Who is eligible?

The following students are eligible for enrollment in the plan:

- All domestic undergraduate students who pay registration fees and are matriculating toward a degree through Scripps College.
- All international undergraduate students (this includes non-student exchange visitors such as visiting faculty, scholars, and researchers) with a current passport or student visa (F-1, J-1, or M-1 visa) temporarily located outside the home country who have not been granted permanent residency status while engaged in full-time educational activities through Scripps College.

All continuing and newly matriculated students are required to have health insurance coverage. You will be automatically enrolled in SHIP, unless proof of comparable coverage is provided, and a waiver is submitted by the Waiver Deadline Date. If you have other health insurance, such as coverage as a dependent under your parent's or spouse's insurance plan and you do not wish to enroll in SHIP, you may submit a waiver application (domestic students only). You must remain enrolled in school for at least the first 31 days from their effective date of coverage, except in the case of medical withdrawal (as verified and approved by the school) to maintain eligibility.

Home study, correspondence, Internet classes, and television (TV) courses, do not fulfill the enrollment requirement. If it is discovered that this eligibility requirement has not been met, our only obligation is to refund premium, less any claims paid.

Enrollment

All domestic undergraduate students — who are required to have health insurance but who are allowed to waive with comparable coverage — who have not waived coverage by the Waiver Deadline Date will be automatically enrolled in the plan. All international undergraduate students will be automatically enrolled in the plan and no waiver will be allowed.

If you withdraw from school within the first **31 days** of a coverage period, you will not be covered under the Policy and the full premium will be refunded, less any claims paid. After **31 days**, you will be covered for the full period that you have paid the premium for, and no refund will be allowed. (This refund policy will not apply if you withdraw due to a covered Accident or Sickness.)

Exception: A Covered Person entering the armed forces of any country will not be covered under the Policy as of the date of such entry. A pro rata refund of premium will be made for such person, and any covered dependents, upon written request received by Aetna within 90 days of withdrawal from school.

Eligibility

Covered students may also enroll their lawful spouse, domestic partner, and their dependent children under the age of 26.

Eligible Dependents must be enrolled on the date the student enrolls or within 31 days of birth, adoption, marriage, arrival in the U.S., or termination of other coverage (proof of date may be requested). Students who wish to enroll their eligible Dependents must submit a completed enrollment form (available online on your school webpage at <https://www.gallagherstudent.com/cuc.Scripps>), with proper premium payment, by the Deadline Date listed. Newly acquired Dependents (spouse and/or children) are not subject to the Enrollment Deadline Dates. However, enrollment and full premium payment for all newly acquired Dependents (spouse and/or children) must be submitted within 31 days of the attainment of such Dependents. Otherwise, enrollment cannot be accepted after the Enrollment Deadline Dates listed.

For questions regarding enrollment, contact Gallagher Student Health at 833-882-3588.

Medicare Eligibility Notice

You are not eligible to enroll in the student health plan if you have Medicare at the time of enrollment in this student plan. The plan does not provide coverage for people who have Medicare.

Termination and Refunds

1) Voluntary Withdrawal or Approved Leave of Absence

If you voluntarily withdraw from the College or are approved for a leave of absence, your coverage will remain in force through the end of the period for which you have paid for coverage and the premium amount will not be refunded unless:

- o you submit a written request for termination of the policy within 7 (seven) days of your leaving the College; and
- o you have made no claims against the policy within the policy effective date; and
- o your leave date is not later than 31 (thirty-one days) past the official first day of classes in a given semester.

Should these requirements be met, the policy amount will be refunded on a pro-rata basis.

2) Separation from the College

Should you be involuntarily separated from the College at any time during the coverage period, you will be considered ineligible for coverage, your coverage will be terminated retroactively and any premiums collected will be refunded unless:

- o your separation is more than 31 days after the policy effective date; or
- o you have made a claim against the policy during the coverage period.

In the latter two instances, your coverage will remain in force through the end of the period for which payment has been received and no premiums will be refunded.

3) Service in Armed Forces

If you withdraw from classes to enter the armed forces of any country, coverage will terminate as of the effective date of such entry and a pro rata refund of premiums will be made.

Termination of coverage

Starting July 1, 2026, if a student graduates, takes a leave of absence, or is no longer enrolled in classes, they may request to terminate their student health insurance coverage during the policy year. The request must be made to the broker at least 30 days before the desired termination date. Upon receipt, coverage will be terminated within the same calendar month if feasible, but no later than the last day of the month in which the 30-day period ends. When a student or dependent chooses to terminate coverage under these circumstances, they are only responsible for premium payments up to the termination date. If a premium was paid in full for an academic term, the member will receive a pro rata refund for any unused coverage. The broker is responsible for refunding students for any period they are not covered, in accordance with applicable state law

Service area

Your plan generally pays for covered services only within a specific geographic area, called a service area. There are some exceptions, such as for emergency services, urgent care and transplants.

Precertification

You do not need to obtain pre-certification for any services. However, your provider is required to obtain pre-certification for certain Preferred Care services. Refer to the Precertification provisions in the Coverage section of the Certificate of Coverage for a complete description of the precertification programs including the types of services, treatments, procedures, visits or supplies that require precertification. No penalty will be applied to you for a Preferred Care service that was not pre-certified.

Coordination of Benefits (COB)

Some people have health coverage under more than one health plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB). A complete description of the Coordination of Benefits provision is contained in the certificate issued to you.

Description of Benefits

The Plan excludes coverage for certain services and has limitations on the amounts it will pay. While this Plan Summary document will tell you about some of the important features of the Plan, other features that may be important to you are defined in the Certificate. To look at the full Plan description, which is contained in the Certificate issued to you, go to www.aetnastudenthealth.com.

This Plan will pay benefits in accordance with any applicable California Insurance Law(s).
