.

Contact us to:

- Obtain a travel and lodging claim form
- Get assistance in locating a **provider**
- Get information about these **eligible health services** including specific eligibility requirements and limitations

We will reimburse your covered travel and lodging expenses as described in the schedule of benefits below.

### Exclusions

The following are not covered travel and lodging expenses under this rider:

- Expenses for more than one travel companion
- Gasoline/fuel costs
- Car rentals
- Meals, groceries, hotel room service, alcohol/tobacco products
- Personal care/convenience items, (e.g. shampoo, clothing, deodorant)
- Entertainment/souvenir expenses
